WILLIAM M. McMORROW,
Collector of Taxes for City of Boston.

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred, who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

MAYOR CURLEY THANKED FOR ADDRESS.

Mayor Curley received the following communication from Chairman Carman of the Boston Recovery Board of the National Recovery Administration, on November 25:

MY DEAR MAYOR CURLEY,—In behalf of my associates and myself permit me to thank you most sincerely for the eloquent and inspiring address which you delivered at our N. R. A. progress luncheon today.

Very cordially yours,

TRAVERS D. CARMAN,
Chairman Boston Recovery Board.

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

PUBLIC DEBT, JANUARY 1, 1933.

Gross funded debt, January 1, 1933, \$165,758,499.95 (including \$119,999.95 issued by State for enlargement of Court House); sinking funds, \$35,737,619.21; other redemption means, \$3,078,263.28; net debt, \$126,942,617.46 or \$7,588,429.94 more than on January 1, 1932. Of said debt (net) \$79,310,526.63 or 62.48 per cent was City debt; \$46,199,623.96 or 36.39 per cent, Rapid Transit debt (representing 4½ per cent investment); \$994,466.87 or 0.78 per cent, County debt; \$438,000 or 0.35 per cent, Water debt.

Debt paid in 1932 was \$9,935,301 but there was an increase in total gross debt of \$5,437,698.99.

Net debt per capita, \$160.62 (approx.); net debt, exclusive of Rapid Transit debt, \$80,742,993.50 or \$102.17 per capita (approx.).

Per capitas are based on U. S. Census Bureau's estimated population on January 1, 1933.

Loans authorized but not issued (within debt limit), \$1,898,000; same outside of debt limit, \$2,680,000; total, \$4,578,000.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1801, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851. Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN HAWTHORNE STREET, PRESCOTT STREET AND PRIVATE LAND, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 503 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Hawthorne street, Prescott street and private land, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 503, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Hawthorne Street, etc." and left at Room 503, fifth floor, City Hall Annex, before 12 m. of Monday, December 11, 1933, with a certified check for five hundred (500) dollars payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposal will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(Dec. 2.) Commissioner of Public Works.

CITY OF BOSTON.

TRAFFIC COMMISSION.

Voted, That the Traffic Regulations are amended as follows, effective December 4, 1933: Section 17, part 3, is amended by adding the following:

Thompson Square, Charlestown District. Northeast side, from Church court to Green street.

JOSEPH A. CONRY,
(Nov. 25-Dec. 2.) Commissioner.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR RECEIVING AND DISPOSING OF GARBAGE IN JAMAICA PLAIN (WEST ROXBURY).

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for receiving and disposing of garbage between January 1, 1934, and December 31, 1934, in the district known as Jamaica Plain, bounded and described roughly as follows: Perkins street, Jamaicaaway, Moraine street, Boylston street, Washington street, Columbus avenue, Walnut avenue, Sigourney street, Forest Hills street, Morton street, Arborway, May street, Pond street, Rockwood street and Brookline line, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Receiving and Disposing of Garbage," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, December 18, 1933, with a certified check for 5 per cent of the total amount bid payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price bid appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,

(Dec. 2-9.) *Commissioner of Public Works.*

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR UNDERGROUND CABLE JUNCTION BOXES, TRAFFIC TUNNEL.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one half thereof is owned by a citizen or citizens of the United States, for furnishing and delivering underground cable junction boxes for the Traffic Tunnel. A bond of an approved surety company will be required for the faithful performance of the contract in a sum equal to the total bid price. Proposals must be filled out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Underground Cable Junction Boxes, Traffic Tunnel," and delivered to the department, or to its secretary, before 12 o'clock noon on Thursday, December 14, 1933, at which time and place they will be publicly opened and read. A properly certified check in the sum of five hundred (500) dollars, payable to the city, must accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the Department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Proposals, specifications and forms of contract may be obtained at this office on or after Monday, December 4, 1933. A deposit of \$5 in cash or by certified check, will be required for two sets of the specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The Department reserves the right to reject any or all proposals.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

EDWARD F. CONDON,
Secretary.

(Dec. 2.)

NOTICE OF CHANGE OF
OPENING OF BIDS.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR COLLECTING AND REMOVING GARBAGE AND REFUSE IN EAST BOSTON, BRIGHTON, WEST ROXBURY, DORCHESTER AND HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing garbage and refuse, between January 1, 1934, and December 31, 1934, including the removal of all household refuse during the spring cleaning period between April 1, 1934, and May 15, 1934, and shall also remove grass, garden refuse and leaves during the entire term of the contract, in the following districts: East Boston, Brighton, West Roxbury, Dorchester and Hyde Park, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. In each proposal the bidder will list the location and ownership of the dumps he proposes to use, and furnish satisfactory proof to the Commissioner as to his legal right to use them. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Collecting and Removing Refuse and Garbage," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, December 12, 1933, with a certified check for 5 per cent of the total amount bid for each district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of specifications taken out.* If the price bid on any district appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal for said district. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,

(Dec. 2-9.) *Commissioner of Public Works.*

READVERTISEMENT.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals to erect and complete an addition and alterations to the Joseph H. Barnes School, Marion, Princeton and Saratoga streets, East Boston district, Boston, Mass., giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the entire contract price. Only proposals obtained at the office of the Superintendent of Construction, 8th floor, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Wednesday, December 13, 1933, at said office, with a certified check for \$20,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder on return of plans and specifications. If all plans and specifications are not returned before noon of the seventh week day from receipt of proposals, said deposit for plans and specifications shall be forfeited. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,

(Dec. 2.) *Superintendent of Construction.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SCIENTIFIC INSTRUMENTS AND MATERIALS.

The Supply Department of the City of Boston invites proposals for furnishing Scientific Instruments and Materials to the New Pathological Building, Boston City Hospital, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each set of blank proposals taken out.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Monday, December 11, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,

(Dec. 2.) *Superintendent of Supplies.*

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET.
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR REMOVING ASHES AND RUBBISH FROM CERTAIN OF THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for removing ashes and rubbish from certain of the Boston Public Schoolhouses. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked, "Proposal for Removing Ashes and Rubbish from Certain of the Boston Public Schoolhouses." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$25 payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, December 11, 1933. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,

Business Manager of the School Committee.
(Dec. 2.)

LIBRARY DEPARTMENT.

PROPOSALS FOR TRANSPORTATION.

The Trustees of the Public Library of the City of Boston invite sealed proposals for the transportation of books and other material between the Central Library and branches for the year 1934. Proposals, accompanied by a certified check in the amount of \$200, if filed at the office of the Trustees, Central Library Building, before twelve o'clock noon on Wednesday, December 13, 1933, will then and there be publicly opened and read. The proposal must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. A surety bond will be required in an amount satisfactory to the Trustees. The Trustees reserve the right to reject any and all proposals, and to accept any proposal if it shall be deemed for the interest of the city so to do. Specifications for the work may be obtained at the office of the Comptroller, Central Library Building, on and after Wednesday, December 7, 1933.

BOSTON'S LIABILITY FOR METROPOLITAN DEBT, 1931.

Boston's liability for this contingent debt of the State (*i. e.*, in the form of annual assessments for sinking funds and interest) incurred for Metropolitan parks, sewers, water, etc., was \$26,903,967 (net) on July 1, 1931, or \$289,750 more than in 1930. It is divided thus: Water Debt, \$20,643,247; Park debt, \$2,645,646; Sewer debt, \$2,534,029; Charles River Basin debt, \$1,081,045. The percentages paid by Boston in 1931 64.923 on water debt; 51.9224 on most of the park debt; 37.24 on most of the sewer debt, and on Charles River Basin debt the same as on park debt.

Metropolitan assessments paid by Boston in 1931 amounted to \$5,042,924, of which 56.3 per cent was for debt requirements and 43.7 for maintenance. Water assessment, \$2,819,697 (paid from water revenue); park \$1,336,430; sewer, \$456,126; Charles River Basin, etc., \$430,671.

BOSTON'S LIABILITY FOR METROPOLITAN DEBT, 1932.

Boston's liability for this contingent debt of the State (*i. e.*, in the form of annual assessments for sinking funds and interest) incurred for Metropolitan parks, sewers, water, etc., was \$25,859,329 (net) on July 1, 1932, or \$1,044,638 less than in 1931. It is divided thus: Water debt, \$20,332,795; Park debt, \$2,168,456; Sewer debt, \$2,359,383; Charles River Basin debt, \$998,695. The percentages paid by Boston in 1932 were 64.0598 on water debt; 49.7502 on most of the park debt; 35.32 on most of the sewer debt, and on the Charles River Basin debt the same as on park debt.

Metropolitan assessments paid by Boston in 1932 amounted to \$5,137,448, of which 64.62 per cent was for debt requirements and 35.38 for maintenance. Water assessment, \$2,945,390 (paid from water revenue); park, \$1,423,820; sewer, \$432,689; Charles River Basin, etc., \$335,549.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,771; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 30,034; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,423; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

HISTORICAL DATA ABOUT WARDS.

The term "ward" first appears in a fire-protection order, approved by the Town on August 29, 1679, dividing the Town into 4 quarters with 2 wards each. The 8 wards had previously been military districts.

On August 11, 1713, the Selectmen "agreed upon a distribution of the Town into distinct Wards or Precincts."

On February 1, 1715, it was "voted to make a new division of the Town into eight distinct Wards."

On March 9, 1735, it was voted to divide the Town into 12 wards to facilitate the work of the Overseers of the Poor.

On March 13, 1822, the Selectmen divided the Town into 12 wards on the basis of the U. S. Census of 1820.

By an ordinance which took effect on the second Monday of December, 1838, there was a revision of the wards.

On April 29, 1850, the City Council accepted Chap. 167 of the Acts of 1850, which altered the wards on the basis of legal voters rather than on the number of inhabitants.

By ordinance taking effect on November 15, 1865 new ward lines were established.

In the annexation period, 1865-1875, the number of wards was increased from twelve to twenty-one.

By Chap. 243, Acts 1875, the City Council was ordered to cause a new division of the City into twenty-four wards in the year 1875 in such manner as to include an equal number of voters in each ward. This division was made, taking effect on December 13, 1875. On May 27, 1876, the City Council, in accordance with Chap. 242, Acts of 1876, divided one of the wards in two, making a total of 25 wards for the City.

By ordinance passed April 20, 1895, under authority of Chap. 437, Acts of 1888, and Section 96 of Chap. 417, Acts of 1893, ward lines were established on the basis of the number of voters registered at the City election of 1894, there still being 25 wards.

The annexation of Hyde Park, effective January 1, 1912, made an additional ward.

By enactment of December 28, 1914, under authority of Chap. 630, Acts of 1914, the City Council redivided the City into 26 wards.

The latest redivision, established December 30, 1924, under authority of Chap. 410, Acts of 1924, consists of 22 wards.

TAX LEVY, 1932.

Total, \$67,574,773 (\$5,414,540 more than in 1931) or \$62,260,762 on realty, \$4,834,415 on personalty, and \$479,596 on male polls.

No. 49

SEES BRIGHTER DAY FOR CITIZENS OF BOSTON IN PRESIDENT ROOSEVELT'S RECOVERY PROGRAM DESPITE SNIPING BY THOSE JOINING IN ATTACK — MAYOR CURLEY POINTS TO IMPROVED CONDITIONS, THE RETURN OF UNEMPLOYED TO WORK AND BANISHING OF UNCERTAINTY AND CONFUSION FROM HEARTS — IN REGULAR WEEKLY BROADCASTS FROM CITY HALL STATION—ASKS ALL TO SUPPORT PRESIDENT.

The following is the address given by Mayor Curley over Station WNAC from City Hall at 2 o'clock on December 4:

The past week has been most notable, and gives promise of receiving mention in the history of the American nation when the tragic chapter dealing with the depression of the past four sad and dreary years is written. It must, of necessity, gravitate about the clarion call for social and economic justice. Reverend Father Charles E. Coughlin, when in defense of humanity, has become the target for the venom and hatred of the advocates of a monetary system destructive in the present hour to the American people.

Every nation in the world, with the exception of the United States of America and France, has been forced to abandon the gold standard, and the march of the unemployed of France within the past week indicates that shortly France will join the other nations as a matter of national preservation.

Under the circumstances, there is but one course open for America, namely, the course advocated by President Roosevelt and favored by Father Charles E. Coughlin.

The public is not concerned with the motives actuating the former governor of New York in his espousal of a continuance of the gold standard with its sordid and drab misery, but is entitled to know the reasons for the assault upon the relief measures promulgated by President Roosevelt through which millions of men in America are being permitted to exchange soup kitchen spoons for shovels and breadline tickets for coin of the realm and dole and pauperism for work and wages.

The public is entitled to an examination of the records, and, since it has been the policy of Governor Smith to speak with frankness at all times, is of the opinion that he will take them into his confidence and tell them who did finance the Empire State Building in the sum of \$15,000,000 at a time when states, cities, towns, and long-established industries could not receive one one-hundredth of this sum. The characterization of the agencies created by President Roosevelt as alphabet soup cannot be regarded with favor by the beneficiaries of the Roosevelt policies, many of whom for the first time in four years, through alphabet programs, are privileged to eat other than soup.

Wrong to Condemn.

To condemn President Roosevelt and Secretary Ickes for delay in prosecution of work under the National Recovery Act program is to do a gross injustice to two men who have labored earnestly and zealously to provide work for the American people. In Boston we have had an example of what undoubtedly has taken place throughout the nation as a consequence of the "Stop Roosevelt" movement which started before the primaries in the nomination of a President and still functions.

In Boston the order for an extension of transit facilities under Huntington avenue, and which would have provided employment for 3,000 men for two years, was presented to the Boston City Council upon August 7, and to the State Emergency Finance Board August 23, or more than four months ago, and to the present time has not received favorable action by the State Emergency Finance Board.

This measure of relief, which provided that all work be done on a day labor basis, was opposed by the Boston Chamber of Commerce and allied organizations in the same manner that has been in vogue throughout the country, namely, by a sniping process, through which unemployment was prolonged and relief measures, as advocated by President Roosevelt, held up or their adoption prevented.

In 1922, in the depression succeeding the return of the boys from across, the extension of rapid transit facilities and the building of a station in East Boston gave employment to 3,000 men as well as the relief department payments being reduced from \$1,000,000 a year to about \$400,000, and where opportunity was provided for the men who had served the nation in the hour of crisis to work and receive in return for their labor from \$5 to \$12 a day, depending upon their knowledge and ability of doing the work.

In 1930 a similar situation presented itself and we secured sufficient money to make possible the Kenmore Square Subway. The original grant was about \$3,100,000 and was increased in the sum of \$1,400,000 and in that particular work it was possible to provide work for the men who served their nation in the hour of trial; to preserve their self-respect and to give them an opportunity to provide with some measure of hope for the comfort and happiness of the members of their families. The Governor Square project was one of the outstanding construction projects during the period of depression of 1931 and the greater portion of 1932.

(Continued on page 1660.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, December 11, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of

trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout

the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 1007, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending December 2, 1933:
Population estimated July, 1933, United States Census Bureau estimate, 791,944; number of deaths (stillbirths excluded): Residents, 196; nonresidents, 38; total, 234.

Death rate per 1,000 of population: All deaths, 15.36; nonresidents deducted, 12.87.

Death rate per 1,000 of population:

Last week, 14.84; corresponding week last year, 14.31.

Deaths by age periods, sex, etc.: Under one year, 18; one year to four years, inclusive, 8; sixty years and over, 134. Total deaths: Male, 130; female, 104; deaths in hospitals and institutions, 132; deaths of colored, 14.

CALLS ON REAL ENEMIES OF BOSTON TO CEASE SNIPING AT PROSPERITY PROGRAM AND URGES THOSE MASQUERADING AS REFORMERS TO PAY TAX OBLIGATIONS TO CITY AND NOT RELY ON POSSIBILITIES OF ABATEMENTS IN FUTURE — MAKES REPLY TO MUNICIPAL RESEARCH BUREAU ATTACK ON PROGRAM TO EASE UNEMPLOYMENT AND RELIEVE WELFARE DEMANDS.

Upon December 7 the Mayor issued the following statement:

Among the outstanding measures advocated by President Franklin D. Roosevelt for the restoration of industrial prosperity, in so far as the municipalities of the United States are concerned, the two most important are the National Recovery Act, Public Works Administration program and the Civil Works Administration program.

The purpose of these two measures is to end the dole system which has obtained in America during the past four years of depression. From the day that the N. R. A. Public Works program was presented a sniping process has been indulged in by all of the agencies interested in the preservation of the gold standard and their allies.

In July of the present year the City of Boston considered a program for the building of an extension of rapid transit facilities under Huntington avenue which would have provided employment for some three thousand ex-service men for a period of two years. The Boston City Council upon August 7, 1933, approved the project and the Metropolitan Transit District Council and the Boston Elevated Railway Trustees, and the Directors of the Boston Elevated Street Railway System likewise approved. The matter was submitted about August 15 to the Massachusetts Emergency Finance Board with other public works projects which would have transferred men from the charity and Soldiers' Relief rolls to actual pay rolls and which, provided approval had been given immediately to the projects, would have resulted in more than four thousand men working at the present time upon these projects instead of no men working upon them.

BOSTON SUFFERING.

At the time that the Huntington Avenue Rapid Transit extension was being considered by the Massachusetts Emergency Finance Board a brief was filed by the Boston Municipal Research Bureau and this brief containing more than forty pages unquestionably was responsible in large measure for the failure of the Massachusetts Emergency Finance Board acting favorably upon the proposition, notwithstanding the fact that the brief had been compiled by an employee of the Boston Municipal Research Bureau who was not a legal resident of Boston, and had only been transferred within the preceding three months from Missouri.

To the present time not one single dollar has been made available for public works projects for the City of Boston, notwithstanding the fact that Boston, as a part of the Commonwealth, will be assessed its proportionate share of the three and a half billions of dollars to be expended under this provision of the National Recovery Act.

It is most unfortunate that those who would benefit most through the success of the National Recovery Act have never for an instant refrained from sniping, not only at the measures presented by President Roosevelt, but at the President himself.

The recommendation made this day that a limit of seven millions of dollars be established in the case of Boston is an invitation for Boston to refrain from participating in the 30 per cent grant by the Federal Government, notwithstanding the fact that it will be required to pay 100 per cent of the levy ultimately to be made by the government in connection with the three and a half billion dollar expenditure under the National Recovery Act.

The contention is made by the Boston Municipal Research Bureau, and I have heard it made by others, that the debt charges resulting as a consequence of the expenditure as proposed by me in the sum of twelve million dollars should be a

sufficient argument for the failure to participate in the expenditures even to this amount. How fallacious this argument is may be best realized when we consider that a 5 per cent sinking fund and interest requirement upon \$12,000,000 represents but \$600,000 annual outlay and that the removal of 4,000 men from the welfare and soldiers' relief lists would represent a saving to the city of more than two and a half million dollars annually, as against interest charges and sinking fund requirements of but \$600,000.

So that by expending the amount of \$12,000,000 the actual saving to the city in cash would be about \$1,800,000 annually. This does not represent the entire saving since it does not include the self-respect of the beneficiaries of a works program.

ON DELINQUENT TAXES.

The stupidity of the Municipal Research Bureau is evidenced in their reference to a possible deficit and to delinquent taxes outstanding as of December 31, 1933, which they blithely assume will be between twenty and thirty millions of dollars. The mere matter of \$5,000,000 apparently is not a serious consideration.

The City Collector reports as of today that the total outstanding unpaid taxes for 1933 is \$18,500,000 and the total outstanding taxes for 1932 is but \$6,000,000, or a total of \$24,500,000.

The sale of properties for nonpayment of taxes for the year 1932 is now being conducted by the City Collector and will be completed about December 16, at which time tax titles upon properties for which taxes for the year 1932 are due will probably not exceed one half million dollars. Allowing for normal payments for the remainder of the month the outstanding taxes as of December 31 should not be in excess of \$16,000,000 which is a most gratifying showing considering the depression that has existed for a period of four years.

The indications, however, are that there may not be even \$16,000,000 outstanding as of December 31, for with the increase in the membership of the Massa-

chusetts State Tax Appeal Board, due in large measure to the ability and courage of the new members added to the Board, recent decisions in some cases have been made in favor of the city and in but few cases has the award exceeded 10 per cent. Under the circumstances it is not unreasonable to anticipate that the individuals and agencies responsible for the creation and existence of the Boston Municipal Research Bureau may recognize the wisdom, if not the decency, of paying their taxes for the years 1933 rather than paying the penalty of 8 per cent after December 15, only to find through the courage and honesty of the new members of the State Tax Appeal Board that their appeals filed for abatements of taxes, which are not based upon sound premises, may be refused.

The real enemies of Boston and its people through this entire crisis have been confined largely to the so-called reform groups who, masquerading as reformers, have not hesitated to refuse to pay taxes but stood ready to pay the penalty clause of 8 per cent, firm in the belief, and in most cases justified by decisions in the past, that they would receive abatements in amounts upwards of 25 per cent from the State Tax Appeal Board.

Happily this condition apparently no longer exists and I most respectfully urge the sponsors and friends of the Municipal Research Bureau and allied organizations to pay their taxes at once rather than suffer the penalty clause which applies after December 15, and the reasonable certainty that decisions in the future by the State Tax Appeal Board will be based upon equity rather than fear or favoritism.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 2-foot 4-inch by 4-foot 5-inch concrete and one catch-basin in Fellows street, between Orange court and Hunneman street, in the Roxbury district, at an estimated cost of \$34,147.

BROADCAST BY MAYOR CURLEY.

(Continued from page 1657.)

The work was partially completed about June, 1932, and wholly completed about October, 1932, and within ninety days after the completion of the work more than 70 per cent of the men employed on this particular project found it necessary, because of their inability to secure work elsewhere, to make application for Soldiers' Relief. Then plans were made for transit facilities under Huntington avenue. The Metropolitan Transit organization approved the project, the City Council likewise approved it, and then we waited and we have been waiting ever since, with the result that the expenditure for Soldiers' Relief increased until it was approximately more than \$1,000,000, whereas if we were privileged to start this particular project four months ago the probability is that the average expenditure would be \$30,000 a month as against more than \$90,000 at the present time.

SNIPING UNDER WAY.

It is all a part of a sniping process that has gone on to put the Administration in an unfavorable light for acts of many that were not entirely chargeable to those in control of various departments of the government. The present program, namely, the Civil Works Administration, has scarcely been broached when the snipers come out in the open with circular letters to the people of the nation urging united action to prevent the adoption by the United States of monetary relief measures not only necessary but which have proven the salvation of all countries where the gold standard has been abandoned.

In our own City of Boston the Chamber of Commerce not only opposed previously, through its President, Eliot Wadsworth, the extension of transit facilities in the vicinity of Governor square, but opposed the Huntington avenue extension and they, more largely than any other agency, have been responsible for the opposition that has taken place up to the present time in this particular project that would be today providing opportunity for livelihood for more than 2,000 ex-service men for a period of two years; that would make 2,000 homes joyous at the Christmas season, where otherwise they may be saddened.

Under date of November 23 the Boston Chamber of Commerce addressed a communication to the members of the Boston Chamber of Commerce, writing as follows:

"Inflation is no new panacea. It has been tried over and over again for more than two thousand years, and has always brought disaster to all classes of people. It cripples those who provide the savings upon which our whole economic structure rests. This class in this country includes 50,000,000 savings depositors and 33,000,000 holders of life insurance. The unknown millions dependent upon pensions, annuities and incomes from investments will become financially prostrate. Those living on salaries and wages will be the first to feel the impact. And what may the people expect to receive in return for such a sacrifice of their property?"

DISASTER VISITED ON PEOPLE.

Now I beg to submit to you, my friends, that no more disastrous effects have been witnessed in any country than has been evidenced in this country of our own from the period from January, 1930,

until March 4, 1933, when Mr. Roosevelt became President of the United States, and all this developed during the time we were upon the gold standard, during the administration of Herbert Hoover as President of the United States. Going further, the letter stated:

"Under the authority of this vote, the deliberate debasement of our currency is creating uncertainty and confusion. It is undermining public confidence and credit. It is retarding natural recuperative forces which were already at work. It is making business a gamble and may compel the thrifty savers to turn speculators in a desperate, and probably futile, effort to salvage their savings."

I would like to ask where the uncertainty and confusion obtains. Under the present Civil Works program we are required in our city to provide employment for 19,000 women and men. The only uncertainty and confusion is to develop ways and means of providing work for these 19,000 women and men and providing quarters for them in which the work may be carried on. Nineteen thousand persons represent about 1,500 more than are employed by the City of Boston at the present time. It means the duplication of the entire city force besides an additional 1,500. Now, with a view to finding quarters for the conduct of the clerical activities for this work, I leased Young's Hotel about a week ago, and within the last week these same agencies, acting through their puppets, have seen fit to bring an injunction enjoining the city from carrying out the lease of the premises that are found necessary for the supervisory activities of this new program. This is just another part of the policy of "Stopping Roosevelt." We have made provision for the employment of 10,000 women and men in the City of Boston. Many of these women and men have not seen a pay envelope for a period of two years, and, in some cases, three years. Does that indicate uncertainty? Does that indicate confusion?

Quoting further, the Chamber of Commerce letter stated:

"Recovery cannot come to a nation gripped with fear, with its domestic capital seeking refuge in foreign lands, with its savings, life insurance and conservative investments threatened with incalculable shrinkages, and with its sources of needed capital dried up by general financial demoralization. Commerce and agriculture will languish and the incentive to save will disappear."

IMPROVEMENT SHOWN.

The fact is that commerce has improved more in the last four months while this country was off the gold standard than it did when this country was on the gold standard. So far as agriculture is concerned, the Federal Government finds it necessary to prevent actual starvation upon the farms of America by buying the products of the farmers,—to buy their pigs, their sheep and their cotton, in order to furnish sufficient money to feed the farmers, which was more than was ever attempted while Mr. Hoover was President of the United States.

Every nation in the world has abandoned the gold standard with the exception of France and the United States. They have changed the capital in France at least five times in the last twelve months. The papers yesterday carried pictures of the French people who are unemployed marching into the large cities demanding work. Eventually, I

predict France will be off the gold standard and within sixty days. It won't be what they term "destructive inflation." It will be the character of liquid condition of currency that will restore opportunities for a livelihood.

For the millions in America who have been wandering in the shadow of despair and who have never in the past four years seen the gleaming of a ray of sunlight until the present courageous and humane leader was placed at the head of our nation, Franklin D. Roosevelt, I ask everyone who is listening in to send him a letter of encouragement so that his determination may be strengthened and that he may go on to preserve the American nation and make possible a brighter and a happier day for all those who live under the flag of our country, the Stars and Stripes.

MAYOR COMMENTS ON REPEAL VOTE.

Upon December 7 the Mayor issued the following statement:

The repeal of the Volstead Act and the 18th Amendment will once more permit the revenues derived from the sale of alcoholic beverages to flow into the treasuries of nation, state and subdivisions of states, and should mark an end of racketeering and bootlegging in the United States.

This result is welcomed by every right-thinking citizen of America and all can contribute to its success by purchasing alcoholic beverages only from individuals or corporations duly organized and legally entitled to dispense the same. To purchase from the bootlegger or racketeer is to do direct injury to nation, state and subdivisions of states, and can have but one result, namely, the placing in our midst of the most blighting and destructive force that this nation has known in its history; the enemies not only of law and order but of those moral codes that society has found necessary to establish for the preservation of the family and of the nation.

BANKS THANKED FOR COOPERATION IN TAX SALES.

The Collector addressed the following communication to the banks of Boston:

"As City Collector of Boston, I deem it my duty to give my expression of appreciation for the splendid cooperation extended by the savings banks, co-operative banks and all other financial institutions to the taxpayers of Boston, who, through stress of circumstances, have been unable to meet their tax obligations for the year 1932.

"Banking institutions from all portions of the Commonwealth holding mortgages on homes in Boston, as well as of our Boston institutions, have most generously come to the rescue of persons unable to pay their taxes by assuming the tax, making the same a part of the mortgage obligations.

"The bankers in this instance have demonstrated a real spirit of brotherhood which is most commendable and for which they are entitled to the thanks of the entire citizenship of Boston.

Respectfully,

WILLIAM M. McMORROW, Collector."

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Readvertises for proposals to erect and complete an addition and alteration at the Joseph H. Barnes School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$20,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, December 13, at 2 p. m.

Advertises for proposals for selling to the city land for a high school in the Washington-Irving District, Roslindale, Mass. Proposals must be submitted at or before 2 o'clock p. m. of Monday, December 11, 1933, at the office of the Superintendent, eighth floor, 11 Beacon street, Boston. Said proposals at that time will be opened and read, and thereafter a public hearing will be given by the Superintendent Monday, December 18, 1933, at 2 o'clock p. m.

Advertises for proposals for selling to the city land for an intermediate school in the Shurtleff-Thomas N. Hart District, South Boston. Proposals must be submitted before 2 o'clock p. m. of Tuesday, December 26, 1933, at the office of the Superintendent, eighth floor, 11 Beacon street, Boston. Said proposals at that time will be opened and read, and thereafter a public hearing will be given by the Superintendent, Tuesday, January 2, 1934, at 2 o'clock p. m.

LIBRARY DEPARTMENT.

Advertises for proposals for the transportation of books between the Central Library and its branches for the year 1934. Surety bond will be required in an amount satisfactory to the Trustees. Blank forms for proposals may be obtained at the office of the Comptroller, Central Library Building, Copley square. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 14, at 12 m.

YOUNG'S HOTEL LEASE EMERGENCY RULING.

MR. FRANK A. GOODWIN, *Chairman, Boston Finance Committee.*

DEAR SIR,—I am in receipt of communication received this day from the Finance Commission and have been pleased to forward the same to the Corporation Counsel in conformity with the recommendations contained in your communication.

I beg to state that it is unfortunate that the Finance Commission is unaware that there is an extreme emergency involving both the health and safety of the people, namely, the unemployment emergency for the relief of which the Federal Government has made available to the Civil Works Act. The Chairman of the State Emergency Finance Board has both publicly and privately declared that he is desirous that the City of Boston provide employment for 19,000 women and men on or before December 15. The City of Boston at the present time employs less than 18,000 men and women, including school teachers and policemen, and to meet an emergency requiring the employment of a number greater than is today employed in all departments of the city, makes necessary the action taken and which is in conformity with Section 16 of the charter amendment of 1909, to which you have been good enough to direct my attention.

Trusting that your Thanksgiving Day will be most enjoyable, I remain

Respectfully,

JAMES M. CURLEY, *Mayor.*

LOCATION OF STREET.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the location, direction, width and grade of the private way, in the Dorchester district, designated as Beatrice street, between the easterly line of Clearwater drive and a point approximately 430 feet westerly, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be, and the same hereby are, approved.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, December 7:

COLLECTING DEPARTMENT.

Thomas P. McDavitt has been appointed to his former position of deputy collector at a salary of \$2,400 a year, to take effect December 13.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for a change in rating of George J. Reagan from storekeeper-clerk to contract clerk, with no change in salary.

FIRE DEPARTMENT.

Lieut. John J. Crehan, drill master in the Boston Fire Department, has been promoted to captain, without change in salary.

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital during the week ending Thursday, November 30:

Temporary.—Reginald Dunn, Joseph Martin, porters, \$16.63 a week; Alice Connors, clerk, \$15.20 a week; Alice McDonald, technician, \$22.50 a week; Hilda Mulcahy, cleaner, \$15 a week; Nora Kelley, ward maid, \$14.25 a week; Donald Sweeney, orderly, \$15.68 a week; Margaret Galvin, kitchenwoman, \$16.15 a week; Elise Loftus, ward maid, \$14.25 a week; Ina Nulty, Christine Bruce, Marion Cuzner, Margaret Lehman, Stella Polofski, Louise Gould, Elsie Pennington, Mary Gannon, Agnes Randall, special nurses, \$29.75 a week.

The following changes have occurred: William Blaisdell, assistant cook at \$25.20 to assistant cook at \$27.62 a week; Fred Huber, cook's assistant at \$23.85 to assistant cook at \$25.20 a week; William Kendall, kitchenman at \$18.45 to cook's assistant at \$23.85 a week; Mortimer Tierney, kitchenman at \$16.63 to kitchenman at \$18.45 a week; William McCarthy, orderly at \$15.68 to porter at \$16.63 a week.

Nurses (affiliate): Myrtle Carrington, \$5.70 a month; Anna Cooney, Ruby Dillard, Jean Gillis, \$8.43 a month; Ruth Knucky, Mary McShane, \$5.70 a month; Alice Moulton, \$11.40 a month; Elizabeth O'Brien, floor nurse, \$112.50 a month; Eleanor Patrick, \$8.43 a month; Mary Ramos, \$11.40 a month; Lois Saturly, Bernice Savard, \$5.70 a month; Muriel Whynott, \$6.65 a month; Evelyn Weigel, \$5.70 a month.

The following nurses have had changes in rates:

Esther Ambrose, Mary Dinan, Doris Goodell, Mildred Leen, Leona Michaud, Annie Stepinski, Elizabeth Veinotto, \$14.25 to \$8.55 a month; Mildred Brodeur, Ruth Gallagher, Pearl Kapola, Martha Kenty, Dorothy Pelky, \$15.84 to \$8.55 a month; Shirley Brown, Berretta Connors, Adelle Jollimore, \$11.83 to \$8.55 a month; Sarah McCaigue, Beverly Mitchell, Iris Simeoni, Stephani Smolukas, \$11.88 to \$15.84 a month; Anita Boule, Alice Dunn, Helen Walsh, Helen Williams, \$10.80 to \$10.26 a month; Grace Crawford, Sarah Heraty, Dorothy Winsper, Pearl Yeoman, \$11.40 to \$10.83 a month.

Probationers from no pay to \$9.50 a month: Jennie Babel, Virginia Behmore, Dorothy Connors, Kathlyn Friedlander, Laura Govoni, Catherine Holland, Kath-

erine Lawless, Edith Levine, Ruth Moore, Mary O'Brien, Mary Regan, Margaret Smith, Agnes Wall, Mae Barden, Ida Boudreau, Ruth Crowd, Grace Ginnety, Florence Hebard, Mary Keane, Clara Lessa, Ethel Lobacz, Alice Morris, Eleanor O'Donnell, Stella Senukevich, Alice Travers, Mary Walsh, Mildred Bazin, Christine Byrnes, Alice Dougherty, Judith Gorman, Alice Heger, Helen Lavin, Alice Levcovich, Angelina Marino, Alice MacInnes, Mildred Perkins, Margaret Sheridan, Edith Tucker, May B. Ylen, Ruth Abbott, Eleanor McCarthy, Emily Bridgham, Dorothy Casey.

South Department.

Mary H. Bacon, Mary A. Brown, Mildred Parsons, nurses (affiliate), no pay; Margaret Bonshell, nurse (affiliate), \$7.60 a month.

Doris E. Whitman, nurse at \$11.88 to \$15.84 a month.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division of the Boston City Hospital up to and including Thursday, November 30:

William Lonergan, male nurse (patient), \$456 a year; Frank Taylor, maid (patient), \$342 a year; William Slattery, male nurse (patient), \$456 a year; James Kelley, Walter Quinlan, John McDonough, Anthony de Paulo, choromen (patients) (temporary), \$228 a year.

The following persons have ceased to be employed:

Charles McInnis, male nurse (patient), \$456 a year; John Carroll, maid (patient), \$342 a year; Frank Taylor, maid (patient), \$228 a year.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Hospital Department (Sanatorium Division).

For the week ending Thursday, November 30:

Florence McCarthy, fireman, 1 day, \$5.88.

EXTRA WORK UNDER CONTRACT.

Boston Engineering Company, Incorporated, has been directed to perform the following extra work under the contract for new air pump shaft for No. 5 engine, Calf Pasture pumping station. Items ordered: Plane caps of shaft bearings for alignment. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$20.

J. Susi and Brother have been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Crockett avenue and Tennis road. Items ordered: Furnish and place gravel foundation where directed in Crockett avenue. Price to be paid: The sum of \$1 per cubic yard for each cubic yard of gravel foundation, including excavation, furnished and placed. Estimated cost of extra work, \$100.

A. G. Tomasello & Son, Incorporated, have been directed to perform the following extra work under the contract for

laying bituminous macadam pavement in Perthshire road, from Bigelow street to Dunboy street. Items ordered: Furnish and place cinders in roadway in Perthshire road where directed. Price to be paid: The sum of \$1.25 for each cubic yard of cinders furnished and placed. Estimated cost, \$300. Remove unsuitable material in roadway in Perthshire road, work to be done by hand digging. Price to be paid: The sum of \$1 for each cubic yard of unsuitable material removed. Estimated cost, \$240. Total estimated cost of extra work, \$540.

EXTENSION OF TIME FOR TAXPAYERS.

Upon December 2 the Mayor issued the following statement:

The sale of properties scheduled to take place at the office of the City Collector upon Monday next represents some 1,500 pieces of property located in Wards 5, 4, and Ward 21. The rush at the office of the City Collector of persons desiring to pay in order to avoid the sale of their property would indicate that efforts are being made by the public to meet their tax obligations.

Under the statutes a buyer of a tax title has the right to exact a substantial fee where he becomes the owner through purchase of the tax title, and the tax-title holder is entitled to receive interest at 8 per cent.

The imposition of this penalty upon owners of property works a real hardship and results not infrequently in the owner suffering the loss of a property which represents the savings of a lifetime. To protect the home owners from a financial penalty and the loss of title to their property the sale of which is to be held Monday next, an extension of the time of sale to Wednesday at 9.30 has been determined upon. This extension will afford opportunity to all persons who are desirous of meeting their obligations to make payment at the office of the City Collector and arrangements have been made to keep the office open for the receipt of taxes Monday and Tuesday just so long as there is a person there.

It would be advisable, however, for all persons whose properties have been advertised to be sold for taxes to meet their obligations on Monday or Tuesday, as under the law there can be no further extension beyond Wednesday.

The remaining wards of the city in which there are properties on which taxes remain unpaid for the year 1932 will be advertised for sale in the *City Record* of December 2, 1933.

The first sale of properties for unpaid taxes for the year 1932 will be held December 4, and succeeding sales will be held one week later, the final sale to be held upon December 16.

Properties upon which taxes for the year 1933 have not been paid on or before December 15 will be subject to 8 per cent interest on and after December 15.

The cooperation of the banks in assuming taxes as a separate account in order to save homes is most gratifying, and the City Collector's office is crowded each day with persons who are paying their taxes in order to avoid the sale of their properties for unpaid taxes.

JAMES M. CURLEY, Mayor.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon November 29 the Mayor approved a contract with Appel & O'Toole Company, for bitulithic pavement and for the laying and relaying of water pipes in Hillsboro road, Ward 14, from Hazleton street to Ormond street. The following bids were received November 27:

Sheet Asphalt and Water Pipe.—Appel & O'Toole Company, \$11,434.70; Frank J. Jacobs Company, \$11,549.69; C. Capone, \$11,876.68; J. Susi & Brothers, \$12,165.76; J. J. Callahan, \$12,385.70; A. Susi & Co., Incorporated, \$12,717.20; M. DeMatteo, \$13,446.02; Baker, Matz & Co., \$13,455.40; C. Struzziery, \$12,013.30.

Bitulithic and Water Pipe.—Appel & O'Toole Company, \$11,399; Frank J. Jacobs Company, \$11,726.19; C. Capone, \$12,055.18; J. Susi & Brothers, \$12,314.56; J. J. Callahan, \$12,564.20; A. Susi & Co., Incorporated, \$12,818.30; M. DeMatteo, \$13,763.02; Baker, Matz & Co., \$13,633.90; C. Struzziery, \$12,191.80.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Upon November 28 the Mayor approved a contract with the W. G. C. Company for removing snow and ice in district No. 7. The following bids were received November 23:

Baker, Matz & Co., 47 cents per cubic yard; W. G. C. Company, 50 cents per cubic yard; J. J. Callahan, 50 cents per cubic yard; Joseph P. McCabe, Incorporated, 50 cents per cubic yard; Frank J. Jacobs Company, 50 cents per cubic yard; Coleman Brothers Corporation, 57 cents per cubic yard; C. J. Maney & Co., Incorporated, 65 cents per cubic yard; Hugh Nawn, Incorporated, 68 cents per cubic yard; A. G. Tomasello & Son, Incorporated, 70 cents per cubic yard.

Upon November 29 the Mayor approved a contract with C. Reppucci & Co. for removing snow and ice in district No. 3. The following bids were received November 23:

C. Reppucci & Co., 40 cents per cubic yard; Baker, Matz & Co., 46 cents per cubic yard; Joseph P. McCabe, Incorporated, 47 cents per cubic yard; Coleman Brothers Corporation, 52 cents per cubic yard; Frank J. Jacobs Company, 55 cents per cubic yard; Hugh Nawn, Incorporated, 55 cents per cubic yard; Dooley Brothers, Incorporated, 55 cents per cubic yard; Nelson Brothers, 58 cents per cubic yard; A. G. Tomasello & Son, Incorporated, 65 cents per cubic yard; C. J. Maney & Co., Incorporated, 65 cents per cubic yard.

Upon November 29 the Mayor approved a contract with A. Singarella for removing snow and ice in district No. 2. The following bids were received November 23:

A. Singarella, 49 cents per cubic yard; Joseph P. McCabe, Incorporated, 50 cents per cubic yard; W. G. C. Company, 50 cents per cubic yard; Coleman Brothers Corporation, 52 cents per cubic yard; Frank J. Jacobs Company, 55 cents per cubic yard; Hugh Nawn, Incorporated, 55 cents per cubic yard; Nelson Brothers, 55 cents per cubic yard;

Dooley Brothers, Incorporated, 55 cents per cubic yard; Baker, Matz & Co., 60 cents per cubic yard; A. G. Tomasello & Son, Incorporated, 65 cents per cubic yard; C. J. Maney & Co., Incorporated, 70 cents per cubic yard.

Upon November 29 the Mayor approved a contract with Baker, Matz & Co. for removing snow and ice in district No. 5. The following bids were received November 23:

C. Reppucci & Co., 40 cents per cubic yard; Baker, Matz & Co., 47 cents per cubic yard; Joseph P. McCabe, Incorporated, 50 cents per cubic yard; Dooley Brothers, Incorporated, 55 cents per cubic yard; Coleman Brothers Corporation, 60 cents per cubic yard; Frank J. Jacobs Company, 60 cents per cubic yard; Hugh Nawn, Incorporated, 60 cents per cubic yard; A. G. Tomasello & Son, Incorporated, 70 cents per cubic yard; C. J. Maney & Co., Incorporated, 70 cents per cubic yard.

Upon November 29 the Mayor approved a contract with A. G. Tomasello & Son, Incorporated, for removing snow and ice in district No. 6. The following bids were received November 23:

Frank J. Jacobs Company, 50 cents per cubic yard; Joseph P. McCabe, Incorporated, 50 cents per cubic yard; Baker, Matz & Co., 57 cents per cubic yard; Coleman Brothers Corporation, 60 cents per cubic yard; Hugh Nawn, Incorporated, 65 cents per cubic yard; C. J. Maney Company, Incorporated, 65 cents per cubic yard; A. G. Tomasello & Son, Incorporated, 70 cents per cubic yard.

Upon November 29 the Mayor approved a contract with J. J. Callahan for removing snow and ice in district No. 8. The following bids were received November 23:

Baker, Matz & Co., 48 cents per cubic yard; J. J. Callahan, 50 cents per cubic yard; Joseph P. McCabe, Incorporated, 50 cents per cubic yard; Frank J. Jacobs Company, 50 cents per cubic yard; A. Singarella, 50 cents per cubic yard; Dooley Brothers, Incorporated, 55 cents per cubic yard; W. G. C. Company, 55 cents per cubic yard; Coleman Brothers Corporation, 60 cents per cubic yard; A. G. Tomasello & Son, Incorporated, 65 cents per cubic yard; C. J. Maney & Co., Incorporated, 65 cents per cubic yard; Hugh Nawn, Incorporated, 68 cents per cubic yard; A. R. Doyle, Incorporated, 75 cents per cubic yard.

Upon November 29 the Mayor approved a contract with Frank J. Jacobs for removing snow and ice in district No. 9. The following bids were received November 23:

Frank J. Jacobs Company, 44 cents per cubic yard; Joseph P. McCabe, Incorporated, 50 cents per cubic yard; Baker, Matz & Co., 60 cents per cubic yard; A. R. Doyle, Incorporated, 60 cents per cubic yard; Coleman Brothers Corporation, 60 cents per cubic yard; A. G. Tomasello and Son, Incorporated, 65 cents per cubic yard; Hugh Nawn, Incorporated, 68 cents per cubic yard; C. J. Maney & Co., Incorporated, 70 cents per cubic yard.

Upon November 29 the Mayor approved a contract with C. J. Maney Company, Incorporated, for removing snow and ice in district No. 10. The following bids were received November 23:

M. J. Kelly, 39 cents per cubic yard; C. Reppucci & Co., 40 cents per cubic yard; Joseph P. McCabe, Incorporated, 44 cents per cubic yard; Capitol Contracting Company, 45 cents per cubic yard; Coleman Brothers Corporation, 48 cents per cubic yard; Joseph A. ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS

D'Amore Construction Company has been allowed for the following changes in the contract for the Randall G. Norris School addition, for shoring roof and removing present walls and wall facings in corridor and stairwell, \$858; glazed bricks, 8,400 at \$60 per M., \$504; buff bricks, 8,000 at \$55, \$440; labor and material for 8-inch terra-cotta structural blocks, 1,568 feet at 40 cents, \$627.20; labor and material for 1-inch terra-cotta, 729 feet at 50 cents, \$364.50; insurance, \$100; total, \$2,893.70; deduction for metal tile, \$1,364.40—net addition, \$1,529.30, all as per Mr. E. J. Phaneuf's letter of November 29, 1933, and the amount of \$1,529.30 will be added therefor, making the account as follows: Contract price, \$14,477; total additions, \$1,529.30; amount of contract, \$16,006.30.

CONTRACTS AMENDED.

TRANSIT DEPARTMENT.

Matthew Cummings Company, Incorporated, has been allowed to amend the contract for building canopy extension at Mattapan Station, Dorchester Rapid Transit, by striking out on page 8, first paragraph, the words "forty-two," and substituting therefor the word

"sixty," so that the contract as amended shall read, on page 8, first paragraph: "The Contractor agrees to complete the work in this contract within sixty days from notification by the department to begin," and that all provisions of said contract, excepting as modified herein, shall continue in full force and effect.

The Rugo Construction Company, Incorporated, has been allowed to amend the contract for constructing the East Boston Ventilation Building for the Traffic Tunnel, by striking out on page 8, fifth paragraph, the words "six weeks," and substituting therefor the words "ten weeks," so that the contract as amended shall read, on page 8, fifth paragraph: "The undersigned further agrees to complete the work to be done in the second period, consisting of aerocrete, granolithic, concrete fill, salt-glazed brick and tile partitions and doors, which cannot be done in the first period and to complete all work remaining to be done in this contract within ten weeks from the date of notification by the department to resume work and to accept as payment for this work the sum of ten thousand (10,000) dollars," and that all provisions of said contract, excepting as modified herein, shall continue in full force and effect.

FIRE DEPARTMENT ORDERS.

General Order No. 54.

I. LIEUTENANT DANIEL W. O'LEARY.

It is with deep regret that the Fire Commissioner announces the death on November 28, 1933, of Lieut. Daniel W. O'Leary of Engine Company 28 of this department.

Lieutenant O'Leary was appointed to the Boston Fire Department on November 5, 1906, and was promoted to lieutenant on October 3, 1924.

The funeral will be held from his late home, 56 Hyde Park avenue, Forest Hills, on Friday, December 1, 1933, at 9 a. m., followed by services at the Church of St. Andrew the Apostle, 40 Walk Hill street, Forest Hills, at 10 a. m.

The Chief of Department will make the customary detail to act as a funeral escort and Engine Company 28 will be excused from duty in order to attend the funeral. The detail will report at the quarters of Engine Company 53, Walk Hill and Wenham streets, at 9 a. m. District Chief Timothy F. Donovan will be in charge of the detail. Uniform overcoats and white gloves will be worn.

II. RESIGNATION.

The Fire Commissioner has accepted the resignation of Frank V. Falcone of Ladder Company 12 to take effect at 8 a. m., Friday, December 1, 1933.

III. FIRE ALARM BOX.

Fire Alarm Box 3198, Washington and Normandy streets, has been auxiliaryized to the Jeremiah E. Burke School. New cards for this box will be furnished at a later date.

IV. DUMP PERMITS.

Permits issued by the Health Department for the dumping of ashes and house refuse expire on December 31, 1933. District Chiefs will report on Form 5 on or before Monday, December 4, as to whether or not they have any objections to the renewal of any permits in their various districts.

V. CHARLES RIVER DAM.

Notice has been received that the large lock at Charles River Dam will be closed to navigation from Monday, December 11, to Saturday, December 23, 1933, both dates inclusive, and from Monday, January 8, to Saturday, January 20, 1934, both dates inclusive, for the purpose of making repairs and painting the lock gates.

By order of Fire Commissioner EUGENE M. McSWEENEY.

HENRY A. FOX,
Chief of Department.

General Order No. 55.

I. PROMOTIONS.

The following promotions are hereby announced:

Lieut. John J. Crehan, drill master to captain, effective December 4, 1933, at 8 a. m.

Ladderman Edward L. Mitchell of Ladder 15 to lieutenant, effective December 6, 1933, at 8 a. m.

II. TRANSFERS.

The following transfers are hereby announced to take effect at 8 a. m., Friday, December 8, 1933:

Lieut. Edward L. Mitchell, from Ladder 15 to Engine 47.

Lieut. Francis B. Hanron, from Engine 47 to Ladder 30.

Hoseman John J. Hanley, from Engine 3 to Engine 19.

Hoseman Herbert F. Ryan, from Engine 19 to Engine 3.

III. CONTRIBUTION TO BOSTON FIREMEN'S RELIEF FUND.

The Fire Commissioner is very pleased to acknowledge receipt of a generous contribution of \$100 to the Boston Firemen's Relief Fund from Mrs. Alice E. Sias, 115 Bay State road. The check has been turned over to the treasurer of the Boston Firemen's Relief Fund.

IV. BOSTON AUTOMATIC ASSIGNMENT CARDS.

The new assignment card of the Boston Automatic Fire Alarm Company for page No. 6 is being issued to the department today. This card is dated November 27, 1933, and is to replace old page No. 6 in the assignment book dated April 1, 1919. The old assignment cards will be returned to headquarters in the envelopes provided, on or before Saturday, December 9.

V. BOSTON AUTOMATIC SIGNAL NUMBERS.

The following Boston Automatic signal numbers have been discontinued:

Signal 31, 29-33 Stillings street.
Signal 215, 127 and 127A Tremont street.

VI. COMMENDATIONS.

Ladderman John L. Chandler of Ladder Company 15 is hereby commended for responding to and working at fire, Box 2246, November 28, 1933, while off duty.

Hoseman Thomas J. Banks of Engine Company 51 is hereby commended for responding to and working at fire, Box 529, December 2, 1933, while off duty.

By order of Fire Commissioner EUGENE M. McSWEENEY.

HENRY A. FOX,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 338.

Patrolman Francis C. Beringer of Division 13 is commended in General Orders and granted one day additional vacation for efficient police duty performed on November 19, 1933, upon discovering a "Breaking and Entering" in the building on his route. The officer forced his way into the building through the front door and after making a hasty examination of the premises called out to a boy who was standing outside the building to sound a citizen's alarm from a box nearby.

Upon arrival of the wagon with additional officers, who covered the outside of the building, Patrolman Beringer drew his revolver and re-entered the building and discovered three men hiding behind desks. Several officers responded promptly to the flashing lights from the citizen's alarm and the persons were arrested and taken to the station in the wagon.

The commissioner is pleased to recognize and commend Patrolman Beringer for his alertness and for the proper use of equipment furnished by the department to assist officers in the discharge of their duty.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 339.

It gives the commissioner great pleasure to publish the following letter for the information of the department:

TREASURY DEPARTMENT,
FIELD FORCE,
DIVISION OF SECRET SERVICE,
November 4, 1933.

EUGENE HULTMAN, Esq.,
Commissioner of Police.

MY DEAR COMMISSIONER,—I wish to bring to your attention another instance of the cooperation and assistance of the officers of your department.

Some time ago, through the excellent police work and the knowledge of their district of officers Patrick Fallon and Lindsay Lafford, who were at that time connected with Division 15, Charlestown, the capture of one Albert Patry was effected. I understand that at the present time Officer Fallon is connected with Captain Daley's office at headquarters and Officer Lafford is assigned to Division 6, South Boston.

The delay in bringing to your attention the work of these officers on this case was caused by the fact that the case was not disposed of until a few days ago.

With kindest personal regards, I am,

Very truly yours,

JOHN J. MCGRATH,
Operative in Temporary Charge.

On May 15, 1933, it was reported to Division 15, by the Department of Secret Service, that two men were passing counterfeit \$10 bills in this city. On May 23, after diligent work by Patrolman Fallon of Division 15 (now assigned to office of Supervisor of Cases), and Patrolman Lafford, now of Division 6, they arrested two men. A search at the station house revealed a quantity of counterfeit \$10 bills. Both men were turned over to the Department of Secret Service and prosecuted in the United States Court.

The commissioner is pleased to recognize the initiative and diligence of Patrolmen Fallon and Lafford in apprehending these felons, and Patrolmen Fallon and Lafford are hereby commended in General Orders.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 340.

It gives the commissioner great pleasure to publish for the information of the department the following letter:

CITY OF BOSTON,
BOARD OF ELECTION COMMISSIONERS,
November 23, 1933.
EUGENE C. HULTMAN, Esq.,
Police Commissioner.

DEAR SIR,—The Board of Election Commissioners desire to express their thanks to the Police Department for its service and cooperation in the handling of the recount of ballots cast at the City Election. This recount began on Wednesday, November 15, and terminated on Tuesday, November 21.

We know of no better handling of a delicate situation, on the part of the police, as was this recount, under the guidance of Deputy Superintendent McDevitt, Captain McKinnon of Division 2 and the several sergeants and patrolmen connected with this detail.

Very truly yours,

PETER F. TAGUE,
HELEN A. MACDONALD,
CHARLES T. HARDING,
DANIEL H. ROSE,
Board of Election Commissioners.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 341.

For Information and Instruction of the Department.

The following communication has been received from David T. Montague, chairman of the Boston Licensing Board:

BOSTON, December 6, 1933.

HON. EUGENE C. HULTMAN,
Police Commissioner.

DEAR MR. HULTMAN,—Replying to yours of the 6th, our rules are the same as they were for beer so far as the one o'clock business goes. That is, that no sales were to be made after one o'clock.

I think the custom has always been that if the hotel or restaurant had the right to keep open later than one o'clock that they could do so, but no sales to be made after that hour. We do not intend by our order that a restaurant or hotel which had a two o'clock closing hour should absolutely close their place of business at one o'clock, but that sales of intoxicating liquor should absolutely cease at one o'clock.

Incidentally, with all your other troubles, we are pleased at the work that the police have done on our applications, which you have lately been receiving.

Very truly yours,

D. T. MONTAGUE.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 342.

A trial board consisting of Captains Campbell, McKinnon and Casey having heard by reference a complaint made by William Lewis, captain, Division 19, against Edwin H. Gallagher, patrolman, Division 19, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification: In that on the twenty-fifth day of November, 1933, the said Patrolman Edwin H. Gallagher was under the influence of intoxicating liquor to such an extent that he was unable to perform his duty as a police officer, he being in uniform and on duty at the time,—

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence as presented, accepts the plea of guilty made by the said Patrolman Edwin H. Gallagher. The Board considering the previous good record of Patrolman Gallagher, the good recommendation given him by his commanding officer, the fact that Patrolman Gallagher has never before been complained of for violation of the Rules and Regulations of the department, the fact that Patrolman Gallagher has presented a pledge card to the effect that he will abstain from the use of intoxicating liquor in the future, the Board respectfully recommends that the said Patrolman Edwin H. Gallagher be suspended from duty, with loss of pay, for a period of twenty days, effective as of November 27, 1933, at 7.45 o'clock a. m., and that at the expiration of the said period of suspension the said Patrolman Edwin H. Gallagher be ordered to perform two hundred and ten hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Edwin H. Gallagher be suspended from duty for a period of twenty days, effective as of November 27, 1933, at 7.45 o'clock a. m., and that at the expiration of the said period of suspension the said Patrolman Edwin H. Gallagher be ordered to perform two hundred and ten hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Joseph P. O'Hearn & Co. have been granted a further extension of time for completion of contract made August 28, for furnishing and installing tunnel pumping equipment in Boston City Hospital, from November 15, 1933, to December 1, 1933.

PUBLIC WORKS DEPARTMENT.

A. R. Doyle, Incorporated, has been granted an extension of the time of completion of a contract for rebuilding draw-house and foundation at Dorchester Avenue Bridge, from October 6, 1933, to December 1, 1933.

SUPPLY DEPARTMENT.

The Flockhart Foundry Company has been allowed to extend the completion date for furnishing iron castings to the High Pressure Fire Service, from October 15, 1933, to December 15, 1933.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

EXECUTIVE SECRETARY OF JUVENILE TRAINING, DEPARTMENT OF PUBLIC WELFARE, JANUARY 6, 1934.

Last date for filing applications, Wednesday, December 27, 1933, at 5 p. m.

Requisition is for male, but the examination is open to both males and females.

The entrance salary is approximately \$3,450 a year.

Duties: To assist in the management and supervision of the administrative and business affairs under the charge of the Board; to record its proceedings; to represent it in dealing with the superintendents and divisions under its control; to visit and inspect the institutions and divisions and assist in supervising their activities and expenditures; to interview, understandingly, public officials, parents, wards, attorneys and others; to prepare and draft official documents, reports, statistics and statements; to be familiar with and to study problems of juvenile delinquency and on effective methods of education, parole, and of reinstatement in normal community life of delinquent juveniles.

Entrance Requirements: Applicants must be not less than twenty-five nor more than fifty years of age at the time of filing application. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application. Applicants must have education equivalent to that required for graduation from a college or university and five years' experience in educational, correctional or social work.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

MINIMUM WAGE INVESTIGATOR, DEPARTMENT OF LABOR AND INDUSTRIES, JANUARY 6, 1934.

Last date for filing applications, Wednesday, December 27, 1933, at 5 p. m.

Requisition is for female, but the examination is open to both males and females.

The entrance salary is \$1,380 a year; the maximum salary is \$1,860 a year, as reduced by statute.

Duties: Applicants should be familiar with the minimum wage law of Massachusetts and with the work of wage boards. They should understand the procedure in conducting wage studies; be able to outline a program of investigation, draft a report, and compile and interpret statistical data.

Entrance Requirements: Applicants must be not less than twenty-five years of age at the time of filing the application. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application. Applicants must have education equivalent to that required for graduation from a standard four-year high school.

College experience is desirable and credit will be given for a college education.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)

PLAYGROUND WORKERS, SUPERVISORS AND ASSISTANT SUPERVISORS, DECEMBER 27, 1933.

Last day for filing applications, Monday, December 18, 1933, at 5 p. m.

This examination will be for the service of all the cities and towns in the state where these positions are under civil service.

The playgrounds ordinarily are open from April to November. During the school year sessions are usually held after school hours and on Saturdays, and on all days except Sundays during the summer. In the summer, the usual salary is from \$15 to \$25 a week. The examination is open to both men and women.

Entrance requirement: Applicants must have education equivalent to high school graduation.

The general duties of playground workers require a knowledge of the interests of children, ability to organize and conduct playground activities and adult recreation. It is desirable that applicants have education, training or experience in physical culture, playground work, and physical training of juveniles.

Subjects and weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

There will also be a supplementary paper for those wishing to qualify as swimming instructors in playgrounds having a pool.

Passing requirements: Applicants

must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Applicants who wish to be certified to positions as playground supervisors must have at least two seasons' actual experience in playground work.

Physical fitness to be determined by a physical examination.

STATIONARY ENGINEERS, MARINE ENGINEERS AND OILERS, JANUARY 10, 1934.

Last date for filing applications Tuesday, January 2, 1934, at 5 p. m.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service.

The examination for each kind of position will include a statement of training and experience, a physical examination, and the possession of a license, either as first, second, or third-class stationary engineer; or as chief, first assistant or second assistant marine engineer. Oilers are not required to have a license.

Passing requirement: Applicants must obtain a mark of at least 70 per cent in experience in order to become eligible.

The date given above is not the actual examination date, but the date on which, as nearly as possible, applicants who have filed applications will be given a physical examination.

FOREMEN OF WATER, SEWER AND HIGHWAYS, ETC., JANUARY 20, 1934.

Late date for filing applications Wednesday, January 10, 1934, at 5 p. m.

This examination is for foremen of water, sewer and highways (or streets) in the service of the state and of all cities and of such towns in the state as are classified under civil service; and of sanitary and street cleaning in the service of Boston.

(A) HIGHWAY (OR STREET) foremen in the service of the state, cities and of the towns classified under civil service: Training and experience, 14; arithmetic, 4; report, 2; practical questions on street and road construction, grading, repairing, etc., 10; total, 30.

(B) SEWER. The subjects and weights are the same as for (A) State Highway, except that the practical questions will concern the quality of materials, bracing and refilling of trenches, general maintenance and repair of sewers, catch-basins, etc.

(C) WATER. The subjects and weights are the same as for (A) State Highway, except that the practical questions will concern the laying and maintenance of water mains and service pipes, time-keeping, accounting for material, etc.

(D) SANITARY AND STREET CLEANING (in the service of Boston). The subjects and weights are the same as for (A) Street Foremen, except that the practical questions will concern the handling of ashes, garbage, etc., and the watering, oiling and cleaning of streets.

NOTE. Applicants for all services may, if they wish, take an additional paper on the use of explosives, and if successful in passing it will have it so noted as a special qualification.

Passing requirements: Applicants will be required to obtain a mark of at least 60 per cent in practical questions and at least 70 per cent in experience and in general average in order to become eligible.

Physical fitness to be determined by a physical examination.

DIRECTOR OF PHYSICAL TRAINING, MASSACHUSETTS REFORMATORY, DEPARTMENT OF CORRECTION, JANUARY 6, 1934.

Last date for filing application Wednesday, December 27, 1933, at 5 p. m.

The entrance salary is \$1,620 a year; the maximum salary is \$2,100 a year, as reduced by statute.

Duties: To organize and take full charge of the physical training program, of the Reformatory, which has a population of approximately 1,000 inmates. This program includes military training, calisthenics and athletics. He should know and be able to teach "Butts Manual," the manual of arms and school of the soldier; squad; platoon; company and battalion, and should have a knowledge of mass physical training and of the various forms of athletics.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

TRAFFIC COMMISSION RULING.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, Germania street is a one-way street, from Bismarck street to Brookside avenue, effective December 6, 1933, for a period of three (3) days.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

CIVIL ENGINEERS, DECEMBER 28 TO 30, 1933.

Last day for filing applications, Monday, December 18, 1933, at 5 p. m.

These examinations are for the service of the state, all cities, and such towns as are classified under civil service.

Warning: Many men fail in this examination because they apply for grades for which they are not qualified. It is advisable, therefore, if there is any doubt about the quantity or quality of your experience, to take both the grade for which you think you are qualified and the next lower grade. If you should be found ineligible for the higher grade, you will still have an opportunity to be placed in the next lower grade.

A separate application must be filed for each grade for which it is desired to apply.

An applicant must specify the grade for which he applies.

GRADE I.—Junior engineering aides, who, under immediate supervision, assist on engineering work involving the least technical skill and responsibility.

The maximum salary for this grade is \$1,470 a year as reduced by statute.

Entrance Requirements: Education equivalent to high school graduation, or one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 3; mathematics, 2; practical questions, 5; total, 10.

GRADE II.—Senior engineering aides. Men who, under supervision, assist on engineering work involving some knowledge and training in engineering practice.

The salary ranges from \$1,380 to \$1,980 a year as reduced by statute.

Entrance Requirements: Education equivalent to high school graduation plus (a) one year's practical experience or, (b) two years' university training in engineering.

Subjects and Weights: Training and experience, 4; mathematics, 2; practical questions, 4; total, 10.

GRADE III.—Junior civil or other engineers, senior engineering draftsmen and chiefs of survey parties. Men who, under general supervision, have local charge of a minor engineering project such as a survey party engaged on preliminary and final surveys on construction work, make finished drawings, or perform other similar tasks.

The salary ranges from \$1,980 to \$2,580 a year as reduced by statute.

Entrance Requirements: Education equivalent to that required for graduation in engineering from a university or technical school of recognized standing, and not less than two years of field or office experience in engineering.

Subjects and Weights: Training and experience, 5; mathematics, 2; practical questions, 3; total, 10.

GRADE IV.—Assistant civil or other engineers. Men who, under direction, have charge of a major engineering project or an assigned branch of engineering work of major scope in the field or office.

The salary ranges from \$2,670 to \$3,210 a year as reduced by statute.

Entrance Requirements: Education equivalent to that required for graduation in engineering from a university or technical school of recognized standing and not less than three years of experience in engineering field or office work.

Subjects and Weights: Training and experience, 6; practical questions, 4; total, 10.

Examinations for Grades V and VI, classified in the state service as senior engineers and associate, district and chief engineers, will be held only when vacancies exist.

Passing Requirements: Applicants must obtain at least 70 per cent in experience, at least 50 per cent in the other subjects, and at least 70 per cent in general average in order to become eligible in all grades.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Edgewater drive, Dorchester and Hyde Park districts, as a highway, from River street to Mattakeeset street, bounded and described as follows:

A highway named Edgewater drive is hereby laid out, from River street to Mattakeeset street, and ordered constructed; the cost thereof to be charged to Federal funds allocated under the Civic Works Administration program for Massachusetts.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to the Commonwealth of Massachusetts, bounded:

Northerly by River street, by two measurements, ninety-two and 56-100 feet and twenty-three and 36-100 feet; southeasterly by the southeasterly line of Edgewater drive as established under this order, by two measurements, one hundred six and 46-100 feet, and two hundred eighty-eight and 17-100 feet; westerly by Edgewater drive, fifty-nine and 78-100 feet; northwesterly by the northwesterly line of Edgewater drive as established under this order, two hundred forty-three and 75-100 feet, and again westerly by the westerly line of Edgewater drive as established under this order, twenty-six and 38-100 feet on a curve of ten feet radius, containing thirteen thousand seven hundred and forty square feet, more or less.

The land, owners unknown, being the private way known as Edgewater drive, between land of the Commonwealth of Massachusetts and Mattakeeset street.

A parcel of land, supposed to belong to the Commonwealth of Massachusetts, bounded:

Southeasterly by the southeasterly line of Edgewater drive as established under this order, ninety-six and 85-100 feet; southwesterly by the southwesterly line of Edgewater drive as established under this order, seventeen and 54-100 feet, and northerly by the northerly line of land of the Commonwealth as it existed previous to this order, ninety-five and 28-100 feet, containing five hundred and fifty-seven square feet, more or less.

A parcel of land, supposed to belong to Mary Haydostian, trustee, bounded:

Southeasterly by Edgewater drive, twenty-four and 72-100 feet; southwesterly by Mattakeeset street, twenty-four and 72-100 feet, and northerly by the northerly line of Edgewater drive as established under this order, thirty-five and 63-100 feet, containing one hundred and thirty-eight square feet, more or less.

Said Edgewater drive as hereby laid out is bounded:

Northerly by River street, by two measurements, ninety-two and 56-100 feet and twenty-three and 36-100 feet; southeasterly by the southeasterly line of said Edgewater drive as hereby laid out, by ten measurements, one hundred six and 46-100 feet, four hundred forty-one and 48-100 feet, two hundred thirty-eight and 47-100 feet on a curve of nine hundred sixty-three and 33-100 feet radius, eighty-six and 42-100 feet, one hundred forty-one and 51-100 feet on a curve of three hundred fifty-five and 86-100 feet radius, one hundred thirty-six and 63-100 feet, one hundred fifty and 86-100 feet on a curve of sixteen hundred fifty-five and 50-100 feet radius, forty-three and 28-100 feet, two hundred thirty-one and 83-100 feet on a curve of seven hundred seventy-two and 64-100 feet radius, and ninety-six and 85-100 feet; southwesterly by the southwesterly line of said Edgewater drive as hereby laid out, forty and 90-100 feet; northwesterly by Mattakeeset street, fifty-two and 3-100 feet; northerly by the northerly line of said Edgewater drive as hereby laid out, thirty-five and 63-100 feet on a curve of twenty feet radius; northwesterly by the northwesterly line of said Edgewater drive as hereby laid out, by nine measurements, twenty-two and 68-100 feet, two hundred fourteen and 82-100 feet, on a curve of seven hundred thirty-two and 64-100 feet radius, forty-three and 28-100 feet, one hundred forty-seven and 56-100 feet on a curve of sixteen hundred fifteen and 50-100 feet radius, one hundred thirty-six and 63-100 feet, one hundred fifty-seven and 41-100 feet on a curve of three hundred ninety-five and 86-100 feet radius, eighty-six and 42-100 feet, two hundred twenty-eight and 57-100 feet, on a curve of nine hundred twenty-three and 33-100 feet radius, and four hundred forty-one and 48-100 feet, and westerly by the westerly line of said Edgewater drive as hereby laid out, twenty-six and 38-100 feet on a curve of ten feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Edgewater drive, Hyde Park and Dorchester districts, as a highway, from River street to Mattakeeset street, under the order of the Board, and awards no damages therefor.

Commonwealth of Massachusetts, 13740 square feet,	Nothing
Commonwealth of Massachusetts, 557 square feet,	Nothing
Mary Haydostian, trustees, 138 square feet,	Nothing

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred, who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

PROCEEDINGS OF CITY COUNCIL.

Monday, November 27, 1933.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President McGRATH in the chair. Absent, Coun. Curtis and Gallagher.

SALE OF LAND, HILLSIDE STREET.

The following was received:

City of Boston,
Office of the Mayor, November 20, 1933.
To the Honorable the City Council.

Gentlemen,—I am inclosing herewith an order which has for its purpose the sale at public auction of a building located at 178 Hillside street, Roxbury, which has become the property of the city by reason of the foreclosure of a tax title.

This property is, at the present time, a fire menace, but is not in such condition as to necessitate its demolition. If it were sold the purchaser could, at no great expense, restore it, and make it fit for habitation.

I recommend the adoption of the inclosed order.
JAMES M. CURLEY, Mayor.

Whereas, The Collector of Taxes for the City of Boston sold for the nonpayment of taxes of the year 1928 an estate situated on the southwesterly side of Hillside street, in that part of Boston called Roxbury, containing about 2,070 square feet of land and assessed in the names of Alice McManus and Patrick Moran, and the said Collector of Taxes for the City of Boston gave a tax deed of said premises to the City of Boston, dated September 12, 1929, and recorded with Suffolk Deeds, Book 5139, page 624; and

Whereas, By a decree of the Land Court, Suffolk Registry District, dated June 8, 1933, the said tax deed was foreclosed by the said City of Boston; and

Whereas, It is advantageous to the said City of Boston to sell the said premises; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to sell at public auction all the right, title and interest of the said City of Boston in and to the said parcel of land, namely, a certain parcel of land situate in that part of Boston called Roxbury, on the southwesterly side of Hillside street, containing about 2,070 square feet of land, more or less, and numbered 178 in the present numbering of the said Hillside street; and it is hereby further

Ordered, That his Honor the Mayor be, and he hereby is, authorized to execute and deliver, in the name and behalf of the City of Boston and in form satisfactory to the Law Department of the City of Boston, a written instrument conveying the said premises to the highest bidder at said auction sale upon the payment to the said City of Boston of the purchase price bid at said sale.

Referred to the Committee on Public Lands.

PETITIONS RECEIVED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Gabriel Cahaly, for compensation for damage to property at 90 Oak street, caused by leak in water pipe.

Robert H. Calpan, for compensation for damage to car caused by an alleged defect in Albany Street Bridge.

Mary Connolly, for compensation for damage to property at 11 Partridge street, West Roxbury, caused by blasting.

Lorraine H. Dean, for compensation for loss of false teeth at City Hospital.

Francesco DiRico, for compensation for damage to car by city team.

James E. Goggin, for compensation for damage to car caused by an alleged defect in Chelsea street, Charlestown.

Herbert Hunt, for compensation for injuries caused by an alleged defect at 30 Dalton street.

Sarah P. Johnson, for compensation for damage to property at 56-62 Harvard avenue, caused by blasting.

Thomas Kinlin, for compensation for loss of overcoat while patient at City Hospital.

Anna D. Leary, for compensation for injuries caused by an alleged defect on steamer "George Hibbard."

Mary Lennon, for compensation for injuries caused by an alleged defect at Faneuil Hall.

Spinarda Lepore, for compensation for damage to property at 10 Fleet street, caused by break in water main.

Mrs. Margaret McMahon, for compensation for injuries caused by an alleged defect at Herman and Regent streets.

The Miller Drug Company, for compensation for damage to property at 370 Washington street, caused by bursting of water main.

Nora O'Mara, for compensation for injuries caused by an alleged defect in F street, South Boston.

Joseph J. Regan, for compensation for damage to car caused by an alleged defect in Ashmont street.

Adelaide R. Scanlan, for compensation for damage to property at 17 Sidley road, caused by defective sewer pipe.

APPOINTMENT OF ROBERT J. BOTTOMLY.

Notice was received from the Mayor of appointment of Robert J. Bottomly, 29 Greenough avenue, Jamaica Plain, to be a member of Board of Trustees of Boston Metropolitan District for two years, beginning October 24, 1933.
Placed on file.

APPOINTMENT OF ARTHUR B. CORBETT.

Notice was received from the Mayor of appointment of Arthur B. Corbett as member of Transit Commission for term ending April 30, 1936.
Placed on file.

SCHOOL PREMISES FOR 55TH ARTILLERY, A. E. F.

Notice was received from the School Committee of vote passed requesting City Council to authorize School Committee, in name of city, to lease to 55th Artillery, A. E. F., Veterans' Association, Washington street school, Jamaica Plain.

Placed on file.

TRANSIENT VENDOR'S LICENSE

Notice was received of the granting of a transient vendor's license to Charles Goldberg, for the sale of greeting cards and novelties at 32 Bromfield street, together with bond.

Placed on file.

LOANS FOR PUBLIC WORKS.

President McGRATH called up under unfinished business Nos. 2, 3, 4, 5 and 6 on the calendar, viz.:

2. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$1,000,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works for Reconstruction of Streets, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

3. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$1,000,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works for Construction, Reconstruction and Replacement of Sewers, and the Covering of Open Water Courses, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

4. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 and chapter 324 of the Acts of 1914 the sum of \$350,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works for Replacement of Brookline Avenue Water Main from the Brookline line to Beacon street, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

5. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$2,000,000 be, and hereby is, appropriated, to be expended under the direction of the School Committee for one new High School and one new Intermediate School, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

On November 13, 1933, the foregoing orders were read once and passed, yeas 19, nays 0.

6. Ordered, That in accordance with the provisions of chapter 368 of the Acts of 1933 the sum of \$2,000,000 be, and hereby is, appropriated, to be expended under the direction of the Hospital Trustees for New Buildings and Alterations and Equipment, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

On November 13, 1933, the foregoing order was read once and passed, yeas 17, nays 2.

The orders were given their second and final reading and passage, yeas 19, nays 0.

CONFIRMATION OF CONSTABLE.

President McGRATH called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointment submitted by the Mayor November 20, 1933, of William Schneider, to be a Constable.

The question came on confirmation. Committee, Coun. Hein and Fitzgerald. Whole number of ballots 16; yeas 16, and the appointment was confirmed.

PUBLIC WORKS PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, November 27, 1933.
To the City Council.

Gentlemen,—The items already approved by the State Emergency Finance Board in the Public Works program of the city total \$5,750,000. There still remains a sizable balance within the total authorization granted by the Legislature under chapter 366 of the Acts of 1933 which may be utilized for additional projects.

Being of the firm belief that the city should participate to the fullest possible degree in the public works program, provided under the terms of the National Recovery Act, I submit herewith a comprehensive program of public works supplementing that which has already been approved.

In view of the necessity of expediting the commencement of work under this program I respectfully recommend immediate consideration and adoption of the accompanying order by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of section 2, Part 1, of chapter 366 of the Acts of 1933, the City of Boston shall engage in the following public works projects:

1. Marine Park, Castle Island, and South Boston Strandway development, including the dredging of mud flats in Pleasure Bay, the sanding of Pleasure Bay Beach, and the permanent surfacing of Columbia road and Strandway road, at an estimated cost of.....	\$300,000 00
2. Reconstruction of streets, including the repaving of existing highways and arteries of traffic, at an estimated cost of.....	1,000,000 00
3. Construction of a 48-inch steel water main connecting the Metropolitan Water System main at Pond and Prince streets with the City of Boston main in Ruthven street at Walnut avenue, at an estimated cost of.....	700,000 00
4. Construction of sewers in various sections of the city, together with the installation of new central gates at the Calf Pasture pumping station, at an estimated cost of.....	1,000,000 00
5. Construction of new Wayfarers' Lodge on Hawkins street, at an estimated cost of.....	450,000 00
6. Consolidation and construction of new fire houses; addition to present central repair shop on Bristol street; new fire alarm repair shop; and garage on Wareham street, at an estimated cost of.....	1,075,000 00
7. Construction of new Prison Building, Infirmary and Hospital, dining hall and kitchen, and Administration Building, at the House of Correction, Deer Island, at an estimated cost of.....	800,000 00
8. Consolidation and construction of new police stations, at an estimated cost of.....	750,000 00
	<u>\$6,075,000 00</u>

Referred to the Executive Committee.

City of Boston,
Office of the Mayor, November 27, 1933.
To the City Council.

Gentlemen,—In connection with the "comprehensive program" of public works forwarded this day to your honorable body, I am submitting herewith loan orders covering the eight projects included in this program. My purpose in presenting these orders before the program has been considered by the State Emergency Finance Board is to obviate any possibility, in the event approval by this Board is given before the end of the year, of the Council being estopped, under the charter provision which requires fourteen days to elapse between loan order readings, from taking action before the close of the current fiscal year.

I suggest, therefore, that the attached loan orders, after being considered by the Finance Committee of the Council, be immediately given

one reading and that the final and second reading be given at the meeting immediately following action by the State Board.

Respectfully,
JAMES M. CURELEY, Mayor.

Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$300,000 be, and hereby is, appropriated, to be expended under the direction of the Board of Park Commissioners, for Marine Park, Castle Island, and South Boston Strandway Development, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$1,000,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for Reconstruction of Streets, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$700,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for Water Main Construction, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of the city to said amount, the same to be issued outside the limit of indebtedness.

Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$1,000,000 be, and hereby is, appropriated to be expended under the direction of the Commissioner of Public Works, for Sewerage Works, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$450,000 be, and hereby is, appropriated, to be expended under the direction of the Overseers of the Public Welfare, for New Wayfarers' Lodge, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of the city to said amount, the same to be issued outside the limit of indebtedness.

Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$1,075,000 be, and hereby is, appropriated, to be expended under the direction of the Fire Commissioner, for new Firehouses and departmental buildings, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$800,000 be, and hereby is, appropriated, to be expended under the direction of the Prison Institutions Commissioner, for new Prison Buildings, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$750,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Buildings, for new Police Stations, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Referred to Executive Committee.

ADDITIONAL TENNIS COURTS.

Coun. RUBY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to use part of the money allotted by the government to the use of the Park Department, for the erection of fifty additional tennis courts in Boston, and to resurface and make playable the present tennis courts located in Boston's parks.

Passed under suspension of the rule.

PROPOSED ACCEPTANCE OF WARD 1 STREETS.

Coun. BARKER offered the following:

Ordered, That his Honor the Mayor be requested to arrange, through the Civil Works

Administration, for the acceptance, laying out and construction with smooth pavement of Annavoy street and Nancia street, Ward 1.

Passed under suspension of the rule.

RECONSTRUCTION OF JOHN H. L. NOYES PLAYGROUND.

Coun. BARKER offered the following:

Ordered, That his Honor the Mayor be requested to arrange, through the Civil Works Administration, for the reconstruction of the John H. L. Noyes Playground in East Boston, and the filling in of the creek which runs alongside this playground in order that its area may be enlarged.

Passed under suspension of the rule.

APPROPRIATION FOR SOCIAL LAW LIBRARY.

Coun. ROBERTS offered the following:

Ordered, That there be allowed and paid to the proprietors of the Social Law Library the sum of one thousand dollars for the maintenance and enlargement of said library, said sum to be charged to the appropriation for County of Suffolk Social Law Library.

Passed under suspension of the rule.

FINANCE COMMITTEE REPORTS.

Coun. DOWD, for the Committee on Finance, submitted the following:

Report on order (referred October 23,) transferring \$8,435.44 from appropriation for Automatic Traffic Signal System on Commonwealth Avenue, from Arlington Street to Governor Square, for appropriation for Automatic Traffic Control Signals, North End Section—that same ought to pass.

Report on order (referred October 23,) for loan of \$12,000 for automatic traffic signals, North End—that same ought to pass.

Report on order (referred October 23) for loan of \$50,000 for fire alarm signal system—that same ought to pass.

Coun. DOWD—Mr. President, in making this report I might say that at the present time in our fire alarm system we have about one hundred circuits, of which ninety-nine are in use, and if we are going to continue to increase the system it will be necessary to have more circuits. Superintendent Fickett thinks that the passage of these orders is absolutely necessary if we are going to have automatic traffic signals in the North End district.

The reports were accepted and the orders were passed, yeas 19, nays—Coun. Cox—1.

SALE OF LAND ON NORTH GROVE STREET.

President McGRATH called up, under unfinished business, No. 7 on the calendar, viz:

7. Whereas, The City of Boston is the present owner of property situated at the corner of North Grove street and Fruit street, in said City of Boston, and is also the owner of property situated on the northwesterly side of said North Grove street, between Fruit street and Cambridge street, and formerly used as an engine house of the Boston Fire Department and now used by the Sheriff of Suffolk County; and

Whereas, 23,005 square feet of land, with a frontage of about 162 feet on said North Grove street, with the buildings thereon, are no longer needed for public purposes, and about 1,460 square feet of land, with the building thereon, and formerly used as an engine house of the Boston Fire Department, as aforesaid, with a frontage of about 29 feet on said North Grove street, are no longer needed for public purposes; therefore, it is hereby

Ordered, That his Honor the Mayor be, and hereby is, authorized to sell at public auction, at an upset price of four dollars per square foot, the following described parcels of land and buildings:

About 23,005 square feet of land, with the buildings thereon, situated in said Boston on the southerly side of Fruit street and on the northwesterly side of North Grove street, at the corner of said streets, and having a frontage of about 162 feet on North Grove street, and about 1,460 square feet of land situated on the northwesterly side of said North Grove street, between Fruit street and Cambridge street, and having a frontage of about 29 feet on the said North Grove street, together with the building thereon, which was formerly used as an engine house of the Fire Department of the City of Boston as aforesaid:

On November 13, 1933, the foregoing order was read once and passed, yeas 16, nays 1.

The order was given its second and final reading and passage, yeas 19, nays—Coun. Murray—1.

YOUNG'S HOTEL PROPERTY.

Coun. NORTON offered the following:

Ordered, That the Corporation Counsel be, and hereby is, requested to inform the City Council as to (1) whether in his opinion the lease of the Young's Hotel property by the City of Boston

was legally entered into, (2) whether the said lease violates the provisions of section 16 of the Revised City Charter, (3) what the status of the city in this regard to the lease would be, if a mortgage on the building were foreclosed, and (4) what payment would be made by the city under the lease if the new Mayor who takes office on January 1, 1934, does not find any need for office space in Young's Hotel.

Coun. NORTON—Mr. President, the Mayor of Boston has taken \$45,000 out of the so-called Reserve Fund in order to do something that this Council has refused to give him permission to do, to date—that is, to lease the so-called Young's Hotel property or buy it. Section 16 of the charter says:

"No official of said city, except in case of extreme emergency involving the health or safety of the people or their property, shall expend intentionally in any fiscal year any sum in excess of the appropriations duly made in accordance with law."

I cannot see that what has been done here can properly be done, under that section, as it does not seem to me it can possibly be construed as an "extreme emergency involving the health or safety of the people or their property." This is an evasion. It is a bold and brazen attempt to foist on the people of Boston a seventy-five-year old hotel building, useless as a hotel, and unadapted in its present condition for any city purpose. If it is to be bought, it should be immediately torn down and a new building should be put up. There is no need for this for additional City Hall space, especially when we compare the space we have here in Boston with that used for City Hall purposes in other American cities. We have already three times the space that is used in some of the other cities with 100,000 more population. There is plenty of space to perform the various functions that we perform. You can walk through the Annex from top to bottom and find plenty of room, can find tables simply loaded with blueprints, where additional space for employees could be provided in the various departments. Mr. President, it seems to me it is incumbent upon the Corporation Counsel to inform the City Council as to the legality of this entire business. I feel that it is an evasion, that it is wrong, that it is unnecessary, that it simply means giving more money to a small group of real estate operators in Boston at a time when we have not sufficient money to properly feed our poor people, at a time when we have 100,000 men, women and children asking for something to eat. If additional space were needed, I understand that we could easily obtain it in a brand new building near Young's Hotel and at a much less figure. But there is already plenty of empty space in city buildings. Even if there were not, as I say, space can be obtained at a lower price in good modern buildings near the Annex. We do not need to go across the street and take over this old building, owned awhile ago by the Fifty Associates; and we certainly should not do anything of this sort that will hamper the incoming Mayor, if it can possibly be avoided. Did you ever hear of a lease being made in this way? Let us, if possible, frustrate this bold attempt to buy that old hotel, with this preliminary step whereby the city is paying a \$45,000 a year rental. As I say, even if additional space were necessary—which I feel is not the case—we could easily obtain it in a brand new office building near Young's Hotel, at a much less figure. Why, in any event, do we have to take over this old hotel, starting with a \$45,000 a year rental and paying heavy taxes, at a time when our people need all the aid and assistance they can receive at a time when the city's money should be conserved and not wasted, and at a time when we should not tie the hands of the new Mayor by loading on the city at large expense this old hotel, which will cost a large amount to place in repair, if nothing else, and which would unquestionably have to be rebuilt, to say nothing of the expense for light and heat. If this sort of thing is to be allowed to go through, what can the incoming Mayor do, if he wants to stop that lease, or if he wants to stop the taking over of this property? Nothing at all. The city will be handcuffed with a nefarious lease, the worst that has ever been made with anybody. What right has the Mayor of Boston to exercise such questionable power at this time, saying to the owners of Young's Hotel, "We will give you \$45,000 in rent for this old building, which will, undoubtedly, have to be torn down, and we will pay for the light and heat?" It is wrong, Mr. President and gentlemen. If Boston has any money that can be spent at this time, it should first go to feed and care for the unemployed and their families, for the well-being of those who are legitimately out of work and whose families in many cases are starving and are losing their homes. Thousands of homes in the City of Boston are going to be sold because we have not enough money now to run the city and are obliged to raise the money at any cost. That is the situation confronting the heads of many little families, where the father has been unemployed for a couple of years and is unable to pay his taxes. Yet the City of Boston goes right along and spends over \$45,000 a year—yes, over \$100,000 a year—to benefit a small group of owners of buildings, in spite of the situation that is going to confront the incoming Mayor, who will be tied body and soul and can do nothing. And it is simply done to benefit this small group of real estate men, as I say, who, as I say, are not only interested in this transaction but who have also tried to foist

land deals in East Boston and in other sections on this city, thereby raising the assessments also on our taxpayers. And yet, at a time like this, we have this proposition, under which the city not only agrees to pay this rental but to keep the building in proper condition, to say nothing of the obligations and the burden that will come upon the city later in connection with this dilapidated property. It is unfair, Mr. President. It is unfair, as I say, to the incoming Mayor and it is a bold and brazen attempt to waste the taxpayers' money illegally, as would seem to be the case from the wording of section 16 of the charter, which provides that "no official of said city, except in case of extreme emergency involving the health or safety of the people or their property shall expend intentionally in any fiscal year any sum in excess of the appropriations duly made in accordance with law." Certainly, if we have any money that can be spent at this time, there are very pressing demands made upon us from our suffering and unemployed citizens which should be met, instead of throwing it away in any such manner as this.

Coun. BURKE—Mr. President, I wonder if the councilor from Ward 18 realizes that the leasing of that building does not in any way come within the power of the City Council? I wonder if he realizes that the Mayor of Boston is exercising his prerogative, his legal right, given him under the law, to make this lease if he sees fit to do so? I certainly cannot understand why, under the circumstances, the councilor should bring the matter before us in this way, when we have nothing whatever to do with it and, even if we wanted to do so, could not stop it. I wonder if he realizes that the Mayor is the sole fountain head of power when it comes to making a lease of this kind, and that he himself, in presenting an order of this sort, attacking the so-called crafters, is really jeopardizing our position in the eyes of the people of Boston, giving them the impression that we can interfere and prevent this thing from being done, when we have no power whatever in the matter? Some people might well infer from what the councilor has said that the City Council has something to do with it, when such is not the case. Remembering what was done with an order that I offered at one of our recent meetings, an order which was aimed at preventing thousands of dollars being taken from the City of Boston, and which was referred to the Committee on Rules, I wonder why this order is not referred to the Committee on Rules, as was done with the order I offered?

President McGRATH—The order will be referred to the Committee on Rules.

Coun. NORTON—Mr. President, the councilor asks what the Council has to do with this matter. I have read section 16 of the City Charter, which says:

"No official of said city, except in case of extreme emergency involving the health or safety of the people or their property, shall expend intentionally in any fiscal year any sum in excess of the appropriations duly made in accordance with law, nor involve the city in any contract for the future payment of money in excess of such appropriation, except as provided in section 6 of this act."

"Except as provided in section 6 of this act"—and section 6 says:

"No contract for lighting the public streets, parks, or alleys or for the collection, removal or disposal of refuse, extending over a period of over one year from the date thereof, shall be valid without the approval of the mayor and the city council after a public hearing held by the city council, of which at least seven days' notice shall have been given in the City Record."

Coun. BURKE—Mr. President, I would ask the councilor from Ward 18 (Coun. Norton), through the Chair, whether he claims that the Mayor has no right to enter into a lease without getting the consent of the City Council.

Coun. RUBY—Mr. President, I rise to a point of order, that this order has been referred to the Committee on Rules, and no further discussion is now in order.

President McGRATH—The point of order is well taken.

Coun. BURKE—Mr. President, I rise to a point of information, if the Chair will be kind enough to answer the question for me—

President McGRATH—The Chair will state that the order has been referred to the Committee on Rules and that any question of any nature can be taken up before that committee.

Coun. NORTON offered the following:

Ordered, That the Mayor be, and hereby is, requested to inform the City Council as to (1) the departments it is planned to house in the Young's Hotel property during the remainder of the year 1933, (2) the dates on which the expiration of leases will permit housing of departments now renting quarters outside City Hall, (3) the fund or funds from which payments in the lease have been or will be made.

Ordered, That the City Collector be, and hereby is, requested to inform the City Council as to the assessed valuation and taxes assessed by the City of Boston on the Young's Hotel property at numbers 2, 7, 8 and 9 Court square in the years 1932 and 1933, the date or dates on which said taxes were paid, with the amount of payment in each case, and the taxes outstanding on the property.

Ordered, That the full text of the lease reputed to have been signed on November 25, 1933, and any other birding agreements between the City of Boston and the Y. H. Realty Company for use by the city of the Young's Hotel property be printed as a portion of the Proceedings of the City Council on November 27, 1933.

Ordered, That the Boston Finance Commission be, and hereby is, requested to hold a public hearing in regard to the lease of the Young's Hotel property recently entered into by the City of Boston, that the commission summon and publicly examine representatives of both parties to the transaction, and report its findings to the City Council.

Severally referred to the Committee on Rules.

INFORMATION ASKED FROM ASSESSORS AND AUDITOR.

Coun. NORTON offered the following:

Ordered, That the Board of Assessors be requested to inform the Boston City Council as to the following:

1. The locations and names of the owners of all properties in Wards 3 and 4, valued at \$200,000 or more, for land and buildings in 1932, on which the valuations were reduced in 1933.

2. The valuation on each of these properties in 1932 and in 1933.

3. The amount of tax abatements, if any, granted on these properties on account of the 1932 property tax.

4. On which of these properties had appeals been taken to the State Board of Tax Appeals on account of assessments levied in 1932 or previous years.

Ordered, That the City Auditor be requested to inform the Boston City Council as to the following:

The names of all property owners receiving refunds of property taxes in 1933 to date, in excess of \$1,000, with a statement showing the year in which the refunded tax was assessed.

Severally passed under suspension of the rule.

CIVIL WORKS PROGRAM.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of immediately conferring with the Mayor-elect regarding the Federal Civil Works program for the City of Boston in order to put men to work.

The question came on the passage of the order.

Coun. NORTON—Mr. President, Boston is the one large city in America today with nobody working on a Federal public works project,—that is, on one of the Federal Government projects where the government gives 30 per cent of the money necessary to carry the work through. Boston today is the only large city in all America with not one man working on a Federal project of this kind. With more people loafing in Boston today than in all our history, with the city facing a calamitous situation, with one in every six asking for something to eat, what is the matter? I have asked that question time and again. Why is it that every other large city in America has men working under this Federal plan and that Boston is the only large city in the land with no such men working today, November 27, 1933? I simply ask in this order that the Mayor of Boston consider the advisability of immediately taking this matter up and conferring with the Mayor-Elect. New York has elected a new Mayor and work is already being done in that city under this Federal authority through combined action of Mayor-Elect La Guardia and Mayor O'Brien. But not one man has gone to work in Boston today under this Federal public works program. Ours is the only large city in all America where not one man is today so working. What is the matter, Mr. President and gentlemen? On September 5 last the State Emergency Finance Board, of which Mr. Joseph W. Bartlett is chairman, notified Mayor Curley that they awaited his public works projects in order to put men to work, up to an amount of \$10,000,000. But, on account of losing out on his Huntington Avenue Subway project, which was not approved by the State Emergency Finance Board, the Mayor withdrew all his requests for money. As a result, nothing was done until October 17 or 18, in spite of the fact that we were in the midst of the most acute unemployment problem that Boston has ever known. Just imagine it, Mr. President,—at a time when we should have been going ahead with a public works program and with Mr. Bartlett saying to Mayor Curley, "Send along your items of \$10,000,000," and yet not a thing being done from September 5 to October 17. I want to show you why nothing has been done in Boston and why nothing is being done today along this line, and that it is the only large city in America where nothing is being done. On October 17 or 18 the Mayor finally, after more than a month's delay, submitted the Huntington Avenue Subway proposal along with five additional projects, including sewers, streets, waterworks and hospitals, and up to date, November 27, the State Emergency Finance Board has tentatively approved the Mayor's request for money to be spent on streets, sewers, and one half of the amount he desired for water pipes. These items now await the approval

of the Federal Board. Thirty per cent of the money for these projects is to be an outright gift on the part of the Federal Government to the City of Boston; and now, separate and distinct from that Federal public works program, is this new Federal idea on which the national government has stepped in, with what is known as the Civil Works projects, allowing two and one half millions to come to us to be spent for such work. That is, anxious to get men to work this winter the Federal Government has come along with this new plan, an offer to give Boston outright approximately \$2,500,000 to put men to work at once, the project to start immediately and to be finished by February 15 next. Chairman Joseph Bartlett of the Civil Works Board, handling this new project, demands that 19,000 men and women be put to work by December 15, 1933, and the Federal Board will pay the money. What has happened? Nothing has been done. The Mayor says, "All the men I can put at work are 10,000." But Chairman Joe Bartlett, with the power of the state and the Federal Government back of him, says, "You will find work for 19,000 men, and if you do not do so, I will step in and put 19,000 to work in Boston." Mr. President, isn't it rather queer that the Mayor should take this position? We have heard his argument for some time back that the only thing that will cure the present depression and unemployment situation is "work and wages." And when there is an opportunity to put men at work and give them wages, he says that he cannot put 19,000 men at work. Here is a story that appears on page 1 of a leading Boston newspaper this morning, November 27, 1933, written by a reputable Boston reporter:

"Hub Must Give Jobs to 19,000. If city doesn't find work, Civil Board will take hand. At least 19,000 men and women in Boston must be put to work by December 15, under the Civil Works program, whether the city authorities like it or not, and despite the fact that Mayor Curley stated work could be found for only 10,000. This was the declaration yesterday of Joseph W. Bartlett, chairman of the Civil Works Board."

He was wondering why some action was not being taken along the line of putting men at work immediately, and there seemed to be some trouble in the matter downstairs. The Federal Government was paying the entire bill. And yet not one man in Boston today is at work, this being the only large city in America where hundreds and thousands are not at work under this plan. Mr. Bartlett was very much concerned about it, as chairman of the Civil Works Board, acting for the state, and this article goes on:

"Bartlett, aroused because of the slowness of some of the cities and towns in putting people to work, asserted that the Boston quota must be filled and will be filled, even if the Board itself has to take over the projects."

Boston's quota is 19,000 men to be put at work between December 15 and February 15, and this does not include anyone put to work under the Federal public works program. It is the number to be employed on Civil Works projects, the Federal Government paying every cent. There is no reason why that number cannot be placed at work in Boston, according to Chairman Bartlett. A little ingenuity is all that is needed. Mr. President and gentlemen, what is the matter? There are 50,000 men and boys in Boston looking for something to do, and the man downstairs says, "I can find work for only 10,000." But Chairman Bartlett says that if the Mayor does not find projects that will employ 19,000 men immediately, he will step in over the heads of city officials, and they will be placed. Now, what is the answer? I would like to ask the Mayor's protagonists, some of his friends, to give us the answer. Boston today is the only large city in America, in the midst of the most terrible depression we have ever known, that does not have one man working today under this Federal program.

Coun. RUBY—Mr. President, I am glad, in the closing days of my membership in this body to unally hear the councilor admit that the Mayor does not want to spend any more money. That admission seems strange coming from the councilor from Ward 18 (Coun. Norton), who has for years accused the Mayor of extravagantly spending money in Boston. But he stands on the floor this afternoon and says that the Mayor does not want to spend money. I feel, however, that certain members of this body, as well as the men and women in the gallery upstairs, as well as the thousands in Boston who are out of employment, should be informed of the real reason for delay in putting these thousands of men and women at work. Hasn't the Mayor been working day and night to relieve this whole situation? I hold no brief for him, because he can handle himself, but when things are stated in regard to him that may be misconstrued, I am glad to be one, as I was referred to at one time by the gentleman from Ward 8 (Coun. Dowd), who supports the Mayor of Boston. I would like to see 19,000 men put at work in Boston under this Federal Government project, and I would like to see the Mayor and projects which would employ them. But we know that there are certain conditions that must be met in the matter of employment at this time of year, as has become clear in the present program that is being worked out between the Mayor of Boston and the department heads. Isn't there a limit to the kind of construction at which we can put men at work between December 15 and February 15? The councilor has referred to what is being done in other large cities,

but there are cities in different parts of the country where climatic conditions are different from what they are in Boston—as, for example, in the southern part of the country. Shouldn't those conditions always be borne in mind, so that we can have a fair picture of the attempt the Mayor is making instead of our merely standing here and criticizing the chief executive of our city at a time when he is making every effort in his power to place men at work? Some of the members here opposed the Huntington Avenue Subway, which would have put 3,000 men at work for two and one-half years, not simply putting men at work for two months. Why criticize the Mayor of Boston because he does not or cannot find jobs for 19,000 men at 50 cents an hour, six hours a day, for a five-day week? While I hold no brief for the chief executive of our city, I hate to see him criticized when, if you will talk with the executive heads, you will find that they have been working with the Mayor until nine or ten o'clock at night trying to find jobs for 10,000, at \$15 a week for the laborers and \$1.20 an hour for experienced mechanics. But there is, at this time of year a limit to programs. You cannot repave streets now. Winter is almost upon us, however much we may wish, for the benefit of those who might be employed, it may be delayed. Snow will probably fly before long, and we will have winter conditions. The Mayor of Boston has already suggested a program under which 19,000 men, and more than 19,000, could have been employed by the city. So the blame does not rest with the Mayor. The councilor from Ward 18 refers to the \$400,000,000 grant under the Federal program to the cities and towns of the country, and he says, "Why haven't these men been put to work?" Mr. President, this latest program has only been just adopted, and it is only on the preparatory end that it is being held up. Why should the chief executive of our city be blamed for a delay that cannot be helped? The Mayor has submitted to us program after program, and we have been awaiting Federal sanction and approval. The Mayor has worked unceasingly to put men at work in our city, and why should we not stand with him on this proposition? He has been working earnestly for the progress of our city, for the carrying out of public works, and no one has more bemoaned the fact that more could not be done to give employment to thousands of men and women in Boston in these times. No executive of any city in the country has worked harder to that end. But we don't hear a word of commendation of him for those efforts. No one has been more anxious to take the folks off the dole and to give them employment. Is the Mayor of Boston to be blamed for wishing, through the furnishing of employment, to take 31,000 heads of families off the dole in Boston? Mr. President, it is not fair to blame the Mayor for something that is beyond his power. He has furnished and suggested programs, and if those programs have not been approved, it is no fault of his. Certainly, if there is any way to put 19,000 men at work in the City of Boston on any project for which this money can be used over the two months from December 15 to February 15, no man will be more glad than the Mayor to suggest it. Mr. President, the Mayor of Boston should be commended for trying to arrange programs which would relieve the unemployment situation. That is a matter upon which he has been earnestly and unceasingly engaged for a long time. But every time an important program that would not only be of public service but would employ a large number of men has been suggested, he has been turned down. We have here an item today of \$700,000 for water main construction in Boston, something which the Mayor had in his original program, including work which would relieve the situation in Roxbury and Dorchester. He is told now that if he puts it in it will be approved. But he had already suggested it long ago. Why wasn't that approved in September? Why wasn't the \$2,000,000 for street paving approved in September? It was approved for \$1,000,000, and he now comes in with the other \$1,000,000, having been probably informed that the state department will approve it. It has been evident all along, in my humble opinion, that our chief executive has been doing everything possible to alleviate suffering and to put men and women at work, so that they could get what they are entitled to, and be able to support their families.

Coun. BURKE—Mr. President, I would like to have an opportunity to answer some of the questions suggested by the gentleman from Ward 18 (Coun. Norton). I would refer to the minutes of July 31, 1933, when the Mayor of Boston submitted a program totaling \$23,500,000. In that program there were twelve items. The first one was \$8,500,000 for a subway under Huntington avenue, from Copley square to Longwood avenue. That matter was debated and debated very capably by many members of the Boston City Council and, if I remember correctly, the records show that the councilor from Ward 18 (Coun. Norton) got up and said that he would not vote for it, and he talked against it and each and every other item in the program, and the councilor voted against the passage of item after item, and on August 7 he again debated the matter at length and brought into the debate the opinion of many outstanding people in the world, quoting statements supposed to be made by those gentlemen to the effect that money should not be spent in that way, he claiming that the City

of Boston should not enter into this program and that money should not be spent at that time because the city could not afford it. But today, when these loan orders for \$7,500,000 come before the Council he is for them. But I say that if anybody up to date has been against the so-called work and wages program of the Mayor of Boston, it has been the gentleman from Ward 18 (Coun. Norton), that having been his position on practically every order that has come before the Council, looking to putting men to work, not only this year but last year. On the Huntington Avenue Tunnel he has taken that stand, and only at our last meeting he took a position against the loan order looking to the equipment of the Boston City Hospital. And so I say that he has been the dilatory man on the part of the City of Boston, because of his noncooperating activities—noncooperating with the Public Works Commissioner of the state government and not cooperating at all with the officials of the Boston city government who have been trying to put men at work. Nobody is more interested in putting men at work than I am, but that has not been the councilor's position. And it now seems foolish, a lot of haloney, for him to get up and ask the Mayor why he has not put 19,000 men at work in a week and a half. Such a program as is now proposed requires work and thought. The work done by such men cannot be restricted to the gentleman's pet hobby of taking away the slums, but it involves other propositions that are just as important and can be got at more quickly than the work of doing away with slums. The Mayor asked the gentleman once what he would do with the \$23,500,000 if he had it, and he said, "Clear away old houses in the City of Boston, do away with the slums." When told that the money could not be used for that purpose, he was again asked what he would do with the money, and he could not tell the Mayor what he would do and admitted that it was a subject that required thought. I only hope that the Mayor will work along as fast as he can, and that within the next two or three days he will be able to put some men at work, that he will do his best to put 19,000 men at work, and I think with proper cooperation all along the line he may be able to do so. But I certainly trust that he will receive more cooperation than he has received in the past from the gentleman from Ward 18. Certainly, we are all anxious to see the Mayor and others successful in placing men at work.

Coun. KELLY—Mr. President, I agree in many respects with what the colleague from Ward 18 (Coun. Norton) said, and I do not believe that there should have been this delay in putting projects through from September 5 to October 17 just because one of the Mayor's projects was thrown down. I do not believe that that delay was justifiable. An effort may be shown to make it appear that that delay of a month and a half was justifiable, but in my opinion it was not. To my mind, Mr. Bartlett, the chairman of the State Board, is doing a very fine job. At least, he can very well be designated the protector of the unemployed of Boston, as well as of every other city and town in the Commonwealth, because of his courageous and prompt action. I do believe this, that Mr. Bartlett is out to get things done and that he is not going to be misled by the auctioneer oratory of the chief magistrate of this city. I believe that the Mayor's real object has been, out of this appropriation of \$2,500,000 which is now being made available to relieve the unemployment situation in the City of Boston, to do some of his characteristic connivance to make money through the purchase of materials. Materials are what the gentleman downstairs would like to purchase with some of this money through some of his favorite supply houses, huying paint, lumber, other materials that would be necessary in whatever work was done, and getting some slight return back after giving the money. I don't know how true that suggestion may be, but knowing the Mayor as I do, I don't doubt it for one moment. Certainly, it is very foolish for the Mayor of Boston to attempt to tell intelligent men and women seeking work in this city that he is unable to find work for them for their advantage and to the advantage of the city. It is impossible to believe that, and people do not believe it. I declare on the floor of this Council, as a duly elected member from the Dorchester district, that the reason why the Mayor is not advancing projects fast enough for the State Board, is because he hoped by his action to dupe that Board into believing that there are not enough projects upon which to spend this \$2,500,000 in ten weeks. I claim, Mr. President, that there are enough projects if the matter is properly looked into, and that much more could be spent. But the trouble is that he does not see a chance to have certain supply houses furnish the materials, cement and other things, that he does not see a chance for favorite contractors doing work and supplying trucks. But there are plenty of ways in which this money can well be spent to the profit of the unemployed people of Boston, spent in such a way that it will go into their homes every week of these ten weeks and help them out of the terrible situation in which they are today. But not one cent is to come back to the Mayor's pocket, and I contend that the Mayor's object in holding this up is to arrange some way by which the money can be spent for supplies, through his pet supply concerns.

Coun. NORTON—Mr. President, I would like to say again, to the colleague from Dorchester, that on September 5, 1933, the State Emergency

Finance Board, faced with this terrible problem of unemployment, said to Mayor Curley that they awaited his public works project in order to put men to work, up to an amount of \$10,000,000, stating that they would approve them. The Mayor, however, withdrew his list of requests at the State House, saying, "You haven't approved my Huntington Avenue Subway, and I will pull everything out of here." So, from September 5 to October 17 we had this terrible situation, where nothing was done. I would like to ask the colleague from Dorchester how he explains that?

Coun. RUBY—Mr. President, in the Mayor's opinion—I am now stating my own opinion, but assuming that that was his opinion—he felt that a very important thing was construction involving \$8,500,000, on the Huntington Avenue Subway, a matter upon which we had a public hearing in this very room, a matter that it was admitted by one of the trustees of the Boston Elevated Railway should be done; and it appeared that only 30 per cent of that money would be used for anything outside of labor and that 70 per cent of the \$8,500,000 would have been used for labor. In other words, it would have put thousands of men needing employment at work. That was not the Mayor's pet project, and I cannot understand why it should so be referred to by anybody. It has been agitated for years and was an opportunity for construction work that would certainly have been of as much benefit as the repaving of a street or other proposed expenditures of money that would have employed a less number of men on jobs. When that program was not accepted by the State Emergency Finance Board, the Mayor then, in October, sent along several million dollars worth of other projects, which, I understand, were again clipped, because in the program as we approved it, if I remember correctly, there was \$2,000,000 for sewers, \$2,000,000 for street resurfacing, \$2,000,000 for hospitals, and so on. In this very body we had to argue out the whys and wherefores of the expenditure of that money, and finally it went to the Mayor and then to the State Emergency Board. This is November 27, and if these matters were referred to them on October 20 by the Mayor of Boston, why should he be blamed for nobody going to work six weeks after he had submitted those projects to the proper authority?

Coun. NORTON—Mr. President, I appreciate the councilor's point on that, but I ask this question. On September 5 Mayor Curley took away all his projects from the State Board and said, "If you don't give me the Huntington Avenue Subway, we will ask for nothing." Why, between September 5 and October 17, didn't the Mayor of Boston ask for the million for sewers, the million for schools, the money for other items, that they have just given to him?

Coun. RUBY—Mr. President, I would like to ask a question. Can the councilor from Ward 18 (Coun. Norton) tell me why they waited at the State Emergency Finance Board from October 17 to November 24 to approve these projects for which the Mayor asked approval on October 17?

Coun. NORTON—Because since that time, in addition to the other things that have been done by the Federal Government, there has been given outright \$2,500,000 in connection with the Civil Works program. I think that ought to be clear enough. We now have this \$2,500,000 plus. I believe I am right on those figures, and I am willing to be checked up. I would ask Mr. Wilfred Doyle, our City Clerk, because I don't wish to make any statement of this sort without being properly checked up. But the Mayor of Boston, because he could not get what he wanted on September 5, withdrew all requests and did nothing for over a month, and then he comes in with these requests for streets, sewers, hospitals, schools, and so on. All right,—he has been granted most of them. But why did he not do that before? We are now asked why something has not been done by the State Board. The State Board has acted favorably upon most of the projects that have been proposed, with the Federal Board over there; and in the meantime, in the interim, this additional Civil Works has been granted by the Federal Government. This Civil Works program has been added to the previous Federal works program, and this now takes precedence. In the meantime, however, nothing was done by the Mayor. The Mayor now says, in connection with the present program, "All I can put to work in Boston are 10,000 men," and there are some of the colleagues here who agree with him. My answer is this,—wait and see how long it will take Mr. Bartlett to place 19,000 men at work in Boston. The fact is that Boston has been placed in a humiliating position by the Mayor. However, colleague, you will see 19,000 men placed at work in Boston immediately. Mr. Bartlett will see that it is done, if the Mayor does not. Where can men be put at work? I claim that there are plenty of things at which men can be put at work, using this \$2,500,000 in the two months from December 15 to February 15. The colleague has not correctly stated what was said between myself and the Mayor awhile ago. This is what I said when the Mayor asked me what I would do. "The first thing I would do, if we were first assured that our unemployed were properly fed and clothed, would be to try to eliminate some of the slums that we have in this city. They are not as bad as in some of the large cities in Europe, but still I believe we could spend a good deal of money along that line, building small homes in the outlying residential districts, homes that

would rent for from \$16 to \$18 a month, giving better living conditions to the families and getting the children out into God's country, where they would get plenty of air and sunshine. We would thus be giving the older people and the children a chance to live better. That is in line with liberal thought today throughout the world." Then the Mayor said, "All right,—what else would you spend it on?" "The second thing I would spend it on is our streets. We have streets in our residential areas that are in such condition that the children cannot go to school at certain times in the winter, streets that you cannot get a fire engine through. There are certain streets in our ward which are not accessible at certain times to a fire engine or a police ambulance. Boston has 650 miles of streets. We could spend \$60,000,000 on those streets, and much of the money that has been wasted through extravagance and favored school contractors could have been used in putting those streets in better condition than they are in today. We have streets that are badly in need of repair. How long would \$23,000,000 last in Boston if we did the same as they have done in Los Angeles and other cities in placing their streets in proper condition? \$23,500,000 would not be too much. This would employ men and would also mean a great public improvement. You could put three inches of rock on streets now, streets that are in such a boggy condition that it is practically impossible to pass through them at times, thus doing the preliminary work towards placing those streets in proper condition when the good weather comes around. That is something we can do." If you will take the matter up with your Public Works Commissioner today you will find that that is so. Three inches of crushed stone can be put in and rolled down, with perhaps a little macadam on it, and you can then wait until spring to do the rest. Or perhaps that will be plenty, and possible the abutters will be satisfied. Now, Mr. President, 19,000 men could be used in Boston doing such work as I have spoken of. They can be used on our public buildings, also. They can be put at work next week. The colleague stated that I was unable to answer the Mayor, but I don't think any other colleague who was present at the time would say that. He intimated that I was afraid, that I didn't know what to say. Well, I will leave that with you who were there. In some of my remarks I was referred to as copying "Al" Smith's holoney. Well, I am not going into any argument of this category at the present time. I was accused of being against expenditures of money to put men at work. Why don't you go farther and read the record? Sure, I have been against Mayor Curley spending millions on favored contractors. Sure, I have been. Who wouldn't be? Yes, I was against that little group of contractors. I was against work on the Brook Farm road out in West Roxbury, near the Boston line, where some of these contractors would have got \$3.50 a square yard for what they would put in. Yes, I wouldn't vote for that sort of thing. But when you talk about putting men at work,—why, on the Jeremiah Burke School in Roxbury there were less than one hundred men put at work. There were less than fifteen men put at work—and they could not speak English—on Hyde Park avenue. And still colleagues stand up here and say that Norton is against putting men at work. Yes, I am opposed to a situation where you cannot put a white man at work in Boston on a job. On the William Barton Rogers School in Hyde Park you could find only one man who could talk English. "Norton is against putting men at work." Yes I am opposed to putting men at work, such as work for this little group of contractors who control millions while many of our people have been starving here for the last two years. The colleague who has just spoken has been in the habit of telling about men that he put at work with these contractors. I challenge him to give the names and addresses of the men he put at work, because if he has done do he is the first man I know of in this City Council who has put any appreciable number of our people at work on public works in this city.

Coun. BURKE—Mr. President, might I answer the gentleman?

Coun. NORTON—No; you will have your chance.

Coun. BURKE—He is afraid to yield.

President McGRATH—Coun. Norton has the floor.

Coun. NORTON—Go ahead, counselor.

Coun. BURKE—Mr. President, I wonder if the councilor is aware that I put two hundred people at work in the Walter Baker chocolate mills?

Coun. NORTON—What has that to do with public works?

Coun. HEIN—Mr. President, I move the previous question.

President McGRATH—The previous question has been moved. Those in favor of the previous question will please rise. (A number did so.) Those opposed will please rise. (A number did so.) The previous question has been refused, and the Chair now recognizes Councilor Burke.

Coun. BURKE—Mr. President, I wonder if the councilor from Ward 18 would believe me if I told him that I was able to put a number of men at work with some of the contractors? I voted against as many appropriations where contractors were involved as he has, but the reason why he

could not put men at work was because the contractors never knew him, never saw him, didn't know who he was.

Coun. NORTON—Mr. President, I am glad that my self-appointed opponent here, who takes every possible occasion to bring in the personal element, is so well known by contractors. I would consider it a dishonor to have those contractors know Clement Norton. You cannot deal two ways with men, be with your people and with some of these contractors, too. I ask again for the names and addresses of the men whom this colleague has put at work, and I challenge him to produce them here. I issued that challenge a year ago, and I now repeat the challenge.

Coun. BURKE—Does the gentleman want me to do that now?

Coun. NORTON—No, you can put the names in the record. I issue that challenge, because I have never found a man yet who could put people at work, and I never told a man that I could put him to work. So I would like to have him produce the names and addresses for the record. The colleague has referred to our minutes here, at page 251, setting forth the twelve items proposed by the Mayor on July 31, totalling \$23,500,000. I think I favored most of those items each time when they came before the body. But now, for the purposes of the record, let me just say this. I claim that on public works the Mayor of Boston has insisted on carrying through with his own contractors, and that no appreciable number of men in Boston have been put at work. That is my contention, and when the colleague says that Norton has been against putting men at work I will simply answer "Yes, under those conditions." I have not been against putting men at work, but I have been against squandering millions of dollars and putting a handful of men at work and then claiming that they are putting men at work. Now, this money here, that we are considering today, is going to be spent under the supervision of Uncle Sam. Every cent is to be spent under the supervision of the Federal Government. As Chairman Bartlett has stated, "All money must be distributed through Federal disbursing agents appointed by our Board, who must furnish bonds through our Board. All purchases of supplies must be handled in accordance with the statute, rules and regulations long established of the Federal Government." That ought to be interesting. I am not going to dwell on the Huntington Avenue Subway. We could take several thousand men, give them \$15 a week, and spend two or three millions in building the subway. But the trouble is that there is also the ready-mixed concrete, lumber and other materials, and that is the out, and it is also a fact that while we will mostly pay for it, it will be largely for the benefit of Brookline and Newton, who refuse to contribute one cent. If you wanted to put in underpasses, that would be one thing,—an underpass at Forest Hills, which would put men at work, that sort of thing. But, no, the Mayor insists that we have got to have a Huntington Avenue Subway. The colleague says, "Why blame the Mayor?" Because the Mayor from September 5 to October 17 did nothing, and because the Mayor says today to the chairman of the State Emergency Finance Board, having charge of the Civil Works program, "I cannot put 19,000 men at work." But the chairman of the State Board, Mr. Bartlett, said they can and must be placed at work, and if the city does not do it, he will step in and do it. You know and I know that 19,000 men can be placed at work this year, and will be placed at work. Here is God's own gift to the depression, a chance to put 19,000 men at work from December 15 to February 15, in this city. A while ago we had the Mayor leading the singing of "Happy Days are Here Again," proclaiming that "Prosperity is around the corner," and now we are told that 19,000 men cannot be employed for the next two months in this city. When a young man recently went to the Mayor and said, "I am only thirty years of age, I was too young to go to the war, but I need a job, and where am I going to get it?" the Mayor replied in effect, "I don't know." What an admission from one who had been trying to lead us to believe that this terrible paralyzing depression was about over. Mr. President, we haven't seen the bottom of this depression. We have gone a long way already, and it will mean a long way out. I have been preaching that for four years. And still the Mayor says that we cannot put 19,000 men at work, although the Federal Government is furnishing to us the means to put them at work. Why can't they be put to work?

(Several members addressed the Chair.) President McGRATH—The Chair would say, in connection with this debate that there are over six millions of appropriations before the Executive Committee today, and that the Mayor planned to come up and address the Council in regard to them. If the Council will do its share, they can go through, taking their first reading, today. The Chair recognizes Councilor Power.

Coun. POWER—Mr. President, I don't like to delay the body any longer, but when the councilor from Hyde Park (Coun. Norton) says he has no use for the subway under Huntington Avenue, I simply wish to say that, because he lives in Hyde Park, that does not imply that he should have no regard for citizens of Jamaica Plain and Brighton to whom that subway will be of use. They positively would have a use for it, and it is not

merely a question of accommodating out-of-town people. In one moment he says that that work is not necessary, and then he says "Why not build underpasses?" He contradicts himself.

Coun. NORTON—What does that have to do with electric cars?

Coun. POWER—We are talking about the necessity of a subway along Huntington Avenue, and I take it that the councilor means that underpasses would relieve the surface cars on Huntington Avenue, and that therefore it would not be necessary to put a subway in there. But let us drop the oratory in the councilor's remarks and get at the facts, for purposes of the record. He has said yes, that he is against appropriations of any kind that will help out the Tomasellos and the Singarellas. Let me call his attention to what he said on August 7, 1933, as it appears on page 269 of the City Council minutes:

"I don't believe the Tomasellos and Singarellas are anything to be feared, or other favored contractors, because there are going to be restrictions on the jobs in Boston. They are not going to take the money of the Federal Government and use it for the Tomasellos and Singarellas."

Coun. NORTON—Right.

Coun. POWER—That was the councilor's statement on August 7, 1933, when the Mayor of Boston introduced orders involving three millions to put men back at work, and I was one of the councilors who voted for all the measures and appeared before the State Emergency Finance Board in favor of the Huntington Avenue Subway, which would put 3,000 veterans back at work. He made that statement that I have quoted on August 7, and after the Committee on Finance reported on the orders in this body, he voted against ten out of twelve. Here is the record of August 7,—Item 1 he voted against; Item 2 he voted for; Item 3 against; Item 4 for. He voted for two of the twelve items, and he still makes the same statement that the Singarellas and Tomasellos will not have anything to do with it. The real delay on this whole proposition, I think, has been through the Emergency Finance Board. The Mayor sent his order up in time. Why didn't they reject it or approve it in time? They had two or three weeks. But they now come back and say, "Put 19,000 men at work." The chairman of the Emergency Finance Board says that 19,000 men must go to work immediately, on this \$2,500,000. My contention is that if what was proposed by the Mayor had been approved back in July and August, there would be many more men who would have gone to work and for a longer period. I say that the fault lies there, and with some of the members of the City Council who have not been consistent.

Coun. COX—Mr. President, I have listened to this debate today, as I have listened to other debates for four years, by councilors here, in regard to the value of public buildings in placing the citizens of Boston at work. We have had an item of \$2,000,000 for schools, \$2,000,000 for hospitals, \$450,000 for Wayfarers Lodge, \$1,075,000 for fire houses, \$800,000 for Deer Island dining room, \$750,000 for police stations,—or a total of \$7,080,000 of this \$12,000,000, that is going to be spent in buildings. I wonder if it is going to be spent the same as the other millions of dollars have been spent, through contractors, and whether or not the same conditions are going to apply under the construction of these buildings that have applied for the last four years,—that men from Somerville, Brookline, Newton and other places outside of Boston are to be put at work, Boston men being unable to get a job, more especially members of unions being unable to get a job, because they might expose the cut rates that are prevailing? Seven million dollars out of \$12,000,000 is going to be spent for buildings. In view of that, and in view of the remark made by the councilor from Dorchester that had the Mayor's \$19,000,000 program been allowed 19,000 men would go to work, I would like to say to the Council that the program has gone through with the exception of the Huntington Avenue Subway, a matter of something over \$8,000,000. So there still is the \$12,000,000. Certainly, the councilor from Dorchester will not tell me that with the balance 8,000 or 9,000 men could have been put to work on the Huntington Avenue Subway.

Coun. RUBY—Mr. President, will the gentleman yield?

Coun. COX—I will yield on that point, Mr. President.

Coun. RUBY—Mr. President, I think the councilor ought to bear in mind that his figures are wrong, exclusive of the subway, in the items that we have here. He should cut \$2,000,000 to \$1,000,000 on sewers and should cut \$2,000,000 to \$1,000,000 on hospital. The \$7,000,000 is the amount, and not the difference between \$8,500,000 and \$19,000,000.

Coun. COX—Mr. President, let me call the attention of the Council to the fact that two items have been passed, one million for sewers and one million for streets, so that we do now have two millions for streets and two millions for sewers. Then, there is for water mains \$1,060,000, and for Marine Park \$300,000.

Coun. RUBY—There is no guaranty.

Coun. COX—No. But to get back to the argument, I am rather disappointed that the councilor from Dorchester did not tell me how many, in his opinion the Huntington Avenue Subway would employ.

Coun. RUBY—Does the gentleman desire an answer to the question?

Coun. COX—Yes.

Coun. RUBY—We were informed by the Transit Trustees that there would be a maximum of 2,500 or 3,000 employed on that job for two and one half years.

Coun. COX—Mr. President, I am interested in that more especially because of a recent proposition brought before this body by Colonel Sullivan which embodies, I think, some \$2,000,000 or \$3,000,000. In that case he stated that they could not employ over 700, that, of course, it wasn't possible to employ any 2,500 or 3,000 in that case on the subway, nor was it possible to employ the 1,600 claimed for the Kenmore Subway, that the upset figure was 1,000 people. Now, I would like to ask how many men will be employed in these \$7,080,000 projects and how many of the men will be residents of Boston. That is what I am interested in. This whole matter comes before us in the guise of putting men at work, but it is getting right back to putting the contractors at work, and that is all it is doing. As a matter of fact, the baseball grounds are employing more Boston men than have been employed under the millions spent by the city for buildings in the last four years.

President McGRATH—The matter will be referred to the Committee on Rules.

RECESS.

The Council voted, on motion of Coun. HEIN, at 4.15 p. m., to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President McGRATH at 4.45 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. LYNCH, for the Executive Committee, submitted the following:

Report on message of Mayor and order (referred today) approving public works program amounting to \$6,075,000—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

President McGRATH—The Clerk will call the roll.

Coun. KELLY—Mr. President, before the roll is called, I would like to make a few remarks in regard to my vote. As I understand it, the Mayor sent up here today items involving \$5,500,000, for which he asked the immediate approval of the Council. For some reason or other, best known to himself, I suppose, but not given to us, the Mayor refused to come before the Council on the pretext that he was going to catch some train, which did not leave at the earliest until five o'clock. He didn't have time to come before the Council, knowing that we would gladly adjourn to hear what he might have to say about the \$5,500,000 he was interested in, for the supposed benefit of the unemployed of Boston. But he sneaked away from City Hall. However, for fear that we might not pass some project that may be legitimate, for fear that we might not act upon something which would not enrich contractors and which may in a part at least assist the unemployed of Boston, I am willing to vote for these items today, realizing that there must be a second vote before they become effective, after fourteen days. I am, however, going to reserve my right to change my vote two weeks from today. I made a motion in executive session that these matters be referred to the Finance Committee, delaying action for one week, so that the members of the Finance Committee of this Council and every member of the City Council might have a right to sit in the different executive heads of departments, with the Mayor, or whoever it might be to learn something about the \$300,000 of construction work at Marine Park, the \$1,000,000 for reconstruction of streets, the \$700,000 for water main construction, the \$1,000,000 for sewerage work, the \$450,000 for Wayfarers' Lodge, the \$1,075,000 for new fire houses, the \$800,000 for buildings at Deer Island, and the \$750,000 for new police station construction. I feel that a member of the Council should be entitled before he casts his vote to know how much of this money is to be spent for wages, for the employment of labor skilled and unskilled, how much will go to contractors, how much will be paid for the purchase of land for these new firehouses, police stations, and so forth, how much is to go to architects, all that sort of thing. I believe we should have such information as I have outlined. Therefore, even before voting for these items for the first time,—relying upon the fact that I can still change my mind before the final vote—before we go any farther now I am going to move that action may be delayed for one week in order that we may obtain such information, particularly in view of the fact stated by the councilor from Hyde Park (Coun. Norton) before the intermission, that the Mayor deliberately held up any projects from September 5 to October 17. Accordingly, I move you now, sir, that we refer the matter to the Committee on Finance.

President McGRATH—The motion is out of order, as the Chair has already ordered the roll to be called.

Coun. ROBERTS—Mr. President, I do not intend to delay the vote on these items, but I do think that the citizens of Boston are entitled to

know that the Council in executive session voted to inquire how many men are to be employed on the various projects, when the work will be started, and whether or not those employed will be limited to citizens of Boston. I myself intend to vote for every one of the measures today, because we will have to pass upon the matter again finally later, but I do hope before final action to get the necessary information. I, for one am tired of being expected to vote upon these matters without sufficient information, and I believe before we vote a second time we should all know, and that the people should know how many are going to work, when they are going, and whether or not they will be Boston people.

The order was passed, yeas 19, nays — Coun. Cox—1.

2. Report on message of Mayor and eight orders (referred today) for loans under program of public works—that same ought to pass.

Coun. COX—Mr. President, in voting against these items I do so for this reason. While I appreciate the number of men who are out of work and who are badly in need of work, I cannot forget that the burden of this expenditure even usually will rest on their shoulders and on the shoulders of every man who resides in the City of Boston. Regardless of conditions, I don't think the time is ripe to spend \$450,000 for a Wayfarers' Lodge. I have not heard of any crying need for a consolidation of fire houses costing \$1,075,000, or of a prison dining room for Deer Island, costing \$800,000. I notice also the item for police stations, \$750,000. The last item was in at \$600,000 previously. I wonder if the additional \$150,000 is going to take land, or whether the item will eventually be large enough. The proposed Marine Park work is also, to my mind, another such proposition. Therefore, I reserve my right to vote against these items as they come up, and I request a division of the items.

President McGRATH announced a separate vote would be taken on each item.

The question came on the item for Marine Park, Castle Island, and the order was passed, yeas 18, nays — Coun. Cox, Norton—2.

The question came on the item of \$1,000,000 for reconstruction of streets.

The item was passed, yeas 20, nays 0.

The question came on the item of \$700,000 for water main construction, and the order was passed, yeas 19, nays—Coun. Kelly—1.

The question came on the item of \$1,000,000 for sewerage works, and the order was passed, yeas 19, nays—Coun. Kelly—1.

The question came on the item of \$450,000 for Wayfarers' Lodge, and the order was passed, yeas 19, nays—Coun. Cox—1.

The question came on the item of \$1,079,000 for firehouses and departmental buildings.

The item was passed, yeas 17, nays—Coun. Cox, Kelly, Norton—3.

The question came on the item of \$800,000 for prison buildings, Deer Island.

The order was passed, yeas 17, nays—Coun. Cox, Fish, Kelly—3.

The question came on the item of \$750,000 for new police stations.

The order was passed, yeas 17, nays—Coun. Cox, Kelly, Norton—3.

The above orders having been given their first reading and passage will come up for final reading and passage in not less than two weeks.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. KELLY, for the Committee on Public Lands, submitted the following:

Report on message of Mayor and order (referred June 12, 1933), appropriating \$10,000 for purchase of land at Charter street for playground, vicinity of Charter street and Greenough lane,—that same ought to pass.

Report accepted; said order given its first reading and passage, yeas 18, nays—Coun. Cox, Norton—2.

SAVIN HILL IMPROVEMENTS.

President McGRATH offered the following: Ordered, That his Honor the Mayor request the Metropolitan District Commission to lay out as a park the area of land which lies between Savin Hill Beach and the Old Colony Parkway.

Ordered, That his Honor the Mayor request the Park Commission to include in the present Civil Works program the building of a new Savin Hill bath house, recently destroyed by fire, and the filling in of Savin Hill Playground to make it dry and desirable for playing purposes.

Severally passed under suspension of the rule.

COLLECTION OF FEES BY SHERIFF.

Coun. BURKE offered the following:

Ordered, That the Finance Commission be requested to investigate the office of Sheriff of Suffolk County in so far as the collection of fees for the service of writs is concerned and to report back to the City Council the amount of money collected by the Sheriff for this service from

January 1, 1932, to October 31, 1933, and also the manner in which it is divided among the deputy sheriffs.

President McGRATH—The order will be referred to the Committee on Rules.

Coun. BURKE—Mr. President.

President McGRATH—For what purpose does the gentleman rise?

Coun. BURKE—Mr. President, I ask why that is referred to the Committee on Rules?

President McGRATH—Because I believe an order of that kind should get a proper hearing before some competent committee of the City Council, Councilor Burke.

Coun. BURKE—Mr. President, I say that that order should be acted upon here now directly, and that is my wish.

President McGRATH—The Chair will say that there is no debate in order, the matter having been referred.

Coun. BURKE—Mr. President, I question your right to send it to the committee.

President McGRATH—The councilor questions the reference of the order to the Committee on Rules and appeals from the decision of the Chair. Does anybody second the appeal? (No response). The appeal, not being seconded, is out of order.

Coun. BURKE—Mr. President, does it have to be seconded?

President McGRATH—Under the rules an appeal has to be seconded.

Coun. BURKE—Mr. President, I appeal from the decision of the Chair and ask for a roll call vote.

President McGRATH—There can be no vote on an appeal from a decision of the Chair unless the appeal is seconded.

Coun. BURKE—Mr. President, I ask where the Chair gets that from, from what rule?

President McGRATH—Read the rule book.

Coun. BURKE—Mr. President, I have read the book, and I ask again where there is such a rule.

President McGRATH—The councilor will find that in our rules.

Coun. BURKE—Mr. President, I rise to a question of personal privilege.

President McGRATH—The councilor will state his question of personal privilege.

Coun. BURKE—Mr. President, I ask where the rule is, in our rules, that provides for an appeal to be seconded by another member of the Council, before we have a right of appeal from the decision of the Chair. As I understand it, an appeal from a decision of the Chair is always in order.

President McGRATH—Under rule 3 of the Council,—“Any member may appeal from a decision of the Chair and when properly seconded, no other business” etc.

Coun. BARKER—Mr. President,—

President McGRATH—The Chair now recognizes Councilor Barker.

FURNISHING OF OIL AND COAL TO WELFARE RECIPIENTS.

Coun. BARKER offered the following:

Ordered, That the Board of Overseers be requested, through his Honor the Mayor, to furnish the City Council with the names and addresses of those supplying oil and coal to welfare recipients in the East Boston district.

Passed under suspension of the rule.

LICENSING OF TAVERNS.

Coun. BARKER offered the following:

Resolved, That the City Council of Boston hereby favors the bill adopted by the Legislature providing for the licensing of taverns for dispensing alcoholic beverages.

Referred to the Committee on Rules.

ADDITIONAL ITEMS FOR PUBLIC WORKS PROGRAM.

Coun. BURKE offered the following:

Ordered, That the Mayor of Boston be requested to add the following items to his program submitted to the State Emergency Finance Board:

1. \$100,000 for correcting the numbering of streets.
2. \$250,000 for checking the taxable property with the records at Registry of Deeds.
3. \$100,000 for Traffic Department to check cause of accidents at dangerous intersections.
4. \$300,000 for a municipal building in the vicinity of Codman square.
5. \$150,000 for a convalescent home to be located in Roslindale or Forest Hills sections.

Coun. BURKE—Mr. President, I move a suspension of the rule and the passage of the order.

Coun. MURRAY—Mr. President, there is now a convalescent home in Dorchester. The councilor from West Roxbury (Coun. Cox) and myself are able to take care of our own district. If we want a convalescent home put out there, we don't have to go to Dorchester to have our district taken care of.

The order was passed, under suspension of the rule.

SIDEWALK CONSTRUCTION.

Coun. BURKE offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Nos. 277 and 279 Gallivan Boulevard, Ward 17, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 15 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

INFORMATION ASKED FROM MAYOR.

Coun. KELLY offered the following:

Ordered, That the Mayor of Boston submit to the Boston City Council immediately what new fire stations are to be built and their new location.

Ordered, That the Mayor of Boston submit to the Boston City Council immediately which police houses he plans to consolidate and on what location the new police stations are to be located.

Ordered, That the Mayor inform the Boston City Council immediately if any new land is to be purchased for the construction of the new Wayfarers' Lodge.

Coun. KELLY—Mr. President, before I move suspension of the rule I would like to make a few remarks on these orders. We have seen a lot of land steals in the last four years. Many pieces of property assessed for small sums have been taken by the Mayor of Boston and outrageous amounts have been paid for them. I now want to nip that sort of thing in the bud, if I can, by bringing out the information asked for in these orders, so that we may form some idea of how much money is to be spent on land. Somebody may rise and say that the Federal Government, on projects under its supervision, will not allow money to be spent for the purchase of land. That is correct, but the Federal Government is only paying 30 per cent of the money that the projects cost, the rest being an obligation of the city. Out of that 30 per cent nothing will be spent for land but, so far as the other 70 per cent is concerned, if the city approves the bills much of the money can be paid out for land, and land only. Now, I understand that there is some connivance under way in connection with these new police stations and firehouses, and why shouldn't we be told where they are to be placed before appropriating the money? Why shouldn't the members of the Council know, for example, in connection with this \$1,075,000 which is to be spent for firehouses and the \$750,000 that is to be spent for new police stations, where they are to be placed? Why should members of the Council be kept in the dark in these matters? Because it is probably proposed to take certain pieces of land so that the man with the auctioneer voice may make a nice little clean-up before the end of the year. Mr. President, these matters should go over to the incoming administration, which will have to pay the bills. Why should the Mayor be allowed in the last days of his administration to put these things through? Certainly any fair-minded person knows that if the Mayor of Boston would pay, as he did, \$107,000 of the taxpayers' money for a piece of land in East Boston for airport purposes that was assessed for only \$26,000, God only knows what he would give in the closing months of his administration for pieces of land for new fire stations, police stations, or for a new Wayfarers' Lodge. I say that the Mayor of Boston should give us this information, and I intend to press for it. In other words, let us step in now and try to protect the people's rights by finding out where these land grabs are to be made. Some of you have praised the Mayor of Boston in executive session as a great Mayor. Well, I am entitled to my views and so are you. Six months from now you will be recognizing the next Mayor of Boston as the best Mayor that Boston ever had, and I don't hesitate to say that six months from now, after the present Mayor gets out of office and a new, real Mayor comes in who will do something for the unemployed, the present Mayor will be referred to as the worst Mayor and the incoming Mayor will perhaps be referred to as Boston's best Mayor.

The orders were passed under suspension of the rule.

INFORMATION FROM DEPARTMENT OF SCHOOL BUILDINGS.

Coun. GREEN offered the following:

Ordered, That the Department of School Buildings be requested, through his Honor the Mayor, to furnish the City Council with the following information:

1. What proportion of the department's annual appropriation is spent on repairs and upkeep of the different school buildings?
2. What is the number of school buildings that are in actual use?
3. What are the names and addresses of the contractors who are doing this kind of work?

4. What is the number of contracts that have been let out by this department without competitive bidding this year?

5. The names of the inspectors who inspect this work upon its completion on by the contractors.

6. Are there, in the opinion of the commission, any contractors or men doing the work for the contractors who are not residents or taxpayers of the City of Boston?

7. What time of the year is this kind of work let out to contract?

8. What is the name of the employee in the department who is assigned to hand out these so-called "gift" contracts?

9. Is it the opinion of the Board that this work could be done as well, if not better, if it was given out to day labor, and which action would also carry out the program laid down by President Roosevelt, and the spirit of the N. R. A.?

Passed under suspension of the rule.

NEW PLAYGROUNDS.

Coun. GREEN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to consider the advisability of taking land where buildings have been condemned and razed by the Building Department of the City of Boston, for the purpose of establishing play spaces or playgrounds for children, with instructors in charge, in conformity with the program of the Civil Works Administration to provide work for the unemployed.

Passed under suspension of the rule.

SURVEY OF DILAPIDATED BUILDINGS.

Coun. GREEN offered the following:

Ordered, That the Building Commissioner be requested, through his Honor the Mayor, to appoint tenement house inspectors in connection with the Civil Works program to make a survey of the city, in the matter of living conditions in tenements.

Ordered, That the Building Commissioner be requested, through his Honor the Mayor, to make a survey of all dilapidated buildings in the City of Boston that are not habitable, with a view to razing same, which will provide an opportunity for the employment of hundreds of men and also remove many eyesores from the thickly congested sections of the city, to conform with Civil Works program.

President McGRATH—The question is on suspension of the rule and passage of the order.

Coun. BURKE—Mr. President, I would like to ask the difference between the first order introduced by the councilor from Charlestown and the order introduced by me earlier in the session, and why the decision of the Chair in the present case is that suspension of the rule could be allowed, while in my case the order was sent to the Rules Committee, both orders being of a similar nature, requiring investigation and delving into?

President McGRATH—The Chair would say that they are two distinctly different orders—the one order practically making an accusation and the other asking for information.

Coun. BURKE—Which order made an accusation, Mr. President?

President McGRATH—The one introduced by you, Councilor.

Coun. BURKE—Mr. President, I ask the President in all fairness wherein my order can be interpreted as an accusation, when I especially worded it so that there would not be any accusation? I say, Mr. President, that you are grossly unfair, and that you are not ruling as the chairman of any organized group should rule in cases of this nature, but that you have ruled against my order with personal feeling.

President McGRATH—The Councilor is entitled to his opinion.

Coun. BURKE—The Chair should be fair and should give me proper opportunity to debate.

President McGRATH—The Councilor had an opportunity to debate in the last election in his own ward.

Coun. BURKE—Yes, and you had your chance and were just lucky enough to squeeze by.

Coun. GREEN—Mr. President, I don't like to take issue with the councilor from Dorchester (Coun. Burke), but I did not hear the councilor ask for suspension of the rule, and neither did I. I left it to the Chair to do with my order as he saw fit.

Coun. BURKE—And I wish to say, Mr. President, in fairness to Councilor Green, that I brought the question up not as against him, but having in mind the Chair's ruling on my order, as I think it will appear from the record that both orders are just the same, and should have been treated by the President in the same way. In raising my point against the President, Councilor, I did not intend to speak in any way detrimentally of you.

President McGRATH—Thank you, Councilor.

The order was passed under suspension of the rule.

RECONSTRUCTION OF LENOX STREET

Coun. GLEASON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to reconstruct Lenox street, from Tremont to Washington streets, Ward 9, also Northfield street, Ward 9.

Passed under suspension of the rule.

Adjourned at 5.20 p. m., on motion of Coun. RUBY, to meet on Monday, December 4, 1933, at 2 p. m.

POPULATION OF COUNTIES, 1930.

(1) Middlesex (11 cities and 43 towns), 934,924 or 156,572 over 1920; (2) Suffolk (3 cities and 1 town), 879,536 or 44,014 over 1920; (3) Essex (8 cities and 26 towns), 498,040 or 15,884 over 1920; (4) Worcester (4 cities and 57 towns), 491,242 or 36,107 over 1920; (5) Bristol (4 cities and 16 towns), 364,590 or 5,585 over 1920; (6) Hampden (4 cities and 19 towns), 335,496 or 35,191 over 1920; (7) Norfolk (1 city and 27 towns), 299,426 or 80,345 over 1920; (8) Plymouth (1 city and 26 towns), 162,311 or 5,343 over 1920; (9) Berkshire (2 cities and 30 towns), 120,700 or 7,667 over 1920; (10) Hampshire (1 city and 22 towns), 72,801 or 3,202 over 1920; (11) Franklin (26 towns), 49,612 or 251 over 1920; (12) Barnstable (15 towns), 32,305 or 5,635 over 1920; (13) Dukes (7 towns), 4,953 or 581 over 1920; (14) Nantucket (1 town), 3,678 or 881 over 1920. Total for the 14 counties (39 cities and 316 towns), 4,249,614 or 397,258 (i. e., 10.3 per cent) over 1920. Of said total, 2,940,335 (i. e., 69.19 per cent) were in the cities and 1,309,279 (i. e., 30.81 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reaches the notable figure of 90.71, while the rural shows but 9.29 per cent.

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

REVENUE RECEIPTS, PER CAPITA, IN TWELVE LEADING CITIES, 1928 (BY RANK).

Los Angeles, \$138.53; Detroit, \$109.33; Boston, \$101.74; New York, \$90.86; Buffalo, \$86.28; Cleveland, \$85.17; Pittsburgh, \$79.85; Milwaukee, \$76.52; San Francisco, \$75.99; Chicago, \$74.12; Philadelphia, \$68.90; St. Louis, \$62.58.

(See U. S. Census Bureau's Financial Statistics of Cities, 1928, p. 192.)

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of December 17, 1932, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Royen (formerly Roy) road, be, and the same hereby is, amended, by adding to said order the amount \$20 as an award to Irving N. Drake and Gertrude M. Drake; that the amount \$20 be, and the same hereby is, awarded to Irving N. Drake and Gertrude M. Drake for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of June 14, 1930, as amended December 3, 1930, determining damages caused by the making of the public improvement consisting of the laying out and construction of Arborough road, be, and the same hereby is, amended, by adding to said order the amount \$60 as an award to John J. Daley and Gertrude V. Daley; that the amount \$60 be, and the same hereby is, awarded to John J. Daley and Gertrude V. Daley for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of January 19, 1933, determining damages caused by the making of the public improvement consisting of the laying out and construction of Clare avenue, formerly Huntington avenue, be, and the same hereby is, amended, by striking from said order the amount \$76 awarded to John Cronin in said order and inserting in place thereof the amount \$100; that the amount \$100 be, and the same hereby is, awarded to John Cronin for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of January 19, 1933, determining damages caused by the making of the public improvement consisting of the laying out and construction of Clare avenue, formerly Huntington avenue, be, and the same hereby is, amended, by striking from said order the amount \$106 awarded to Edward C., William A. and Helen E. Erlandson in said order and inserting in place thereof the amount \$175 and the names Henry A. Erlandson and Gertrude E. Erlandson; that the amount \$175 be, and the same hereby is, awarded to Henry A. Erlandson and Gertrude E. Erlandson for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of December 17, 1932, determining damages caused by the making of the public improvement consisting of the laying out and construction of Royen (formerly Roy) road, be, and the same hereby is, amended, by striking from said order the amount \$90 awarded to Nicholas Mercurio, Jr., et al. in said order and inserting in place thereof the amount \$600 and the names Nicholas Mercurio and Josephine B. Mercurio; that the amount \$600 be, and the same hereby is, awarded to Nicholas Mercurio and Josephine B. Mercurio for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of December 17, 1932, determining damages caused by the making of the public improvement consisting of the laying out and construction of Lila road, be, and the same hereby is, amended, by striking from said order the amount \$125 awarded to Julius Kreidel and Marie P. Kreidel in said

order and inserting in place thereof the amount \$415; that the amount \$415 be, and the same hereby is, awarded to Julius Kreidel and Marie P. Kreidel for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of December 17, 1932, determining damages caused by the making of the public improvement consisting of the laying out and construction of Royen (formerly Roy) road, be, and the same hereby is, amended, by striking from said order the amount \$110 awarded to Rosina M. Mann in said order and inserting in place thereof the amount \$305 and the names Clarence P. Foster and Margaret S. Foster; that the amount \$305 be, and the same hereby is, awarded to Clarence P. Foster and Margaret S. Foster for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of January 14, 1933, determining that no person sustains damages by the making of the public improvement consisting of the laying out of Colborne (formerly Colonial) road, be, and the same hereby is, amended by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word "no." That said order be further amended by adding thereto Mary E. Delahanty, \$38; that the amount \$38 be, and the same hereby is, awarded to Mary E. Delahanty for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of September 30, 1933, as amended November 6, 1933, determining damages caused by the making of the public improvement consisting of the laying out and construction of Edgebrook road, be, and the same hereby is, amended, by adding to said order the amount \$129 as an award to Mary E. (Luddy) Vey; that the amount \$129 be, and the same hereby is, awarded to Mary E. (Luddy) Vey for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of December 8, 1932, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Glenmont road, formerly Kendrick street, be, and the same hereby is, amended, by adding to said order the amount \$300 as an award to Annie B. Corliss; that the amount \$300 be, and the same hereby is, awarded to Annie B. Corliss for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of December 17, 1932, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Royen (formerly Roy) road, be, and the same hereby is, amended, by adding to said order the amount \$101 as an award to Catherine F. Laing; that the amount \$101 be, and the same hereby is, awarded to Catherine F. Laing for the damages so sustained.

LAND-TAKING IN ROXBURY AND WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Terrace avenue, Roxbury

and West Roxbury districts, as a highway, from Sheridan street to Cranston street, with the name of Termine avenue or some other distinctive name, bounded and described as follows:

A highway named Termine avenue is hereby laid out, from Sheridan street to Cranston street, and ordered constructed; the cost thereof to be charged to Federal funds allocated under the Civic Works Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken is bounded and described as follows:

Northeasterly by Sheridan street, fifteen feet; southeasterly by the southeasterly line of said Termine avenue as hereby laid out, one hundred eighty-six and 56-100 feet; southwesterly by Cranston street, fifteen and 8-100 feet, and northwesterly by the northwesterly line of said Termine avenue as hereby laid out, one hundred eighty-eight and 29-100 feet.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Termine avenue (formerly Terrace avenue), West Roxbury district, as a highway, from Sheridan street to Cranston street, under the order of the Board and awards no damages therefor.

CIVIL SERVICE EXAMINATIONS. (STATE.)

PLANT PEST SUPPRESSOR, DEPARTMENT OF AGRICULTURE, JANUARY 6, 1934.

Last date for filing applications, Wednesday, December 27, 1933, at 5 p. m.

This examination is held to establish a list for corn borer inspector and blister rust inspector in the Division of Plant Pest Control.

The salary ranges from \$2.62½ per day to \$4.62½ per day.

Duties of the corn borer inspector: Ability to identify the European corn borer in all its stages and be familiar with other insects attacking corn plants, with the host plants of this pest, and have a complete knowledge of the insect's life history and habits. It is desirable that applicants have a general knowledge of farming, especially all phases of the growing of corn and rotation of crops; and a general knowledge of other insects.

Duties of the blister rust inspector: The duties involve the rendering of assistance to local property owners in the protection of areas of white pine against the attack of the fungous disease known as the white pine blister rust. He must make examinations of all woodland areas for the purpose of locating currant and gooseberry bushes which act as agents in the spread of this disease. The inspector is responsible for all control work performed under his supervision and must see that it is satisfactorily done. He should be familiar with the law governing the conduct of blister rust control work in Massachusetts and other regulations pertaining thereto.

Subjects and weights: Training and experience, 2; practical questions, 3; total, 5.

Passing requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

SCHOOL ATTENDANCE FOR BOSTON.

Number of children 7-13 years old, 91,758, of whom 90,347, or 98.5 per cent, were attending school; 14 and 15 years, 25,659, of whom 24,507, or 95.5 per cent, were attending school; 16 and 17 years, 25,932, of whom 16,912, or 65.2 per cent, were attending school; 18 to 20 years, 41,282, of whom 10,991, or 26.6 per cent, were attending school; total children 7 to 20 years old, 184,631, of whom 142,757, or 77.3 per cent, were attending school. Number of persons attending school who were 21 years of age and over was 10,966.

CITY OF BOSTON.
PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR RECEIVING AND DISPOSING OF GARBAGE IN JAMAICA PLAIN (WEST ROXBURY).

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for receiving and disposing of garbage between January 1, 1934, and December 31, 1934, in the district known as Jamaica Plain, bounded and described roughly as follows: Perkins street, Jamaicaaway, Moraine street, Boylston street, Washington street, Columbus avenue, Walnut avenue, Sigourney street, Forest Hills street, Morton street, Arborway, May street, Pond street, Rockwood street and Brookline line, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Receiving and Disposing of Garbage," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, December 18, 1933, with a certified check for 5 per cent of the total amount bid payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price bid appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,
(Dec. 2-9.) Commissioner of Public Works.

CITY OF BOSTON.
DEPARTMENT OF SCHOOL BUILDINGS.

PROPOSALS FOR LAND.

The Superintendent of Construction of the Department of School Buildings, City of Boston, will receive sealed proposals for selling to the city land for an intermediate school in the Shurtleff-Thomas N. Hart District, South Boston, Mass., in the territory bounded and described as follows: Beginning at the junction of East First and I streets; thence by the centers of I street, Columbia road, and East Ninth, F, West First and East First streets to the point of beginning, to contain 125,000 square feet of land, more or less. All proposals must be submitted at or before 2 o'clock p. m., of Tuesday, December 26, 1933, at the office of the Superintendent, eighth floor, 11 Beacon street, Boston. Said proposals will at that time be publicly opened and read, and thereafter a public hearing will be given by the Superintendent at said office, Tuesday, January 2, 1934, at 2 o'clock p. m., at which hearing the proposals and suitability of the land offers therein will be considered. The Superintendent reserves the right to reject any or all proposals.

WM. W. DRUMMEY,
(Dec. 9.) Superintendent of Construction.

CITY OF BOSTON.
PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REMOVING MANURE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removing manure from the stables and yards in the various divisions of the Public Works Department, between January 1, 1934, and December 31, 1934, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Removing Manure," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, December 19, 1933, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price bid appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposals should he deem it to be for the best interests of the city so to do.

C. J. CARVEN,
(Dec. 9.) Commissioner of Public Works.

CITY OF BOSTON.
LIBRARY DEPARTMENT.

PROPOSALS FOR TRANSPORTATION.

The Trustees of the Public Library of the City of Boston invite sealed proposals for the transportation of books and other material between the Central Library and branches for the year 1934. Proposals, accompanied by a certified check in the amount of \$200, if filed at the office of the Trustees, Central Library Building, before twelve o'clock noon on Wednesday, December 13, 1933, will then and there be publicly opened and read. The proposal must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. A surety bond will be required in an amount satisfactory to the Trustees. The Trustees reserve the right to reject any and all proposals, and to accept any proposal if it shall be deemed for the interest of the city so to do. Specifications for the work may be obtained at the office of the Comptroller, Central Library Building, on and after Wednesday, December 7, 1933.

THE TRUSTEE OF THE PUBLIC LIBRARY OF THE CITY OF BOSTON,
by JOHN L. HALL,
(Dec. 2-9.) President.

CITY OF BOSTON.
PUBLIC AUCTION.

By order of the City Council and approved by his Honor the Mayor, I will sell at public auction on the premises on Tuesday, December 12, 1933, at 11 a. m. the following property: About 23,005 square feet of land, with the buildings thereon, situated on the southerly side of Fruit street, and on the northwesterly side of North Grove street, at the corner of said streets, and about 1,460 square feet of land situated on the northwesterly side of North Grove street, between Fruit street and Cambridge street, together with the building thereon, which was formerly used as an engine house of the Fire Department, at an upset price of \$4 per square foot. Terms: Cash or certified check for \$10,000 at the time of sale and the balance in thirty days. Further information from the Auctioneer.

EDWARD W. FOYE,
Municipal Auctioneer,
24 School Street.
(Dec. 9.) Tel. Cap. 4420.

NOTICE OF CHANGE OF OPENING OF BIDS.
CITY OF BOSTON.
PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR COLLECTING AND REMOVING GARBAGE AND REFUSE IN EAST BOSTON, BRIGHTON, WEST ROXBURY, DORCHESTER AND HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing garbage and refuse, between January 1, 1934, and December 31, 1934, including the removal of all household refuse during the spring cleaning period between April 1, 1934, and May 15, 1934, and shall also remove grass, garden refuse and leaves during the entire term of the contract, in the following districts: East Boston, Brighton, West Roxbury, Dorchester and Hyde Park, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. In each proposal the bidder will list the location and ownership of the dumps he proposes to use, and furnish satisfactory proof to the Commissioner as to his legal right to use them. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Collecting and Removing Refuse and Garbage," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, December 12, 1933, with a certified check for 5 per cent of the total amount bid for each district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of specifications taken out.* If the price bid on any district appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal for said district. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,
(Dec. 2-9.) Commissioner of Public Works.

CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TEA.

The Supply Department of the City of Boston invites proposals for furnishing tea to the various city departments, according to specifications to be obtained at the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each set of blank proposals taken out.* Bidders must use the form of proposals to be obtained at this office, and the successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. Bids, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Tuesday, December 19, 1933, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(Dec. 9.) Superintendent of Supplies.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Wolfe street, West Roxbury district, as a highway, from La Grange street to Dent street, bounded and described as follows:

A highway named Wolfe street is hereby laid out, from La Grange street to Dent street, and ordered constructed; the cost thereof to be charged to Federal funds allocated under the Civic Works Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by La Grange street, forty and 30-100 feet; southeasterly by the southeasterly line of said Wolfe street as hereby laid out, four hundred eighty-two and 32-100 feet; southwesterly by Dent street, forty and 1-100 feet, and northwesterly by the northwesterly line of said Wolfe street as hereby laid out, four hundred eighty-seven and 99-100 feet.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Wolfe street, West Roxbury district, as a highway, from La Grange street to Dent street, under the order of the Board, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Forest Hills Circle, West Roxbury district, as a highway, from Forest Hills street westerly, thence northerly and thence easterly, to Forest Hills street, with the name of Endora street or some other distinctive name, bounded and described as follows:

A highway named Lourdes avenue is hereby laid out, from Forest Hills street westerly, thence northerly and thence easterly, to Forest Hills street, and ordered constructed; the cost thereof to be charged to Federal funds allocated under the Civic Works Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Forest Hills street, forty and 28-100 feet; northerly by the northerly line of said Lourdes avenue as hereby laid out, two hundred sixty-eight and 28-100 feet; westerly by the westerly line of said Lourdes avenue as hereby laid out, two hundred sixty-five and 56-100 feet; southerly by the southerly line of said Lourdes avenue as hereby laid out, two hundred sixty-eight and 28-100 feet; easterly by Forest Hills street, forty and 28-100 feet; northerly by the northerly line of said Lourdes avenue as hereby laid out, two hundred and twenty-eight feet; easterly by the easterly line of said Lourdes avenue as hereby laid out, one hundred and eighty-five feet; southerly

by the southerly line of said Lourdes avenue as hereby laid out, two hundred and twenty-eight feet;

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Forest Hills Circle, West Roxbury district, as a highway, under the order of the Board and awards no damages therefor.

NEW AMBULANCE FOR CITY..

The Mayor has approved the following request from the Health Department:

BOSTON, December 6, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—We are at present using in this department a Reo ambulance, which was purchased in 1923, and has gone about 45,000 miles.

It is now in poor condition and is quite likely to break down while transporting patients, who many times are being taken to sanatoria outside of Boston.

We now have an opportunity to purchase a Pierce Superior ambulance complete for as low as \$3,965, with an allowance of \$150 for our old ambulance.

Both the new and old ambulances have been inspected by Dr. Karl R. Bailey and Dr. George O'Donnell of this department, who believe that the new ambulance will be a great advantage to the service.

I therefore recommend the purchase of the Pierce ambulance, as above, for the sum of \$3,965, and request your approval for the same.

Yours respectfully,

FRANCIS X. MAHONEY,
Health Commissioner.

ASSESSMENTS ABATED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That in the matter of Gertrude M. Graham, petitioner for abatement of betterment assessment levied on property at 35 Howard street, for the improvement of Cambridge and Court streets (assessment, lot 264), in the amount of \$1,840, the first apportionment (\$184) having been paid, after consultation with the Law Department, and on its advice, the Board agrees to abate the unpaid balance, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

Voted, That in the matter of Gulf Refining Company, petitioner for damages occasioned its estate by the relocation of Centre street, under the order of the Street Commissioners and Mayor of October 9, 1933, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of eleven hundred dollars, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

Voted, That in the matter of Henry Wheeler *et al.*, petitioners for abatement of betterment assessment (\$1,100, lot 10) levied for the improvement of Orchardhill road, after consultation with the Law Department, and on its advice, the Board agrees to revise said betterment to the amount of \$700, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,771; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 30,034; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,423; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

HISTORICAL DATA ABOUT WARDS.

The term "ward" first appears in a fire-protection order, approved by the Town on August 29, 1679, dividing the Town into 4 quarters with 2 wards each. The 8 wards had previously been military districts.

On August 11, 1713, the Selectmen "agreed upon a distribution of the Town into distinct Wards or Precincts."

On February 1, 1715, it was "voted to make a new division of the Town into eight distinct Wards."

On March 9, 1735, it was voted to divide the Town into 12 wards to facilitate the work of the Overseers of the Poor.

On March 13, 1822, the Selectmen divided the Town into 12 wards on the basis of the U. S. Census of 1820.

By an ordinance which took effect on the second Monday of December, 1838, there was a revision of the wards.

On April 29, 1850, the City Council accepted Chap. 167 of the Acts of 1850, which altered the wards on the basis of legal voters rather than on the number of inhabitants.

By ordinance taking effect on November 15, 1865 new ward lines were established.

In the annexation period, 1865-1875, the number of wards was increased from twelve to twenty-one.

By Chap. 243, Acts 1875, the City Council was ordered to cause a new division of the City into twenty-four wards in the year 1875 in such manner as to include an equal number of voters in each ward. This division was made, taking effect on December 13, 1875. On May 27, 1876, the City Council, in accordance with Chap. 242, Acts of 1876, divided one of the wards in two, making a total of 25 wards for the City.

By ordinance passed April 20, 1895, under authority of Chap. 437, Acts of 1888, and Section 96 of Chap. 417, Acts of 1893, ward lines were established on the basis of the number of voters registered at the City election of 1894, there still being 25 wards.

The annexation of Hyde Park, effective January 1, 1912, made an additional ward.

By enactment of December 28, 1914, under authority of Chap. 630, Acts of 1914, the City Council redivided the City into 26 wards.

The latest redivision, established December 30, 1924, under authority of Chap. 410, Acts of 1924, consists of 22 wards.

TAX LEVY, 1932.

Total, \$67,574,773 (\$5,414,540 more than in 1931) or \$62,260,762 on realty, \$4,834,415 on personalty, and \$479,596 on male polls.

SATURDAY, DECEMBER 16, 1933.

No. 50

PEOPLE EMERGING FROM DEPRESSION AND EVIDENCES OF PROSPERITY APPEARING MORE AND MORE MAYOR CURLEY POINTS OUT IN REGULAR WEEKLY BROADCAST FROM CITY HALL STATION—PRAISES PROGRAM OF PRESIDENT ROOSEVELT FOR SOCIAL AND ECONOMIC BETTER- MENT OF PEOPLE AS BLESSING AND SALVATION.

Mayor Curley speaking over Station WNAC, on December 11, at 2 p. m., spoke as follows:

Friends of the Radio Audience.

I have to make apologies for not being on time today. My tardiness was due to the fact that a reception was tendered a representative of the Federal Government connected with the housing program, who is visiting Greater Boston today for the purpose of looking over possible sites for the erection of modern homes for the people who now eke out an existence in tenements or what is sometimes termed the "slum section" of our city.

This represents another step in the program as devised by President Roosevelt for the relief of the unemployed and for the promotion of a higher and a better social order for all of the people of the United States. You will recall there has been presented to the public to the present time two progressive steps, namely, the Public Works program, a portion of the N. R. A. program and the Civil Works Administration. In our own Commonwealth, to the present time, no single project advanced by the City of Boston has reached Washington for consideration and confirmation. We have protested and everyone has protested against red tape and unnecessary delay in connection with the construction program of the N. R. A. nationally, but the fact remains that the Boston City Council, under date of August 7 of this year, approved projects totalling about \$5,800,000, that would have provided employment for at least 4,000 men and would today be providing work for that number, if approved.

Compromise Plans.

Among the propositions advanced and rejected finally was the Huntington avenue tunnel extension. * We finally were obliged to waive that most meritorious project in order that we might get favorable action on some portion of the public works projects that we had under consideration and we finally submitted a recommendation for the expenditure of \$1,000,000 for streets in Boston, \$1,000,000 for sewers, \$300,000 for extension of water supply, \$2,000,000 for two new school buildings, one an intermediate school to be located in South Boston and the other a high school to be located in the West Roxbury district, and \$2,000,000 for the partial completion of the City of Boston hospital program.

You have some realization of how necessary it was that the city undertake that program when you realize that we have an average of 1,600 men, women and children each day applying for advice and treatment either as out-door applicants or in-door patients at the Boston City Hospital. The present program was inaugurated in 1923, and we are dedicating on Wednesday of this week what is known as the Mallory Research Building, named in honor and in memory of Dr. Frank Mallory, pathologist and bacteriologist of the Boston City Hospital for more than a quarter of a century, one of those wonderful self-sacrificing individuals whom we find from time to time in every community; a leader in his field of activity and who notwithstanding his limited salary finds it possible to contribute twice his salary every year from earnings received by him in consequence of lecture courses and of text-books written in order that research work in the City of Boston might not be unduly hampered.

We are naming a building in his memory Wednesday of this week and with the completion of this program, including the million and a half dollars, when we get it, from the State and Federal authorities for the erection of two new buildings at the Boston City Hospital, we will have expended \$12,500,000 upon buildings and equipment at the hospital grounds in a period of ten years. It places Boston in the forefront of American municipalities in the matter of municipal hospitalization, but the really inspiring feature in connection with the completion of our hospitalization program is the fact that we have carried on notwithstanding depression and adversity, during the entire period.

I am in hopes that we will speedily get action after these measures have been submitted for approval and I am going over to Washington on Wednesday night for the purpose of being in Washington on Thursday in order to insist on favorable action so that contracts may be early awarded and by the time the present C. W. A. program of work for the unemployed has been completed on February 15 that some of the major construction projects will be in operation for the absorption of the men who lose their employment as a consequence of the completion of the temporary work that is now in progress.

(Continued on page 1685.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, December 18, at 2 p. m.

A regular meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, December 18, 1933, at 7 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of

trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout

the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 1007, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending December 11, 1933:
Population estimated July, 1933, United States Census Bureau estimate, 791,944; number of deaths (stillbirths excluded): Residents, 170; nonresidents, 47; total, 217.

Death rate per 1,000 of population: All deaths, 14.25; nonresidents deducted, 11.16.

Death rate per 1,000 of population:
Last week, 15.36; corresponding week last year, 14.57.

Deaths by age periods, sex, etc.: Under one year, 28; one year to four years, inclusive, 9; sixty years and over, 99. Total deaths: Male, 117; female, 100; deaths in hospitals and institutions, 125; deaths of colored, 8.

REPORTABLE DISEASES: CASES AND DEATHS.*

BUDGET DEPARTMENT ESTIMATES FOR 1934 AS OBTAINED FROM CITY DEPARTMENTS AND OFFICIALS SHOW SEVERAL IMPORTANT AND CHEERING FACTS—ONE IS CONTEMPLATED RESTORATION OF SALARIES AND WAGES—ANOTHER IS INCREASED PAY ROLL COSTS OVER 1933 OF \$6,200,000 AND PLANS MADE FOR COUNTY UPKEEP.

The Budget Comissioner has prepared the following summaries of departmental budget estimates for 1934 submitted by city and county department heads and officials. These summaries indicate the following important facts:

1. The restoration of salaries and wages to the rates in effect prior to April 21, 1933, will require additional pay roll appropriations of approximately \$3,100,000. In city departments the difference between the present salary requirements and those figured on the old rates of pay is \$2,800,000. In county departments this difference is \$300,000.
2. Aside from this difference in pay roll costs, the estimates for city departments show an increase of approximately \$6,200,000 over the actual budget appropriations for 1933. Two important factors in this excess are increased budget requirements for the Public Welfare Department and increase in prices of equipment, supplies and materials. The Public Welfare Department estimates that it will require in 1934 approximately what it will expend in 1933. In the current year, however, \$3,800,000 of its requirements was raised by a loan, and was not provided in the budget. If the total requirements of the department for 1934 are provided through the budget, this will mean an excess budget appropriation over 1933 of approximately \$3,800,000. The experience of the city in recent months indicates that on the average, prices of materials, supplies and equipment have risen 20 per cent.
3. The estimates of county departments, exclusive of pay roll requirements, are approximately \$50,000 in excess of 1933 budget appropriations. This amount practically equals the estimates of county officials for 1933 printing and stationery requirements which were not allowed by the City Council. Up to 1933 most of this work and supplies were furnished by private concerns, and the Council's action in refusing to appropriate this year for these items is based on the thought that this work should be given to the City Printing Plant rather than outside concerns.

BROADCAST BY MAYOR CURLEY.

(Continued from page 1681.)

WELFARE LIST GROWS.

There are many well-intentioned men, probably spurred on by some member of their household, who, for the first time in their lives, have made application for welfare aid, with the result that within the last two weeks, or since the announcement of the Civil Works program for providing work for the unemployed, the number of persons receiving aid from the City of Boston Welfare Department has increased by 2,000 families. In other words, on October 11, just one month ago, there were 30,000 persons receiving aid from the Welfare Department; that is to say, of the 30,000 9,000 were single women and men and the remainder, or 22,000, were heads of families. We now have 24,000 families and we have the 9,000 women and men. Our Soldiers' Relief expenditures have increased from a normal figure of \$400,000 in 1932, when the Governor Square Subway was in the process of construction, to \$1,100,000 this year because of the failure of state authorities to approve the building of the Huntington avenue extension of subway facilities, and so it becomes necessary today to ask the City Council to make available \$300,000 for the Public Welfare Department. This will mean a total expenditure in the year of more than \$14,000,000 for Public Welfare or an average of more than \$1,000,000 each month throughout the entire year. During 1930, 1931 and 1932, in addition to the aid given, we made a practice in Boston of sending a \$5 bill Christmas week to every family on the public welfare rolls. We cannot do that this year because of the tremendous increase in the demands for relief that has been made upon the Public Welfare Department and we find that most of the private organizations are experiencing extreme difficulty in securing the funds with which to function because of the tremendous demand made upon them and because of the inability of the public to give as generously this year as they have in former years.

Now, there is just one thought I want to leave with you who are listening in. We have no means of determining the duration of the present depression, but I believe that every thoughtful individual is in agreement that we are emerging from the depression. There are evidences of increased prosperity on every hand, and in every community that one visits throughout the entire country, and I firmly believe that the acceptance of the program of social and economic welfare as recommended by President Roosevelt, and which we are gradually beginning to absorb and accept regardless of our personal beliefs and feelings in the matter, that it is ultimately going to prove a blessing and the salvation of the American republic and I firmly believe that this is the last dreary crisis the unemployed of America will know in the next quarter of a century or perhaps in a longer period. Now I have a profound feeling of sympathy for that element of the population who have an equity of ownership in a home and who have been unable to pay their taxes, because we are advertising the sale of property for unpaid taxes for 1932 this week, and so we have conferred with the leading bankers and asked them to pay the taxes on homes where the individual is unable to pay and make the tax payment a part of the mortgage, and in all but three cases they have given approval with the results that if the

owners of homes who are unable to pay taxes will go to their local banker who holds the mortgage and ask that this be done, there is no need of any individual losing his home, and a sufficient revenue will come to the city to permit of the city meeting its obligations. If your banker refuses to pay the taxes and make it a part of the mortgage, you can then go to the local home loan bank office in your section and I am quite certain they will gladly aid in this hour of adversity.

In closing, I want to say to you that, sad as may be your lot, you at least have a radio and possibly you are in comfortable quarters and I would like to have you give just a little thought to the soldiers in the hospitals, who have been there since the close of the war and who are asking a little money to fill empty stockings at Christmas time, and I want you to give just a little thought to the children of poor families who are in need of clothing and food and I want you to let the spirit of Christmas, the spirit of giving and the spirit of sacrifice enter into your hearts by making the day a happy one for other people and, through doing that, derive greater happiness yourselves than you have ever previously known upon Christmas Day.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Hyde Park, and are bounded as follows:

A parcel of land, supposed to belong to the New York, New Haven & Hartford Railroad Company, lessees, bounded:

Easterly by Prescott street, six feet; southerly by other land supposed to belong to said company, three hundred eighty-two and 49-100 feet; westerly by land hereinafter described as taken from Readville Distillers, Incorporated, six feet; and northerly by other land supposed to belong to said company, three hundred eighty-two and 46-100 feet, containing twenty-two hundred and ninety-five square feet, more or less.

A parcel of land, supposed to belong to Readville Distillers, Incorporated, bounded:

Easterly by land hereinbefore described as taken from railroad company, six feet; southerly by other land supposed to belong to said Readville Distillers, Incorporated, by two measurements, five and 58-100 feet and one hundred forty-five and 69-100 feet; westerly by the same, six feet; and northerly by the same, by two measurements, one hundred forty-four and 59-100 feet and four and 43-100 feet, containing nine hundred and one square feet, more or less.

The sewerage works to be constructed are as follows: 533 linear feet of 15-inch pipe sanitary sewer.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefore.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lot of land supposed to belong to Readville Distillers, Incorporated, situated between Sprague street and location of the New York, New Haven & Hartford Railroad Company, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; in the amount hereinafter mentioned; said lot and the supposed owner thereof being shown on a plan marked "City of Boston, Plan No. 1120, Sewerage Works, Hawthorne street, Prescott street, Hyde Park, November 8, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot 1, Readville Distillers, Incorporated, \$3,839.22.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, supposed to belong to Wood Memorial Home, Incorporated:

Northeasterly by easement taken by the City of Boston for sewerage purposes November 10, 1933, eight and 49-100 feet; easterly by other land supposed to belong to said home, thirty-two and 52-100 feet; again northeasterly by the same, seventeen and 32-100 feet; southerly by easement taken by the City of Boston for sewerage purposes July 7, 1930, eight and 49-100 feet; southwesterly by other land supposed to belong to said home, thirteen and 80-100 feet; and westerly by the same, forty-one feet; containing three hundred and fourteen square feet more or less.

The sewerage works to be constructed are as follows: 70 linear feet of 10-inch pipe sanitary sewer.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

No betterments are to be assessed for the making of the aforesaid improvement.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

Cahill, John E. Cotter, Emanuel DeFreitas, Annie M. Delaney, James J. Dolan, Francis W. Doyle, John J. Doyle, Kerrins J. Finn, Mary J. Foley, Mary A. Mitchell, Mary Mulry, William Pickett, Abraham J. Rosen, Henry J. Tayne, Edward J. Timilty, Helen E. Walsh, compositors, 4 hours, \$5.20 each; Joseph H. McQuade, apprentice, 4 hours, \$2.48; George P. Hanrahan, apprentice, 4 hours, \$2.32; William C. Gibbs, compositor, 27 hours, \$35.10; Frederick J. Milliken, linotype operator, 27 hours, \$36.45; Joseph A. DeCastro, compositor, 4 hours, \$5.20; Isaac Kramer, compositor, 1½ hours, \$1.63; Theresa V. Lyons, Theresa C. Morrison, apprentices, 4 hours, \$3.56 each; Alice K. Raftery, copyholder, 4 hours, \$3.36; Dorothy E. Schlicht, copyholder, 4 hours, \$3.56; Catherine Crowley, Julia T. Donohue, Harriet A. Fairchild, Elizabeth F. Grant, Katherine A. Tierney, proofreaders, 4 hours, \$5.20 each;

Cecelia G. Arsenault, Annie T. Carnes, Anna E. Degnan, Jennie E. Dyer, Cora A. Gibson, Mary F. Hurley, Annie E. Lawler, Rose Lee, Rose V. Mellon, Maurice F. Murphy, Anna Pfeiffer, Katherine Roche, Veronica I. Shanney, Alice H. Sullivan, Helen M. Taylor, operators, 4 hours, \$5.20 each; Charles A. Johnson, helper, 27 hours, \$21.87; Daniel F. Sullivan, monotype caster, 27 hours, \$25.65; George L. Boyer, monotype caster, 5 hours, \$4.90; Michael McKeen, monotype caster, 22 hours, \$25.74; James H. Sullivan, monotype caster, 22 hours, \$28.60; James McGee, press feeder, 1½ hours, \$1.71; Peter C. Nelson, pressman, 1½ hours, \$2. Total, \$421.45.

Double Time: Renforth C. Bleakney, compositor, 8 hours, \$14.16; Daniel L. Cadigan, Mary M. Brennan, Henry A. Cahill, John E. Cotter, Emanuel DeFreitas, Annie M. Delaney, James J. Dolan, Francis W. Doyle, John J. Doyle, Kerrins J. Finn, Mary J. Foley, Mary A. Mitchell, compositors, 8 hours, \$13.84 each; Mary Mulry, compositor, 6½ hours, \$11.68; William Pickett, Abraham J. Rosen, compositors, 8 hours, \$13.84 each; Henry J. Tayne, compositor, 4 hours, \$6.92; Edward J. Timilty, Helen E. Walsh, compositors, 8 hours, \$13.84 each; George P. Hanrahan, apprentice, 8 hours, \$6.16; William C. Gibbs, compositor, 8 hours, \$13.84; Frederick J. Milliken, linotype operator, 8 hours, \$14.40; Joseph A. DeCastro, compositor, 8 hours, \$13.84; Theresa V. Lyons, Theresa C. Morrison, apprentices, 8 hours, \$9.52 each; Alice K. Raftery, copyholder, 8 hours, \$8.96; Dorothy E. Schlicht, copyholder, 8 hours, \$9.52; Catherine Crowley, Julia T. Donohue, Harriet A. Fairchild, Elizabeth F. Grant, Katherine A. Tierney, proofreaders, 8 hours, \$13.84 each; Cecelia G. Arsenault, Annie T. Carnes, Anna E. Degnan, Jennie E. Dyer, Cora A. Gibson, Mary F. Hurley, Annie E. Lawler, Rose Lee, Rose V. Mellon, Maurice F. Murphy, Anna Pfeiffer, Katherine Roche, Veronica I. Shanney, Alice H. Sullivan, Helen M. Taylor, operators, 8 hours, \$13.84 each; Charles A. Johnson, helper, 8 hours, \$8.64; Daniel F. Sullivan, monotype caster, 8 hours, \$10.16; Michael McKeen, monotype caster, 8 hours, \$12.40; James H. Sullivan, monotype caster, 8 hours, \$13.84. Total, \$661.80.

CIRCULAR LETTER NO. 28.

OFFICE OF THE MAYOR,
BOSTON, December 8, 1933.

To All Department Heads.

The quota of women and men assigned in connection with the C. W. A. program has been increased several thousand but it is necessary that you again investigate the needs of your department with a view to the absorption of additional women and men upon work that is necessary.

Kindly have the list made out specifying the number of women and men, the number of hours, the positions and salaries, the nature of the work, and have this data in the hands of the Budget Commissioner not later than twelve o'clock noon, Monday, December 11, 1933.

It may be necessary to work a portion of Saturday and Sunday in order that your list may be made up but it is highly important that your department do its part.

Very truly yours,

JAMES M. CURLEY, Mayor.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

CIVIL ENGINEERS, DECEMBER 28 TO 30, 1933.

Last day for filing applications, Monday, December 18, 1933, at 5 p. m.

These examinations are for the service of the state, all cities, and such towns as are classified under civil service.

Warning: Many men fail in this examination because they apply for grades for which they are not qualified. It is advisable, therefore, if there is any doubt about the quantity or quality of your experience, to take both the grade for which you think you are qualified and the next lower grade. If you should be found ineligible for the higher grade, you will still have an opportunity to be placed in the next lower grade.

A separate application must be filed for each grade for which it is desired to apply.

An applicant must specify the grade for which he applies.

GRADE I.—Junior engineering aides, who, under immediate supervision, assist on engineering work involving the least technical skill and responsibility.

The maximum salary for this grade is \$1,470 a year as reduced by statute.

Entrance Requirements: Education equivalent to high school graduation, or one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 3; mathematics, 2; practical questions, 5; total, 10.

GRADE II.—Senior engineering aides. Men who, under supervision, assist on engineering work involving some knowledge and training in engineering practice.

The salary ranges from \$1,380 to \$1,980 a year as reduced by statute.

Entrance Requirements: Education equivalent to high school graduation plus (a) one year's practical experience or, (b) two years' university training in engineering.

Subjects and Weights: Training and experience, 4; mathematics, 2; practical questions, 4; total, 10.

GRADE III.—Junior civil or other engineers, senior engineering draftsmen and chiefs of survey parties. Men who, under general supervision, have local charge of a minor engineering project such as a survey party engaged on preliminary and final surveys on construction work, make finished drawings, or perform other similar tasks.

The salary ranges from \$1,980 to \$2,580 a year as reduced by statute.

Entrance Requirements: Education equivalent to that required for graduation in engineering from a university or technical school of recognized standing, and not less than two years of field or office experience in engineering.

Subjects and Weights: Training and experience, 5; mathematics, 2; practical questions, 3; total, 10.

GRADE IV.—Assistant civil or other engineers. Men who, under direction, have charge of a major engineering project or an assigned branch of engineering work of major scope in the field or office.

The salary ranges from \$2,670 to \$3,210 a year as reduced by statute.

Entrance Requirements: Education equivalent to that required for graduation in engineering from a university or technical school of recognized standing and not less than three years of experience in engineering field or office work.

Subjects and Weights: Training and experience, 6; practical questions, 4; total, 10.

Examinations for Grades V and VI, classified in the state service as senior engineers and associate, district and chief engineers, will be held only when vacancies exist.

Passing Requirements: Applicants must obtain at least 70 per cent in experience, at least 50 per cent in the other subjects, and at least 70 per cent in general average in order to become eligible in all grades.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 12-inch earthen pipe and one catch-basin in Agawan street, between Neponset avenue and 309 feet southwesterly, in the Dorchester district, at an estimated cost of \$2,000.

A sanitary sewer of 15-inch pipe in Hawthorne street, between Hamilton street and Prescott street; in Prescott street, between Hawthorne street and private land; in private land, between Prescott street and 546 feet westerly, between Prescott and Sprague streets, in the Hyde Park district, at an estimated cost of \$12,000.

A surface drain and three catch-basins in Assabet street, between Neponset avenue and Train street, in the Dorchester district, at an estimated cost of \$3,000.

CLAIMS DISALLOWED.

The Law Department has disapproved seventy claims against the City of Boston aggregating \$2,373.91 and they are classified as follows:

Building Department, two claims, \$22.

Fire Department, five claims, \$15.

Hospital Department, thirteen claims, \$223.13.

Licensing Department, four claims, \$728.90.

Health Department, four claims, \$10.

Park Department, two claims, \$10.

Police Department, seven claims, \$111.61.

Public Works Department, thirty claims, \$1,112.75.

Schoolhouse Department, one claim, \$40.50.

Soldiers' Relief Department, one claim, no amount.

Street Cleaning Department, one claim, no amount.

DAMAGES ASSESSED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That in the matter of Anthony Nardone *et al.*, petitioners for damages occasioned their estate at 44 Evans street, Dorchester district, by change of grade in the construction of sidewalks, after consultation with the Law Department, and on its advice, the Board assesses the petitioners' damages in the sum of \$300, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

Voted, That in the matter of Chin Ming, petitioner for abatement of betterment assessment levied for the improvement of Cambridge and Court streets (lot 263, \$2,162.40), after consultation with the Law Department, and on its advice, the Board agrees to abate the balance in excess of the first two instalments paid, and consents that the Cor-

poration Counsel agree to judgment in said case on the terms herein stated.

Voted, That in the matter of Morgan Hooley *et ux.*, petitioners for damages occasioned their estate at 35 and 37 Summer street, West Roxbury district, by change of grade in the construction of sidewalks, after consultation with the Law Department, and on its advice, the Board assesses the petitioners' damages in the sum of \$200, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

LAND-TAKING IN ROXBURY AND WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Thurlow street, West Roxbury district, as a highway, from La Grange street to Dent street, bounded and described as follows:

A highway named Thurlow street is hereby laid out, from La Grange street to Dent street, and ordered constructed; the cost thereof to be charged to Federal funds allocated under the Civil Works Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by La Grange street, forty feet; southeasterly by the southeasterly line of said Thurlow street as hereby laid out, four hundred and sixty-five feet; southwesterly by Dent street, forty and 1-100 feet; and northwesterly by the northwesterly line of said Thurlow street as hereby laid out, four hundred sixty-five and 78-100 feet. No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Thurlow street, West Roxbury district, as a highway, under the order of the board of December 8, and awards no damages therefor.

TRAFFIC COMMISSION RULINGS.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, the following rules are effective from December 7, 1933, to December 31, 1933, inclusive:

The operator of a vehicle shall not make a left turn from Washington street into Winter street westerly.

The operator of a vehicle shall not stop, stand or park a vehicle in Washington street, either side, from Avery street to Franklin street, between the hours of 10 a. m. and 4.30 p. m., except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer, traffic sign or traffic signal.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience during the period of bridge repairs, estimated to be six (6) weeks, vehicles are excluded from Blakemore street, West Roxbury district, between Hyde Park avenue and Brown avenue, effective December 13, 1933.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon December 5 the Mayor approved a contract with A. Piatelli & Co. for sewerage works in Fellows street, from Orange court to Hunneman street, Roxbury. The following bids were received December 4:

A. Piatelli & Co., \$25,786.10; Edward J. Sullivan, \$26,081.55; Charles Andreassi, \$27,443.28; M. DeSisto Company, \$30,121.50; N. Cibotti & Co., \$30,278.40; Louis Balboni, \$31,376.35; C. Russo Company, \$31,406.25; A. Singarella, \$32,934.50; L. P. Federico & Son, \$33,052.01; J. J. Coughlan & Sons Company, \$33,566.30; V. J. Grande Company, \$36,946.55.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing shop supplies and equipment for Boston public schools, opened Monday, August 21, from the following concerns:

General Hardware: Barad Tool and Supply Company, Chandler & Farquhar Company, Incorporated, Cutter, Wood & Sanderson Company, Herrick Company, A. J. Wilkinson Company.

Electrical Supplies: General Electric Supply Corporation, Graybar Electric Company, Incorporated, Massachusetts Gas and Electric Light Supply Company, Union Electrical Supply Company, Incorporated, Wetmore-Savage Electric Supply Company.

Steel and Angle Iron: Arion Steel Company, Compressed Steel Shafting Company, Arthur C. Harvey Company, Stahleker Steel Company, Edgar T. Ward's Sons Company.

Printing Supplies: American Type Founders Sales Corporation, H. Alfred Hansen.

Sheet Metal Supplies: Arion Steel Company, Brown-Wales Company, Herrick Company, Peacard Supply Company.

Painting Supplies: Carpenter-Morton Company, Dexter Brothers Company, Direct Stores, Incorporated, Packard Paint and Varnish Company, Sterling Paint and Varnish Company, Watson, Hallett Company.

Storage Battery and Equipment Supplies: Littlefield-Greene Corporation.

Paper, Rope and Twine: Arnold-Roberts Company, Carter, Rice & Co., Storrs & Bement Company.

Welding Supplies: Air Reduction Sales Company, Arion Steel Company, Cutter, Wood & Sanderson Company, Linde Air Products Company, P. F. McDonald & Co.

Auto Equipment: Cutter, Wood & Sanderson Company, Linscott Supply Company, Littlefield-Greene Corporation.

Lead and Smelting Products: Brown-Wales Company, Cambridge Smelting Company, National-Boston Lead Company.

Masonry Supplies: William S. Simpson, Incorporated.

Plumbing Equipment and Supplies: Standard Plumbing Supply Company.

Pipe and Pipe Fittings: Brown-Wales Company, Standard Plumbing Supply Company, Walworth Company.

Radio Supplies: Graybar Electric Company, Incorporated, Littlefield-Green Corporation, George H. Wahn Company.

All bids were rejected owing to a general advance in prices due to the N. R. A. code. Contracts were made with the following dealers:

November 23, 1933, American Type Founders Corporation, \$2,439.43; November 17, 1933, Arnold-Roberts Company, \$1,493.91; November 17, 1933, Cutter, Wood & Sanderson Company, \$2,103.83; November 21, 1933, Herrick Company, \$1,646.38; November 23, 1933, Union Electrical Supply Company, Incorporated, \$1,713.83; November 21, 1933, A. J. Wilkinson Company, \$3,372.06.

Purchase orders were placed with the following dealers, because of the small amounts involved:

Air Reduction Sales Company, Arion Steel Company, Barad Tool and Supply Company, Brown-Wales Company, Cambridge Smelting Company, Carpenter-Morton Company, Carter, Rice & Co., Chandler & Farquhar Company, Incorporated, Compressed Steel Shafting Company, Dexter Brothers Company, Direct Stores, Incorporated, General Electric Supply Corporation, Graybar Electric Company, Incorporated, H. Alfred Hansen, Arthur C. Harvey Company, Linde Air Products Company, Linscott Supply Company, Littlefield-Greene Corporation, Massachusetts Gas and Electric Light Supply Company, P. F. McDonald & Co., National-Boston Lead Company, Packard Paint and Varnish Company, Peacard Supply Company, William S. Simpson, Incorporated, Stahleker Steel Company, Standard Plumbing Supply Company, Sterling Paint and Varnish Company, Storrs & Bement Company, George H. Wahn Company, Walworth Company, Edgar T. Ward's Sons Company, Watson, Hallett Company, Wetmore-Savage Electric Supply Company.

SUPPLY DEPARTMENT.

Upon November 29 the Mayor approved a contract with Wetmore-Savage Electric Supply Company for furnishing electrical material to the airport, Park Department. Bids, opened November 17, were as follows:

Lot Prices.

50 *Anaconda Ground Rods, Five-Eighths Inch by Six Feet*.—Eagle Electric Supply Company, Incorporated, \$41.94; Wetmore-Savage Electric Supply Company, \$43; Graybar Electric Company, Incorporated, \$44.50, 2 per cent, ten days.

100 *Copper Clamps for No. 1*.—Eagle Electric Supply Company, Incorporated, \$20.50; Wetmore-Savage Electric Supply Company, \$21; Graybar Electric Company, Incorporated, \$34.46, 2 per cent, ten days.

64 *Pounds No. 4 Copper Wire (500 Feet)*.—Eagle Electric Supply Company, Incorporated, \$16; Wetmore-Savage Electric Supply Company, \$10.88; Graybar Electric Company, Incorporated, \$12.16, 1/2 per cent, ten days.

200 *Ground Clamps, Three-Eighths Inch to Two Inches*.—Eagle Electric Supply Company, Incorporated, \$13; Wetmore-Savage Electric Supply Company, \$7.50; Graybar Electric Company, Incorporated, \$8, 2 per cent, ten days.

200 *Soldering Lugs, Five-Sixteenths Inch for No. 6*.—Eagle Electric Supply Company, Incorporated, \$2.50; Wetmore-Savage Electric Supply Company, \$2.40; Graybar Electric Company, Incorporated, \$2.40, 2 per cent, ten days.

200 *Soldering Lugs, Three-Eighths Inch for No. 4*.—Eagle Electric Supply Company, Incorporated, \$3; Wetmore-Savage Electric Supply Company, \$2.70; Gray-

bar Electric Company, Incorporated, \$2.70, 2 per cent, ten days.

100 *Soldering Lugs, One-Half Inch for No. 6*.—Eagle Electric Supply Company, Incorporated, \$2.50; Wetmore-Savage Electric Supply Company, \$2.40; Graybar Electric Company, Incorporated, \$2.35, 2 per cent, ten days.

2 *One and One-Half Inch by Eighteen-Inch Cable Grips*.—Eagle Electric Supply Company, Incorporated, \$7; Wetmore-Savage Electric Supply Company, \$5.40; Graybar Electric Company, Incorporated, \$4.40, 2 per cent, ten days.

2 *1-Inch by 18-Inch Cable Grips*.—Eagle Electric Supply Company, Incorporated, \$6.50; Wetmore-Savage Electric Supply Company, \$5; Graybar Electric Company, Incorporated, \$4, 2 per cent, ten days.

2 *Three-Fourths Inch by Eighteen-Inch Cable Grips*.—Eagle Electric Supply Company, Incorporated, \$5.50; Wetmore-Savage Electric Supply Company, \$4.50; Graybar Electric Company, Incorporated, \$3.60, 2 per cent, ten days.

1 *One and One-Half Inch by Eighteen-Inch Cable Grip*.—Eagle Electric Supply Company, Incorporated, \$4.50; Wetmore-Savage Electric Supply Company, \$3; Graybar Electric Company, Incorporated, \$2.60, 2 per cent, ten days.

1 *1-Inch by 18-Inch Cable Grip*.—Eagle Electric Supply Company, Incorporated, \$4; Wetmore-Savage Electric Supply Company, \$3; Graybar Electric Company, Incorporated, \$2.40, 2 per cent, ten days.

1 *One and One-Half Inch by Eighteen-Inch Cable Grip*.—Eagle Electric Supply Company, Incorporated, \$4.75; Wetmore-Savage Electric Supply Company, \$3.50; Graybar Electric Company, Incorporated, \$3, 2 per cent, ten days.

1 *1-Inch by 18-Inch Cable Grip*.—Eagle Electric Supply Company, Incorporated, \$4.25; Wetmore-Savage Electric Supply Company, \$3.50; Graybar Electric Company, Incorporated, \$2.80, 2 per cent, ten days.

200 *Cable Duct Shields*.—Eagle Electric Supply Company, Incorporated, \$24.96; Wetmore-Savage Electric Supply Company, \$25.24; Graybar Electric Company, Incorporated, \$24.94, 2 per cent, ten days.

2 *B. & L. C Hooks*.—Eagle Electric Supply Company, Incorporated, \$3.50; Wetmore-Savage Electric Supply Company, \$3.70; Graybar Electric Company, Incorporated, \$3.30, 2 per cent, ten days.

2 *No. 320 Reel Jacks*.—Eagle Electric Supply Company, Incorporated, \$60; Wetmore-Savage Electric Supply Company, \$51.50; Graybar Electric Company, Incorporated, \$42, 2 per cent, ten days.

2 *No. 43 Reel Jacks*.—Eagle Electric Supply Company, Incorporated, \$19.20; Wetmore-Savage Electric Supply Company, \$30; Graybar Electric Company, Incorporated, \$24, 2 per cent, ten days.

1 *C. & L. Coil Fire Pot*.—Eagle Electric Supply Company, Incorporated, \$8; Wetmore-Savage Electric Supply Company, \$7; Graybar Electric Company, Incorporated, \$8, 2 per cent, ten days.

1 *C. & L. Windshield for No. 19*.—Eagle Electric Supply Company, Incorporated, \$5; Wetmore-Savage Electric Supply Company, \$3.50; Graybar Electric Company, Incorporated, \$2, 2 per cent, ten days.

1 *C. & L. Gasoline Torch*.—Eagle Electric Supply Company, Incorporated, \$4.20; Wetmore-Savage Electric Supply Company, \$5.50; Graybar Electric Company, Incorporated, \$5.30, 2 per cent, ten days.

2 Soldering Coppers, 6 Pounds Per Pair.—Eagle Electric Supply Company, Incorporated, \$1.75; Wetmore-Savage Electric Supply Company, \$1.50*; Graybar Electric Company, Incorporated, \$4, 2 per cent, ten days.

50 Pounds Half and Half Stick Solder.—Eagle Electric Supply Company, Incorporated, \$16.50; Wetmore-Savage Electric Supply Company, \$14*; Graybar Electric Company, Incorporated, \$21, 2 per cent, ten days.

50 Pounds Half and Half Wire Solder.—Eagle Electric Supply Company, Incorporated, \$20.50; Wetmore-Savage Electric Supply Company, \$15.50*; Graybar Electric Company, Incorporated, \$18, 2 per cent, ten days.

12 1-Pound Tins Nokorode Soldering Paste.—Eagle Electric Supply Company, Incorporated, \$9; Wetmore-Savage Electric Supply Company, \$8.04*; Graybar Electric Company, Incorporated, \$9, 2 per cent, ten days.

100 Pounds Wetmore-Savage Friction Tape.—Eagle Electric Supply Company, Incorporated, \$25; Wetmore-Savage Electric Supply Company, \$25*; Graybar Electric Company, Incorporated, \$32, 2 per cent, ten days.

100 Pounds Wetmore-Savage Rubber Compound.—Eagle Electric Supply Company, Incorporated, \$28; Wetmore-Savage Electric Supply Company, \$28*; Graybar Electric Company, Incorporated, \$32.50, 2 per cent, ten days.

500 Feet Copper Bonding Wire.—Eagle Electric Supply Company, Incorporated, \$16.80; Wetmore-Savage Electric Supply Company, \$10*; Graybar Electric Company, Incorporated, \$15.60, ½ per cent, ten days.

250 Tinned Copper Bonding Plates.—Eagle Electric Supply Company, Incorporated, \$25; Wetmore-Savage Electric Supply Company, \$20.*

1 Insulating Compound Kettle.—Eagle Electric Supply Company, Incorporated, \$15; Wetmore-Savage Electric Supply Company, \$4.80.*

24 1-Gallon Cans Insulating Paints.—Eagle Electric Supply Company, Incorporated, \$22.80; Wetmore-Savage Electric Supply Company, \$30*; Graybar Electric Company, Incorporated, \$36, 2 per cent, ten days.

3 Pairs Klein's Side Cutting Pliers.—Eagle Electric Supply Company, Incorporated, \$8.70; Wetmore-Savage Electric Supply Company, \$7.50*; Graybar Electric Company, Incorporated, \$6, 2 per cent, ten days.

2 Pairs Slip Joint Pliers, 8-Inch.—Eagle Electric Supply Company, Incorporated, \$3; Wetmore-Savage Electric Supply Company, \$2*; Graybar Electric Company, Incorporated, \$2.50, 2 per cent, ten days.

12 Westinghouse Series Cut-outs.—Eagle Electric Supply Company, Incorporated, \$77.76; Wetmore-Savage Electric Supply Company, \$156.*

2 G. E. Current Transformers.—Eagle Electric Supply Company, Incorporated, \$674; Wetmore-Savage Electric Supply Company, \$674; Graybar Electric Company, Incorporated, \$680.

2 G. E. Series Protectors.—Eagle Electric Supply Company, Incorporated, \$132; Wetmore-Savage Electric Supply Company, \$132; Graybar Electric Company, Incorporated, \$132.

2 G. E. Overload Trips.—Eagle Electric Supply Company, Incorporated, \$200; Wetmore-Savage Electric Supply Company, \$200; Graybar Electric Company, Incorporated, \$200.

2 Westinghouse Current Regulators.—Wetmore-Savage Electric Supply Company, \$674.*

2 Westinghouse R. C. O. C. Relays.—Wetmore-Savage Electric Supply Company, \$132.*

2 Westinghouse R. C. O. C. Oil Switches.—Wetmore-Savage Electric Supply Company, \$160.*

24 G. E. Series Cut-Outs.—Eagle Electric Supply Company, Incorporated, \$168; Wetmore-Savage Electric Supply Company, \$159.60*; Graybar Electric Company, Incorporated, \$168.

36 Rolls G. E. White Cotton Tape, Three-Fourths Inch by Seven One-Thousandths Inch.—Eagle Electric Supply Company, Incorporated, \$12.42; Wetmore-Savage Electric Supply Company, \$27*; Graybar Electric Company, Incorporated, \$18, 2 per cent, ten days.

144 Rolls G. E. Yellow Varnished Cambric.—Eagle Electric Supply Company, Incorporated, \$50.76; Wetmore-Savage Electric Supply Company, \$41.76*; Graybar Electric Company, Incorporated, \$47.52, 2 per cent, ten days.

24 Disconnecting Fuse Cut-outs.—Eagle Electric Supply Company, Incorporated, \$129; Wetmore-Savage Electric Supply Company, \$129.60*; Graybar Electric Company, Incorporated, \$132.77.

200 Fuse Links, Assorted for No. 39.—Eagle Electric Supply Company, Incorporated, \$53; Wetmore-Savage Electric Supply Company, \$48*; Graybar Electric Company, Incorporated, \$53.

50 Two and One-Half Inch Conduit Elbows.—Eagle Electric Supply Company, Incorporated, \$71.18; Wetmore-Savage Electric Supply Company, \$78.44*; Graybar Electric Company, Incorporated, \$22.51, 5 per cent, ten days.

200 Feet, Two-Inch Sheraduet or Buekye.—Eagle Electric Supply Company, Incorporated, \$51.79; Wetmore-Savage Electric Supply Company, \$56.95*; Graybar Electric Company, Incorporated, \$56.95, 5 per cent, ten days.

30 Two and One-Half Inch by Two-Inch Pipe Couplings.—Eagle Electric Supply Company, Incorporated, \$13.50; Wetmore-Savage Electric Supply Company, \$12*; Graybar Electric Company, Incorporated, \$14.70, 2 per cent, ten days.

No. 10, Two-Inch Two-Hole Pipe Clips.—Eagle Electric Supply Company, Incorporated, \$1; Wetmore-Savage Electric Supply Company, 90 cents*; Graybar Electric Company, Incorporated, 90 cents, 2 per cent, ten days.

12 Seven-Eighths Inch Concrete Drills.—Eagle Electric Supply Company, Incorporated, \$5.04; Wetmore-Savage Electric Supply Company, \$4.80*; Graybar Electric Company, Incorporated, \$4.20, 2 per cent, ten days.

12 Five-Eighths Inch Concrete Drills.—Eagle Electric Supply Company, Incorporated, \$3.78; Wetmore-Savage Electric Supply Company, \$4*; Graybar Electric Company, Incorporated, \$3.20, 2 per cent, ten days.

12 One-Half Inch Concrete Drills.—Eagle Electric Supply Company, Incorporated, \$3.15; Wetmore-Savage Electric Supply Company, \$3*; Graybar Electric Company, Incorporated, \$2.70, 2 per cent, ten days.

200 Three-Eighths Inch by Three and One-Half Inch Expansion Bolts.—Eagle Electric Supply Company, Incorporated, \$17.30; Wetmore-Savage Electric Supply Company, \$16.80*; Graybar Electric Company, Incorporated, \$15.74, 2 per cent, ten days.

100 Three-Eighths Inch by Five and One-Half Inch Expansion Bolts.—Eagle

Electric Supply Company, Incorporated, \$11; Wetmore-Savage Electric Supply Company, \$10.50*; Graybar Electric Company, Incorporated, \$9.99, 2 per cent, ten days.

100 One-Half Inch by Four-Inch Expansion Bolts.—Eagle Electric Supply Company, Incorporated, \$14.11; Wetmore-Savage Electric Supply Company, \$14*; Graybar Electric Company, Incorporated, \$12.83, 2 per cent, 10 days.

50 One-Half Inch by Five and One-Half Inch Expansion Bolts.—Eagle Electric Supply Company, Incorporated, \$7.93; Wetmore-Savage Electric Supply Company, \$7.63*; Graybar Electric Company, Incorporated, \$7.21, 2 per cent, ten days.

200 Three-Eighths Inch No. 23 Lead Sleeves.—Eagle Electric Supply Company, Incorporated, \$4.30; Wetmore-Savage Electric Supply Company, \$5*; Graybar Electric Company, Incorporated, \$4.32, 2 per cent, ten days.

100 One-Half Inch No. 24 Lead Sleeves.—Eagle Electric Supply Company, Incorporated, \$6.42; Wetmore-Savage Electric Supply Company, \$7.50*; Graybar Electric Company, Incorporated, \$2.33, 2 per cent, ten days.

2 Three-Eighths Inch No. 68 Tamping Tools.—Eagle Electric Supply Company, Incorporated, 61 cents; Wetmore-Savage Electric Supply Company, 57 cents*; Graybar Electric Company, Incorporated, 61 cents, 2 per cent, ten days.

1 One Half-Inch No. 69 Tamping Tool.—Eagle Electric Supply Company, Incorporated, 35 cents; Wetmore-Savage Electric Supply Company, 29 cents*; Graybar Electric Company, Incorporated, 35 cents, 2 per cent, ten days.

500 Diamond Calking Anchors.—Eagle Electric Supply Company, Incorporated, \$10.80; Wetmore-Savage Electric Supply Company, \$3*; Graybar Electric Company, Incorporated, \$8.90, 2 per cent, ten days.

144 One and One Quarter-Inch by One Quarter-Inch by 20-Inch Machine Screws.—Eagle Electric Supply Company, Incorporated, \$2.35; Wetmore-Savage Electric Supply Company, \$3*; Graybar Electric Company, Incorporated, \$1.55, 2 per cent, ten days.

Cash Discount for Payment in Ten Days.—Wetmore-Savage Electric Supply Company, one half of 1 per cent.

*Contract awarded.

Upon December 1 the Mayor approved a contract with Doe-Sullivan & Co., Incorporated, for furnishing approximately 716 cases nearby fresh henner eggs to the various city departments during December, 1933, Bids, opened November 29, were as follows:

21,480 Dozen Nearly Fresh Henner Eggs.—Lewis-Mears Company, 33 cents per dozen; total, \$7,088.40; Doe-Sullivan & Co., Incorporated, 29.67 cents per dozen; total, \$6,373.12.

CHANGES IN CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Permission has been given to issue an order of change, making an addition in the sum of \$3,275.50, to the contract of the Rugo Construction Company, Incorporated, for the erection and completion of the addition to the William Barton Rogers School, Harvard avenue and Webster street, Hyde Park district, Boston, Mass.

This amount is necessary in order to pay for the construction of a concrete driveway leading from Everett street to the rear of the lunch room.

The following amount of work will be involved: 110 cubic yards concrete at \$16, \$1,760; 25 square yards cork asphalt paving at \$3, \$75; patching 190 square feet granolithic walks at 30 cents, \$57; taking out old concrete driveway, 1,200 square feet at 10 cents, \$120; 75 cubic yards earth excavation at 75 cents, \$56.25; 111.2 cubic yards rock excavation at \$4, \$444.80; 200 square feet retaining wall to be finished at 20 cents, \$40; 6 cubic yards earth excavation on retaining wall at \$2.50, \$15; 23 cubic yards backfilling at 50 cents, \$11.50; 9,015 pounds reinforcing steel for driveway at 4 cents, \$360; resetting granite corners and curb at street, \$20; finish grading, \$50; new iron gate and revamping iron fence to accommodate same, \$150; taking down chain link fence and installing end post at edge of driveway, \$35—\$3,195.15; bond, \$47.92 \$3,243.07; insurance, \$32.43—\$3,275.50.

Hugo Construction Company, Incorporated has been allowed for the following changes in the contract for the William Barton Rogers School addition, additions as per estimate approved: Furnishing and installing complete kalamein smoke screen in corridor adjacent to boiler room, \$363; furnishing a wooden box with hinged cover to inclose iron grates, \$23, making a total addition of \$386. Allowance on order of change, \$3,063, \$800 less amount of corrected invoice, \$545, making a deduction on account of adjustment of insurance cost of \$334.40, and a net addition of \$51.60, per Supervisor of Alterations Driscoll's letter of November 16, 1933, and the amount of \$61.60 will be added therefor, making the account as follows: Contract price, \$217,221; total additions, \$19,941.04; amount of contract, \$237,162.04.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

PLAYGROUND WORKERS, SUPERVISORS AND ASSISTANT SUPERVISORS, DECEMBER 27, 1933.

Last day for filing applications, Monday, December 18, 1933, at 5 p. m.

This examination will be for the service of all the cities and towns in the state where these positions are under civil service.

The playgrounds ordinarily are open from April to November. During the school year sessions are usually held after school hours and on Saturdays, and on all days except Sundays during the summer. In the summer, the usual salary is from \$15 to \$25 a week. The examination is open to both men and women.

Entrance requirement: Applicants must have education equivalent to high school graduation.

The general duties of playground workers require a knowledge of the interests of children, ability to organize and conduct playground activities and adult recreation. It is desirable that applicants have education, training or experience in physical culture, playground work, and physical training of juveniles.

Subjects and weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

There will also be a supplementary paper for those wishing to qualify as swimming instructors in playgrounds having a pool.

Passing requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Applicants who wish to be certified to positions as playground supervisors must have at least two seasons' actual experience in playground work.

Physical fitness to be determined by a physical examination.

TRAFFIC COMMISSION RULING.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be sixty (60) days, vehicles are excluded from Savin Hill avenue, Dorchester district, between Auckland street and Dorchester avenue, effective December 11, 1933.

C. W. A. SUPPLIES AND EMPLOYEES SECURED IN REGULATION MANNER.

Mayor Curley addressed the following communication to Chairman Lane of the Commissioners of School Buildings on December 11:

DEAR MR. LANE,—I am in receipt of your letter under date of December 8 requesting that the Superintendent of Construction of the School Buildings Department be permitted to purchase such supplies as may be required from time to time in connection with the C. W. A. program and also requesting that the Superintendent of Construction be permitted to designate the persons to be employed in the School Buildings Department under the C. W. A. program.

I have conferred this day with the Superintendent of Supplies, Mr. Phillip

Chapman, and have been informed by him that under the ruling of the State Administrator he has no authority to delegate the power which has been conferred upon him to any other person.

I have conferred with Mr. Walter McCarthy, who is the Federal Employment Director for Boston, and have been informed by him that he has no power to select any individual for employment under the C. W. A. program other than those recommended through the heads of the Federal Employment Agency and those who are selected from the public welfare rolls in accordance with the number of persons dependent upon them for support. Mr. McCarthy informed me further that the Federal Employment Agency is giving preference in employment to veterans in accordance with the number of their dependents, and these rules must be strictly adhered to so that it will be necessary to accept whatever persons may be selected for employment in your department in the same manner that every other Department is required to accept them.

Sincerely,

JAMES M. CURLEY, Mayor.

REPLY TO HARVEY S. CHASE.

On December 8 the Mayor issued the following statement:

The criticism by Harvey S. Chase, an accountant, before the special legislative committee on the revision of the Boston Charter, was unquestionably due to the fact that Mr. Chase is still living in the golden era of Nathan Matthews and is unfamiliar with the fact that a state commission for a period of four years has been making studies and compiling data with reference to the installation of a more modern system of accounting in the municipalities of the Commonwealth.

If Mr. Chase had taken the time to examine his tax bill any year for the last four years he would find therein an item, this year representing in excess of \$11,000, paid by the city to the state as its contribution toward the cost of developing and installing a more improved system of municipal accounting.

This work of the state has dragged on for four years and there is no definite knowledge as to when the work will be completed so that neither Mr. Carven nor any individual connected with the administration of affairs in Boston is responsible for the failure to install a system that might be acceptable to Mr. Chase.

The relations between Mr. Chase and the present City Auditor, Mr. Carven, have not been harmonious for a long period of years, and this has been due to the fact that notwithstanding Mr. Chase's standing as an accountant, in every discussion and encounter that he has had with Mr. Carven with reference to the Auditing Department, or the accounting of the affairs of the City of Boston, Mr. Chase has been placed in an unfavorable light and Mr. Carven apparently has never experienced any difficulty in proving the weakness of the case presented by Mr. Chase.

Under the administration of Mr. Carven, in so far as the law would permit, there has been a constant and progressive improvement in the reports of the auditor and in the conduct of the Auditing Department.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,
PAYSON SMITH,
STEPHEN C. GARRITY,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House Boston, Mass.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Archdale road, West Roxbury district, as a highway, from Washington street southeasterly and thence southerly, bounded and described as follows:

An extension of the highway named Archdale road is hereby laid out, from Washington street southeasterly and thence southerly, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Civil Works Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for

street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Washington street, forty feet; northeasterly by the northeasterly line of said extension of said Archdale road as hereby laid out, four hundred nine and 4-100 feet; easterly by the easterly line of said extension of said Archdale road as hereby laid out, by two measurements, one hundred forty-three and 44-100 feet and ninety-two and 69-100 feet on a curve of three hundred and five feet radius; southerly by the southerly line of said extension of said Archdale road as hereby laid out, forty-one and 4-100 feet; westerly by the westerly line of said extension of said Archdale road as hereby laid out, by three measurements, ninety-five and 8-100 feet on a curve of three hundred and forty-five feet radius, eighty-seven and 17-100 feet and forty and 63-100 feet on a curve of ninety feet radius; and southwesterly by the south-

westerly line of said extension of said Archdale road as hereby laid out, three hundred fifty-two and 93-100 feet.

No betterments are to be assessed.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Archdale road, West Roxbury district, as a highway, from Washington street southeasterly and thence southerly, under the order of the Board of December 11, and awards no damages therefor.

TRANSFERS IN APPROPRIATIONS.

City Auditor Rupert S. Carven announces the following transfers in appropriations in departments of the City of Boston and County of Suffolk, indorsed by Budget Commissioner Charles J. Fox and approved by his Honor the Mayor:

ASSESSING DEPARTMENT.

BOSTON, November 22, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Assessing Department:

From the appropriation for A-1, Personal Service, Permanent Employees, \$200, to the appropriation for A-3, Personal Service, Unassigned, \$200.

To provide compensation for services of the chairman of the Dooming Board.

Respectfully,

NEAL P. HOLLAND,
Acting Chairman.

The above transfer was made by the City Auditor with the approval of the Mayor November 28, 1933.

AUDITING DEPARTMENT.

BOSTON, November 29, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

SIR,—Under authority of section 3 of chapter 486 of the Acts of 1909, and amendments thereto, I will, with your approval, make the following transfer:

From Reserve Fund, \$500, to Mayor, Office Expenses, B, Service Other than Personal, \$500.

Respectfully,

RUPERT S. CARVEN,
City Auditor.

The above transfer was made by the City Auditor with the approval of the Mayor November 29, 1933.

BOSTON TRAFFIC COMMISSION.

BOSTON, November 24, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Boston Traffic Commission:

From the appropriation for C-3, Electrical Equipment, \$500, to the appropriation for D-11, Motor Vehicle Supplies, \$500.

To provide sufficient funds where appropriation has been found insufficient.

Respectfully,

JOSEPH A. CONRY,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor November 29, 1933.

COLLECTING DEPARTMENT.

BOSTON, November 27, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriation of the Collecting Department:

From the appropriation for B-1, Service Other than Personal, \$164.33, to the appropriation for A-2, Temporary Employees, \$164.33.

Transfer necessary to cover cost of retention of former permanent employee, completing work unfinished at time of his retirement.

Respectfully,

WILLIAM M. McMORROW,
Collector.

The above transfer was made by the City Auditor with the approval of the Mayor November 28, 1933.

ELECTION DEPARTMENT.

BOSTON, November 22, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Election Department:

From the appropriation for C, Equipment, \$51.53, to the appropriation for B, Service Other than Personal, \$51.53.

Miscellaneous expenses incurred incident to the recount of votes in the last municipal election which were not anticipated in preparation of our budget.

Respectfully,

PETER F. TAGUE,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor November 28, 1933.

INSTITUTIONS DEPARTMENT.

BOSTON, November 24, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Institutions Department:

From the appropriation for Child Welfare Division, A-2, Temporary, \$231.82, to the appropriation for Child Welfare Division, A-1, Permanent Employees, \$231.82.

To provide for necessary personnel adjustment.

Respectfully,

JAMES E. MAGUIRE,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor November 28, 1933.

MARKET DEPARTMENT.

BOSTON, November 15, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Market Department:

From the appropriation for B, Service Other than Personal, \$15, to the appropriation for C, Equipment, \$15.

To balance the accounts for the year 1933.

Respectfully,

AMBROSE WOODS,
Superintendent.

The above transfer was made by the City Auditor with the approval of the Mayor November 28, 1933.

PARK DEPARTMENT.

BOSTON, November 24, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Park Department:

From the appropriation for Cemetery Division, A-1, Permanent Employees, \$8,000; C, Equipment, \$1,000; E, Material, \$1,000, to the appropriation for Park Division, A-1, Permanent Employees, \$10,000.

From Cemetery Division, B, Services Other than Personal, \$3,000, to Park Division, B, Services Other than Personal, \$3,000.

From Park Division, G, Equipment, \$600; D, Supplies, \$3,700, to Park Division, E, Materials, \$4,300.

A severe reduction of \$42,327.42 in the item Permanent Employees after the final allowances had been made makes it necessary to ask for the above transfer of \$10,000.

The other transfers are made necessary by conditions unforeseen when making up the budget.

Respectfully,

WILLIAM P. LONG,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor November 28, 1933.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, November 25, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained will you kindly approve and forward to the Mayor the following request for transfer of available funds to the appropriations of the Public Buildings Department.

From the appropriation for Reserve Fund, \$6,850, to the appropriation for B, Service Other than Personal, \$6,850.

To take care of the housing of various city departments in Young's Hotel for month of December, 1933.

Respectfully yours,

JOHN P. ENGLERT,
Superintendent of Public Buildings.

The above transfer was made by the City Auditor with the approval of the Mayor November 25, 1933.

TREASURY DEPARTMENT.

BOSTON, November 28, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Treasury Department:

From the appropriation for B, Service Other than Personal, \$610, to the appropriation for C, Equipment, \$110; D, Supplies, \$500.

Due to the unusual expenditures for coupon bonds and the necessity of purchasing a check writer these transfers are necessary.

Respectfully,

A. F. SWAN,
Acting Treasurer.

The above transfers were made by the City Auditor with the approval of the Mayor November 29, 1933.

SUPREME JUDICIAL COURT.

BOSTON, November 24, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Supreme Judicial Court:

From the appropriation for D-1, \$150, to the appropriation for C-10, \$150.

Our appropriation under Budget Item C-10 is insufficient to pay the bills against this item, and I respectfully request that a transfer of \$150 be made from Budget Item D-1.

Respectfully,

JOHN F. CRONIN,
Clerk.

The above transfer was made by the City Auditor with the approval of the Mayor November 28, 1933.

WEST ROXBURY COURT.

BOSTON, November 15, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the West Roxbury Court:

From the appropriation for A-2, Personal Service, Temporary Employees, \$13.45, to the appropriation for G-1, Miscellaneous, Probation Officers' Expenses, \$13.45.

To cover probation officers' expenses in November 30, 1933, draft.

Respectfully,

GEORGE B. STEBBINS,
Clerk.

The above transfer was made by the City Auditor with the approval of the Mayor November 28, 1933.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Whitford street, West Roxbury district, as a highway, over and including the private way known as Clarendon avenue, from Augustus avenue to Poplar street, bounded and described as follows:

An extension of the highway named Whitford street is hereby laid out, from Augustus avenue to Poplar street, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Civil Works Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Augustus avenue, one hundred four and 3-100 feet; easterly by the easterly line of said extension of said

Whitford street as hereby laid out, thirty-four and 9-100 feet on a curve of twenty-three feet radius; northeasterly by the northeasterly line of said extension of said Whitford street as hereby laid out, sixteen hundred thirty and 15-100 feet; northerly by the northerly line of said extension of said Whitford street as hereby laid out, seventy and 28-100 feet on a curve of forty-seven and 9-100 feet radius; southeasterly by Poplar street, one hundred thirty-eight and 13-100 feet; westerly by the westerly line of said extension of said Whitford street as hereby laid out, sixty-four and 51-100 feet on a curve of thirty-seven and 21-100 feet radius; southwesterly by the southwesterly line of said extension of said Whitford street as hereby laid out, sixteen hundred four and 32-100 feet; and southerly by the southerly line of said extension of said Whitford street as hereby laid out, forty-nine and 87-100 feet on a curve of thirty feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Whitford street, West Roxbury district, as a highway, from Augustus avenue to Poplar street, under the order of the Board of December 12, and awards no damages therefor.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 4, 1933.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President McGRATH in the chair. Absent, Coun. Gallagher.

Harold E. Cutlip, Ward 1; Harold L. Walsh, Ward 1; William L. Gallagher, Ward 2; Fred B. Harris, Ward 2; Thomas W. Powers, Ward 2; Winson W. Raymond, Ward 2; Francis B. Tague, Ward 2; John Hartnett, Ward 3; Francis H. Kennedy, Ward 4; Patrick F. Herlihy, Ward 6; Fred Buxton, Ward 7; Arthur L. Weris, Ward 9; Joseph Gerte, Ward 14; Thomas C. Prue, Ward 14; David A. Schiff, Ward 17; Anson B. Norton, Ward 20; Seth V. Parks, Ward 20; Joseph P. Reilly, Ward 20; Joseph H. Harvey, Ward 21; Archie R. Whitman, Ward 22.

Twenty-four traverse jurors, Superior Civil Court, Seventh Session, January Sitting, to appear January 2, 1934:

John P. Burke, Ward 1; Anthony Corredo, Ward 3; John J. Kennedy, Ward 3; Harold J. Campbell, Ward 4; Arthur F. Chase, Ward 4; George L. Couthrell, Ward 4; Harry C. Willis, Ward 4; John Collius, Ward 5; John J. McMullin, Ward 5; William J. Hayes, Ward 6; Hubert R. Riley, Ward 8; John J. Hanson, Ward 9; Michael Hurley, Ward 9; William J. McLoud, Ward 9; Edward J. O'Rourke, Ward 10; John W. Nixon, Ward 11; Alexander Wilson, Ward 11; Walter E. Langley, Ward 13; John H. Patterson, Ward 16; John F. Ahern, Ward 17; Breer F. Ericson, Ward 17; Thomas J. Muleahy, Ward 17; Thomas J. Dolan, Ward 19; John J. Hendrick, Ward 20.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted appointments for the term ending April 30, 1934, viz.:

Weighers of Coal: John E. Biddescombe, 212 Lexington avenue, Cambridge; Allan N. Hinkley, 88 Billings street, North Quincy; Francis F. Griffith, 20 Elston street, West Somerville; Gilbert R. MacDonald, 250 Stuart street, Boston; Stanley Tucker, 18 Upland road, Watertown.

Constable, with authority to serve civil process upon the filing of the proper bond: Gustav Spanier, 155 Strathmore road, Brighton.

Constable, without authority to serve civil process: Charles J. Lennon, 101 Anawan avenue, West Roxbury.

Constable, to serve without bonds and without authority to serve civil process: Stephen J. Connolly, 19 Pinedale road, Roslindale.

Severally laid over a week under the law.

SAVIN HILL BATH HOUSE.

The following was received:

City of Boston,
Office of the Mayor, November 29, 1933.
To the City Council.
Gentlemen,—In reply to the order adopted by your honorable body, passed under date of November 27, reading as follows:

Ordered, That his Honor the Mayor request the Park Commissioner to include in the present Civil Works program the building of a new Savin Hill bath house, recently destroyed by fire, and the filling in of Savin Hill Playground, to make it dry and desirable for playing purposes.

I beg to state that the question of a new bath house does not come under the Civil Works Administration and consequently nothing can be done upon this matter.

Very truly yours,
JAMES M. CURLEY, Mayor.

Placed on file.

ADDITIONAL TENNIS COURTS.

The following was received:

City of Boston,
Office of the Mayor, November 29, 1933.
To the City Council.
Gentlemen,—In reply to the order adopted by your honorable body, under date of November 27, and reading as follows:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to use part of the money allotted by the government to the use of the Park Department, for the erection of fifty additional tennis courts in Boston, and to resurface and make playable the present tennis courts located in Boston's parks.

I wish to state that provision has been made in the program as submitted by the Park Commission to the Emergency Finance Board covering such matters as contained in the order.

Very truly yours,
JAMES M. CURLEY, Mayor.

Placed on file.

PARKMAN FUND INCOME.

The following was received:

City of Boston,

Office of the Mayor, December 4, 1933.

To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$16,564.45 from the income of the George F. Parkman Fund to the maintenance and improvement of the Common and parks in existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its immediate passage by your honorable body.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, December 4, 1933.

Hon. James M. Curley,

Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$16,564.45, which is the final balance now available, to be expended under the direction of the Park Commissioners as follows:

Common and Parks in existence on January 12, 1887, Maintenance and Improvement of \$16,564 45

When the budget estimates were made up for the year 1933 a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1933, to be transferred as it accrued from time to time during the year to the regular appropriation of the Park Department.

Respectfully yours,

DANIEL J. BYRNE, Secretary.

Ordered, That the sum of \$16,564.45 be, and hereby is, appropriated, from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the maintenance and improvement of the Common and parks in existence on January 12, 1887, as follows:

Common and Parks in existence on January 12, 1887, Maintenance and Improvement of \$16,564 45
Referred to Executive Committee.

RESCISSION OF MARINE PARK DEVELOPMENT ORDER.

The following was received:

City of Boston,

Office of the Mayor, December 4, 1933.

To the City Council.

Gentlemen,—I am submitting herewith an order providing for the rescission of that portion of the public works program order, passed by your honorable body at the last meeting, relating to Item 1 in this program, namely, the development of Marine Park, Castle Island and South Boston Stranway.

This action is made necessary because of information received by the city that the portion of this project which was to be included in the C. W. A. program of the city will not be considered until the city has definitely provided funds for the completion of the project.

Because of the natural delay attendant on public works projects, it is evident that the contribution contemplated by the city, under this program, for the Stranway project, would not be available in time to permit any work being started under the C. W. A.

Arrangements must be made, therefore, to furnish this contribution in a more expeditious manner. Because of this fact I deem it necessary to eliminate the item in question from the public works program and I accordingly recommend adoption of the accompanying order by your honorable body.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That the portion of the Council order, pertaining to the public works program of the city adopted by the City Council under date of November 27, 1933, and approved by the Mayor under date of November 28, 1933, with respect to the following item:

1. Marine Park, Castle Island, and South Boston Stranway development, including the dredging of mud flats in Pleasure Bay, the sanding of Pleasure Bay Beach and the permanent resurfacing of Columbia road and Stranway road, at an estimated cost of \$300,000

be, and the same hereby is, rescinded.

Referred to Executive Committee.

SALE OF POLICE STATION 12.

The following was received:

City of Boston,

Office of the Mayor, December 4, 1933.

To the City Council.

Gentlemen,—I am in receipt of the inclosed communication from the Superintendent of Public

Buildings recommending that Police Station 12 be sold and I recommend the authorization of such sale by your honorable body at the price of \$11,250.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Public Buildings Department,

November 14, 1933.

Hon. James M. Curley,

Mayor of Boston.

Dear Sir,—I am informed by Municipal Auctioneer Edward W. Foye that the St. Augustine's Court of the Massachusetts Catholic Order of Forerresters is interested in purchasing old Police Station 12, recently abandoned by the Police Department and turned over to this department, at a price of \$11,250.

Inasmuch as this property is of very little value for municipal purposes, I feel the offer to be a good one and recommend that an order be presented to the City Council authorizing the said sale.

Respectfully yours,

JOHN P. ENGLERT,

Superintendent of Public Buildings.

Referred to Committee on Public Lands.

WILL OF SAMUEL GROSS DAVIS.

The following was received:

City of Boston,

Office of the Mayor, November 1, 1933.

To the City Council.

Gentlemen,—I beg to submit herewith order providing for authority to agree to the payment by the executor of the will of the late Samuel Gross Davis to the town of Brunswick, Maine, Nathaniel Davis Fund, the sum of \$9,900 in full satisfaction of legacy which is a sum sufficient to purchase six busts bequeathed to the Museum of Fine Arts by the will of the late Samuel Gross Davis which legacy said Museum of Fine Arts has declined to accept.

The reason for this order is that the City of Boston by the terms of the will of the late Samuel Gross Davis is a beneficiary of one fifth of the residue of said estate.

It is provided in said will that the Museum of Fine Arts receive a sum of money sufficient to purchase for busts, ready for exhibition, to be made of the best fine-grained, clear, pure white Italian marble, one of Wendell Phillips, one of Edwin M. Stanton, one of William Pitt Fessenden, and one of Hanibal Hamlin, and by a codicil was added sufficient money to purchase a bust of the late Governor George S. Boutwell, and Theodore Parker.

The letter further provides that "any lapsed legacy or devise or other property not disposed of" shall be given to the town of Brunswick, Maine, to be added to the Nathaniel Davis Fund.

The Museum of Fine Arts having refused this legacy it became necessary to determine the cost of said busts, as this cost would bear directly upon the extent of the lapsed legacy.

The Henry Murray Company had offered to furnish these busts at a sum of \$9,900, and in this way the value of the legacy was determined.

The town of Brunswick, Maine, has agreed that the sum of \$9,900 is a fair and reasonable amount for them to receive under this legacy, and as such payment does not effect the legacy due to the City of Boston, and for the purpose of having the legacy take effect, and the benefits to the City of Boston derived under the will be paid I recommend the adoption of the same by your honorable body.

Yours truly,

JAMES M. CURLEY, Mayor.

Ordered, Whereas, Samuel Gross Davis, late of Boston, County of Suffolk, and Commonwealth of Massachusetts, died, leaving a will which was allowed by the Probate Court of the County of Suffolk, December 22, 1932 in which the City of Boston became a beneficiary under the residuary clause; and

Whereas, Said bequest was accepted by the City of Boston, June 12, 1933, approved by his Honor the Mayor on June 13, 1933; and to

Whereas, An alternate bequest was made the Museum of Fine Arts which if they refused to accept was to be paid to the town of Brunswick, Maine, Nathaniel Davis Fund; and

Whereas, The Museum of Fine Arts has declined to accept the legacy, and it being found that this legacy amounts to ninety-nine hundred dollars; now, therefore, it is hereby

Ordered, That the City of Boston approve the payment of the said ninety-nine hundred dollars to the said town of Brunswick, Maine, Nathaniel Davis Fund upon the procuring of a release from it of any further claims against funds provided in the residuary clause of said will.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named, viz.:

Claims.

George J. Chisholm, for compensation for land taken by Public Works Department.

Doe & Ingalls, Inc., for refund on refuse tickets.

Mrs. Jeremiah T. Hallahan, for compensation for injuries caused by an alleged defect at 1202 and 1204 Commonwealth avenue.

Mrs. Frank Kivcala, for compensation for damage to property at 91 Wilmington avenue, Dorchester, caused by water being shut off.

Frank Repucha, for compensation for collapse of boiler at 18 Dacia street, caused by water being shut off.

Florence S. B. Robinson, for compensation for damage to property at 113 Washington street, Brighton, caused by construction of sidewalk.

Conrad H. Schultz, for compensation for damage to property at 41 Houghton street, Dorchester, caused by leak in cellar.

John J. Daley, to be reimbursed for judgment issued against him on account of his acts as an employee of the Department of School Buildings.

Susan M. Woll, for refund on refuse tickets.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Ruth Taylor, Masonic Hall, 670 Centre street, December 15 and 16.

Catherine Rowe, Mary Curley School, December 8.

APPROVAL OF CONSTABLE'S BOND.

The constable's bond of John T. McGovern, having been duly approved by the City Treasurer, was received and approved.

KEEPER OF CITY LOCKUP.

Notice was received from Police Commissioner E. C. Hultman of appointment of Lieut. Thomas W. O'Donnell of Police Department as keeper of the city lockup for term of one year, commencing as of November 24, 1933.

Placed on file.

ADDITIONAL VOTING PRECINCTS IN WARD 3.

A communication was received from the Board of Election Commissions with copy of vote increasing number of voting precincts in Ward 3 from 11 to 16.

The communication and list attached were ordered printed and placed on file.

RETURNS OF CITY ELECTION.

The following was received:

City of Boston,

Board of Election Commissioners,

November 27, 1933.

Wilfred J. Doyle, Esq.,

City Clerk.

Dear Sir,—We certify that at the City Election held in the City of Boston on November 7, 1933, for the choice of Mayor for the term of four years, that Frederick W. Mansfield, of 15 Elm Hill avenue, was duly elected to said office.

We further certify that for the choice of one member of the City Council from each ward, for the term of two years, the following were elected from the wards as set forth against their names:

Ward 1. Henry Selvittella, 80 Orient avenue.

Ward 2. Thomas H. Green, 117 Baldwin street.

Ward 3. John L. Fitzgerald, 7 Allen street.

Ward 4. George W. Roberts, 20 Hemenway street.

Ward 5. Henry L. Shattuck, 15 River street.

Ward 6. George P. Donovan, 508 East Broadway.

Ward 7. John E. Kerrigan, 213 West Eighth street.

Ward 8. John F. Dowd, 22 Greenville street.

Ward 9. Richard D. Gleason, 31 Lambert street.

Ward 10. John J. Doherty, 67½ Wyman street.

Ward 11. Edward L. Englert, 18 Ifley road.

Ward 12. David M. Brackman, 89 Waumbeck street.

Ward 13. Joseph McGrath, 9 Castle Rock street.

Ward 14. Maurice M. Goldman, 116 Hazleton street.

Ward 15. Martin H. Tobin, 70 Westville street.

Ward 16. Albert L. Fish, 12 Rowena street.

Ward 17. Robert Gardiner Wilson, Jr., 57 Codman Hill avenue.

Ward 18. Clement A. Norton, 16 Austin street.

Ward 19. Peter A. Murray, 7 St. John street.

Ward 20. James F. Finley, 231 Cornell street.

Ward 21. James E. Agnew, 92 Wallingford road.

Ward 22. Edward M. Gallagher, 21 Oak Square avenue.

We also certify that for the choice of two members of the School Committee, for the term of four years, the following were duly elected to said office:

Joseph V. Lyons, 666 Columbia road.

Frederick R. Sullivan, 6 Adams street.

Respectfully yours,

PETER F. TAGUE,

HELEN A. MACDONALD,

CHARLES T. HARDING,

DANIEL H. ROSE,

Board of Election Commissioners.

Placed on file.

EAST BOSTON IMPROVEMENTS.

Coun. BARKER offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to arrange under the Civil Works program for the lowering of the street-car reservation along Bennington street, from Day square to Orient Heights, and a boulevard laid out there to care for the traffic to and from the East Boston Vehicular Tunnel, that is to be opened early in 1934.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to arrange under the Civil Works program for the opening up of the inclosed park at the junction of Trenton, White and Putnam streets, Ward 1, and that suitable entrances to same be provided, and concrete walks and settees installed, so that it may be used as a rest playground by the residents of that section.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to arrange under the Civil Works program for the opening up of the inclosed park at the junction of Trenton, East Eagle and Prescott streets, Ward 1, and that suitable entrances be provided, and concrete walks and settees installed, so that it may be used as a rest playground by the residents of that section.

Ordered, That the Civil Works Administration be requested, through his Honor the Mayor, to provide a sum sufficient to erect a municipal building in the East Boston district.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to regrade and sod the playground adjoining the Donald MacKay School, Ward 1, and to install settees and concrete walks, in order to provide work under the Civil Works program, to be used as a mothers' rest for the residents of that section.

Severally passed under suspension of the rule.

NEW EDITION OF "BOSTON'S STREETS."

Coun. FITZGERALD offered the following:

Ordered, That the Superintendent of Printing be authorized to print a new edition of one thousand copies, bound in boards, of the book entitled "Boston's Streets," with the precinct changes made by the Election Commissioners on December 1, 1933, the expense to be charged to the Reserve Fund.

Passed under suspension of the rule.

CHARLESBANK RECREATION CENTER.

Coun. FITZGERALD offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to use the income from the Parkman Fund which will be available during 1933 for the completion of the so-called Charlesbank Park and Recreation Center, if there is not sufficient money available from other sources.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to submit the following information to the Boston City Council:

1. Is it the intention of the Park Commission to restore the old Charlesbank Gymnasium?

2. Does the Park Commission intend, as originally agreed upon, to proceed with the building of a stadium in the so-called Charlesbank Park, for the completion of which Mrs. James J. Storrow gave \$1,000,000?

Severally passed under suspension of the rule.

CHRISTMAS PAYMENT BY OVERSEERS OF PUBLIC WELFARE.

Coun. DOWD offered the following:

Ordered, That the Overseers of the Public Welfare be requested, through his Honor the Mayor, to see that all persons on welfare roll, receive \$5 additional for Christmas.

Coun. DOWD—Mr. President, due to the fact that the rolls are somewhat deflated because of some of the welfare men going to work under these other projects, I am asking the Mayor, three weeks before Christmas, to see to it that all the men on our Public Relief list receive \$5 additional at Christmas time.

The order was passed under suspension of the rule.

NURSES AND ATTENDANTS AT CITY HOSPITAL.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to submit to the Civil Works Administration a requisition for three hundred nurses and attendants to be employed at the Boston City Hospital for a temporary period.

Coun. DOWD—Mr. President, I notice that the School Committee have submitted a plan for the employment of substitute teachers for a period of ten weeks. I know of no place where women can be employed to better advantage than in the Boston City Hospital. We find at the

City Hospital at the present time sixty to sixty-five patients with but one nurse and one attendant, which is unfair to themselves and to the patients. I am accordingly asking that his Honor the Mayor be requested to submit to the Civil Works Administration a requisition for three hundred nurses and attendants to be employed at the Boston City Hospital for a temporary period.

The order was passed under suspension of the rule.

PAYMENT UNDER CIVIL WORKS ADMINISTRATION.

Coun. DOWD offered the following:

Ordered, That the Civil Works Administration be requested, through his Honor the Mayor, not to deduct pay from any men employed on the Federal program on account of bad weather, preventing them from working.

Coun. DOWD—Mr. President, about 80 per cent of the men doing work under this program will be laborers and many of them are going to be taken from public welfare where they receive from \$9 to \$13 and are going to work for \$15 a week. I don't know the intention of the Civil Works program authority, whether it is proposed, on days when a man does not go to work, to deduct such days from his salary or wages. If there is to be such deduction, there will be weeks this coming winter when some of the men will not receive any money whatsoever. I am, therefore, asking that this question be taken up with the Civil Works Commissioner, to see that nothing will be deducted from the pay of the men on account of bad weather.

The order was passed under suspension of the rule.

PAYMENT TO MEN DROPPED FROM WELFARE LISTS.

Coun. DOWD offered the following:

Ordered, That the Overseers of the Public Welfare be requested, through his Honor the Mayor, to pay all men with families who have been dropped from the welfare lists, and as yet have not been assigned to work.

Coun. DOWD—Mr. President, starting last Monday men from the welfare were sent to Young's Hotel, where they were supposed to receive their assignment and go to work. They went there and received their assignment, but in most cases they are not yet working, are not on any pay roll. These men, who have been receiving from \$9 to \$13 a week from welfare, men in many cases with large families, are facing starvation, haven't any money, and it is unfair to ask them to hang around two or three weeks until they get work. Therefore, I have introduced this order in behalf of the welfare and soldiers' relief recipients, who up to today, have not gone to work under this new plan, in spite of the fact that they have been assigned, for the reason that there is no material for them to work with. I am asking, therefore, that the Mayor of Boston interest himself in the matter of seeing that every man receives his allotment from public welfare until such time as he definitely goes on the pay roll.

The order was passed under suspension of the rule.

PAYMENT IN ANTICIPATION OF CHRISTMAS.

President McGRATH offered the following:

Ordered, That the City Auditor be authorized to allow for payment, and the City Treasurer to pay, the monthly pay rolls of employees on or before December 22, 1933, in anticipation of Christmas.

Passed under suspension of the rule.

CONSTRUCTION OF NEW TENNIS COURTS.

Coun. COX offered the following:

Ordered, That the Park Commissioners be requested through, his Honor the Mayor, to provide for the construction of two additional tennis courts at Fallon Field, under the Civil Works program.

Ordered, That the Park Commissioners be requested, through his Honor the Mayor, to provide for the construction of two additional tennis courts at Billings Field, under the Civil Works program.

Severally passed under suspension of the rule.

DISCONTINUANCE OF CONSOLIDATION OF POLICE STATIONS.

Coun. RUBY offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to discontinue any further action toward the consolidation of Police Divisions 9 and 10.

Coun. RUBY—Mr. President, I believe that the consolidation of police stations up to the present time has caused resentment in every part of the city where the consolidations have taken place. In South Boston, where Stations 6 and 12 were consolidated, there has been a good deal of protest. Also, in connection with the discon-

tinuance of Division 3 on Joy street, there has been a good deal of protest. While the proposed consolidation referred to in this order has not yet been carried through, it is pending, and there is a great deal of feeling in regard to it. I realize the fact that the Police Commissioner has quite a good many burdens on his shoulders at the present time. I believe in certain instances he is justified in what he is doing. But I believe the contemplated consolidation of Stations 9 and 10 with present conditions in the Police Department, is not a good thing for the citizens of Boston. I was interested in seeing in the paper this morning a news item headed "Police Auto is Stolen in Crime Wave," and it goes on to tell about this automobile, a cruising car, being stolen this past week-end from the parking space in the rear of the Roxbury Crossing station, one of the stations that it is proposed to consolidate. The thief got away, in spite of pursuit and shots being fired by the police, and the car was later found abandoned in Jamaica Plain. I suppose we have all picked up the papers recently and have noted the effects of the crime wave over week-ends—not only this past week, but for several weeks back. It seems to me, therefore, that the department should go very slowly in making these proposed consolidations. For months we have advocated police radio in Boston, and for that same length of time there has been a dormant feeling manifested on the part of the Police Commissioner. One day we will pick up a newspaper and find that he has agreed to install police radio, and then the thing falls by the wayside. How long can a city the size of Boston, with a population well over 800,000, and serving, including transients, two million people, go on in the way we have been going on without the installation of a proper radio system which will enable us to quickly apprehend criminals and properly protect the people of our city? And we are now faced with the probable consolidation of Police Division 9—which, if my information is correct, goes out to Columbia road and Blue Hill avenue, on one side—and Police Division 10, which goes away to the extreme end of Huntington avenue. Bearing in mind the vast area traversed by the present officers of Divisions 9 and 10, how by such consolidation, by any stretch of the imagination, can we expect to receive any better police protection than we do now? I admit that we have two or three cruising cars for every division of Boston, but what good have those cars accomplished with respect to the detection and prevention of crime in our city? Can we honestly stand up and say that crime is less prevalent today than it has been in the last ten years? Until we can answer that question in the affirmative, we should do nothing that will lessen the protection due every man, woman and child in our city. Some weeks ago I asked the Police Commissioner to inform us as to how many men were stationed in each division of Boston and for the division that covers part of my district we received a report that eighty-four men were stationed in that division. Allowing for sickness, vacations, and for the men who in the last two weeks have been stationed in different spots to prevent the illegal sale of liquor, that number has been very greatly reduced, and it has reduced the protection—and this is something which to my mind is much more vital—afforded by the patrolmen going throughout the district. We have less than twenty men on a shift in that particular division to protect the lives and property of our citizens, covering a radius of seven or eight miles. And still we expect that our city is going to be properly protected by the police. I think until conditions improve, until unemployment ceases, until radio equipment is placed in the police cars in our city, until the personnel of the Police Department is brought up to its proper level, there should be no further consolidation of police stations in Boston, unless we are ready to admit that there is no crime in our city, and we do not need police protection. I think I voice the sentiment of every member of this body whose district is concerned in any of these proposed consolidations of police divisions. One of these divisions under consideration is housed at the end of Hampden street, on Blue Hill avenue, the other at Roxbury Crossing, not in close proximity to each other; and with the consolidation of those two divisions which is contemplated at this time, we will probably face some of the worst conditions in that section that have ever existed in our city. There was a very bad result when old Station 2 was taken from the back of the Hall at a time when it safeguarded the banking interests of this section, and placed at the extreme end of our city, because it protected that section down to Atlantic avenue, on the Atlantic Ocean. The result of the consolidation certainly was not good. If something is not done to prevent it, we will see the same result in our part of Roxbury and Dorchester, if Divisions 9 and 10 are consolidated. I certainly trust that the Mayor in his sound wisdom and the Police Commissioner in his good judgment will see the advisability of keeping these two stations where they are now located, in the interest of our citizens.

Coun. DOWD—Mr. President, I am very much interested in the order offered by the councilor because some three months ago, when the matter was first placed before the Council, I wrote a letter to Commissioner Hultman asking him to change his attitude. Of course, I well realize the attitude that Commissioner Hultman has taken on everything that has come up, so far as the interests of

the citizens of Boston are concerned; but, in the Station 9 matter, I took up the question with a number of business men and residents, and over a thousand people responded, demanding that Station 9 be kept where it is at the present time. I well realize, also, the fight that Councilor Fitzgerald made for his station, but to no avail, and I hardly believe that the Mayor of Boston can prevent the Police Commissioner from going on and doing what he feels is right. Apparently, the Police Commissioner, after sitting sleepily for three years, has discovered on the eve of repeal that night clubs and speakeasies exist in the City of Boston. Isn't that just too bad! And at the very last moment he is putting at least two police officers inside and outside of these so-called clubs and speakeasies, while the real criminals are roaming around Boston. I don't like to violate the law, but I understand, as every individual understands, the wish of the people of America. Their wish, as we all know, as a result of the last Presidential Election, has been clearly expressed on the liquor question; and I certainly trust that the Governor of the Commonwealth, acting on behalf of the people of Boston, will give to us what every other city and town has, the right to elect our own Police Commissioner, and will give to the Mayor the right to choose the Police Commissioner. But the Mayor of Boston can do nothing in this matter at the present time. The Police Commissioner will do as he pleases, and if he gets the money for the consolidation of the stations he is going ahead to consolidate them. As representing Roxbury, I feel that that would be rendering a great injustice to my neighborhood, as I feel also that it would be doing a great injustice to Dorchester. It will simply mean the curtailment of certain police services, as the councilor from Dorchester has well pointed out. Also, as he has stated, we have not sufficient policemen at the present time. Certainly proper protection should be afforded this vast area, running from Columbia road over to Brookline Village. I say that the Governor should no longer tolerate the actions of this man who, acting regardless of the wishes of the Governor or anybody else, simply exercises his own prerogative. He should be removed from public life. I know that the protest of the councilor from Roxbury and the councilor from Dorchester is going to be of no avail. While we may protest and protest, as strongly as we wish, he is going ahead with his consolidation of the stations. The only thing that will prevent his doing it is his removal by the Governor of the Commonwealth. I earnestly trust that the Governor will in his wisdom and courage remove him immediately, because everyone in Boston realizes that Hultman has been after the little fellow, the man who has \$5,000 or \$10,000 invested, closing him up, and allowing the man with \$50,000 or \$100,000 to run, because of paid protection. So I say to you, Mr. President, that I, as a member from Roxbury, will protest the abandonment of Station 9, and I would certainly like to see the Governor remove this man from Duxbury, and appoint a Boston man as Police Commissioner.

Coun. CURTIS—Mr. President, just a word about one point stated by the councilor from Ward 14 (Coun. Ruby). He stated that, because of the position taken by the Police Commissioner, radio equipment for police cars fell by the wayside. We know on good authority that some things fall by the wayside and some things fall on fertile ground. It seems to me if anybody is to be blamed for lack of radio equipment for police cars in Boston, it is this body. The Police Commissioner submitted to us a report made by duly qualified men from Technology, and elsewhere, stating that the sum of \$350,000 was needed for wire and radio connections in that department. But the amount was not granted in spite of the fact that we are asked to spend millions on strandways, sewers, streets and airports, as well as in other directions. It seems to me this body ought to appropriate \$350,000 in order that the police of the City of Boston can have proper equipment. I hope such an order can be passed and will be introduced, if there is not such an order now before this body.

Coun. RUBY—Mr. President, I dislike to take issue with my good friend the councilor from Ward 5 (Coun. Curtis), but I could not sit quietly as a member of the Committee on Finance and listen to his remarks. The \$350,000 that the commissioner wanted of us was to relay cables in the Police Department and not for radio, and I think once and for all that should be made clear. While I do not disagree with the fact that that \$350,000 was needed, I think the councilor from Ward 5 will agree with me that we suggested that if that amount of money were appropriated it should be spent over a period of years. But we were told by the authorities on radio that \$75,000 would more than pay for the kind of radio equipment that is maintained in any large city in America. We ought to be fair on this proposition, Mr. President. We are not discussing the laying of cables for inter and intra communication between and from police boxes in Boston and the police stations and headquarters. That is what the \$350,000 is needed for. But the Technology experts who appeared before the Council Committee on Finance agreed that out of that \$350,000, \$75,000 would more than put in the police radio equipment required. In fact, the amount stated to us was between \$50,000 and \$60,000; but, because I personally wanted to allow a leeway, I introduced the order to provide \$75,000 for police radio. I think if the

councilor from Ward 5 (Coun. Curtis) will make inquiries he will be told that a short while ago the Police Commissioner had agreed, after a survey of the radio dead spots in our city, that \$75,000 for two-way radio, and not one-way, would amply take care of the needs of our city. I have no quarrel with the Police Commissioner. He needs to relay cables. There are certain boxes in Boston which are entirely useless because of the bad cables. But those cables have nothing to do at all with the radio part of the program, and I think that ought to be made clear. If we appropriate \$350,000, \$60,000 or \$75,000 is the maximum that will be spent for radio equipment in our city.

Coun. KELLY—Mr. President, I believe there is only one place where this matter of the consolidation of police and fire stations in our city rests today, and that is with us, right in the City Council. There is no need of our claiming that the responsibility now lies with the Police Commissioner, the Governor or the Mayor of Boston. We had before us last week loan orders to which two readings must be given, and which were then given one reading. One was a matter of \$1,075,000 for new fire houses and the other concerned the consolidation and construction of new police stations, amounting to \$750,000. Those orders need two readings. A week ago, when the matters came before this honorable body, we acted on the matter of the first reading by a vote of seventeen in favor and three against. Those items concerned the consolidation and construction of police and fire stations. Speaking for myself, I will say that I realized what was going on and was one of the three who voted against allowing those items to be passed. There is no need of blaming anybody outside of the City Council. If Police Stations 9 and 10 are consolidated, and people up in Roxbury and Dorchester or on the Brookline end are not given the proper police protection they should have, the blame rests with the Boston City Council. Next week these matters come before the Council again for second reading and passage. Once we give those items a second reading, the matter is out of our hands, and it is then up to the Mayor of Boston to sign them or not. So I simply say, let us put the blame where it belongs, right on the City Council. If we want to give proper protection to the people of Boston and don't want police or fire stations consolidated, let us have the courage to vote against these items when they come before the Council for a second reading.

Coun. NORTON—Mr. President, I was one of the three members who voted against the police and fire station items last week. I am willing to vote for such items when somebody can show me that the number of police and fire stations we have in this city is necessary, in a 47-square mile area, which means that we have the most stations for that area of any city in the world. So far as consolidation in itself is concerned, I am entirely in favor of the Police Commissioner consolidating station houses. We have available in my ward three police stations—the Hyde Park station, the West Roxbury station and the Morton street station in Dorchester. I don't know of any part of Boston that is more than two minutes away from police by automobile. If I thought the continuance of some of the present stations or the addition of more stations would stop crime, I would say, "Good luck to them, go ahead." But no matter what might be done in that line, crime would still be rampant. We pay more per capita for our Police Force than any city in the world except New York—\$140,000 per square mile per annum for the police of Boston. There is no city in the world that costs more except New York, where you get particularly congested conditions on Manhattan Island. Now, Mr. President, why should that be? The order was passed under suspension of the rule.

C. W. A. EMPLOYMENT OF MEN.

Coun. KELLY offered the following:
Ordered, That the Mayor request the C. W. A. authorities to have a 24-hour shift daily of the hiring departments of unemployed men as well as establishing more employment centers to expedite the placing of Boston's quota of 19,000 men and women at work immediately.

Coun. KELLY—Mr. President, I have read with interest that Boston's quota is to be 19,000 men in connection with this C. W. A. program, and that they are supposed to be working in about a week. They are all supposed to be at work practically immediately in this city and throughout the state. Now, I have been informed, and I think correctly, through the State Employment Bureau, through which all men are to be called after properly registering, that approximately two hundred or three hundred people have been put to work. When I say two hundred or three hundred, I mean two hundred or three hundred that are not getting welfare, that are not on our welfare rolls. I know that many thousands have registered. Now, somewhere in between their being registered and their going to work, there is some reason why these men have not started to work. Certainly, Boston has projects enough. Certainly plenty of people can be placed at work on repairs of buildings and streets, and in other ways. Now, I want to know why there is this delay with men starving. We have men who have to report to one place. Why is that? Why

do they simply have to report at Young's Hotel, cluttering the building up and having to wait two or three days before they are registered? Why not have them report at municipal buildings and other centers? Why not have these C. W. A. men registered in their home sections? Why send them all over to Young's Hotel? Why should there be this unnecessary delay in dealing with this emergency? Why not make it convenient for them? I have poor fellows from my ward getting welfare, and they have had to spend two days or more around Young's Hotel and on the streets adjoining before they could even get registered. That is not right, Mr. President. I say that more than three hundred men should have been put at work by this time, and that in order to facilitate registration more should be employed on that work. What is the matter? Nine thousand five hundred men now on public welfare are supposed to be put at work under this program at this time. I am asking in this order that more agencies, under the direct supervision of public welfare, be established in Boston so that men can properly register and so that when orders come in the whole process can be much more facilitated than at present. The Civilian State Employment Bureau is doing a wonderful work, but there should be a night shift to cope with this emergency, there should be plenty of places where men can be taken care of, registered. Instead of having the present people in charge of that work working overtime, let us have another shift. Let us register men and women in different municipal buildings in Boston; let us do everything we can to get men at work, and stop kidding them. We are allowed 19,000 people, and still there are only a few who are at work. I say it is a crime, with the unemployed people of Boston, that they are not at once given the benefit of this Federal grant of money.

The order was passed under suspension of the rule.

WALTER R. WHITE SQUARE.

Coun. KELLY offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to include in the recently named Walter R. White Square, at Richfield street and Columbia road, the portion of land at Hamilton street and Columbia road.

Passed under suspension of the rule.

RECESS.

The Council voted at 3.16 p. m., on motion of Coun. COX, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President McGRATH at 4.08 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. LYNCH, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred today) that portion of Council order, pertaining to public works program, adopted November 27, with respect to \$300,000 for Marine Park, Castle Island, and South Boston Strandway development, be rescinded,—that same ought to pass.

2. Report on message of Mayor and order (referred today) that sum of \$16,564.45 be appropriated from George F. Parkman Fund to be expended under direction of Park Commissioners for maintenance and improvement of the Common and parks in existence on January 12, 1887,—recommending that said order ought to pass.

Reports accepted; said orders passed, yeas 16, nays 0.

3. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Ruth Taylor, Masonic Hall, 670 Centre street, December 15 and 16; Catherine Rowe, Mary Curley School, December 8, 1933, recommending that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

FINANCE COMMISSION REPORT IN RE EAST BOSTON TUNNEL.

The following was received:

Finance Commission,
December 4, 1933.

To the Honorable the City Council.

Gentlemen,—The Finance Commission submits the following report in answer to an order adopted by the City Council at its meeting of November 20, 1933, requesting an investigation of the contract for tile work on the new East Boston Vehicular Tunnel.

The Finance Commission has made a careful study of the rival claims of the participants in the competition for the \$166,560 contract for furnishing and installing this tile.

There has been considerable public discussion of this contract and stories have been circulated impugning the integrity of the city officials involved.

The Transit Department desires a tile for the side walls of the tunnel fabricated in a form which is a departure from the "standard type." Accordingly, the department gave several tile contractors an idea of the physical requirements of the material and invited them to submit designs that would solve the special problem involved in installing it. Eventually, a design was decided upon and a sample was shown at the Transit Department office, and bids for the contract asked for.

It was claimed to the Finance Commission by a representative of the Galassi Mosaic and Tile Company that his concern designed this tile and actually fabricated the sample.

In describing the substance of the tile desired,

the Transit Department wrote into its specifications the following two clauses:

"All tile shall be selected tile of ceramic material of domestic manufacture" and

"The method of attachment, the quality of material and the workmanship shall be like the sample in the office of the Engineer."

The specifications stated certain physical requirements of the substance, but nowhere mentioned an exact material from which the tile must be manufactured, except in the first clause quoted above.

The Transit Department received the following bids:

NAME.	Price Bid, Per Square Foot.	
C. M. Tyler Company.....	\$1 388	\$166,560
Thomas O'Connor & Co.....	1 47	176,400
Nelson Currie Tile Company.....	1 68	201,600
Galassi Tile Company.....	1 83	219,600
Freeport Mable and Tile Company.....	1 915	229,800
Rinaldi Tile Company.....	2 085	250,200

The lowest bidder, C. M. Tyler Company, was requested by the Transit Commission, after the opening of the bids, to submit a sample of the tile it intended to use if given the contract. The other bidders claim to have learned about this time that the Tyler Company intended to use a product of the Atlantic Terra Cotta Company. From this the other bidders assumed that the Tyler Company intended to use a terra cotta tile. The Finance Commission cannot now determine what was the substance of the tile which the Tyler Company originally intended to use and offered a sample of. The sample was rejected as were several succeeding samples because none of them met the physical test required in the specifications. This test was applied by Professor Norton of the Massachusetts Institute of Technology, and Professor Brown of Rutgers University, New Jersey, as experts for the Transit Commission.

Subsequently, a sample was submitted by the lowest bidder, the C. M. Tyler Company, and it was accepted by the Transit Commission. The other bidders immediately protested that the Transit Department accepted tile of a substance that the specifications did not permit. They base their protest upon the following claims: That the Atlantic Terra Cotta Company was the manufacturer of the tile submitted by the Tyler Company; that in the trade a distinction is made between "standard" tile and terra cotta; that terra cotta is 40 per cent cheaper than "standard" tile; and that in the clause from the contract above quoted the words "selected tile" must be construed to mean "standard" tile, because in another part of the contract where material of a less expensive character is called for which obviously could be terra cotta the words "terra cotta" are used.

At a hearing given by the Finance Commission to the tile contractors, all but the lowest and the highest bidders stated that they intended to use the product of the United States Tile Company if awarded the contract. A spokesman for all the bidders, except the lowest and the highest, claimed that the lowest bidder had inside information that terra cotta would be admissible. The highest bidder, on the other hand, claimed that one of the complainant bidders, having designed and fabricated a sample tile shown to bidders, and mentioned

in the contract as the "quality of material" wanted, would have been given a monopoly had the Transit Commission refused to accept any tile of ceramic material but the exact one shown as a sample by the Transit Commission.

Terra cotta is a "ceramic material," which is what the specifications call for. The specifications state plainly the tests which this ceramic material must meet. The experts for the Transit Commission have reported that the accepted tile submitted by the C. M. Tyler Company met the tests. The agent for the American Terra Cotta Company, who fabricated this tile, stated to the Finance Commission that it is not terra cotta.

In the opinion of the Finance Commission there was nothing disclosed at the hearing which would lead to the conclusion that the Transit Commission did not act properly in awarding the contract to the low bidder.

Respectfully submitted,
THE FINANCE COMMISSION,
FRANK A. GOODWIN, Chairman.
JOSEPH A. SHEEHAN.
CHARLES M. STOREY.
ROBERT E. CUNIFF, Secretary.

Placed on file.

COMMITTEE ON TAVERNS.

Coun. LYNCH offered the following:

Ordered, That in view of the expense of a special election in Boston to vote on the tavern proposal and in view of the loss of revenue to the city prior to such vote, the President of the City Council appoint a committee of six members to interview today his Excellency the Governor, the President of the Senate and Speaker of the House, for the purpose of having inserted in liquor bill a provision that taverns be allowed in Boston upon approval of the Mayor and City Council.

The order was passed under suspension of the rule, and President McGRATH appointed as said committee Coun. Curtis, Roberts, Kelly, Barker, Donovan, Englert.

Adjourned, at 4.26 p. m., on motion of Coun. RUBY, to meet on Monday, December 11, 1933, at 2 p. m.

The duties involve the rendering of assistance to local property owners in the protection of areas of white pine against the attack of the fungous disease known as the white pine blister rust. He must make examinations of all woodland areas for the purpose of locating currant and gooseberry bushes which act as agents in the spread of this disease. The inspector is responsible for all control work performed under his supervision and must see that it is satisfactorily done. He should be familiar with the law governing the conduct of blister rust control work in Massachusetts and other regulations pertaining thereto.

Subjects and weights: Training and experience, 2; practical questions, 3; total, 5.

Passing requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE.)

EXECUTIVE SECRETARY OF JUVENILE TRAINING, DEPARTMENT OF PUBLIC WELFARE, JANUARY 6, 1934.

Last date for filing applications, Wednesday, December 27, 1933, at 5 p. m.

Requisition is for male, but the examination is open to both males and females.

The entrance salary is approximately \$3,450 a year.

Duties: To assist in the management and supervision of the administrative and business affairs under the charge of the Board; to record its proceedings; to represent it in dealing with the superintendents and divisions under its control; to visit and inspect the institutions and divisions and assist in supervising their activities and expenditures; to interview, understandingly, public officials, parents, wards, attorneys and others; to prepare and draft official documents, reports, statistics and statements; to be familiar with and to study problems of juvenile delinquency and on effective methods of education, parole, and of reinstatement in normal community life of delinquent juveniles.

Entrance Requirements: Applicants must be not less than twenty-five nor more than fifty years of age at the time of filing application. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application. Applicants must have education equivalent to that required for graduation from a college or university and five years' experience in educational, correctional or social work.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

MINIMUM WAGE INVESTIGATOR, DEPARTMENT OF LABOR AND INDUSTRIES, JANUARY 6, 1934.

Last date for filing applications, Wednesday, December 27, 1933, at 5 p. m.

Requisition is for female, but the examination is open to both males and females.

The entrance salary is \$1,380 a year; the maximum salary is \$1,860 a year, as reduced by statute.

Duties: Applicants should be familiar with the minimum wage law of Massachusetts and with the work of wage boards. They should understand the procedure in conducting wage studies; be able to outline a program of investigation, draft a report, and compile and interpret statistical data.

Entrance Requirements: Applicants must be not less than twenty-five years of age at the time of filing the application. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application. Applicants must have education equivalent to that required for graduation from a standard four-year high school.

College experience is desirable and credit will be given for a college education.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE.)

PLANT PEST SUPPRESSOR, DEPARTMENT OF AGRICULTURE, JANUARY 6, 1934.

Last date for filing applications, Wednesday, December 27, 1933, at 5 p. m.

This examination is held to establish a list for corn borer inspector and blister rust inspector in the Division of Plant Pest Control.

The salary ranges from \$2.62½ per day to \$4.62½ per day.

Duties of the corn borer inspector: Ability to identify the European corn borer in all its stages and be familiar with other insects attacking corn plants, with the host plants of this pest, and have a complete knowledge of the insect's life history and habits. It is desirable that applicants have a general knowledge of farming, especially all phases of the growing of corn and rotation of crops; and a general knowledge of other insects.

Duties of the blister rust inspector:

POLICE DEPARTMENT ORDERS.

General Order No. 343.

The following commendations are ordered:

1. Patrolmen Martin J. Kelley and Joseph F. Donahue, both of Division 1, and Patrolman Wilder L. Dillon of Bureau of Criminal Investigation are commended in General Orders for efficiency and perseverance shown in the capture and successful prosecution of three men who had been operating as pickpockets in the market district on October 17, 1933.

2. Patrolman Chester C. Lucas of Division 2 for intelligent and effectual police duty performed on November 15, 1933, in the pursuit and capture of two men who had stolen an automobile containing valuable merchandise.

3. Sergt. Patrick J. Flannery and Patrolman Thomas J. Kearns, both of Division 2, are commended for alertness shown on October 20, 1933, in observing a man whose description tallied with a man wanted for two armed hold-ups. Although not identified for these two jobs, he was identified for and confessed to armed robbery in Woburn, Mass., and larceny of an automobile in Reading, Mass.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 344.

The following commendation is ordered:

Patrolmen Henry A. Weiss and Henry F. Brogan, both of Division 14, are commended for excellent police duty performed, and in addition each officer is granted one week's additional vacation in connection with the rescue of three persons from drowning in the Charles river on November 19, 1933.

The commissioner is pleased to recognize the courage shown and the outstanding service rendered by these officers in swimming to the rescue of the victims which reflects credit on the department as a whole, as well as upon themselves.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 345.

The following commendation is ordered:

Sergt. William H. McKenzie and Patrolman Arthur T. Prescott, both of Division 2, are commended and each given two days' additional vacation for interest shown and effectual police duty performed in the arrest of a man on October 18, 1933, known as a notorious thief, who was wanted by the authorities for breaking and entering in an adjoining state. The commissioner is pleased to recognize the diligence shown by these officers who gave generously of their time in order to accomplish the arrest of this felon.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 346.

The following commendation is ordered:

Patrolmen Arthur O'Shea, Joseph P. Cullinane and Leo V. Devlin, all of

Division 9, are commended and each given two days' additional vacation for excellent police work performed in the early part of November, 1933, in connection with the arrest of a band of desperate characters known as the "Silver Bracelet Gang" and "Smoked Glass Bandits." These groups of criminals had been going about the city stealing automobiles and committing armed hold-ups. Due to their disguise, it was difficult to obtain a good description of these men.

The commissioner is pleased to recognize the splendid duty performed and the untiring efforts given by these officers in the apprehension of these dangerous criminals.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 347.

A trial board consisting of Captains Campbell, Casey and Daley having heard by reference a complaint made by Edward W. Fallon, captain, Division 6, against Patrick F. Feeney, patrolman, Division 6, for alleged violations of the Rules and Regulations of the Police Department, to wit:

Charge 1: Conduct Unbecoming an Officer.

Specification: In that on November 17, 1933, at 9.35 p. m., while on duty and in uniform, in Andrew square, the said Patrolman Patrick F. Feeney was under the influence of intoxicating liquor to such an extent that he was unable to properly perform his duties as a police officer.

Charge 2: Neglect of Duty.

Specification: In that on November 17, 1933, the said Patrolman Patrick F. Feeney was assigned to route No. 12, first half duty, and failed to make an "on duty" call at 9 p. m. He made an "on duty" call from Box 41 at 8.15 p. m. and at 9.35 p. m. was brought to the station by Lieutenant Mahoney. He did fail to make "on duty" calls every forty minutes as required by the rules and regulations of this department,—

has submitted the following finding and recommendations:

"The Board having heard and carefully considered all the evidence presented, accepts the plea of guilty made by the said Patrolman Patrick F. Feeney. The Board also considered the fact that the said Patrolman Patrick F. Feeney has previously been before a trial board for violation of the Rules and Regulations of the Police Department; the fact that the said Patrolman Patrick F. Feeney has been warned by his commanding officer regarding the use of intoxicating liquors; and the said Patrolman Patrick F. Feeney's serious case of intoxication; therefore, respectfully recommends that the said Patrolman Patrick F. Feeney be dismissed from the Police Department."

The commissioner accepted the finding and the recommendation of the Trial Board, and ordered that the said Patrolman Patrick F. Feeney be dismissed from the Police Department. Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on November 27, 1933, to the said Patrick F. Feeney.

On November 28, 1933, the said Patrick F. Feeney requested, in writing, a public hearing as provided by law, and the Police Commissioner set down Thursday, December 7, 1933, at 9.30 o'clock a. m., at the office of the Police Commissioner as

the time and place of said hearing, and duly notified the said Patrick F. Feeney.

The said Patrick F. Feeney was present at said time and place with counsel and was heard with his witnesses. Whereupon, after hearing the case, the Acting Police Commissioner finds the said Patrick F. Feeney guilty as charged, and further finds that the said Patrick F. Feeney shall stand dismissed from the Police Department.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 348.

Until further orders, the city will be divided into three major districts, namely:

District A: Divisions 13, 14, 17, 18 and 19.

District B: Divisions 1, 2, 7, 15 and 16.

District C: Divisions 4, 6, 9, 10 and 11.

Deputy Superintendent James McDevitt will be relieved from all present duties and assigned to District A.

Deputy Superintendent John M. Anderson will be relieved from all present duties and assigned to District B.

Deputy Superintendent William W. Livingston will be relieved from all present duties and assigned to District C.

The issuance of licenses for the sale of intoxicating liquors has made that business a legitimate industry. The government has imposed license fees. The holders of the licenses are entitled to protection from illegal competition. Therefore, until further orders, the deputy superintendent assigned to each district will report directly to the superintendent and see that the illicit sale of intoxicating liquor in this city is completely stopped.

This order will take effect immediately.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 349.

Sergt. Arthur D. Timmins and Patrolman Vaughan McA. Hewey, both of Division 17, are commended in General Orders for their prompt response and effective police duty performed on November 27, 1933, in the arrest of three men for breaking and entering and larceny in the night time, in a filling station on November 26, 1933.

The commissioner is pleased to recognize the initiative and diligence shown by these officers in the apprehension of these criminals.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 350.

A trial board consisting of Captains Campbell, Casey and Daley, having heard by reference a complaint made by Perley S. Skillings, Captain, Division 16, against Henry J. Demers, patrolman, Division 16, for alleged violations of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification 1: In that on the 15th day of November, 1933, the said Patrolman Henry J. Demers, when not in uniform and not on duty, was under the influence of intoxicating liquor to such an extent that he was unable to perform police duty if called upon so to do.

Specification 2: In that on the 15th day of November, 1933, the said Patrolman Henry J. Demers did operate an automobile while under the influence of intoxicating liquor and was involved in an accident with Chevrolet coach, Mass. 678,045 owned by the Cudahy Packing Company, 75 State street, Boston, and operated by Frank I. Ryan, 40 Butler road, Quincy, while on the Strandway, near Carson Beach Bath House, while operating his Chevrolet Coach, Mass. 32,724, owned by him. Both cars damaged, no personal injuries, has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence presented, finds the said Patrolman Henry J. Demers guilty as charged. The Board realizes the seriousness of the offence, yet Patrolman Demers was on a day of relief and ordinarily would not expect to be called for duty, has taken into consideration the previous good record of the officer; the fact that he is highly recommended by his captain and by other superior officers under whom he has served; the fact that he has never before been complained of for violation of the Rules and Regulations of the department; the plea made by Patrolman Demers' commanding officer that leniency be shown, and the promise of Patrolman Demers to refrain from the use of intoxicating liquor in the future; therefore, respectfully recommends that the said Patrolman Henry J. Demers be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the trial Board and hereby orders that the said Patrolman Henry J. Demers perform 210 hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 351.

A trial board consisting of Captains Campbell, Casey and Daley having heard by reference a complaint made by Thomas S. J. Kavanagh, captain, Division 9, against George W. McNaught, patrolman, Division 9, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Neglect of duty.

Specification 1: In that on November 22, 1933, Patrolman George W. McNaught, while assigned to a fixed post at Uphams Corner, did fail to pull his "on duty" calls from 12.55 a. m. until 6.45 a. m., a period of five hours and fifty-five minutes; it being known to him that under Police Department Rules and Regulations he is required to pull "on duty" calls at least once in every forty minutes.

Specification 2: In that on November 22, 1933, Patrolman George W. McNaught, while assigned to a fixed post at Uphams Corner, did enter an automobile, the same not being a Police Department car, and not being on police business, and failing to receive permission from his superior officers, and did fall asleep in said automobile, and did expose his route to the depredations of the criminal elements. This being an act contrary to good order and police discipline, and tending to bring disrepute and criticism upon his brother officers and the Police Department as a whole,—has submitted the following finding and recommendation:

"The Board, having heard and care-

fully considered all the evidence as presented by witnesses, finds the said Patrolman George W. McNaught guilty as charged, and respectfully recommends that, in view of his captain's plea for leniency, the officer's previous good record, and his promise to take pledge to abstain from the use of intoxicating liquor in the future, the said Patrolman George W. McNaught be ordered to perform one hundred and five hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman George W. McNaught perform 105 hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 352.

The following commendations are ordered:

1. Sergt. Edward C. Lawless, Patrolman Daniel F. Flood, and Joseph L. Barrett, all of Division 9, for prompt and effective police duty performed on November 21, 1933, when as a result of an outside telephone call, that an armed robbery was in progress, these officers responded and after receiving a description of the men, started immediately in pursuit, resulting in the capture of the three men wanted for the crime.

The commissioner is pleased to recognize the prompt response and splendid police duty performed by these officers in the capture of these dangerous criminals.

2. Sergt. Francis P. McGuire, Patrolmen George R. Bates, Maurice P. Sheehy, and Edward J. McGee, all of Division 16, are commended in General Orders for efficient police duty performed on September 9, 1933, in connection with arrest for breaking and entering and larceny of property valued at about \$3,500, in the Back Bay. Several other persons were arrested in connection with the case, and all of the stolen property recovered.

The commissioner is pleased to recognize the diligence shown and the effectual police duty performed in the successful prosecution of these felons.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 353.

The following commendations are ordered:

1. Patrolmen John F. Pettiti, Edward F. Shea and Charles W. Hewitt, all of Division 6, for effectual police duty performed on October 21, 1933, in the capture of a man in a stolen automobile which later led to the arrest of four other persons who were wanted by the Waltham police for breaking and entering and larceny of several hundred dollars worth of clothing. The commissioner is pleased to recognize and commend the alertness and initiative shown by these officers on this occasion.

2. Lieut. Francis M. Tiernan, Sergt. John J. Devine, and Patrolmen John F. Pettiti, Edward F. Shea and John J. Heffernan, all of Division 6, for effectual police duty performed on November 12, 1933, in the arrest of several characters who were responsible for breaking and entering and larceny on November 9 of several hundred dollars worth of merchandise, as well as the larceny of an

automobile. The commissioner is pleased to recognize the splendid police duty accomplished and especially commends Patrolman John F. Pettiti for his continued good police work.

3. Patrolmen Paul W. Davis and Byron S. MacDonald, both of Division 6, for their alertness and close attention to duty shown on November 10, 1933, in the arrest of two men for breaking and entering in the nighttime, and larceny of a quantity of provisions.

4. Patrolmen Patrick Davin and Arthur McK. Eunson, both of Division 6, for efficient police duty performed in the arrest of several persons, solving a number of breaking and entering cases, ranging from September 6, 1933, to November 14, 1933, in the district. The commissioner is pleased to commend these officers for the diligence shown in effecting these arrests.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 354.

Patrolman Richard F. Finn, Harold E. Swanson, Elmer L. J. Hamlet, Albert E. LaRosee, and Andrew J. Maguire, all of Division 14, are commended in General Orders for their prompt and effective response to a letter sent to the station on November 14, 1933, which indicated that the writer of it was going to commit suicide.

The commanding officer of Division 14 immediately dispatched Patrolmen Finn, Hamlet and Swanson to the scene in a cruising car, followed by Patrolmen La Rosee and Maguire in the ambulance, where the victim was found unconscious, lying on the floor of the house with four jets of a gas range turned on and the kitchen filled with gas.

The officers worked in relays applying the prone method of resuscitation, which resulted in restoring the victim to a semi-conscious condition on arrival at the hospital, where an inhalator was applied and an antidote for gas poisoning administered. The victim was later discharged from the hospital.

The commissioner is pleased to recognize the prompt and effectual service rendered by these officers, which probably prevented the loss of life.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 355.

A trial board consisting of Captains Campbell, McGrath and McKinnon, having heard by reference a complaint made by Edward W. Fallon, Captain, Division 6, against Stephen X. Mahoney, patrolman, Division 6, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct Unbecoming an Officer.

Specification 1: In that on the 27th day of November, 1933, the said Patrolman Stephen X. Mahoney, while in uniform and on duty, was under the influence of intoxicating liquor to such an extent that he was unable to properly perform the duties of a police officer.

Specification 2: In that on the 27th day of November, 1933, the said Patrolman Stephen X. Mahoney was guilty of an act contrary to good order and discipline in that the said Patrolman Stephen X. Mahoney did refuse to make

a written report when ordered to do so by a superior officer,—

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence as presented, accepts the plea of guilty made by the said Patrolman Stephen X. Mahoney to Specification 1 of said charge, and finds the said Patrolman Stephen X. Mahoney not guilty on Specification 2 of said charge. The Board has taken into consideration the excellent recommendation of Patrolman Mahoney's captain, lieutenants and sergeants, the outstanding record of Patrolman Mahoney as an active, hard-working police officer and the statement of his commanding officer that he is a trustworthy officer, an asset to the department, and not an habitual user of intoxicating liquor, and respectfully recommends that the said Patrolman Stephen X. Mahoney be suspended from duty with loss of pay for a period of twenty days, effective as of November 29, 1933, at 12.45 o'clock A. M., and that at the expiration of the said period of suspension the said Patrolman Stephen X. Mahoney be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Stephen X. Mahoney be suspended from duty with loss of pay for a period of twenty days, effective as of November 29, 1933, at 12.45 o'clock a. m., and that at the expiration of the said period of suspension the said Patrolman Stephen X. Mahoney perform 210 hours of punishment duty.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

RULE 23.

"Section 3. With the consent of the commissioner, upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the commissioner shall not allow reinstatement of a person discharged for cause.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 56.

I. FIRE COLLEGE OF THE BOSTON FIRE DEPARTMENT.

The Fire College will reopen on Monday, December 11, 1933, at the quarters of Engine Company 26, Broadway, where all classes will be conducted, except as otherwise specified herein.

The college this year will be conducted for privates and will be under the direction of the chief of department, with Deputy Chief John J. Kelly having immediate supervision of the classes. Capt. John J. Crehan, drill master, will serve as clerk and recorder.

Classes will be held from 9.30 a. m. to 12 noon, excepting on Sundays and holidays.

The men shall be apportioned as follows: Sixteen members from Division 1; ten members from Division 2, and fourteen men from Division 3. The selection of members to attend the classes shall be left to the discretion of the deputy chiefs in their respective divisions, and the

members so selected shall be divided equally between the on and off platoon.

Deputy chiefs of the several divisions will forward to Department Headquarters on or before Saturday, December 9, 1933, the names of those who are to attend the first class of the college.

All privates of the department shall attend this college when, and as directed, whether on or off duty.

Only those members assigned to the class shall be in attendance during the instruction period.

After completing the course, members attending will be required to take a written examination and those attaining a mark of 70 per cent (passing mark) will receive a fire college diploma.

The schedule of lectures and the subjects to be covered, along with the names of those selected as instructors, are as follows:

Lecture 1. (December 11.)

Administration and Object of Fire College, Chief of Department, Henry A. Fox.

Morale, Discipline and Military Tactics, District Chief Donohoe.

Lecture 2. (December 12.)

Motor Apparatus, Superintendent Williamson.

Instruction in the care and operation of motor apparatus, knowledge of parts, lubrication and operation, etc.

Lecture 3. (December 13.)

Practical Fire Department Hydraulics, District Chief Montgomery.

Demonstration with working model in classroom.

Lecture 4. (December 14.)

Electrical Life and Fire Hazards, Thomas H. Haines, Superintendent, Distribution Department, and Robert E. Dillon, Superintendent, Generating Department, Edison Electric Illuminating Company, Peter F. Dolan, Superintendent, Wire Division.

Instructions in the proper method of handling electrical life and fire hazards, electrical appliances, causes of electrical fires and the method of operation on same.

Lecture 5. (December 15.)

Private Fire Protection, C. W. Mowry, Manager, and H. P. Stewart, Laboratory Engineer.

Instructions and demonstrations in the operation of sprinklers, check valves, dry pipe valves, standpipes, safety devices and private fire protection in general. This lecture to be held on the premises of the Associated Factory Mutual Fire Insurance Companies, 184 High street, Boston.

Lecture 6. (December 16.)

Rescue and First Aid Demonstrations, Captain Sheehan and Capt. Jack Wallace, American Red Cross.

Instructions in the use of rescue tools, appliances and equipment; first aid and resuscitation methods. This lecture to be given at Fire Headquarters, Bristol street.

Lecture 7. (December 18.)

Water Supply for Fire Purposes, Engineer Daniel M. Sullivan, Public Works Department.

Instructions and demonstrations; water system, source of supply, mains, hydrants, gates, etc.; pressure at different elevations, reservoirs, storage, etc.

Lecture 8. (December 19.)

Building Construction, Edward W. Roemer, Building Commissioner.

Instructions in the various methods used in building construction relative to fire retarding qualities, slow burning, etc., zoning laws, heights, etc.; notes on materials of construction with reference to fire.

Lecture 9. (December 20.)

Laws and Ordinances, H. Murray Pakulski, Assistant Corporation Counsel.

Instructions in laws and ordinances relating to fires and fire matters. Rules and regulations relative to garages and other hazardous occupancies, volatile liquids, highly inflammable solids, etc., chapter 148 of the General Laws.

Lecture 10. (December 21.)

Official Papers, District Chief Kenney. Instructions in the proper method of communicating and handling of departmental papers.

Lecture 11. (January 2.)

Fire Equipment in Buildings, Deputy Chief Quigley.

Laws and regulations governing private fire protection devices; operation of the department on response to buildings equipped with private fire protection equipment; methods to be employed to gain an entrance to buildings, etc. This also to include private fire brigades and fire drills but not alarm systems.

Lecture 12. (January 3.)

Fire Fighting, Deputy Chief McLean. Instructions in the proper and efficient use of apparatus and operations at fires in industrial, mercantile and manufacturing buildings; fire fighting in high value district; preliminary operations at fires.

Lecture 13. (January 4.)

Oil Fires, A. L. Brown, Director of Laboratories, Common and Special Hazards.

Instructions in the methods used in oil-burning equipment and fires resulting from the use of same. This lecture to be held on the premises of the Associated Factory Mutual Insurance Companies, 184 High street, Boston.

Lecture 14. (January 5.)

Fire Hazards, Deputy Chief Stickel. Demonstration in the method of detecting common and special hazards, celluloid products, motion picture films; also includes airports and hangers.

Lecture 15. (January 6.)

Incendiarism, Arson, etc., Deputy Chief Caulfield.

Instructions in the various causes of fire, incendiarism, arson, etc.; instructions in the method of detecting causes of fire, preserving of evidence, etc., including moral hazards.

Lecture 16. (January 8.)

Responding to and from Fires, Deputy Chief Sweeney.

Instructions with reference to routes to fires, traffic congestion, driving of apparatus, accidents, etc.; methods of operation at pier fires.

Lecture 17. (January 9.)

Oil Regulations, Oil Fires, District Chief Chamberlain.

Laws, ordinances, rules and regulations governing the installation of oil burners, increased fire hazard of same, methods of fighting fires where found; methods and proper operation at all oil fires, including transportation of oil and oil on the water.

Lecture 18. (January 10.)

Economy of Upkeep, Care of Hose, District Chief Martell.

Instruction in economy of upkeep of company quarters, apparatus, appliances, etc.; instructions in the care of hose, hose couplings, in quarters and at fires; purpose of testing hose, etc.; lost equipment and forceable entry.

Lecture 19. (January 11.)

Operation at Fires, Deputy Chief Downey.

Cellar fires, one-story fires, warehouse fires, chimney fires.

Lecture 20. (January 12.)

Subway and Tunnel Fires, District Chief McDonough.

Instructions in the methods of combatting fires in subways and tunnels. This also includes fires in elevated structures and bridges, also lumber yards.

Lecture 21. (January 13.)

Fire Prevention, Building Inspection, District Chief Coughlin.

Instructions in the modern method of inspection for the purpose of fire prevention; laws and ordinances, rules and regulations governing same, as it affects the City of Boston; building inspection in general for the purpose of obtaining knowledge of buildings in the event of fires occurring in same.

Lecture 22. (January 15.)

Fire Alarm System, Superintendent Fickett.

Instructions and demonstration in the technique of the Fire Alarm System. To be given at Fire Alarm Office.

Lecture 23. (January 16.)

Marine Fires, Captain Williams, Engine 44.

Elevator Accidents, Captain Brown, Ladder 8.

Instructions with reference to the use of fireboats, method of operation at ship and dock fires; coal pockets on the waterfront and island fires.

Proper method of operation at freight and passenger elevator accidents.

Lecture 24. (January 17.)

Elementary Fire Fighting, District Chief Locke.

Dangers to be avoided at fires, ladder duty, ventilation duty and overhauling at fires.

Lecture 25. (January 18.)

Fire Fighting, District Chief Pope.

Instructions in the proper method of operation in the handling of fires involving life and property in hotels, apartment houses, theaters, hospitals, public buildings, tenements and dwellings.

Lecture 26. (January 19.)

Mechanical Refrigeration, C. Ray Lowe, Engineer of Educational and Technical Department, Frigidaire Company.

Instructions in mechanical refrigeration, etc. This lecture to be given on the premises of the Frigidaire Sales Corporation of New England, 25 Blandford street, Boston.

Lecture 27. (January 20.)

Conflagrations, emergencies, etc. District Chief Donohoe.

Instructions relative to resources available for conflagrations, earthquakes or any extraordinary condition.

January 22, 1934—Examination.

At 9.30 a. m., at quarters of Engine Company 26, Broadway.

The dates of the lectures are subject to change to meet conditions and emergencies.

Inasmuch as the lecturers are so generously giving of their time and service, it is expected that all members attending this college shall conduct themselves in a manner that will reflect credit on the department. Smoking during class shall be absolutely prohibited, and the dignity of the classroom shall be preserved at all times.

The Committee on Fire College shall continue to function until all the members of the department have completed the course.

By order of Fire Commissioner EUGENE M. McSWEENEY.

HENRY A. FOX,
Chief of Department.

General Orders No. 57.

I. STATE PRISON FIRE.

The Fire Commissioner is greatly pleased to publish for the information of the department the following editorial which appears in the *Daily Record* today. It is very gratifying to the Fire Commissioner and it should be to the members of the department to know that they are given this public recognition and commendation in the leading editorial of one of Boston's great daily newspapers.

"Gallant Firemen.

With heroism far above and beyond the call of duty, the Boston firemen faced death at the hands of desperate criminals as well as in the flames to bring to a quick stop the fire which threatened Charlestown State Prison.

Too often the average citizen accepts as a matter of course the unhesitating devotion to duty with which the fireman almost daily takes his life in his hands in order to protect the lives and property of the people.

But sometimes there occurs an event such as the fire at the Charlestown State Prison, Sunday, which brings home to everyone a realization of just what heroes these men can be.

Desperate, dangerous criminals had set that prison shop afire in a mad attempt to win their way to freedom. They were still in the flaming building when the firemen drove their apparatus into the prison yard and went about their business of stopping the blaze before it could consume the whole fire-trap institution and its 1,100 fear-crazed inmates.

Prison officials warned the firemen that the five men in the building were doubtless armed, would unhesitatingly kill them if they entered. But they went right in with their lines of hose, facing death at the hands of the crazed men, who wanted freedom at any cost, along with the peril of the flames and smoke.

In remarkably fast time, these Boston firemen stopped the fire, which threatened to become a holocaust, and they rescued the escaping prisoners as well.

There are 1,502 firemen in the Boston Fire Department, 1,502 potential heroes. The department has reached its highest efficiency and morale.

Any one of them will face death unhesitatingly any day or night, just as did that gallant band at State Prison on Sunday."

By order of Fire Commissioner EUGENE M. McSWEENEY.

HENRY A. FOX,
Chief of Department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Goodway road, West Roxbury district, as a highway, from Bourne street to Florence street, bounded and described as follows:

A highway named Goodway road is hereby laid out, from Bourne street to Florence street, and ordered constructed; the cost thereof to be charged to Federal funds allocated under the Civil Works Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Bourne street, seventy and 35-100 feet; southerly by the southerly line of said Goodway road as hereby laid out, by five measurements, twenty-two and 5-100 feet on a curve of fifteen feet radius, three hundred seventy-six and 80-100 feet, one hundred thirteen and 89-100 feet, seventy-six and 42-100 feet and twenty-six and 43-100 feet; westerly by Florence street, by three measurements, twenty-three and 14-100 feet, twenty-one and 84-100 feet and twenty-seven and 80-100 feet; and northerly by the northerly line of said Goodway road as hereby laid out, by five measurements, twenty-three and 13-100 feet, eighty and 29-100 feet, one hundred twelve and 47-100 feet, three hundred seventy-three and 81-100 feet and twenty-five and 7-100 feet on a curve of fifteen feet radius.

No betterments are to be assessed for the making of the aforesaid improvements.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Goodway road, West Roxbury district, as a highway, from Bourne street to Florence street, under the order of the Board of December 11, and awards no damages therefor.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following:

Caroline Ciampa, 50 St. Andrew road, East Boston, in the sum of \$5, refund of amount paid the Licensing Board twice for common victualer license at 60 Cambridge street.

Santo F. Durso, 604 Main street, Medford, in the sum of \$9.60, as refund of proportionate part of fee paid the Board of Street Commissioners for license for the storage and sale of merchandise at 7 Cross street, and which license was canceled September 1, 1933.

J. D. Bornstein, Incorporated, 1134 Washington street, in the sum of \$250, as refund of amount paid the Licensing Board for common victualer beer license, which was later reconsidered and rejected by said Board.

George Murphy, 1076 Commonwealth avenue, in the sum of \$280, as refund of fee paid the Licensing Board for beer and victualer license at that address, and which license was never used.

Michael Goldberg, 280 Friend street, in the sum of \$250, as refund of fee paid the Licensing Board for beer license at 111 Causeway street, and which license was granted in error and revoked.

PROCEEDINGS OF SCHOOL COMMITTEE.

Nov. 20, 1933.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 9:55 o'clock p. m., the Chairman presiding.

Present: Messrs. Hurley, Mackey, Mrs. Pigeon, Messrs. Reilly and Tobin.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers, as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

APPROVAL OF STATE-AIDED COURSE

A communication was received from the Department of Education, Division of Vocational Education, under date of Nov. 14, 1933, reporting that the establishment of a department in Airplane Service consisting of a course in Airplane Service, at the Boston Trade School Evening Classes, in Boston, has been approved in accordance with plans set forth; that if these plans are carried out as submitted, the work will be given approval and the City of Boston recommended for reimbursement under the provisions of Chapter 74 of the General Laws, reimbursement to date from Sept. 25, 1933.

Placed on file.

DEATHS

The Superintendent reported the deaths of the following-named persons:

Department of Practice and Training—Clarissa E. Prouty, first assistant director, Nov. 13, 1933.

Hancock District—Lena M. Rendall, assistant, elementary, Nov. 11, 1933.

Placed on file.

APPOINTMENTS AND TRANSFERS

The following appointments and transfer by the Superintendent certified by him as being accordance with the rules and regulations, to take effect on the dates stated, were presented.

The Superintendent stated that these appointments are not additions to the faculty of the various schools. They are replacements, or to fill vacancies provided for in the budget. No new positions have been filled or will be filled until after January first.

(FROM THE ELIGIBLE LIST)

(To fill vacancies allowed in budget)

Brighton High School—Marie C. McCabe, assistant, Dec. 6, 1933,

Naomi R. Sylvestre, industrial instructor (from teacher of sewing intermediate. Department of Household Science and Arts), Dec. 6, 1933; Barbara Y. Wilson, industrial instructor, second year, Jan. 2, 1934.

Girls' High School—Mark C. Crehan, junior master, Dec. 6, 1933. Margaret C. Carroll, assistant, Dec. 6, 1933.

High School of Practical Arts—Dorothy H. Shurtleff, assistant (from assistant, intermediate, Lewis Intermediate District), Dec. 6, 1933

Department of Household Science and Arts—Mary G. Cronin, Sarah L. Foley, teachers of cookery, intermediate. Dec. 6, 1933.

Laid over.

(To fill vacancies caused by transfers)

East Boston High School—Rufina M. McCarthy, assistant, (from assistant, intermediate, Washington Intermediate District), Dec. 6, 1933.

Chapman District—Anna M. Kawolis, R. Eleanor McGowan, assistants, elementary. Dec. 6, 1933.

Emerson District—L. Josephine Reid, assistant, elementary, Dec. 6, 1933.

Henry L. Higginson District—Mary A. Rodenhiser, Margaret E. Good, assistants, elementary, Dec. 6, 1933.

John A. Andrew District—Lucy Lieberman, assistant, intermediate, Dec. 6, 1933.

Joseph H. Barnes Intermediate District—Evelyn B. Strauss, assistant, intermediate, Dec. 6, 1933.

Quincy District—Marion W. Meloy, assistant, special class, Dec. 1933.

Theodore Lyman District—Madeline H. McCarthy, assistant, elementary, Dec. 6, 1933.

William Lloyd Garrison District—Helen J. Martin, assistant, elementary, Dec. 6, 1933.

Laid over.

(To fill vacancies caused by promotions).

Abraham Lincoln District—Loretto M. Creed, assistant, intermediate, Dec. 6, 1933.

Mary E. Curley Intermediate District—William J. Cunningham, assistant, intermediate, Dec. 6, 1933.

William Barton Rogers Intermediate District—Matilda M. McLeod, assistant, intermediate, fourth year, Jan. 2, 1934.

William Howard Taft Intermediate District—Bernard F. Devlin, assistant, intermediate, Dec. 6, 1933.

Department of Manual Arts—Edwin L. Lawson, Francis T. Martin, Secondo A. Mazzuchelli, James B. McDonough, Warren J. Moran, assistants, manual training, elementary, Dec. 6, 1933.

Laid over.

(To fill vacancies caused by resignations and retirements on pension)

East Boston High School—Claire G. Ruane, assistant, Dec. 6, 1933.

Girls' High School—Jacqueline Cirame, assistant, Dec. 6, 1933.

Abraham Lincoln District—Marie C. Cosgrove, assistant, elementary, Dec. 6, 1933.

Agassiz District—Susan F. Holmes, assistant, elementary, Dec. 6, 1933.

Beethoven District—Georgie S. Munroe, assistant, elementary, Dec. 6, 1933.

Bigelow District—Editha L. Hurley, assistant, elementary, Dec. 6, 1933.

Dillaway District—Mary F. Fitzgerald, assistant, elementary, Dec. 6, 1933.

Elihu Greenwood District—Sarah M. Fordham, Helen F. Holland, assistants, elementary, Dec. 6, 1933.

Emerson District—Aimee F. Brown, assistant, elementary, Dec. 6, 1933.

Francis Parkman District—Anna M. Santosuosso, assistant, elementary, Dec. 6, 1933.

Franklin District—Mary E. Flaherty, assistant, special class, Dec. 6, 1933.

Gaston District—Josephine B. Costello, assistant, elementary, Dec. 6, 1933.

Grover Cleveland Intermediate District—Herbert J. Kinsella, assistant, intermediate, second year, Dec. 6, 1933.

Henry Grew District—Elsie M. Carlson, assistant, elementary, Dec. 6, 1933.

Hugh O'Brien District—Mary J. Petruzzelli, Catherine M. Vaughan, assistants, elementary, Dec. 6, 1933.

Hyde District—Freida G. White, assistant, elementary, Dec. 6, 1933.

John Cheverus District—Georgianna M. Cook, assistant, elementary, Dec. 6, 1933.

Joseph H. Barnes Intermediate District—John K. Lennon, assistant, intermediate, Dec. 6, 1933.

Julia Ward Howe District—Ella M. O'Leary, assistant, elementary, Dec. 6, 1933.

Minot District—Alice G. Curran, assistant, intermediate, Dec. 6, 1933.

Robert Gould Shaw District—Edna M. Wood, assistant, intermediate, Dec. 6, 1933; Mary P. Killion, Margaret A. Reilly, assistants, elementary, Dec. 6, 1933.

Sherwin District—Elizabeth K. Gavin, assistant, special class, Dec. 6, 1933; Eleanor D. McCarthy, assistant, elementary, Dec. 6, 1933.

Theodore Lyman District—Evelyn V. Drew, assistant, elementary, Dec. 6, 1933.

Thomas N. Hart District—Albert L. Taylor, assistant, intermediate, Dec. 6, 1933.

William Barton Rogers Intermediate District—Mary E. Griffin, assistant, intermediate, Dec. 6, 1933.

William Howard Taft Intermediate District—Priscilla Mullen, Jane E. O'Brien, assistants, intermediate, Dec. 6, 1933.

Department of Household Science and Arts—Loretta L. Ford, Madeline B. Murray, Beatrice Pollock, teachers of cookery, intermediate, Dec. 6, 1933; Maude I. Grant, teacher of sewing, elementary, Dec. 6, 1933.

Department of Manual Arts—William H. Powers, foreman, shopwork, (from instructor, shop work), Dec. 6, 1933.

Laid over.

(BY PROMOTION)

(To fill vacancies caused by transfers.)

Henry Grew District—Frances L. Quinn, first assistant, kindergarten, one session (from assistant, kindergarten, two sessions, Edward Everett District), Dec. 6, 1933.

Lowell District—Mildred E. Parsons, first assistant, kindergarten,

one session (from assistant, kindergarten, two sessions, Bennett District), Dec. 6, 1933.

Ulysses S. Grant District—Eleanor L. McGourty, master's assistant (from assistant, intermediate, Donald McKay Intermediate District), Dec. 6, 1933.

Laid over.

(ASSISTANT, INTERMEDIATE, FROM ASSISTANT, ELEMENTARY)

(To fill vacancy caused by resignation) Washington Irving Intermediate District—Anna G. Riordan, assistant, intermediate (from assistant, elementary, Ulysses S. Grant District), Dec. 6, 1933.

Laid over.

(ASSISTANT, ELEMENTARY, FROM ASSISTANT, KINDERGARTEN)

(To fill vacancy caused by resignation)

Minot District—Mary R. Bailey, assistant, elementary, (from assistant, kindergarten, two sessions, Phillips Brooks District), Dec. 6, 1933.

Laid over.

(ASSISTANT, ELEMENTARY, FROM ASSISTANT, SPEECH IMPROVEMENT CLASSES)

(To fill vacancy caused by promotion.)

Chapman District—Florence E. Caspole, assistant, elementary, sixth year (from assistant, speech improvement classes), Dec. 6, 1933.

Laid over.

(RE-ENTRIES INTO SERVICE)

(To fill vacancy allowed in budget)

Department of Physical Education—Ellen Whalen Flynn, assistant instructor, physical education, (resigned from High School of Practical Arts, May 31, 1913), Dec. 6, 1933.

Laid over.

(To fill vacancies caused by resignation and retirement on pension)

Bigelow District—Marguerite A. Wiles, assistant, elementary (resigned from Eliot District, Aug. 31, 1932), Dec. 6, 1933.

Prince District—Abbie Duane Flynn, assistant, elementary (resigned from Wendell Phillips District, Aug. 31, 1928), Dec. 6, 1933.

Laid over.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted under the provisions of section 265, paragraph 2, of the regulations the following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—Henry J. Ballem.

Day Intermediate Schools—Marie E. A'Hearn, Carl Ginsburg, Joseph Lapidus, William A. McManus, Paul E. O'Donnell, George F. Sawyer.

Kindergartens—Helen M. Harris. Department of Household Science and Arts—Theresa A. Holland, teacher of sewing.

Approved.

TEMPORARY TEACHERS

Roxbury Memorial High School (Boys)—George Thomson, Jr., co-

operative instructor, Nov. 2, 1933; Charles J. Rideout, co-operative instructor, Nov. 22, 1933.

Department of Manual Arts—Francis P. Assmus, assistant, manual training, elementary, Nov. 2, 1933; William Harrison, shop instructor, Nov. 3, 1933; Andrew Lofgren, shop instructor, Nov. 3, 1933.

Approved.

TEMPORARY SCHOOL NURSE

Department of School Hygiene—Florence P. O'Neill, temporary school nurse, Nov. 8, 1933.

Approved.

SPECIAL ASSISTANTS

Day School for Immigrants—Frances S. Cazanove, Dorothea E. Cusack, Margaret E. Leahy, Helen E. McCarthy, Mary F. McCarthy, Mary E. Magennis, Marion H. Sheehan, Oct. 16, 1933; Theresa M. Spadazzi, Oct. 16 to 25, 1933 (four sessions); Margaret M. Fitzgerald, Oct. 16 to Nov. 15, 1933 (eight sessions); Charlotte M. Crozier, Mary A. Meehan, Oct. 17, 1933; Sylvia Lipson, Oct. 17 to Nov. 6, 1933 (nine sessions); Catherine I. Madden, Margaret H. Sullivan, Oct. 18, 1933; Doris W. Tracy, Oct. 18 to Nov. 8, 1933 (seven sessions); Mary J. Flynn, Oct. 19, 1933; Eva A. Bertagna, Margaret M. Foley, Marie L. Murphy, Oct. 23, 1933; Mary T. Martin, Oct. 23, 25, 1933 (two sessions); Marie L. Burke, Oct. 25, 1933; Elizabeth R. Larrabee, Marian F. Purdy, Mary F. Russo, Oct. 30, 1933; Theresa F. Long, Nov. 14, 1933.

Approved.

ATTENDANTS

Term 1933-34

Day School for Immigrants—Catherine Zahara, Oct. 23, 1933; Mary Beekman, Nov. 1, 1933.

Approved.

HOME INSTRUCTION OF PHYSICALLY HANDICAPPED CHILDREN

A communication was received from the Superintendent, under date of Nov. 20, 1933, reporting that subject to the approval of the School Committee, he has assigned the following-named temporary teacher for home instruction of physically handicapped children, to take effect on the date stated:

Alice D. O'Connell, Nov. 20, 1933.

Placed on file and the assignment approved.

TRANSFER

Mildred M. Sughrue, assistant, kindergarten, one session, Samuel Adams District, to the position of assistant, kindergarten, two sessions, Bennett District, Dec. 6, 1933.

Approved.

ASSIGNMENT

A communication was received from the Superintendent, under date of Nov. 20, 1933 reporting that subject to the approval of the School Committee, he has assigned the following-named teacher to a class attended exclusively by boys in a grade above the third in the district herein stated:

Bigelow District—Katherine M. Coughlan, master's assistant, Nov. 23, 1931.

Placed on file and the assignment approved, to take effect on the date stated.

DESIGNATIONS

A communication was received from the Superintendent, under date of Nov. 20, 1933, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, but not beyond August 31, 1934:

Elihu Greenwood District—Helen W. Maiers, assistant, kindergarten, two sessions, as acting first assistant, kindergarten, two sessions (vice Henrietta Starke, absent on leave), Oct. 30, 1933.

John Cheverus District—Frances O'Donnell, assistant, kindergarten, two sessions, as acting first assistant, kindergarten, one session (vice Mary E. Brazil, absent on leave), Oct. 23, 1933.

Placed on file.

PAYMENT OF PENSION DUE AT DEATH

On motion of the Superintendent, it was

ORDERED, That the amount due Annie G. D. Ellis, deceased pensioned teacher in the George Putnam District, be paid to her daughter, Lucy D. Eaton.

NEWSBOYS TRIAL BOARD

A communication was received from the Superintendent, under date of Nov. 20, 1933, reporting that the following-named newsboys have been elected members of the Newsboys' Trial Board, to take effect Nov. 16, 1933:

Fred B. Razook, judge, English High School.

Isadore Lesser, judge, Roxbury Memorial High School (Boys).

Donato Sciarrio, judge, Washington School.

Placed on file.

A communication was received from the Superintendent, under date of Nov. 20, 1933, reporting that Anthony Fusco, Brighton High School, has been appointed clerk of the Newsboys' Trial Board for the year 1933-34, to take effect Nov. 16, 1933.

Placed on file.

DESIGNATION OF SCHOOL DISTRICTS FOR PROPOSED NEW SCHOOLS.

The following was offered:

ORDERED, That the Washington Irving Intermediate District is hereby designated as the school district within which the new West Roxbury high school shall be erected from federal funds to be provided under Chapter 366 of the Acts of 1933, Section 2, Part I, said school being included in the \$2,000,000 item in the comprehensive building program of public works prepared by His Honor the Mayor under the provisions of said chapter.

Passed unanimously.

Chairman: The Chair would state that this district goes from Forest Hills to the West Roxbury Parkway, and in that area will be located the new West Roxbury high school, the site to be selected subsequently. This designation of a district is the fulfillment of the School Committee's part in the taking of land for the new high school in order to secure from Federal funds the money to provide for the construction of that school.

The following was offered:

ORDERED, That the Shurtleff-Thomas N Hart District is hereby designated as the school district within which the new South Boston intermediate school shall be erected from Federal funds to be provided under Chapter 366 of the Acts of 1933, Section 2, Part I, said school being included in the \$2,000,000 item in the comprehensive building program of public works prepared by His Honor the Mayor under the provisions of said chapter.

Passed unanimously.

Dr. Mackey: I sincerely hope that the papers will notify the residents of South Boston to indicate whether or not they are satisfied with this designation of the district within which the new intermediate school may be located. I hope that the people of the district will be given due consideration so that the location of the building will meet their needs and not put upon them the burden of paying

carfares for the children who will attend the school. Our district has been hit rather hard by the depression and there are many unemployed. I am anxious that the district shall be given every consideration and am sure that the other members of the Committee appreciate the present conditions in South Boston and are equally anxious to serve the district.

ANNUAL REPORT OF SUPERINTENDENT

A communication was received from the Superintendent, under date of Nov. 20, 1933, submitting the fifty-first annual report of the Superintendent of Public Schools. The report covers the school year ending Aug. 31, 1933.

The report was accepted.

On motion, it was

ORDERED, That this Committee hereby adopts as its Annual Report for the year 1933, the Annual Report of the Superintendent, including School Document No. 9, 1933, and that fifteen hundred (1,500) copies be printed.

LEASING OF WASHINGTON STREET SCHOOL

The following preamble and order were offered:

WHEREAS, The Washington Street School in the Francis Parkman District, Jamaica Plain, is now vacant and not in actual use for school purposes, it is hereby

ORDERED, That the City Council is hereby requested to authorize the School Committee, in the name of the City, to lease to the 55th Artillery, A. E. F., Veterans' Association, the Washington Street School, Jamaica Plain, such occupancy to be discontinued at the will of the School Committee.

The preamble was adopted and the order passed.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian recommending that the following-named custodians be granted leave of absence on one-half net compensation because of personal illness for the periods specified:

James E. Norris, custodian, Gilbert Stuart Schoolhouse, Nov. 3 to 16, 1933.

Walter S. Harvey, custodian, Ellen H. Richards Schoolhouse, Nov. 6, 13, and 14, 1933.

Placed on file and leave of absence on one-half net compensation granted for the periods specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Nov. 20, 1933, recommending that the following-named candidates who stand at the head of their respective lists, be appointed as indicated, to take effect on the dates stated:

Arthur B. Callahan, custodian Quincy E. Dickerman School-house, to the Plummer School-house, Nov. 19, 1933.

John A. Callanan, custodian, Benjamin Dean School-house, to the Parkman School-house, Nov. 26 1933.

Thomas W. McLean, custodian, Plummer School-house, to the John Cheverus School-house, Nov. 19, 1933.

Thomas A. Riordan, custodian Andrews School-house, to the William Bacon School-house, Nov. 7 1933.

Placed on file and the transfers approved, to take effect on the dates stated.

CERTIFICATION AND APPOINTMENT OF SUPERVISOR OF ATTENDANCE.

A communication was received from the Secretary, under date of Nov. 20, 1933, reporting that the Division of Civil Service has certified the following-named persons as eligible for appointment as supervisor of attendance:

Patrick J. Fleming, Edward A. Roache, Frederick M. O'Hara; Mary V. L. McCormack, Jeannette Ascolillo, Dorothy A. Hickie.

Placed on file.

Chairman: The Chair would like to state, with reference to the coming vote, that this evening in the Conference, the Chairman made acknowledgment of a petition which he had received, signed by some two thousand people, stating that they "believed that the Attendance Department of the Boston Public Schools, which contains more than 30 officers, should have at least one Yiddish-speaking Attendance Officer, to deal fairly and effectively with non-English-speaking Jewish mothers. In view of the above, we are convinced that the public interest demands that such an appointment be no longer delayed and that the present incumbent, Mrs. Rose Harris Cooper, teacher, social worker and mother, who has already proven her ability as an Attendance Officer by six months temporary service, be permanently appointed forthwith."

On the strength of that petition, I moved that the appointment of a Yiddish-speaking supervisor of attendance be made, but the motion was defeated. Subsequently, I moved that appointment be made from the women's list to fill the vacancy in the Attendance Department, and that motion was lost. Therefore the question comes now on the appointment of a supervisor of attendance from the men's list, and a roll call vote is in order.

Mr. Tobin: In connection with the Chairman's statement, I'd like to point out that the Committee on two occasions made attempts to have the Civil Service Commission certify the name of Mrs. Rose Harris Cooper and in both cases the Civil Service Commission refused. In another instance the Committee requested the Civil Service Commission to grant an examination for Yiddish-speaking supervisor of attendance, which request likewise was refused. So it seems that it is beyond the authority of this Committee to do anything to satisfy this petition.

Mr. Hurley: For the record: I voted against asking Civil Service

to make that appointment, and tonight in Conference I voted against the motion to appoint Mrs. Cooper; and I voted against the motion to appoint a woman.

In response to roll call, the members voted as follows:

Mr. Hurley: For No. 1 on the men's list, Mr. Patrick J. Fleming.

Dr. Mackey: For Mr. Fleming. In conference, I voted for Mr. Roache, but there were not three votes for Mr. Roache.

Mrs. Pigeon: For No. 1 on the men's list, Mr. Fleming. As a matter of record: I voted in favor of the motion as presented by Mr. Reilly for the appointment of a Yiddish-speaking supervisor of attendance, and I also voted in favor of the appointment of No. 1 on the women's list.

Mr. Tobin: No. 1 on the men's list, Mr. Patrick J. Fleming.

Chairman: No. 1 on the men's list, Mr. Patrick J. Fleming.

Mr. Patrick J. Fleming, No. 1 on the men's list, was declared by the Chair unanimously elected supervisor of attendance, to take effect Nov. 27, 1933.

ELIGIBLE LIST

Mr. Tobin offered the following: ORDERED, That Sarah L. Foley, temporary teacher of cookery in the day high and day intermediate schools of the city, is hereby declared eligible for admission to the examinations of December, 1933, for Certificate XI. Special: Cookery.

Mr. Tobin: I urge the passage of this order because it will place permanently on the rolls one of the outstanding cookery teachers of our system who for the last ten years has rendered excellent service as a temporary teacher.

Chairman: In 1909, the Trade School for Girls was taken over by the School Committee as a part of the Boston public school system. In 1915, teachers then serving in the Trade School were, by action of the Committee, given non-competitive examinations, upon the passing of which they were eligible for permanent appointment in that school. Miss Sarah L. Foley had served in the Trade School prior to its absorption into the Boston system. She subsequently returned to temporary service, and in December, 1923, took and passed the written examinations for Certificate XI. Special: Cookery, but was declared ineligible for examination as a re-entrant teacher.

She has been in continuous temporary service in the intermediate and high schools over a period of more than ten years and has rendered satisfactory service.

In view of the fact that Miss Foley actually passed the examinations for Certificate XI. Special: Cookery, the Committee has agreed that Miss Foley now should be granted the certificate for which she previously applied by examination, and be given permanent appointment.

The Committee being unanimous in this vote, upon motion of Mr. Tobin, seconded by Dr. Mackey, the Chair declared the motion passed under a suspension of the rules.

A communication was received from the Board of Superintendents, under date of Nov. 20, 1933, reporting that under action of the School Committee of even date, declaring Sarah L. Foley eligible for examination for Certificate XI. Special: Cookery, the Board of Superintendents has rated the candidate on the results of her written examination of December, 1923, and her ratings for experience in teaching as recorded in the Department of Household Science and Arts.

The Board of Superintendents therefore recommended the following insertion in the Eligible List, School Document Nov. 4, 1933, page 44, "Cookery," at the point indicated by the rating.

Rating	Name	Certificate expires
767	Sarah L. Foley	June 30, 1939

Placed on file and the insertion allowed.

The Committee adjourned.

Attest:

Secretary.

SCHOOL ATTENDANCE FOR SUFFOLK COUNTY.

Number of children 7-13 years old, 105,675, of whom 104,035, or 98.5 per cent, were attending school; 14 and 15 years, 29,662, of whom 28,256, or 95.3 per cent, were attending school; 16 and 17 years, 29,902, of whom 19,453, or 65.1 per cent, were attending school; 18-20 years, 47,103, of whom 12,395, or 26.3 per cent, were attending school; total children 7 to 20 years old, 212,342, of whom 164,189, or 77.3 per cent, were attending school.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS TO NO. 5 ENGINE AT CALF PASTURE PUMPING STATION.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs to No. 5 Engine at Calf Pasture pumping station. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Repairs to No. 5 Engine at Calf Pasture Pumping Station," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, December 26, 1933, with a certified check for six hundred (600) dollars payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposal will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(Dec. 16.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING EGGS, CHEESE, ETC.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, eggs, cheese, etc., as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty cents (\$.20) for each set of blank proposals taken out. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, December 26, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(Dec. 16.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MEATS.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, meats, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty-five cents (\$.25) for each set of blank proposals taken out. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Friday, December 22, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., on Tuesday, December 26, 1933, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various city departments. *There will be a charge of twenty cents (\$0.20) for each set of blank proposals taken out.* The bidder must include the cost of delivery. The bidders are requested to bid on United States No. 2 timothy hay. Hay must be no less than 40 per cent green. The grade of hay must comply with the federal hay grades, and No. 2 white oats to test no less than thirty-six pounds to bushel, graded under federal standards. The hay and oats must be weighed by sworn weighers and on the scales designated by the Superintendent of Supplies. All articles covered by this contract shall be the growth production of the United States. The bidder must use the form of proposals to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

PHILIP A. CHAPMAN,
(Dec. 16.) *Superintendent of Supplies.*

HOSPITAL DEPARTMENT.

PROPOSALS FOR THE PURCHASE OF TRIMMINGS, BONES AND GREASE.

The Trustees of the Boston City Hospital invite sealed proposals for the purchase of the following materials from the Hospital Proper, South Department, and Haymarket Square Relief Station, for one year beginning January 1, 1934, and ending December 31, 1934.

Trimmings, 3,000 pounds per month, more or less.

Bones, 2,000 pounds per month, more or less.
Grease from kitchen, 1,500 pounds per month, more or less.

Suets, 500 pounds per month, more or less.
Cods, 100 pounds per month, more or less.
Grease from traps, 500 pounds per year, more or less.

The price offered is to be the price per pound on each of the above items, which is to include removal of grease from traps. The purchaser is to provide proper receptacles and remove these materials from the kitchen daily, except Sunday, before 11 o'clock a. m., and the grease from the grease traps whenever notified by the Hospital so to do. Payments for materials taken to be made monthly. A bond will be required for the faithful performance of the contract. Proposals to be addressed "The Boston City Hospital, Proposal for Trimmings, Bones and Grease," and left at the Hospital, 818 Harrison avenue, not later than Tuesday, December 26, 1933, at 12 o'clock noon, at which time and place said proposals will be publicly opened and read. The Trustees reserve the right to reject any and all proposals.

JOHN J. DOWLING, M. D.,
(Dec. 16.) *Superintendent.*

DEPARTMENT OF SCHOOL BUILDINGS.

PUBLIC AUCTION.

By order of the Superintendent, Department of School Buildings, and approved by his Honor the Mayor, I will sell at public auction, on the premises, on Tuesday, December 19, 1933, at 11 a. m., the land located on Smith street, Roxbury, containing approximately 7,000 square feet, more or less, at an upset price of \$300.

Terms and conditions of the sale, cash or certified check for \$150 at the time of sale and the balance in thirty days. Further information from the auctioneer.

CITY OF BOSTON.
TRANSIT DEPARTMENT.

PROPOSALS FOR FURNISHING AND INSTALLING FRAMES, GRILLES, SLIDES AND LINING FOR CEILING FOR TRAFFIC TUNNEL.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing frames, grilles, slides and lining for ceiling for Traffic Tunnel. A bond of an approved surety company will be required for the faithful performance of the contract in a sum of the full amount of the total bid price. Proposals must be filled out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Proposal for Lining for Ceiling for Traffic Tunnel," and delivered to the Department or to its secretary before 12 o'clock noon on Thursday, December 28, 1933, at which time and place they will be publicly opened and read. A properly certified check in the sum of five thousand (5,000) dollars, payable to the city, must accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the Department of the acceptance of the proposal, and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Plans, proposals, specifications and forms of contract may be obtained at this office on or after Friday, December 15, 1933. A deposit of \$5, in cash or by certified check, will be required for a set of plans and two sets of the specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The Department reserves the right to reject any or all proposals.

FIRE DEPARTMENT.

PROPOSALS FOR LAUNDRY WORK.

The Fire Commissioner of the City of Boston invites proposals for the laundering of the linen of the Boston Fire Department, consisting of sheets, pillow slips, towels, bedspreads, etc., commonly known as "flat work," and red, gray and blue blankets, both single and double, for the year 1934. The linen, blankets, etc., to be called for and delivered one day each week at the various fire stations of the Boston Fire Department. Samples of the linen, etc., may be seen at Fire Department Headquarters, 60 Bristol street, Boston. The amount of work to be done is approximately as follows: Five thousand five hundred and eighty (5,580) sheets per month; five thousand one hundred and forty-five (5,145) pillow slips per month; nineteen hundred and seventeen (1,917) towels per month; one hundred and seven (107) bedspreads per month; blankets, gray and blue, one thousand (1,000) annually. Estimates must be submitted on a price per piece basis only. Proposals submitted on any other basis will not be considered. Proposals will be received at the office of the Fire Commissioner, 60 Bristol street, Boston, until 12 m., December 27, 1933, at which time and place they will be publicly opened and read. Proposals must be sealed and marked "Proposals for Laundry Work," and must be made in duplicate, one to be deposited with the City Auditor, City Hall, previous to the time stated for the opening of the bids; the other, containing a certified check for two hundred (200) dollars made payable to the City of Boston, is to be deposited at the office of the Fire Commissioner; said check to be the property of the city if the accepted proposal is not carried out. A bond of an approved surety company doing business in the Commonwealth of Massachusetts will be required for the faithful performance of the contract by the successful bidder in the sum of 40 per cent of the estimated total amount of the contract. The contract is made subject to appropriations to meet payments thereunder. The Fire Commissioner reserves the right to reject any and all proposals and to award the contract as he deems best.

EUGENE M. MCSWEENEY,
(Dec. 16-23.) *Fire Commissioner.*

BUILDINGS RAZED.

The Mayor has approved the request of the Building Department to raze structures deemed unsafe, menaces so dangerous to life, as follows:

The building at 16 Bunker Hill street, Ward 2. The building is in a dilapidated condition; rear brick wall on second floor in a dangerous condition.

The owner, Jennie Kramer of 15 Rockland street, was notified of the unsafe condition of the building, but neglected to remove the cause of complaint.

The building at 11 Kendall street, Ward 9, was reported that the front wall of building was bulged out 6 inches, and is unsafe and dangerous.

Unable to locate the owner of record, Evermond C. Davis, but a notice of the unsafe condition of the building was posted on the external wall, and it was necessary for this department to enter the premises and shore the wall.

Nothing has been done to remove the cause of complaint and the inspector now reports that the structure should be taken down.

The building at 108 Fellows street, Ward 8, a section of front wall was pulling away, due to building settling; unsafe and dangerous.

Unable to locate the owner of record, Frank Mason, but a notice of the unsafe condition was posted on the external wall of the building.

The building at 191 West Springfield street, rear, Ward 4.

The owner, Mrs. Nettie Tyler of 191 West Springfield street, has been notified of this unsafe condition, but neglected to remove the cause of complaint.

The building at 41 Oswego street, Ward 3, was reported that the pier at west side of front entrance to passageway is settling and buckling westward against east pier of No. 25, the adjoining building. Party wall between 25 and 41 bulged and cracked in basement. Part of rear wall and west wall of ell bulged and cracked. Unsafe and dangerous. Permit to repair taken out December 2, 1932, work started and then ceased December 12, 1932, nothing done since.

The owner, Frank P. Manoli of 46 Pearl street, Medford, was notified of the unsafe condition of the building, but neglected to remove the cause of complaint.

The building at 173-180 Main street, Ward 3, was reported that the building is in a dilapidated condition; side wall all rotten; outside boarding falling off; rear wall all rotten; clapboards and casing falling off; windows all broken; fire escapes falling down.

The owner, Carrie A. Thorndike of 140 Marlborough street, Boston, was notified of the unsafe condition of the building, but neglected to remove the cause of complaint.

The building at 1 Liverpool avenue, Ward 1, was reported that the building is dilapidated, open to wind and weather and a fire menace.

The owner, Annie Frongello of 11 Everett street, East Boston, was served with notices relative to the unsafe condition of the building, but neglected to remove the cause of complaint.

The building at 79 Lenox street, Ward 9, was reported that the rear wall is in an unsafe and dangerous condition.

We were unable to locate the owner of the building, William H. Quinby, but a notice of the unsafe condition was posted on the external wall of the building, and a notice served on the mortgagee, Raymond M. Adams, 18 Tremont street, Boston, on December 21, 1931, who gave

orders to Isaac Blair & Co., Incorporated, to shore the wall, but nothing further was done to repair the building.

The building at 36 Allston street, Ward 2, was reported that the building is in a dilapidated condition; windows and doors gone; house open to the public; clapboards and casings falling off; brick chimney falling down.

The owner, Annie Brown of 23 Cook street, Charlestown, was notified of the unsafe condition of the building, but neglected to remove the cause of complaint.

The building at 226 Bolton street, Ward 6, was reported that the building is in an unsafe and dangerous condition, dilapidated and a fire menace.

The owner, John P. Doyle of 15 Revere street, Boston, was notified of the unsafe condition of the building, but neglected to remove the cause of complaint.

FIRE DEPARTMENT ORDERS.

General Order No. 58.

I. CONTRIBUTION TO BOSTON FIREMEN'S RELIEF FUND.

The Fire Commissioner is pleased to acknowledge receipt of a contribution of \$500 to the Boston Firemen's Relief Fund from the Central Wharf and Wet Dock Corporation in appreciation of the services rendered by the Fire Department at the four-alarm fire at Central Wharf, November 7, 1933. Following is the letter received from the Central Wharf and Wet Dock Corporation:

December 11, 1933.

HENRY A. FOX, ESQ., *Boston Fire Department*, 60 Bristol street, Boston.

MY DEAR SIR,—The Central Wharf and Wet Dock Corporation appreciates greatly the excellent work done by the Fire Department at the recent fire on Central Wharf, and as a testimonial to the efficiency of the department we take pleasure in enclosing the corporation's check to the order of the "Boston Firemen's Relief Association" for \$500.

CENTRAL WHARF AND WET DOCK CORPORATION,
by A. E. BUFFUM, *Treasurer*.

The check has been turned over to the treasurer of the Boston Firemen's Relief Fund.

II. CHANGE IN STREET NAME.

Notice has been received from the corporation of Harvard University that the name of the private way extending between Harvard Medical School, Peter Bent Brigham Hospital and the Children's Hospital, which has been called Van Dyke street, has been changed to Shattuck street.

III. A. D. T. SIGNAL DISCONTINUED.

Notice has been received from the American District Telegraph Company that the following signal number has been discontinued:

Signal No. 347, "S"—F. H. Roberts & Company, 12-26 Ferry street, Boston.

IV. NEW ASSIGNMENT CARDS.

New assignment cards are being issued to the department today for the following boxes:

2344—Park Drive, Boylston and Ipswich streets, as announced in General Order No. 41 c. s.

2347—Park Drive and Kilmarnock street, as announced in General Order No. 41 c. s.

2348—Park Drive and Queensberry street (westerly end), as announced in General Order No. 41 c. s.

TO OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

Joseph A. Singarella Company has been directed to omit and substitute the following work under the contract for laying sheet asphalt pavement in Worthington street and Bartlett street. Items ordered: Omit excavating by hand labor methods for preparing subgrade for concrete base and asphalt top in Worthington street, from Huntington avenue to Tremont street, and substitute mechanical excavator. The mechanical excavator is to be used on about 1,870 square yards. The price to be paid: For each square yard of asphalt top furnished and laid on concrete base where subgrade is prepared by mechanical excavator, the sum of \$2.15. Estimated cost of omitted work, \$4,207.50; estimated cost of substituted work, \$4,020.50; estimated decrease in cost \$187.

EXTRA WORK UNDER CONTRACT.

Charles Struzziery has been directed to perform the following extra work under the contract for building sewerage works in Oakland brook, between Neponset river and Haven avenue, Dorchester. Items ordered: Furnish and erect 50 linear feet chain link fence, 4 feet high, with bar on top, galvanized-iron posts set in 8-inch by 8-inch concrete piers, and with O. D. pipe brace at each end, as per detail, at \$2 per linear foot; furnish and lay 220 square feet artificial stone sidewalks at 45 cents per square foot; furnish and place 45 cubic yards class A concrete at \$8 per square yard; furnish and place 135 cubic yards gravel at \$2. (The last two items are at contract prices.) Estimated cost of extra work, \$829.

V. J. Grande Company has been directed to perform the following extra work under contract for building sewerage works for Nashua street and Lowell street overflow extension in land of Commonwealth, from Nashua street about 120 feet northwesterly, city proper. Items ordered: Clean 57 linear feet of existing 6-foot by 7 foot 6-inch concrete overflow between the tidegate chamber and outlet, including all incidental work, at agreed price of \$1.75 per linear foot. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$99.75.

J. Susi and Brother have been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Crockett avenue and Tennis road. Items ordered: Relay house drain at No. 5 Crockett avenue. Price to be paid, the sum of \$3 for each linear foot of house drain relaid. Estimated cost of extra work, \$70.

Charles Struzziery, contractor, has been directed to perform the following extra work under the contract for sewerage works in Oakland brook, between Neponset river and Haven avenue, Dorchester District. Items ordered: Five hundred and fifty linear feet of earth excavation in Oakland brook conduit, including removal and disposal, and 500 linear feet in conduit in River street, at 65 cents per linear foot. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$682.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 25.

SATURDAY, DECEMBER 23, 1933.

No. 51

MAYOR CURLEY WISHES MERRY CHRISTMAS AND PROSPERITY IN FUTURE YEARS FOR CITIZENS OF BOSTON IN FINAL BROADCAST FROM CITY HALL STATION—REVIEWS PAST FOUR YEARS AND CONTRASTS PRESIDENT ROOSEVELT'S BETTERMENT PROGRAM WITH LACK OF SUCH BY HOOVER WHEN IN WHITE HOUSE—POINTS TO ENVIABLE POSITION OF CITY AMONG AMERICAN MUNICIPALITIES.

His Honor the Mayor, speaking over Station WNAC on December 18, said in part as follows:

Friends of the Radio Audience.

Throughout the entire world the anniversary of Christmas will be celebrated one week from today, so that in all probability this is the last opportunity that will be presented to the present Mayor of Boston to officially broadcast to the radio public. I want to take this occasion not only to express my sincere and heartfelt wishes for a Merry Christmas and a Happy New Year to everyone that is listening in, but to all the people of America and the world, and to express in addition the conviction that Christmas Day, 1933, will represent more real happiness to many millions of persons in the United States than did Christmas Day, 1932, and that Christmas Day in 1934 will in all probability mark the last really dreary Christmas in the life of many millions of people of America.

I want likewise to take opportunity to thank at this time Mr. Shepard of WNAC and those associated with him, either in the studio or who have been here assisting at City Hall, for their extreme kindness and very great courtesies during the present year.

Whether we will or no we are a part in the present hour in the life of America, and of the world, of a process of evolution so extraordinary and so far-reaching in character that the word "evolution" scarcely does justice to the kaleidoscopic changes that are taking place on every hand. I really believe the words "bloodless revolution" might perhaps carry the thought a little better than would the word "evolution."

More Justice Is Aim.

There is a definite intent and purpose upon the part of those in authority nationally to develop a program through which a more equitable condition and a more sound economic condition may be provided for the men, women and children of the United States of America. There were many persons in America who could see the trend of affairs and recognized the necessity for a change in our country, and as a matter of fact the United States is really the only large country in the world that has not suffered an overturn or revolution of some character within the last thirteen or fourteen years; that we have failed to be the victims of a bloody revolution may be traced in large measure to those three great agencies that exist in the United States—the Catholic Church, the American Federation of Labor, and the organizations of veterans who learned the true meaning of responsibility for lawfully constituted authority during the period of the World War.

But that we must change our economic order or follow on the road that every country in the world has been obliged to travel during the last fifteen years of world travail must be apparent to every man. The confidence of the people of the United States in the present Chief Executive of the nation was enhanced by his public utterance when inaugurated as President of the United States in his appeal for divine guidance for himself, the most powerful and potent expression of humility ever made publicly by a leader in this nation since the time of Abraham Lincoln, and second for his appeal for divine guidance and protection for the people of the United States.

His predecessor in the office of President of the United States was unquestionably a man exceptionally trained in the public service and one eminently qualified to assume large responsibilities in any position in which he might be placed, but he lacked the vision, lacked the courage if you will, to undertake that character of major surgical operation which homeopathic remedies could never have obtained. If the American people, under President Hoover, in 1930, almost at the inception of the depression of the last four years, had undertaken a five billion dollar construction program, as was recommended by the Mayor of Boston representing the economic heads of twenty-two major universities, if he had recommended and put in operation the five-day week, if he had put in operation a Federal Industrial Planning Board and had made an expenditure of two billion dollars for the development of an inland empire in the Mississippi Valley that would mark an end of flood control and would make possible the creation and distribution at a fraction of a cent a kilowatt hour of electrical energy, that would have made possible through an ending of soil erosion by adequate flood control, and ending in the filling in of the beds of the Missouri and Mississippi rivers and permitted these rivers to scour their own beds on the way to the Gulf of Mexico, it would have been possible to provide direct outlets for the great agricultural and for the great coal and iron deposit centers of the United States scattered along the Mississippi Valley.

(Continued on page 1717.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Meeting of the City Council Monday, December 30, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.
Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of

trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout

the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 1007, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending December 16, 1933:
Population estimated July, 1933, United States Census Bureau estimate, 791,944; number of deaths (stillbirths excluded): Residents, 204; nonresidents, 37; total, 241.
Death rate per 1,000 of population: All deaths, 15.82; nonresidents deducted, 13.39.

Death rate per 1,000 of population:
Last week, 14.25; corresponding week last year, 15.82.
Deaths by age periods, sex, etc.: Under one year, 24; one year to four years, inclusive, 4; sixty years and over, 114. Total deaths: Male, 122; female, 119; deaths in hospitals and institutions, 130; deaths of colored, 8.

REPORTABLE DISEASES: CASES AND DEATHS.*

DISEASES.	Cases and Deaths Reported Week Ended Dec. 16, 1933.		Cases and Deaths Reported Week Ended Dec. 17, 1932.

BOSTON DEDICATES THE MALLORY INSTITUTE OF PATHOLOGY AT CITY HOSPITAL WITH EXERCISES SHARED IN BY NOTED MEDICAL MEN, DISTINGUISHED CITIZENS OF CITY AND STATE AND BY MAYOR CURLEY—ONE OF LAST LINKS IN \$12,000,000 IMPROVEMENT PROGRAM BEGAN BY MAYOR CURLEY IN HIS FIRST ADMINISTRATION.

Upon Wednesday, December 13, with leading city officials and distinguished citizens of Boston and the state present, one of the final buildings in the City Hospital group, rounding out the program of improvement started by Mayor Curley in his first administration as Mayor, was dedicated. The completion and dedication of this building, the Mallory Institute of Pathology, nears the finishing of the \$12,000,000 program which places Boston, in its hospitalization work, in the front rank of cities of the nation and the world. Joseph P. Manning, President of the Board of Trustees, presided. He introduced Dr. Timothy Leary, who spoke as follows:

Your Honor, Members of the Board of Trustees, Ladies and Gentlemen.

The modern hospital is a natural progressive outgrowth of the hostels, which, in the mediæval period, served as places of harborage for the dependent and the indigent, and which were closely allied to the more modern poor-house. Indeed, in the foundation of the Boston City Hospital in 1866, the duty of caring for the old and feeble was a part of the function of the institution. Medical care in these individuals consisted largely in smoothing the pathway to that bourne from which there is no return.

The modern institution has more important functions. One of the lessons which has not been fully learned by the laity is that a medical institution in which teaching is not done is bound to be decadent. The staff, lacking the stimulation of teaching those who are to be their successors and the critical oversight of keen young minds, is inclined to become satisfied with slipshod methods, and coat-tail visits tend to replace ward walks. Come with me to London and I will show you a number of medical charities which, lacking this stimulus, have deteriorated through the years into institutions which are existing solely for the benefit of the executive staff, without consideration of the needs of the public.

RESEARCH A NECESSITY.

A second necessity is research. Medicine is a progressive science. It is the only one of the professions whose constant effort is to make its services less necessary. Today there is little smallpox, no typhoid, practically no diphtheria, scarlet fever has lost its horrors, and infantile diarrhoea, which took a great toll from the infant life of earlier generations, has been essentially abolished.

I can remember as a student the pre-antitoxin days in the Boston City Hospital. So virulent was the diphtheria that showing cases to students was carried out surreptitiously. My section was asked by Doctor Burrell to see the cases in which he was interested surgically. We stood at the end door of Ward A on a late fall afternoon, while he went through the main door and back through the room in which the laryngeal diphtheria cases were concentrated. As he unlocked the door we stepped into this room which was lighted by a turned-down gas flame. He then went back across the room to turn up the gas. I shall never forget that moment while we waited and listened to the distressed whistling breathing from the semi-darkness about us. As he turned up the light the room was seen crowded with cots, about a narrow passageway. Every cot was occupied by a child in whom tracheotomy had been performed, or would probably be made necessary by the obstruction to breathing caused by the growing diphtheria membrane. Out of that room eight of ten children left the institution in coffins.

We have changed all of that. Thanks to Doctor McCollum we learned the value of large doses of antitoxin in controlling oftentimes the most extensive infections. Thanks to Doctor O'Dwyer and his tube, the necessity for tracheotomy, which, while it relieved the difficulty in breathing, often opened a new avenue for infection, was done away with. Finally, prophylactic inoculation has practically eliminated the disease.

Thanks to men now on the staff of this hospital, pernicious anemia with its 100

per cent mortality can now be controlled, and its cause and method of action are understood; the menace of agranulocytosis, a condition of lowered resistance to infection due to lack of production and activity of white blood cells, is diminished; in subdural hemorrhage successful methods of diagnosis and an operative technique have been developed, which have led to the saving of lives and, perhaps more important, of mentalities.

Activities of this type are needed in an institution which is to progress. While the visiting staff in a hospital can be expected to do their duty, there is a certain stimulus, in pride in the institution which one serves, which can convert dutiful service into enthusiastic willing service. Failure to recognize the importance of this factor can change a public hospital into a mere bed house, with which medical men of the first rank do not care to be associated, as one of our great cities can testify from unpleasant experience.

HOSPITAL BEST IN WORLD.

The Boston City Hospital is among the outstanding hospitals of the world. Among city hospitals it is perhaps the most outstanding. I can say this, because I have no connection with the hospital other than physical. My office is located in the hospital grounds, because medico-legal cases tend to center here. I am not only not on the hospital staff, but I find myself, of necessity, at times acting as a sort of censor to the hospital. That censorship is carried on within the walls. No human institution is perfect. Errors of omission and commission occur. The way to correct such errors is to bring the matter to the attention of the superintendent and the trustees by direct action, and not through the public prints. I have found the superintendent and the trustees ever willing to cooperate, in anything which would add to the perfection of the institution and its service.

We are gathered today to dedicate to the public service this building. As you will see, it is of factory construction throughout, as it should be, save in that

portion which will harbor the dead, in which treatment of a monumental character has been carried out. Respect for the dead requires the establishment of a place where, in these days of accidents, even one's loved ones may perhaps come to rest in cleanliness and order.

The pathological laboratory of the hospital, which this building will house, rarely comes to the attention of the layman. It is the consulting division of the hospital, upon which the clinical staff depend for enlightenment in their problems. It is the natural center for research, for which men forego the richer material rewards of practice. In this line of work even the best minds in medicine are none too good. However, salaries in this service, when qualities of mind and training are considered, are very small.

I am responsible for the medical symbolism which is represented in the decoration of the principal façades of the building. These symbols replace formal floral designs which were planned, they added nothing to the expense and give distinction to the building. The radiant head of Apollo symbolizes health, the caduceus medicine, the chevron with three mediæval scalpels surgery. Repeated in a frieze in aluminum is a shield carrying a rose, surmounted by a bishop's cap, symbolic of Sts. Cosmos and Damian, who tendered to the needy medical service without fee, which practice is characteristic of the altruism of the medical profession.

I have deliberately refrained from mentioning Doctor Mallory's activities, because the mayor is to follow me. My admiration and respect for Doctor Mallory are indicated by the fact that it was at my request, embodying, as I knew, the wishes of the profession, that the Trustees of the Boston City Hospital named this building the Mallory Institute of Pathology.

With reference to the activities of my own department, which has its place in this building, I have little to say. Massachusetts established the medical examiner system fifty-six years ago for the purpose

of investigating expertly deaths supposed to be due to violence. This term has been construed to include sudden deaths and deaths of unknown causation, potentially violent. The public hears much of the criminal aspects of the medical examiner's work. But what to my mind is more important than the criminal service is the opportunity to study the disease conditions which lead to sudden death from so-called natural causes. The exclusive opportunity to see this material entails on the medical examiner a responsibility to investigate the causes which have led to a fatal issue, frequently in individuals who are young and in apparent full health. I must confess that I am much more interested in saving than in taking life. I am happy to state that out of the studies in this department came the stimulus which led to progress in the recognition and treatment of subdural hemorrhage. Studies of the heart arteries, the coronary arteries, have thrown light on a fatal disease, which is apparently increasing in this civilization at so rapid a rate that it has come to be called by some the American disease. These studies indicate that arteriosclerosis, the commonest of human conditions, is a disease, and not the inevitable consequence of age. Furthermore, these studies point toward a factor in human diet as the cause, and may influence in coming generations the death rate from the group of so-called degenerative diseases, which remain today the only elements in mortality statistics we have not been able to modify, in spite of our success with the infectious diseases.

MAYOR CURLEY'S INTEREST.

Before I close I want to relate a characteristic incident illustrating Mayor Curley's interest in aiding the sick. Some years ago Dr. Edwin Place came to me complaining that he had a group of toxic scarlet fever patients whom he couldn't help. There was an antitoxin which was valuable in such cases but he could not obtain it. The state authorities looked upon it as experimental and would not undertake its production. Doctor Place, Doctor Parker and myself appealed to Mayor Curley. After a thorough examination of the problem he agreed to supply some funds. He brought us in touch with department heads; we were assigned a department stable then not in use; a small animal house was constructed, and we were prepared to buy horses for the production of serum. I thought, however, that it would be wise before taking this step to consult Doctor Park of New York City, the man called the Pasteur of America, who directs the only city department in New York which has never been criticized. Doctor Park informed us that he had started immunizing some horses, but only in limited numbers, because of lack of funds. He offered to see that Boston was supplied with antitoxin as early as New York City, if we would add a relatively small amount to his funds for purchasing horses. The offer was accepted. The animal house, which has been the only expense, was converted into a blood and research laboratory, adding needed facilities to the pathological department, and the children of Boston had available scarlet fever antitoxin one year ahead of children throughout the state.

May I express in closing my gratitude to the Mayor and Trustees for making it possible for us to escape from an overcrowded atmosphere into a spacious building in which, let us hope, the progress of the earlier years may be similarly

expanded, and the value of the work enhanced.

The Mayor, when introduced, said:

Mr. Chairman, Members of the Board of Trustees, Honored Guests, Reverend Fathers, Dear Friends.

The old Pathological Laboratory of the Boston City Hospital was formally opened in December, 1895. During the next few years the capacity of the hospital was rated about 800 beds. The staff of the laboratory consisted of a pathologist, two assistant pathologists, two assistants, two pathological internes, four clerical and technical assistants and, in addition, the personnel of the medical examiner's office of Suffolk County, South. The routine work of the laboratory averaged annually 230 autopsies, 750 surgical specimens, 1,100 bacteriological examinations and about 18,000 throat cultures for diphtheria bacilli.

Due to the increase in recent years of the number of beds in the hospital, work of the laboratory has naturally increased proportionately. Last year about 700 autopsies were performed and at the present rate there will be nearly 800 this year. Approximately 4,300 surgical specimens are handled and about 8,500 bacteriological examinations made, in addition to 23,000 diphtheria release cultures and 700 pneumococcus typings. About 22,000 Kahn tests are performed annually. Over 1,300 cases are certified by the medical examiner or his assistants each year. The laboratory staff at present consists of a consulting pathologist, one pathologist, two assistant pathologists, three assistants, five pathological residents, seven technicians and one stenographer. In addition, occupying quarters in the same building are the medical examiner, two assistant medical examiners, one technician and two stenographers.

Doctor Mallory first came to the Boston City Hospital in 1891, at which time he was appointed assistant to the pathologist. Since that time, with the exception of one year spent studying in Europe, he has been connected with the hospital, in 1908 being made pathologist. He served in this capacity until his official retirement last year at the age of seventy, at which time he was made consulting pathologist.

In 1892 he was made assistant pathologist at the Harvard Medical School; in 1896, assistant professor, and in 1901, associate professor, which position he held until 1919. In 1928 he was appointed professor of pathology and held this position until he retired. He holds the honorary degree of Doctor of Science from Tufts College and from Boston University. He is a corresponding member of the Royal Medical Society of Budapest, and an honorary member of the Philadelphia Pathological Society. He has served as treasurer of the American Association of Pathologists and Bacteriologists since 1911, and since 1925 as editor-in-chief of the "American Journal of Pathology."

Three phases of Doctor Mallory's activities in connection with the pathological laboratory stand out, namely, his development of the laboratory, his scientific achievements and his production of men.

The laboratory under his direction has grown into one of the best known hospital laboratories in the country. This distinction has been attained through the high standards he has set and insisted upon for the various branches of the laboratory work.

His scientific activities have covered a

wide field, including improvements in histological technic, studies on infectious diseases, the classification of tumors and especially the various diseases of the liver, with especial attention to the cirrheses.

In connection with the last-named group of diseases, his experimental work has demonstrated the probable relation of copper to one form of cirrhosis, pigment cirrhosis, and that of phosphorus to another type, alcoholic cirrhosis. In addition to his numerous publications in medical journals, Doctor Mallory is the author of "The Principles of Pathologic Histology" and, with J. H. Wright, of "Pathological Technique."

Due to the early establishment of a rule limiting each man's stay in the laboratory to not more than three years, a constant stream of men has passed through the laboratory, the total number of graduates now numbering approximately one hundred twenty-three. It is of interest to note that of these, forty have held, or are holding the position of professor or assistant professor in various medical schools. Doctor Mallory's interest in the members of his department has always been great and he has continually preserved close contact with them in the supervision of their work.

Dr. Frank B. Mallory was then presented and spoke as follows:

Your Honor, Members of the Board of Trustees, Ladies and Gentlemen.

I appreciate greatly the honor that has been conferred on me in naming this institute of pathology after me.

My interest in pathology at the Boston City Hospital dates from my student days, forty-six years ago, when in 1887 I began attending autopsies here, performed at that time by Dr. W. W. Gannett. This interest has continued unabated ever since. The first laboratory of pathology was started in 1892, under the enthusiastic leadership of Dr. W. T. Councilman, the newly appointed pathologist. It was in a basement room beneath the old library. The building we have just vacated was opened in 1895 and I was put in charge of it May 1, 1897, thirty-six years ago, with Dr. Timothy Leary as my first assistant. The rest of my life has centered about it and I have even been accused of caring more for it than for my own family.

This splendid building in which we are now established represents the appreciation of the value and use of pathology to the hospital. The institute has been very carefully planned to meet both present and future needs and is well built and equipped.

A laboratory of pathology has several functions to fulfill. The first and most important is to help the clinician by enabling him to make more exact diagnoses, so that he can treat his patients intelligently and properly. Included under this heading and forming the bulk of the laboratory routine are the technical procedures included under the terms bacteriology (examination for the diphtheria and tubercle bacilli, blood cultures, etc.), serology (pneumococcus typing, Wassermann and Kahn serum tests) and surgical pathology, that is, diagnosis of tumors and other lesions, so that the surgeon may know what to do, as, for example, whether to amputate or not for a swelling of the leg.

A second function is to broaden the knowledge of the clinician by clearing up, ante or post mortem, cases which are or have been more or less obscure, so that similar cases occurring later may be

recognized early and given proper treatment. This line of work is well illustrated by the recent epidemic of amebic dysentery emanating from Chicago. The first case occurring at this hospital was not suspected clinically, but the organisms causing the disease were readily recognized in sections of a piece of intestine removed to relieve obstruction. As a result other patients received the benefit of better treatment.

A third function is to aid in training the younger members of the staff in the hospital. This applies especially to our own men. If they go into clinical work they become more intelligent practitioners, and if they stay in laboratory work they are better fitted to be pathologists. The better we train them while they are with us the better service they will render this hospital.

These three functions all benefit the hospital directly and thus indirectly the public which built and supports the hospital. As a result of the performance of these three functions disease is better treated and the danger of the spread of infection lessened.

The final function or duty of a good laboratory is to advance the knowledge of pathology, that is, of disease processes, to as great a degree as possible. Good work has come out of our studies of such diseases as this hospital treats, such as diphtheria, scarlet fever, measles, pertussis, epidemic cerebrospinal meningitis, typhoid fever, tumors of various sorts, cirrhosis of the liver. The list is long and encouraging. Even better results may be hoped for in the future. We have now at the head of the institute Dr. Frederic Parker, Jr., a man highly trained and with very broad interests.

As for myself, I hope to continue my studies in the laboratory under the pleasantest of conditions and am truly grateful to the authorities for providing such attractive surroundings and permitting me to use and enjoy them. As consulting pathologist I may still be of service to the hospital.

URBAN POPULATION, APRIL 1, 1930.

As defined by the Census Bureau, the urban population is, in general, that residing in cities and other incorporated places having 2,500 inhabitants or more, the remainder being classified as rural.

The total urban population of the UNITED STATES is 68,954,823 (34,154,760 males and 34,800,063 females), of whom 62,836,605 (31,162,570 males and 31,674,035 females) are white; of these whites 52,109,746 (25,520,483 males and 26,589,263 females) are native; 33,497,232 (16,515,816 males and 16,981,416 females) of these latter are of native parentage and 18,612,514 (9,004,667 males and 9,607,847 females) are of foreign or mixed parentage; there are 10,726,859 (5,642,087 males and 5,084,772 females) foreign-born white; there are 5,193,913 (2,479,158 males and 2,714,755 females) Negroes; other races, 924,305 (513,032 males and 411,273 females).

The urban population is 56.2 per cent of the total population of the country; native white, 54.6 per cent and foreign-born white, 80.3 per cent; Negroes, 43.7 per cent.

The total urban population of New ENGLAND is 6,311,976 or 77.3 per cent of the total population of New England. Of the 4,660,339 native white, 2,089,031 are of native parentage and 2,571,308 are of foreign or mixed parentage; foreign-born whites number 1,564,769; Negro, 81,443; other races, 5,425.

BROADCAST BY MAYOR CURLEY.

(Continued from page 1713.)

It would have been possible to increase in a period of from five to ten years by at least two to three hundred per cent the investment of America in the Panama Canal; it would have been possible to provide direct water transportation and communication to the teeming markets of the East that can never be adequately supplied by the United States in competition with other nations so long as America is required to haul bulk freight over the Rocky Mountains to Portland, Oregon, to Seattle, San Francisco and Los Angeles, and over the Appalachian Range to Baltimore, New York, Philadelphia and Boston. But these great opportunities, apparently, seemed just a little bit too large for the courage of Mr. Hoover.

ACHIEVEMENTS OF PRESIDENT.

The present President of the United States, with supreme courage and with a profound and almost benign humanity and love for his fellow man, has seen fit in the matter of a Federal Industrial Planning Board to create what is known as the "brain trust," which is but another term for a Federal Industrial Planning Board. He has seen fit to establish the five-day week to absorb the males and females who were unemployed as a consequence of mass production. He has established this five-day week under the C. W. A. and also under the public works programs of the N. R. A.

He has arranged to make provision for the development of Muscle Shoals and the Tennessee river, being the first genuine contribution to a great and worthy program for the development of an inland empire in the heart of the nation that will cut the fetters of improper distribution and will make possible a broadening of the markets without increasing the cost of delivery for the agriculturists whether they be engaged in the raising of cotton or cereals. These measures are well on the road and a conference on Friday and Thursday of last week at Washington considered recommending to the President of the United States that the number of women and men at present employed under the Civil Works Administration Act be increased from 4,000,000 to 8,000,000. They likewise directed to the attention of the President the possibility of creating a municipal credit bureau, similar to the Farm Credit Bureau, where the cities of America might find an outlet for tax anticipation warrants and so we are embarked upon a tremendous adventure, such as no other nation has ever undertaken in the history of the world.

I have an abiding faith in the courage, in the wisdom, in the ability of Franklin D. Roosevelt to carry this program to a successful conclusion. The fruition of the program means an end of child labor in America; it means an end of the sweating of women at night in industry; it means a larger measure of leisure and a fairer return for every man, woman and child in America, and may mean the end of unemployment for those who are able and willing to work. If all these things are realized it can mean nothing more than a reawakening upon the part of America, a restoration and establishment of a cultural life such as we have not known during the last half century. It will mean progress in the arts, sciences, in literature and in the spiritual well-being of the people, and so, under the circumstances, notwithstanding that this

is the fourth year of depression, I think we can all truly say that the future never looked more bright or happy for the people of America than in the present hour.

So far as our own city is concerned, it is a source of pleasure for me to say to you that Boston occupies a unique position among the cities of America, Boston being the only large city in America that has not reduced the allotment for welfare aid, the only large city in America that has had no eatless weeks for the unemployed, no payless weeks for the city worker, no bread lines or soup kitchens, and has met all financial obligations, and according to Standard Statistics, Incorporated, the most reputable financial organization in America, "Boston has a long record of excellent credit standing, and the present position of its finances justifies the retention of these bonds." It is an exceeding pleasure to wish everyone listening in a Merry Christmas and a Happy New Year, and may the best day that you have seen in the past be no better than the worst day you will see in the future.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

DIRECTOR OF PHYSICAL TRAINING,
MASSACHUSETTS REFORMATORY, DEPARTMENT OF CORRECTION, JANUARY 6, 1934.

Last date for filing application Wednesday, December 27, 1933, at 5 p. m.

The entrance salary is \$1,620 a year; the maximum salary is \$2,100 a year, as reduced by statute.

Duties: To organize and take full charge of the physical training program, of the Reformatory, which has a population of approximately 1,000 inmates. This program includes military training, calisthenics and athletics. He should know and be able to teach "Butts Manual," the manual of arms and school of the soldier; squad; platoon; company and battalion, and should have a knowledge of mass physical training and of the various forms of athletics.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

STATIONARY ENGINEERS, MARINE ENGINEERS AND OILERS, JANUARY 10, 1934.

Last date for filing applications Tuesday, January 2, 1934, at 5 p. m.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service.

The examination for each kind of position will include a statement of training and experience, a physical examination, and the possession of a license, either as first, second, or third-class stationary engineer; or as chief, first assistant or second assistant marine engineer. Oilers are not required to have a license.

Passing requirement: Applicants must obtain a mark of at least 70 per cent in experience in order to become eligible.

The date given above is not the actual examination date, but the date on which, as nearly as possible, applicants who have filed applications will be given a physical examination.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for selling to the city land for an intermediate school in the Shurtleff-Thomas N. Hart District, South Boston. Proposals must be submitted before 2 o'clock p. m. of Tuesday, December 26, 1933, at the office of the Superintendent, eighth floor, 11 Beacon street, Boston. Said proposals at that time will be opened and read, and thereafter a public hearing will be given by the Superintendent, Tuesday, January 2, 1934, at 2 o'clock p. m.

FIRE DEPARTMENT.

Advertises for proposals for laundering the linen of the Fire Department. Surety bond will be required in a sum equivalent to 40 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Fire Department, 60 Bristol street, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, December 27, at 12 m.

HOSPITAL DEPARTMENT.

Advertises for proposals for extermination of vermin, excepting rats and mice. Surety bond will be required in a sum equivalent to \$1,000. Blank forms for proposals may be obtained at the office of the Superintendent of the City Hospital, 818 Harrison avenue, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 26, at 12 m.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Readvertises for proposals for repairs to No. 5 Engine at Calf Pasture pumping station. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$600, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 26, at 12 m.

Advertises for proposals for sewerage works in Hawthorne street, Prescott street and private land, Hyde Park. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 28, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing eggs, cheese, etc., to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent

of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 26, at 12 m.

Advertises for proposals for furnishing hay, grain and straw to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 26, at 12 m.

Advertises for proposals for furnishing automatic traffic signals to the Traffic Commission. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, December 27, at 12 m.

Advertises for proposals for furnishing X-ray materials to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, January 3, 1934, at 12 m.

Advertises for proposals for furnishing surgical dressings to the various city departments. Surety bond will be required in a sum equivalent to the 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Number of children 7-13 years old, 105,675, of whom 104,085, or 98.5 per cent, were attending school; 14 and 15 years, 29,662, of whom 28,256, or 95.3 per cent, were attending school; 16 and 17 years, 29,902, of whom 19,453, or 65.1 per cent, were attending school; 18-20 years, 47,103, of whom 12,395, or 26.3 per cent, were attending school; total children 7 to 20 years old, 212,342, of whom 164,189, or 77.3 per cent, were attending school.

REPORT ON FIRE-FIGHTING FORCE OF CITY.

Upon December 13 the Mayor received the following communication:

BOSTON, December 11, 1933.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—Following the conference held in your office last Thursday concerning the unfilled vacancies in the fire-fighting force of the Fire Department I submit herewith a report which I have received today from Chief of Department Henry A. Fox.

If any further information or explanation is desired I would be glad to call on you with the chief at your convenience.

Yours very truly,

E. M. MCSWEENEY,
Fire Commissioner.

From: The Chief of Department.

To: Fire Commissioner.

Subject: Man Power of Department,
Fire-Fighting Force.

In accordance with your instructions I respectfully submit the following recommendations relative to the man power of the fire-fighting force of the department, which in my opinion represents the minimum strength with which it is possible to operate with any degree of safety and efficiency, and which would require the following promotions and appointments:

POSITION.	Additional Number Required.	Increase in Present Number.	Estimated Increased Expense for Rest of Year.
District Chief.....	4	4	\$205 96
Captain.....	14	10	79 20
Lieutenant.....	10		
Private.....	40	30	2,012 40
Total.....			\$2,297 56

The figures outlined above are based upon these changes being effective on Friday, December 15, 1933, for the balance of the present fiscal year, two weeks and three days.

District Chiefs:

At the present time the city is divided into fifteen districts for fire-fighting purposes, with only twenty-two district chiefs, with eight vacancies existing in the present quota. I have recommended the promotion of four captains to district chief, bringing the total of the latter position to twenty-six, having in mind the instructions of his Honor the Mayor that the number of districts be reduced to thirteen, and in this connection I would respectfully call your attention to my report to you dated October 30, 1933. I make this recommendation only as a temporary measure in the interests of economy, as I feel that the fifteen districts should again be re-established just as soon as the financial condition of the city will permit.

Captains:

The present quota of captains allowed is eighty-seven with only sixty-nine holding the position at the present time, or eighteen vacancies. Three of these sixty-nine captains are assigned to the Fire Prevention Division, away from the firing line, which in reality allows us only sixty-six captains for fire-fighting purposes. There are nine single companies (located in houses by themselves) and one double house (two companies) without a captain, as follows:

Engine 5, Engine 7, Engine 10, Engine 13, Engine 24, Engine 27, Engine 31 (fireboat), Engine 48 (Ladder 28 in same house), Engine 50, and Ladder 31.

I have recommended the promotion of fourteen lieutenants to the grade of captain so that a captain may be assigned to these houses, as it is very essential that there be an officer in charge of same on both platoons, so that proper discipline may be maintained in the houses and for efficient operation at fires; the other four

will be required to fill the vacancies caused by the promotion of four captains to the position of district chief.

Lieutenants:

The present quota of lieutenants allowed is one hundred and twenty-nine with only one hundred and twelve filling the position, or seventeen vacancies. Two of these one hundred and twelve lieutenants are assigned to the Fire Prevention Division, which gives us only one hundred and ten lieutenants for fire-fighting purposes. I have recommended the promotion of ten privates to the position of lieutenant to fill vacancies caused by the promotion of lieutenants to captains, with a consequent reduction of four in the actual number of lieutenants now assigned to the position.

Privates:

The present quota of privates allowed is one thousand, one hundred and twelve, with only one thousand and fifty-two assigned to the position at the present time, or sixty vacancies. There are fifty-one privates assigned to the Fire Prevention Division inspection force; eighteen privates to the Maintenance Division and four privates to Department Headquarters, or a total of seventy-three privates not performing fire duty, which in reality gives us only nine hundred and seventy-nine privates for fire-fighting purposes.

I have recommended the appointment of forty new privates to the department, ten of which will be required to fill the vacancies caused by the promotion of ten men to the grade of lieutenant, and the other thirty are necessary to increase the strength of several extremely short-handed companies. With the appointment of these forty men, there would still exist thirty vacancies in the quota now allowed. We are now approaching the winter season which is the time of the year when we have the most fires, as well as a large number of men on sick and injured leave. There are times during the winter when we ordinarily have from

seventy-five to one hundred men off duty on account of sickness and injury, in addition to the men on light house duty. This same condition exists during six months of the year (June 1 to December 1) while the vacation season is on, when there are an average of from ninety to one hundred men assigned to each vacation period. During the greater part of the past year we have had a number of companies responding to fires with only one officer and three or four men, which is not conducive to efficient operation; in fact, I might go so far as to say that it is only due to the fact that we have been very fortunate in not having many large fires that we have been able to function as well as we have.

In conclusion may I add that I have always been of the opinion that the Fire Department is one of the municipal services which should be maintained at the highest standard of efficiency at all times, due to the nature of its work—the saving of life and property—and a department where too much economy cannot be practiced without a consequent reduction in the service which it may render to the community.

May I be permitted to emphasize the fact that the present shortage of man power in the Fire Department is, potentially, a most serious matter, requiring, in my judgment, immediate action.

Respectfully submitted,

HENRY A. FOX,
Chief of Department.

CIVIL SERVICE EXAMINATIONS. (STATE.)

PLANT PEST SUPPRESSOR, DEPARTMENT OF AGRICULTURE, JANUARY 6, 1934.

Last date for filing applications, Wednesday, December 27, 1933, at 5 p. m.

This examination is held to establish a list for corn borer inspector and blister rust inspector in the Division of Plant Pest Control.

The salary ranges from \$2.62½ per day to \$4.62½ per day.

Duties of the corn borer inspector: Ability to identify the European corn borer in all its stages and be familiar with other insects attacking corn plants, with the host plants of this pest, and have a complete knowledge of the insect's life history and habits. It is desirable that applicants have a general knowledge of farming, especially all phases of the growing of corn and rotation of crops; and a general knowledge of other insects.

Duties of the blister rust inspector: The duties involve the rendering of assistance to local property owners in the protection of areas of white pine against the attack of the fungous disease known as the white pine blister rust. He must make examinations of all woodland areas for the purpose of locating currant and gooseberry bushes which act as agents in the spread of this disease. The inspector is responsible for all control work performed under his supervision and must see that it is satisfactorily done. He should be familiar with the law governing the conduct of blister rust control work in Massachusetts and other regulations pertaining thereto.

Subjects and weights: Training and experience, 2; practical questions, 3; total, 5.

Passing requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon December 18 the Mayor approved a contract with John Bowen Company for erection and completion of additions and alterations to the Joseph H. Barnes Intermediate School in the East Boston district. Bids, opened Wednesday, December 13 were as follows:

Item No. 1.—John Bowen Company, \$248,700; Matthew Cummings Company, Incorporated, \$257,000; D'Amore Construction Company, \$258,900; P. J. Cantwell & Son, \$262,360; Rugo Construction Company, Incorporated*, \$264,500; M. S. Kelliher Company, \$269,800; Carilli Construction Company, \$271,000; J. Slotnik Company, \$275,000; Daniel Cunningham Construction Company, Incorporated, \$285,700.

Item No. 2.—John Bowen Company, \$245,700; Matthew Cummings Company, Incorporated, \$256,600; D'Amore Construction Company, \$256,700; P. J. Cantwell & Son, \$260,860; Rugo Construction Company, Incorporated*, \$263,500; M. S. Kelliher Company, \$268,800; Carilli Construction Company, \$270,000; J. Slotnik Company, \$275,000; Daniel Cunningham Construction Company, Incorporated \$283,700.

* Auditor's office copy reads "Grid System" for item No. 2.

† If Derratti Company tile is substituted in place of New England metal tile, alternate prices of \$269,000 on both item No. 1 and item No. 2.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Upon December 20 the Mayor approved a contract with J. N. Smith & Co. for removing manure from the stables and yards in the various divisions of the department. The following bids were received December 19:

J. N. Smith & Co., \$4 per horse per year; Eugene Ricciardelli, \$2 per horse per year.

Upon December 18 the Mayor approved a contract with J. H. McNamara, Inc., for collecting and removing garbage and refuse in the Brighton district. The following bids were received December 12:

J. H. McNamara, Incorporated, \$4,297 per month; Joseph P. McCabe, Incorporated, \$4,300 per month.

Upon December 13 the Mayor approved a contract with Alvin J. Pieczkowski for collecting and removing garbage and refuse in the Hyde Park district. The following bids were received December 12:

Alvin J. Pieczkowski, \$790 per month; Anthony Ryan, \$795 per month; John V. Belskis, \$800 per month; James P. Duggan, \$800 per month; William P. Nickerson, \$820 per month; Thomas E. Bryan, \$825 per month; William F. Cuddy, \$898 per month; Eugene Ricciardelli, \$1,050 per month; David W. Norton, \$1,200 per month; Martin J. Kelley, \$1,395 per month.

Upon December 16 the Mayor approved a contract with the John J. Moore Company for collecting and removing garbage and refuse in the West Roxbury District. The following bids were received December 12:

Martino DeMatteo, \$2,572 per month; John J. Moore Company, \$2,700 per month; Dooley Brothers, Incorporated,

\$2,980 per month; M. Doyle & Co., Incorporated, \$4,498 per month.

Upon December 18 the Mayor approved a contract with the Capitol Contracting Company for collecting and removing garbage and refuse in the East Boston district. The following bids were received December 12:

Capitol Contracting Company, \$2,650 per month; Edward J. McHugh & Son, \$3,478 per month; W. G. C. Company, \$3,850 per month.

Upon December 20 the Mayor approved a contract with John McCue for receiving and disposing of garbage in the Jamaica Plain district. The following bids were received December 18:

Bid Per Month at Victory Road Receiving Station.—John McCue, \$44; Thomas E. Bryan, \$49.

Bid Per Month at Highland Street Yard.—John McCue, \$44; Thomas E. Bryan, \$49; Eugene Ricciardelli, \$67.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms for supplies and operations. Communications from the heads of the various departments were as follows:

FIRE DEPARTMENT.

Boston, December 18, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your Honor's permission to award a contract, without advertising, to the Gamewell Company to furnish and install the following additional equipment for the fire alarm office:

Equipment for forty box circuits, including 4-10 circuit storage battery switch boards, 1 blank storage battery switch board, 4-10 circuit box live relay boards, 3-20 circuit protector boards; 1 pedestal on which will be mounted 6-4 pen shearing registers, 6 Excelsior time stamps, 6 take-up reels, 1 terminal block.

Also to change existing protector panels (140 circuits) to meet requirements of the National Board of Fire Underwriters. All for the sum of \$46,741.

All this material is necessary because of the fact that when the fire alarm station was originally designed and built provision was made for one hundred circuits with the idea that space should be provided for additional circuits later on as they became necessary. Ninety-nine circuits are now in use and the additional equipment is necessary if the fire alarm station is to continue to keep up with the growth of the system.

My reasons for desiring to award this contract without advertising is as follows:

All the present equipment was furnished and installed by the Gamewell Company, and I believe no other company can furnish the additional equipment and have it exactly like the present equipment.

The Gamewell Company specializes in this class of work and I am informed that at least 90 per cent of all municipal fire alarm apparatus in the United States is constructed by this company.

The reliability of the Gamewell Company has never been questioned, and I believe that the best interests of the city will be served by awarding the contract as recommended. Furthermore, the factory of the Gamewell Company is located in Metropolitan Boston (Newton),

which is a matter of great importance in the awarding of contracts for fire alarm equipment.

Yours very truly,

EUGENE M. MCSWEENEY,
Fire Commissioner.

LIBRARY DEPARTMENT.

Boston, November 22, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Trustees of the Public Library of the City of Boston respectfully request your permission to award, without public advertising, a contract in the sum of \$1,172 to the F. S. Payne Company for the replacing of a book-carrying elevator in the Central Library.

The existing elevator was installed when the present building was erected and is both obsolete and unsafe. The 1933 budget contains funds for the replacement of this equipment.

Of the three proposals received, the proposal of the F. S. Payne Company is the lowest. The proposals were as follows:

F. S. Payne Company, \$1,172; Otis Elevator Company, \$1,185; A. B. See Elevator Company, Incorporated, \$1,548.

These firms are outstanding and reliable manufacturers of elevator equipment and the trustees deem it in the best interest of the city to award the contract to the lowest bidder among them without public competition.

Yours very truly,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON, BY
JOHN L. HALL,
President.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Boston, December 20, 1933.

To the Mayor of Boston.

Your approval is respectfully requested to the award of a contract without advertising, to Miss Delia L. Carter, of East Boston, for teaming coal to ferryboats during the year 1934, at the rate of \$9 per day, the total amount not to exceed \$3,000.

Miss Carter has done the work this year in an unusually satisfactory manner and pleased everybody, and we think it is for the city's interest to give her the work next year.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Boston, December 5, 1933.

To the Mayor of Boston.

DEAR SIR,—The Sewer Division is constructing an outlet surface drain by contract, which crosses the tracks of Neponset Branch of the New York, New Haven & Hartford Railroad, about 550 feet east of Granite avenue, Dorchester, between Neponset river and Hill Top street.

A preliminary arrangement has been entered into between the railroad authorities and the Sewer Division, whereby the railroad has tentatively agreed to perform the work required to support the railroad tracks while construction of the surface drain aforementioned is in progress by the contractor, for the approximate estimated cost of \$1,100.

This is the usual procedure in such matters, and your permission is requested

to award a contract, without advertising, to the New York, New Haven & Hartford Railroad, to perform this work, including furnishing of all materials, for supporting said railroad tracks, at a cost not to exceed \$1,500.

Respectfully,

C. J. CARVEN,
Commissioner of Public Works.

BOSTON, December 5, 1933.

To the Mayor of Boston.

DEAR SIR,—The Sewer Division has advertised for bids to construct a sewer, a portion of which crosses the railroad tracks of the New York, New Haven & Hartford Railroad, Providence Division, between Prescott street and the Readville Distilleries, Incorporated, Hyde Park.

A preliminary arrangement has been entered into between the railroad authorities and the Sewer Division, whereby the railroad has tentatively agreed to perform the work required to support the railroad tracks while construction of the sewer aforementioned is in progress by the city, for the approximate estimated cost of \$1,600.

This is the usual procedure in such matters, and your permission is requested to award a contract, without advertising, to the New York, New Haven & Hartford Railroad, to perform the work, including the furnishing of all materials, for supporting said railroad tracks, at a cost not to exceed \$2,000.

Respectfully,

C. J. CARVEN,
Commissioner of Public Works.

BOSTON, December 8, 1933.

To the Mayor of Boston.

DEAR SIR,—The Sewer Division is constructing sewerage works for Dorchester brook low level sewer, in Shirley street and Norfolk avenue, Roxbury, under contract with the C. & R. Construction Company, dated October 9, 1933.

A preliminary arrangement has been entered into between the Edison Electric Illuminating Company of Boston and the Sewer Division, whereby the Edison Company has tentatively agreed to perform the work required for the relocation of their poles to the westerly side of Norfolk avenue, between Shirley street and Marshfield street, Roxbury; the Edison Company to bear one half and the city one half the cost, which is estimated at \$5,396.

This is the usual procedure in such matters, and your permission is requested to award a contract, without advertising, to the Edison Electric Illuminating Company of Boston, to perform this work, the cost to the city not to exceed \$3,000.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT (Water Service).

BOSTON, November 25, 1933.

To the Mayor of Boston.

In connection with the Civil Works program of the Water Division which has been approved and which calls for the laying of approximately 12,000 feet of water pipe, it will be necessary to have, in addition to the stock on hand, post hydrants and 6 and 12 inch gates. To avoid delay and to obtain this stock in the shortest possible time, I respectfully request permission to award a contract, without advertising, to the McCulloch

Manufacturing Company, 200 Old Colony avenue, South Boston, for assembling thirty post hydrants at \$88.95 each, \$2,668.50; thirty 12-inch gates at \$30 each, \$900, and fifty 6-inch gates at \$13.90 each, \$695, the total amount of the contract being \$4,263.50.

The firm in Boston best equipped to do this work is the McCulloch Manufacturing Company, and they have executed numerous similar contracts in the past. They have the necessary dies and taps to start the work immediately and the prices quoted are practically those for which they have assembled hydrants under previous contracts, and I consider the prices fair and reasonable.

Yours respectfully,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, December 11, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to Perin-Walsh Company to deliver to 20 North Grove street, Health Department, the following:

One Pierce-Arrow Superior De Luxe ambulance, completely equipped, as per specifications, for the sum of \$3,965; less allowance on 1923 Reo ambulance, \$150. Net amount of contract, \$3,815.

The above ambulance has been inspected by doctors from the Health Department, and they believe that it will be a great advantage to the service.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

TRAFFIC COMMISSION.

BOSTON, December 18, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—This commission has voted, subject to your approval, to award a contract, without advertising, to the Edison Electric Illuminating Company of Boston to construct underground conduit and supply cable for service to automatic traffic signal at the intersection of North Harvard street and Western avenue, at a cost not to exceed \$3,148.

Since the Edison Electric Illuminating Company of Boston is the only person having facilities available for supplying electrical energy, no benefit would accrue from public advertising.

Respectfully yours,

JOSEPH A. CONRY,
Commissioner.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Wren street, West Roxbury district, as a highway, from near Gertrude road to Robin street, bounded and described as follows:

An extension of the highway named Wren street is hereby laid out, from near Gertrude road to Robin street and ordered constructed; the cost thereof to be charged to the Federal funds allocated under the Civil Works Administration Program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or

affixed thereto, in which an easement for street purposes is hereby taken is bounded and described as follows:

Part between Wren street (highway) and Martin street.

Northwesterly by another part of Wren street (highway) forty and 63-100 feet; northeasterly by the northeasterly line of said extension of said Wren street as hereby laid out, eight hundred forty-seven and 13-100 feet; southeasterly by Martin street, forty feet and southwesterly by the southwesterly line of said extension of said Wren street as hereby laid out, eight hundred forty and 8-100 feet.

Part between Martin street and Robin street.

Northwesterly by Martin street, forty feet; northeasterly by the northeasterly line of said extension of said Wren street as hereby laid out, five hundred feet; southeasterly by Robin street, forty feet; and southwesterly by the southwesterly line of said extension of said Wren street as hereby laid out, five hundred feet.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Wren street, West Roxbury district, as a highway, from near Gertrude road to Robin street, under the order of the Board of December 14, 1933, and awards no damages therefor.

CIRCULAR LETTER.

CITY OF BOSTON,
OFFICE OF THE MAYOR,
December 18, 1933.

To All Department Heads and Members of Unpaid Boards.

A conference of the Executive Committee of the United States Conference of Mayors was held at Washington upon Thursday and Friday last for the purpose of considering an extension of the civil works act beyond February 15, 1934, and for an increase in the number of positions to be made available to persons without employment in the United States from the present quota of 4,000,000 to 8,000,000.

I have no means of determining what the action of Washington officials may be with reference to these recommendations but in the event of favorable action thereon it is advisable that the municipal departments be prepared to submit lists covering work that is necessary.

The probability is that the ratio of contributions for materials may be increased from 25 per cent to 50 per cent to be furnished by the cities and in such event there is every likelihood that work other than what might come under the head of emergency work will be permitted.

You are accordingly directed to attend a conference to be held at the office of the Mayor, City Hall, School street, Boston, upon Wednesday, December 20, at 12 o'clock noon, for the purpose of discussing a program of work for your department that will provide employment for women and men in an amount equal to the present number employed in your department upon the civil works program.

Respectfully,

JAMES M. CURLEY, *Mayor.*

POLICE DEPARTMENT ORDERS.

General Order No. 356.

The following correspondence is published for the information and guidance of the department:

December 13, 1933.

HON. DAVID T. MONTAGUE, *Licensing Board for the City of Boston*, 1 Beacon Street, Boston.

DEAR SIR,—Will you kindly inform me whether or not your Board has promulgated any rules or regulations relating

General Order No. 361.

General Order No. 156, dated February 1, 1933, is hereby rescinded, and the following General Order will take its place:

Subject: Directions to members of the department governing obtaining of records from the files of the Massachusetts Department of Correction and the Massachusetts Commission on Probation.

When it is required that the criminal record of a person be obtained by any member of the department, such record shall be furnished through the Bureau of Records.

This shall apply not only to cases where arrests have been made but also to all cases under investigation, including applications for licenses.

The officer charged with the investigation shall, in every case, bring to the Bureau of Records Form No. 90 ("Request for Criminal Record"—Specimen submitted), provided for the purpose, giving required data thereon as near complete as possible.

The officer of the Bureau of Records shall examine the files of the Bureau and shall, if such a record appears furnish it to the officer upon the standard "Criminal Record," Form No. 1137 (specimen submitted), after checking carefully with the Massachusetts Commission on Probation, State Bureau of Identification, and the Massachusetts Department of Correction. If no record of the subject appears in the Bureau of Records files, the officers of the Bureau of Records shall carefully check with the Massachusetts Commission on Probation, State Bureau of Identification, and the Massachusetts Department of Correction, by telephone or otherwise, obtain any criminal record known to the above agencies and furnish same to the requesting officer on Form 1137.

Should no record be found against a subject at any of the four agencies mentioned (Bureau of Records, Massachusetts Commission on Probation, State Bureau of Identification or the Massachusetts Department of Correction), a notation, "No Record" stamped on Form No. 1137 mentioned, will be furnished to the requesting officer.

If there is any difficulty experienced at the Commission on Probation or Department of Correction in connecting any names furnished with similar names in the files, the visiting officer shall be directed by the Bureau of Records to proceed to the Commission on Probation or Department of Correction to assist in any possible manner in the identification, taking with him a sufficient number of Form No. 1137 and copying thereon the records furnished, including all names the subject is recorded under.

The officer shall forthwith make known to the Bureau of Records, either by appearing in person or by telephone, the fact that he has obtained such a record.

The Bureau of Records shall furnish all officers visiting the Commission on Probation and the Department of Correction with request form provided, numbered 1373, signed in the name of the commanding officer of the Bureau of Records, and this request form will remain at the Massachusetts Commission on Probation and Department of Correction for their files.

When the record is an extensive one and it appears that efficiency will be served by photographing the record cards at the Commission on Probation and Department of Correction, this will be

done and the photostatic copies will be delivered to the Bureau of Records which, in turn, will forward them to the commanding officer of the requesting officer.

The mailman of Division 2, who also cares each day for the department mail for the City Prison, shall, while visiting the City Prison noon and early evening of each day, visit the office of the Commission on Probation, 20 Somerset street, and Department of Correction, 134 State House, receive from them all materials for the Bureaus of Records, and deliver the same direct to the Bureau of Records upon his arrival at Headquarters.

As the Commission on Probation and the Department of Correction close Saturday at noontime, it has been arranged that on Saturdays they will deliver to the City Prison, after their closing hour, all finished work which the Division 2 mailman on his early evening call will pick up and deliver to the Bureau of Records.

All records are department property and shall, after serving their purpose, be promptly returned direct to the Bureau of Records either by the officer personally or through the department mail.

Each record shall be charged to the officer to whom it is furnished in the Bureau of Records file now existing for that purpose and due credit will be given when they are returned to the Bureau of Records.

Note.

Commanding officers will make requisition immediately on the property clerk for their respective requirements of Form No. 90 ("Request for Criminal Records") which comes in blocks of fifty slips each.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

FIRE SERVICE, CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT, FEBRUARY 3, 1934.

Last day for filing applications, Saturday, January 20, 1934, at 12 noon.

BOSTON AND METROPOLITAN DISTRICT,
FEBRUARY 17, 1934.

Last day for filing applications, Saturday, February 3, 1934, at 12 noon.

Applicants for the service of Boston must be not less than twenty-two nor over thirty-five years of age at the time of filing application. Applicants for all other cities and towns in the Commonwealth must be not less than twenty-one nor over thirty-five years of age at the time of filing application. Callmen and substitute callmen may make such deductions from their ages as are provided for in Civil Service Rule 8, Class 21. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Applicants for Worcester are required to be not less than 5 feet 5 inches in height. Applicants for Brockton must be not less than 5 feet 6 inches in height, and weigh not less than 135 pounds at the time of appointment. Applicants for Winchester must be not less than 5 feet 8 inches in height, and weigh not less than 135 pounds. Applicants for Lynn must be not less than 5 feet 5½ inches in height, and weigh not less than 135 pounds.

The subjects of the examination with their respective weights will be as follows: Training and experience, 3; practical questions, 4; general information, 3; total, 10.

Physical fitness to be determined by physical examination and strength tests.

Educational test, 3; physical test, 2; total, 5.

Applicants will be required to obtain at least 50 per cent in each subject of the examination and at least 70 per cent in the educational average and in the strength tests in order to become eligible.

The practical questions will be based upon information contained in a manual known as the "Red Book." This manual may be obtained from the Secretary of State, Room 118, State House, at ten cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

SENIOR ARCHIVES ASSISTANT, DEPARTMENT OF SECRETARY OF STATE, JANUARY 26, 1934.

Last day for filing applications, Friday, January 12, 1934, at 5 p. m.

Requisition is for a female, and the examination is open to females only.

The minimum salary is \$1,230 a year; the maximum salary is \$1,590 a year, as reduced by statute.

Duties: Under general direction, to assist in the custody of state archives; to decipher and copy faded and broken documents; to prepare indexes of the archives, such as indexing the manuscript collection in the Massachusetts archives consisting of wills, deeds, land grants, petitions, town records, port reports, and other documents; answering inquiries of students and others looking for historical information. Applicants must have ability to read manuscripts of the seventeenth century.

Subjects and Weights: Training and experience, 3; practical questions 2; total, 5.

Passing Requirements: Applicants must obtain at least 60 per cent in practical questions and at least 70 per cent in experience and in general average in order to become eligible.

ASSISTANT ON VETERINARY HEALTH, DEPARTMENT OF CONSERVATION, JANUARY 26, 1934.

Last day for filing applications, Friday, January 12, 1934, at 5 p. m.

The minimum salary is \$1,380 a year; the maximum salary is \$1,860 a year as reduced by statute.

Duties: To appraise cattle, to do investigation work in the field, and to assist at the Brighton Quarantine Station. Applicants should have the ability to judge cattle intelligently as to age, condition of health, and their milk-producing qualities. Applicants should be familiar with the required sanitary conditions in the keeping of a herd of healthy cows, and have a knowledge of general diseases pertaining to domestic animals.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Tennyson street, West Roxbury district, as a highway, over and including the private way known as West Saville street, from Emmons road to Wren street, bounded and described as follows:

An extension of the highway named Tennyson street is hereby laid out, from Emmons road to Woodard road, over and including the private way known as West Saville street, and ordered constructed; the cost thereof to be charged to Federal funds allocated under the

Civil Works Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Emmons road and Bellevue street:

Southwesterly by Emmons road, forty feet; northwesterly by the northwesterly line of said extension of said Tennyson street as hereby laid out, four hundred and twelve feet; northeasterly by Bellevue street, forty feet; and southeasterly by the southeasterly line of said extension of said Tennyson street as hereby laid out, four hundred and twelve feet.

Part between Bellevue street and Woodard road:

Southwesterly by Bellevue street, forty feet; westerly by the westerly line of said extension of said Tennyson street as hereby laid out, by three measurements, one hundred twenty-six and 10-100 feet on a curve of four hundred and sixty feet radius, one hundred twenty-two and 97-100 feet on a curve of one hundred and seventy-six feet radius and eighty-one and 95-100 feet on a curve of four hundred and forty feet radius; southerly by the southerly line of said extension of said Tennyson street as hereby laid out, thirty-two and 99-100 feet on a curve of fifteen feet radius; northerly by Woodard road, one hundred twenty-eight and 43-100 feet on a curve of three hundred and sixty feet radius; and easterly by the easterly line of said extension of said Tennyson street as hereby laid out, by four measurements, ninety and 88-100 feet on a curve of seventy feet radius, seventy-four and 83-100 feet on a curve of four hundred feet radius, one hundred fifty and 92-100 feet on a curve of two hundred and sixteen feet radius, and one hundred thirty-seven and 7-100 feet on a curve of five hundred feet radius.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Tennyson street, West Roxbury district, as a highway, over West Saville street, from Emmons road to Woodard road, under the order of the Board of December 18, 1933, and awards no damages therefor.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Itasca street, Dorchester district, as a highway, from Cummins Highway northeasterly, bounded and described as follows:

A highway named Itasca street is hereby laid out, from Cummins Highway northeasterly to a point approximately one hundred and sixty-seven feet southwest of Messinger street, and ordered constructed; the cost thereof to be charged to Federal funds allocated under the Civil Works Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Cummins Highway, forty-seven and 45-100 feet; northwesterly by the northwesterly line of said Itasca street as hereby laid out, fourteen hundred seven and 35-100 feet; northeasterly by the northeasterly line of said Itasca street as hereby laid out, forty and 4-100 feet; and southeasterly by the southeasterly line of said Itasca street as hereby laid out, thirteen hundred eighty-one and 18-100 feet.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Itasca street, Dorchester district, as a highway, from Cummins Highway northeasterly, under the order of the Board of December 14, 1933, and awards no damages therefor.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

John Bowen Company has been granted a further extension of time for completion of contract made July 21, 1933, for alterations to Burnham Memorial Building, Boston City Hospital, from November 29, 1933, to December 23, 1933.

PUBLIC WORKS DEPARTMENT.

James J. Coughlan & Sons, Incorporated, have been granted an extension of the time of completion of the contract for building sewerage works for Crescent avenue brook outlet in private land, between Strandway and 1,100 feet north-easterly, Dorchester, from December 30, to February 28, 1934.

TRANSFERS IN APPROPRIATIONS.

City Auditor Rupert S. Carven announces the following transfers in appropriations in departments of the City of Boston and County of Suffolk, indorsed by Budget Commissioner Charles J. Fox and approved by his Honor the Mayor:

ASSESSING DEPARTMENT.

BOSTON, December 6, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriation of the Assessing Department:

From the appropriation for B, Service Other than Personal, \$1,802, to the appropriation for Personal Service, A-3, Unassigned, \$1,802.

To provide compensation for the payment of extra service necessary to complete descriptions of parcels of real estate, which had not been paid, in eleven wards of the city which were to be included in the advertisement for tax sale purposes, by order of his Honor the Mayor.

Respectfully,

EDWARD T. KELLY,
Chairman.

The above transfer was made by the City Auditor with the approval of the Mayor.

BOSTON PORT AUTHORITY.

BOSTON, December 5, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Boston Port Authority.

From the appropriation for E, Materials, \$18.08, to the appropriation for D, Supplies, \$18.08.

From G, Miscellaneous, \$648.06, to B, Service Other than Personal, \$648.06.

These transfers are made on account of unforeseen necessary additional expenditures.

Respectfully,

RICHARD PARKHURST,
Vice-Chairman.

The above transfers were made by the City Auditor with the approval of the Mayor.

COLLECTING DEPARTMENT.

BOSTON, December 12, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and

forward to the Mayor the following request for transfer within the appropriation of the Collecting Department.

From the appropriation for B, Service Other than Personal, \$2,526, to the appropriation for A-3, Personal Service Unassigned, \$2,526.

To cover expense of overtime services on tax advertisement and liquor licenses, being work authorized by the Mayor.

Respectfully,

WM. M. McMORROW,
Collector.

The above transfer was made by the City Auditor with the approval of the Mayor.

REGISTRY OF PROBATE.

BOSTON, December 6, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Registry of Probate:

From the appropriation for B-1, Print and Binding, \$145, to the appropriation for C-10, Library, \$145.

Insufficient funds to meet necessary purchases during 1933.

Respectfully,

ARTHUR W. SULLIVAN,
Register.

The above transfer was made by the City Auditor with the approval of the Mayor.

LAND COURT.

BOSTON, November 27, 1933.

MR. CHARLES J. FOX,
Budget Commissioner.

DEAR SIR,—In accordance with our conversation over the telephone today I respectfully request that \$20 be transferred from D-1 to B-29 in order that we may pay a bill rendered by Mr. Richard H. Jones, shorthand reporter, for two days' attendance in this court on November 6 and November 17 in a Suffolk County case. We have \$10 left in B-29 so that if a transfer of \$20 is made from D-1 to B-29 we can pay this bill of \$30.

From D-1, Office, \$20, to B-29, Stenographic, etc., \$20.

Very truly yours,

ARTHUR A. KENNETT,
Assistant Clerk.

The above transfer was made by the City Auditor with the approval of the Mayor.

EAST BOSTON DISTRICT COURT.

BOSTON, November 18, 1933.

RUPERT S. CARVEN,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of East Boston District Court:

From the appropriation for B-13, \$10, to the appropriation for B-12, \$10.

From B-13, \$30, to G-1, \$30.

By law the amount of premium was increased in bond of probation officer. Increased travel on the part of the probation officer due to the economic conditions.

Respectfully,

JOHN S. C. NICHOLLS,
Clerk.

The above transfers were made by the City Auditor with the approval of the Mayor.

LAND-TAKING IN DORCHESTER AND HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Tampa street, Dorchester and Hyde Park districts, as a highway, from Cummins Highway to Seminole street, bounded and described as follows:

A highway named Tampa street is hereby laid out, from Cummins highway to Seminole street, and ordered constructed; the cost thereof to be charged to Federal funds allocated under the Civil Works Administration program for Massachusetts.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Angelo Angeloni and Loreta Angeloni, bounded:

Westerly by Tampa street, thirty-seven and 15-100 feet; northerly by other land supposed to belong to said Angeloni *et al.*, thirty-five and 61-100 feet on a curve of fifteen feet radius; and southeasterly by Seminole street, thirty-seven and 15-100 feet; containing two hundred and ninety square feet, more or less.

The land, owners unknown, being the private way known as Tampa street, running from Cummins Highway to Seminole street.

Said Tampa street as hereby laid out is bounded:

Northeasterly by Cummins Highway, eighty-two and 6-100 feet; southerly by the southerly line of said Tampa street as hereby laid out, thirty-one and 80-100 feet; on a curved line; southeasterly by the southeasterly line of said Tampa street as hereby laid out, five hundred ninety and 89-100 feet; easterly by the easterly line of said Tampa street as hereby laid out, sixty-six and 91-100 feet; northerly by the northerly line of said Tampa street as hereby laid out, thirty-five and 61-100 feet on a curve of fifteen feet radius; southeasterly by Seminole street, ninety-four and 76-100 feet; westerly by the westerly line of said Tampa street as hereby laid out, one hundred fifty-seven and 9-100 feet; northwesterly by the northwesterly line of said Tampa street as hereby laid out six hundred forty-five and 28-100 feet; and westerly by the westerly line of said Tampa street as hereby laid out, fifteen and 33-100 feet on a curve of fifteen feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Tampa street, Dorchester-Hyde Park districts, as a highway, from Cummins Highway to Seminole street, under the order of the Board of December 13, 1933, and awards no damages therefor.

Angelo Angeloni *et al.*, 290 square feet, nothing.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 11, 1933.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President McGRATH in the chair. Absent, Coun. Gallagher.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted appointment for the term ending April 30, 1934, viz.:

Weighter of Coal: Benjamin Shuman, 137 Ormond street, Mattapan.
Laid over a week under the law.

LAND FOR PRINTING DEPARTMENT AND POLICE STATION.

The following was received:

City of Boston,
Office of the Mayor, December 11, 1933.
To the City Council.

Gentlemen,—Under the provisions of chapter 23 of the Acts of 1932 the city was authorized to use, for the erection of a printing plant and police station in the North End section of the city, land originally acquired by the Transit Department of the city for the construction of the East Boston vehicular tunnel, but which subsequently ceased to be needed for the original purpose for which taken. This act further provided that, by agreement between the Mayor and the Transit Department, a reasonable price, to be charged the departments involved for the land so taken, be determined and the money when raised be applied to the payment of the cost of construction of the vehicular tunnel.

After consultation with the chairman of the Transit Department I have approved the following values on the two parcels involved as reasonable:

Land for printing plant..... \$137,000
Land for police station and garage..... 118,000

I submit herewith orders providing for the appropriation of the required amounts and respectfully recommend adoption of these orders by your honorable body.

Since the order with reference to the police station land is a loan order and will require two readings, fourteen days apart, I respectfully suggest the first reading for this order be given today.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under the provisions of chapter 297 of the Acts of 1929, as amended by chapter 30 of the Acts of 1931, and as further amended by chapter 23 of the Acts of 1932, the sum of \$137,800 be, and hereby is, appropriated, to be expended by the Superintendent of Printing for Land, Printing Department Building, said appropriation to be met from the revenue of the Printing Department.

Ordered, That under the provisions of chapter 297 of the Acts of 1929, as amended by chapter 30 of the Acts of 1931, and as further amended by chapter 23 of the Acts of 1932, the sum of \$118,000 be, and hereby is, appropriated, to be expended under the direction of the Superintendent of Public Buildings for New Police Stations and Additions to and Improvement of Existing Police Stations, and that to meet such appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to Executive Committee.

LOAN FOR WELFARE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, December 11, 1933.
To the City Council.

Gentlemen,—From present indications it appears as though there will exist at the close of the year in the three relief items of the Public Welfare Department deficits totalling approximately \$400,000. It is questionable whether unexpended departmental balances at the close of the current year will exceed \$100,000. In order that there will be no necessity for suspending relief payments because of lack of funds, I deem it necessary to submit herewith an order providing that under the provisions of chapter 159 of the Acts of 1933 the sum of \$300,000 be authorized to be applied against probable deficits in the relief appropriations of the Public Welfare Department.

In view of the fact that two readings, fourteen days apart, must be given this order, I recommend that a first reading be given this order at today's meeting. Unless this is done, passage of the order will be endangered because of the limited amount of time remaining before the close of the current year. I therefore respectfully recommend immediate consideration and passage by your honorable body of the accompanying order.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under the provisions of chapter 159 of the Acts of 1933 an emergency appropriation of \$300,000 be, and hereby is, made, to be expended under the direction of the Overseers of Public Welfare for relief of the needy and the unemployed, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Referred to Executive Committee.

REPORT ON SCHOOL BUILDINGS.

The following was received:

City of Boston,
Office of the Mayor, December 11, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from William W. Drummey of the School Buildings Department relative to your request regarding the activities of that department. This is in reply to your order of November 27, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Department of School Buildings,
December 6, 1933.

Hon. James M. Curley, Mayor of Boston.
Dear Mr. Mayor,—I have received a communication here from the City Council, a copy of which is inclosed, which we answer herewith as follows:

Commenting on the order herewith inclosed and after taking up the matter with my commission, I report that we do not recognize the jurisdiction of the City Council to order us to change our methods of doing business, which we have tested to our entire satisfaction and found good. I repudiate the suggestion that this department awards any so-called gift contracts. It should not be necessary to have to remind the City Council that due to the depression many excellent mechanics, who formerly maintained shops, were forced to discontinue the same and are undoubtedly the men here referred to as "office in the hat" contractors, much as these same mechanics, citizens of Boston, would dislike to be so designated or insulted.

Answering the nine questions appearing on the order herewith inclosed I reply as follows:

1. The department has a separate and entirely individual appropriation for repairs and upkeep of school buildings. That appropriation is so appropriated by the School Committee. It is not part of a general lump appropriation but is specifically designated.

2. Three hundred and eighteen school buildings are in actual use, not counting hired quarters or portables, of which there are respectively 11 and 80.

3. Inasmuch as we have some 500 contractors doing business up here at this time, it is very difficult indeed to furnish the names and addresses of them all without a great deal of clerical labor. However, if your Honor wants the Council to have these names we will stop our regular program and slow up on our C. W. A. work and put a number of people to task furnishing the information.

4. In some respects this is like No. 3. Our practice is to take competitive bids informally on all contracts which in our estimation will cost \$500 or more. For work that we consider under \$500 we give it out in the order in which these contractors appear on the list that we have here. The order is determined by the last amount of work that they got. When a man gets a job he automatically goes to the bottom of the list. For the year 1933 we shall have placed better than 12,000 orders which average \$75 apiece.

5. The inspectors on this work include myself, two deputies and the following regular inspectors:

Charles E. Cadigan, chief inspector; Hugh J. Mealey, assistant chief inspector; Frank P. Sheehan, Peter M. Curley, Martin A. Hernan, Arthur Wilson, Charles E. Sefton, Paul J. Short, Max I. Omansky, the eight heads of our subdivisions and any others that may be particularly designated.

6. As far as we know, and I think it is true in at least 95 per cent of all cases, we do not employ anybody for any work who is not a citizen of Boston, or buy any material which is not made in Boston.

7. The work is let out from January 2 until December 31, inclusive.

8. I deny that there are any gift contracts in that unpleasant sense of the word. By law my first deputy, Mr. Osborne, is in entire charge of all alterations and repairs.

9. While I am not empowered to speak for the Board of Commissioners, who are well able to speak for themselves, if by the Board, the Council means the commissioners, then it is unqualifiedly my opinion that the work is being done as well as it could possibly be under the circumstances. Further, it would be far worse if given out under day labor. We are having an example of that under the C. W. A. program now involved.

In particular, I wish to draw the attention of the Council to the fact that we have \$78,000,000 worth of property and many little children, particularly little girls, that must be safeguarded.

I cannot use any old kind of labor that comes along without detriment to both. I unhesitatingly say that our inspection force would have to be quadrupled if we used day labor and that the city would get less value for the dollar than under the present arrangement.

Respectfully yours,
WILLIAM W. DRUMMEY,
Superintendent of Construction.

Placed on file.

LOCATION OF NEW FIRE STATIONS.

The following was received:

City of Boston,
Office of the Mayor, December 6, 1933.
To the City Council.

Gentlemen,—I beg to submit herewith communication received from the Fire Commissioner relative to construction and location of new fire station, said communication being in accordance with order adopted by your honorable body under date of November 27, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, December 4, 1933.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I return herewith the following order adopted by the City Council on November 27, 1933:

"Ordered, That the Mayor of Boston submit to the Boston City Council immediately what new fire stations are to be built and their new locations."

No funds have been provided to date for new fire stations nor have any locations been selected for new buildings. There are certain stations which should be erected whenever funds are available and the first which should receive consideration are:

Ladder 1, formerly located on Friend street, and now temporarily stationed at Bowdoin square.

Engine 8, Salem street. If a new building is erected for Ladder 1 accommodations should be included for Engine 8.

Engine 3, Ladder 3, Harrison avenue and Bristol street.

Engine 25, Ladder 8, Tower 1, Fort Hill square.

Engine 13, Cabot street.

Engine 44, Fireboat Station, East Boston.

Yours very truly,
E. M. MCSWEENEY,

Fire Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Charles A. Chapin and Joseph S. Miller, for compensation for injuries caused by city truck.
Boston Coat Manufacturing Company, for refund on refuse tickets.

Estate of John H. Casey, for compensation for damage to property at 15 Wales street, Dorchester, caused by collapse of water boiler.

Mrs. C. E. Douse, for compensation for garbage can damaged by welfare man working for Public Works Department.

Chin Duck, for compensation for damage to property at 810 Tremont street, caused by break in water main.

William E. Foley, for compensation for injuries caused by an alleged defect at 244 Beacon street.

M. C. Kelley, for compensation for damage to property at 118 West Newton street, caused by ash truck.

Mrs. George Khoury, for compensation for damage to property at 9 Rollins street, caused by leak in water pipe.

Mrs. Mary Powers, for compensation for injuries caused by an alleged defect at Roger Clap School.

George J. Scoff, for compensation for damage to property at 17-23 Vershire street, caused by blasting for sewer.

Oscar Spector, for compensation for damage to car caused by city truck.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Josephine Leonard, Municipal Building, South Boston, December 19.

Roxbury Board of Trade, High School of Practical Arts, December 13.

RESIGNATION OF ALBERT HYMAN.

Notice was received from the Mayor of the resignation of Albert Hyman as constable.

Placed on file.

CONSTABLE'S BOND.

The constable's bond of Walter F. Delaney, having been duly approved by the City Treasurer, was received and approved.

SALE OF ALCOHOLIC BEVERAGES.

The following was received:

City of Boston,
Office of the Mayor, December 5, 1933.
To the City Clerk of the City of Boston.
Pursuant to the provisions of chapter 373 of the Acts of 1933, I, as Mayor of the City of Boston, hereby authorize the sale of alcoholic beverages in the City of Boston and the granting of licenses for the making of such sales in said city.
JAMES M. CURLEY, Mayor.

Placed on file.

BOSTON ELEVATED LOCATION.

Notice was received from the Board of Street Commissioners of granting of eighty-sixth location to Boston Elevated Railway Company, right-hand crossover on Blue Hill avenue, Dorchester, north of Morton street; together with a landing on the easterly side of the reservation opposite Rhoades street.

Placed on file.

WORK FOR BOSTON'S QUOTA.

Coun. KELLY offered the following:

Ordered, That the Mayor request all city department heads to speed up their requisitions for workmen so that Boston's quota of 24,000 men and women can be placed to work immediately and take advantage of the Federal Government free grant of millions of dollars.

Coun. KELLY—Mr. President, I don't like to be monotonous, to be boring, but still I believe that something should be done to assist the unemployed men and women in this city. The Federal Government plans that Boston shall put 19,000 men and women at work from December 1 to February 15, at an expenditure, approximately, of \$2,500,000. The Federal Government said to the City of Boston, "We will not ask you to pay one dollar back; this is an absolute gift to help the unemployed." But here it is December 11 and I find out—I think I can quote authentically—that there are but 5,000 at work. What's the matter, Mr. President? Are the heads of departments not making proper requisitions for employees? What is the difficulty? Just a week ago we were told that the Federal Government wished to have 19,000 men and women in Boston put to work, and the number has now been increased to 24,000. This is free money. Why is it that some of our city officials, who have authority in the matter, do not see to it that these men and women are put to work immediately? Our homes are being stormed, our offices are being stormed, by these poor unfortunate men and women, trying to give an honest week's work for an honest week's pay. Still, they cannot find employment. If they are on soldiers' relief they are sent to Young's Hotel, and are there forced to remain hours and hours without anything being done for them. This money is a gift, and yet it seems useless for these people to go and apply for work with any expectation of getting it. We are told, "Such and such work is useless work." What do they care whether useful work is being done or not, if the Federal Government is giving the money? Let us put these people to work. I have here a copy of the letter I sent under date of December 8 to Chairman Joseph W. Bartlett, asking him to speak up and find out what is wrong here. Certainly, something is wrong, with all this money available and people not being put to work. Somebody is to blame, somebody is negligent. I say this speaking for the unemployed people of the City of Boston. Whoever is to blame should have the blame placed upon him. Here is the Municipal Employment Bureau doing absolutely nothing. There are thirteen men there paid by the taxpayers, and they are not even being asked why they do not assist in putting men to work. I don't know the reason for the present condition, I claim that it is an outrage. Here is money given to us free. We are right on the verge of Christmas-time when men and women want the money, and still the city departments are not interesting themselves in putting men at work. I say that there should be some speed, and if there is one thing I intend to do before going out of office, if I never do another, it is to find out who is to blame for not putting men at work. I ask that this order be passed and something be done which will put our people at work.

Coun. KELLY presented the following letter, to be included in the minutes:

Boston City Council,
Council Chamber,
City Hall, December 8, 1933.

Joseph W. Bartlett, Chairman, Civil Works Board, State House, Boston.

Dear Mr. Bartlett.—As one of Boston's duly elected members of the city government, I feel it my duty to call your attention to the fact that work under the Federal C. W. A. is progressing very slowly in Boston.

I have watched and waited patiently for weeks to see if Boston officials would take advantage of the outright gift of \$2,500,000 to its unemployed by the Federal Government and must state that I am thoroughly disgusted with the progress to date.

Under your ruling some weeks ago, Boston is entitled to have 19,000 men and women to work

by this time, with approximately 5,000 additional under the new orders received from Washington yesterday.

I read in the newspapers that projects for 70,000 workers of the Massachusetts quota of 97,000 have been approved by you and your Board. I know that I can state fairly, and without fear of contradiction, that Boston has not 5,000 men and women actually working today under this program. I publicly challenge contradiction, with proof, that this statement of mine is not correct. I claim that this state of affairs is a downright shame to our unemployed.

Whatever city officials are responsible for this outrage, they are guilty of common negligence in my opinion, and should be taken to task and severely reprimanded for allowing thousands of good citizens to remain idle when the Federal Government has donated this money to us and which will never have to be repaid.

From a personal investigation, I find that the State Employment Office, which is handling the unemployed who are not receiving welfare and is doing good work with a very small staff, but they are not receiving requisitions from the Boston officials and department heads in proper number. Our small department at the Young's Hotel Building, which is handling the men and women who are receiving welfare aid, is doing as much work as can be expected from the limited staff. They have placed approximately 3,000 men and women to date, according to a report given to me by an official in charge.

Twenty-four-hour shifts are needed at Young's Hotel and the State Employment Office, more employees at these places to handle this emergency, agencies in different sections of the city, and, last but not least, a severe warning to city department heads and executives to forget their own soft and lucrative positions and devote some time to immediately relieving our unemployment situation.

The City Council of Boston on last Monday, December 4, unanimously went on record as favoring the above suggestion.

Through your untiring efforts in behalf of the unemployed, you can be fairly termed "the champion of the unemployed men and women of Boston and Massachusetts."

You, no doubt with the tremendous tasks confronting you, are unaware of the few people who have been placed at work in Boston under this program.

You made a courageous statement a short time ago that if the Mayor of Boston didn't put 19,000 men and women to work immediately, you would do so. In behalf of the many thousands of unemployed men and women who registered weeks ago and who are willing, anxious and crying for work, which they are entitled to in order to keep themselves and families together, I ask you to exercise your unlimited authority and immediately step into Boston to give the unemployed a break. They look to you for assistance and feel that you will not fail them.

The Mayor of Boston seems to be more interested in the approximately \$13,000,000 that will place only 4,000 men at work, using his own figures, which will enrich pet contractors and of which the city will have to pay 70 per cent, than he does in making sure that Boston uses up entirely the outright Federal gift of \$2,500,000. This amount is sufficient to place 19,000 men and women at work until February 15, and not one penny of it would go to contractors.

I believe that Boston's newly elected Mayor, Mr. Mansfield, would not permit this outrage to exist, but, unfortunately for Boston's unemployed, he does not assume office until the first of next year.

If the needy families of Boston's unemployed are to enjoy Christmas this year as they should, your personal assistance is needed. It will be the best Christmas present that Boston's unemployed, who desire to work and make an honest living, can receive.

If you will come to their rescue immediately, and use the power that has been conferred upon you by the President of the United States to advantage, you will be more welcome than Santa Claus.

Kindly intervene for the sake of the unemployed so that they may receive the work to which they are entitled.

With kind personal regards, I am,

Respectfully yours,

FRANCIS E. KELLY,
City Councilor.

The order was passed under suspension of the rule.

WORK FROM CIVIL WORKS APPROPRIATIONS.

Coun. ROBERTS offered the following:

Resolved, That the Boston City Council is in favor of the adoption of a fair, reasonable and just disbursement of all work made available by Civil Works appropriations to the end that this work be distributed to people of all political parties and to all districts throughout the city and that no undue preference be given to any one district or to any one party.

Coun. ROBERTS—Mr. President, it is perhaps too early to indulge in criticism of the men engaged in supervising and putting through the C. W. A. program, but I intend that this shall be a constructive criticism rather than destructive. I think the records will show, so far as the work

being done under the C. W. A. program is concerned, that the majority of those being placed at work are in one district of the city, one Congressional district, and I think, in fairness to other districts of the city and to every political party, that all sections and all parties should be given a fair deal in this matter. I understood that this work was to be passed out fairly irrespective of party or political influence, but I am given to understand that in some instances the party designation of the men is put down when they go to register. I think that is unfair. I think these jobs should be given out fairly and squarely to the people of Boston, to members of each political party, without any preference.

Coun. DOWD—Mr. President, I think the public should understand one thing, and that is that these are all Federal projects being conducted by Federal money, and that the laws, rules and regulations are made in Washington and sent out to the different states. We were of opinion that 50 per cent of the positions were going to welfare and soldiers' relief, and that the others were going to civilians and to those not receiving aid at the present time. Now we understand that orders have come from Washington that only those veterans on the civilian list are to get positions of any kind. Now, Mr. President, I am a World War veteran, and I believe that those veterans should be given some preference, and they have been receiving preference since the World War. But I think it is absolutely unfair and discriminatory to say to the youth of America, who were too young at the time of the World War to enlist in that war, that they cannot get a position. I say to the Federal Government that we, as members of the city government of Boston, have no control whatsoever in this matter and that no man who is not on soldiers' relief or welfare and not a veteran stands a chance. I ask the President of the United States, what are these men going to do? Are they to be discriminated against? I say it is absolutely unfair. I say that the civilian group of America should be given an opportunity to go to work. Every day and every night I personally interview about two hundred people, and I know that every other councilor is up against the same thing in this matter. There is nothing we can do except to help relieve those on welfare or veterans, and when we say anything to these other people they think right away that we are kidding them. There is absolutely nothing we can do, Mr. President. The laws are made in Washington, and anybody sent to Nashua street, if he is not a veteran or on welfare, is not even allowed in the building. I think war veterans should be given some preference, but the youth of America should not be allowed to walk the streets without a chance to get any employment. I say that the United States Government should withdraw this preference at once and that those who were too young to go to the World War, or who for any good reason were unable to be in that war, should be given an opportunity to go to work.

Coun. MURRAY—Mr. President, let me say also that I find this same situation confronting the people in my ward. There are many who are not veterans, and who cannot get welfare because theoretically they own their homes. Still, although they cannot be classified as soldiers and cannot get relief because they are supposed to own homes, there are many cases where they are out of employment and their homes are to be sold for taxes. If these men could get a chance to get some aid, welfare or otherwise, if they could get some work, they would be able to pay their taxes to the city. Also, there is no chance for the young men and women of Boston. They are sent down and herded like a lot of cattle at Nashua street, and then nothing is done for them. I don't know one such man or woman who has got a position yet. Nobody is doing anything for them. If you give them a letter, it is just like sending them on a fool's errand. I think something should be done, and I believe the public of Boston should be made to understand the situation, as the councilor from Ward 8 (Coun. Dowd) has said. Our hands are tied. We cannot do anything except through the veterans' aid or welfare.

Coun. FISH—Mr. President, I want to agree with what Councilor Dowd has said. I am a World War veteran myself, and I think these young men and women should be given a chance. But they haven't a burglar's chance to get a job over the veterans. I believe they should be afforded some opportunity to get some of this work.

The order was passed under suspension of the rule.

LOAN ORDERS.

President McGRATH called up, under unfinished business, Nos. 4 to 10, inclusive, on the calendar, viz.:

4. Ordered, That the sum of \$10,000 be, and the same hereby is, transferred from Duplicates and Overpayments to an appropriation, to be expended under the direction of the Park Commissioners, for Playground, Vicinity of Charter street and Greenough lane, North End District.

On November 27, 1933, the foregoing order was read once and passed, yeas 18, nays 2.

5. Ordered, That the sum of \$12,000 be, and the same hereby is, appropriated, to be expended under the direction of the Boston Traffic Commission, for automatic traffic signals, North End

section, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City of Boston to said amount.

On November 27, 1933, the foregoing order was read once and passed, yeas 19, nays 1.

6. Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to transfer.

From the appropriation for Automatic Traffic Signal System on Commonwealth Avenue, from Arlington Street to Governor Square, \$8,435.44, to the appropriation for Automatic Traffic Control Signals, North End Section, \$8,435.44.

On November 27, 1933, the foregoing order was read once and passed, yeas 19, nays 1.

7. Ordered, That the sum of \$50,000 be, and the same hereby is, appropriated, to be expended under the direction of the Fire Commissioner for Fire Alarm Signal System, Extension of, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City of Boston to said amount.

On November 27, 1933, the foregoing order was read once and passed, yeas 19, nays 1.

8. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$1,000,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works for Reconstruction of Streets, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

On November 27, 1933, the foregoing order was read once and passed, yeas 20, nays 0.

9. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$1,000,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works for Sewerage Works, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

On November 27, 1933, the foregoing order was read once and passed, yeas 20, nays 0.

10. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$700,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works for Water Main Construction, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of the city to said amount, the same to be issued outside the limit of indebtedness.

President McGRATH—If there is no objection, the roll will be called on the passage of these orders on one vote.

Coun. KELLY—Mr. President, I see that there were some dissenting votes on 6, 7 and 8, as well as 4 and 5.

President McGRATH—If the councilor objects, we will take them all up separately.

Coun. KELLY—I think we should take them up separately.

President McGRATH—We will first take up No. 4.

No. 4 was given its second and final reading and passage, yeas 20, nays 0.

President McGRATH—We will now take up No. 5 on the calendar.

Coun. DOWD—Mr. President, if there is no objection, I think Nos. 5 and 6, practically the same thing, might be taken together.

President McGRATH—If there is no objection, the Clerk will call the roll on Nos. 5 and 6.

Nos. 5 and 6 were given their second and final reading and passage, yeas 19, nay—Coun. Cox—1.

President McGRATH—The question is now on No. 7.

The order was given its second and final reading and passage, yeas 19, nay—Coun. Cox—1.

President McGRATH—The question now comes on the passage of No. 8.

The order was given its second and final reading and passage, yeas 19, nays 0.

President McGRATH—The question now comes on the passage of No. 9.

The order was given its second and final reading and passage, yeas 19, nay—Coun. Kelly—1.

President McGRATH—The question comes on the passage of No. 10.

The order was given its second and final reading and passage, yeas 19, nay—Coun. Kelly—1.

President McGRATH called up, under unfinished business, Nos. 11 and 12 on the calendar, viz.:

11. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$450,000 be, and hereby is, appropriated, to be expended under the direction of the Overseers of the Public Welfare for new Wayfarers' Lodge, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of the city to said amount, same to be issued outside the limit of indebtedness.

On November 27, 1933, the foregoing orders were read once and passed, yeas 19, nays 1.

12. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$300,000 be, and hereby is, appropriated, to be expended under the direction of Penal In-

stitutions Commissioner for new Prison Buildings, and that to meet said appropriations the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

President McGRATH—The question is on the passage of No. 11.

The order was given its second and final reading and passage, yeas 18, nays—Coun. Cox, Curtis—2.

President McGRATH—The question comes on the passage of No. 12.

Coun. KELLY—Mr. President, I don't know that a few words from me will sway the minds of other members of the body, as I still have intelligence enough to know that what I shall say will perhaps represent a wasted effort. Nevertheless, I wish to place myself on record as being opposed to spending close to a million dollars of the taxpayers' money—\$800,000, to be exact,—to improve our prison buildings at Deer Island. When people are unable to get enough to keep soul and body together in the City of Boston, it is very improper, in my opinion, for us to spend \$800,000 in these trying times for prison buildings down there, money of which the City of Boston must pay back 70 per cent. We know that the money will go to some pet contractor, and that the pet contractor who gets the job down there will hire nonresidents, aliens, people outside of the City of Boston, to do the work. I say that it will afford absolutely no relief to our unemployed. I believe very definitely, as a member of the prison inspection committees of former years which have gone to Deer Island, that our prisoners are well taken care of. I believe, therefore, that we should save this \$800,000, not spending it for this purpose but should spend it among our poor of Boston, where it can be well spent. So I certainly hope that this order will not take its final passage today. When it was acted upon at a previous meeting, there were seventeen members in favor of it and three against. I hope today that some of the seventeen will change their minds and will regard the position of so many poor honest people on the mainland of Boston, not appropriating this amount of money for offices and quarters for those in charge at Deer Island.

Coun. RUBY—Mr. President, I wonder if I can be informed through you if there is in this appropriation any amount for hospitalization at Deer Island?

President McGRATH—I am informed that the loan order doesn't specify hospitalization, Councilor.

Coun. RUBY—Mr. President, there is provision made for certain buildings down there, and I am of the opinion that something in the way of hospitalization is planned. I would like to know just what particular buildings at Deer Island are to be improved or constructed. (Examining the original order.) Yes, Mr. President, I knew that there must be some mistake. Now, I realize that men who are down there may be unfortunate and may have themselves to blame, through having committed some offense, and it may be necessary to incarcerate them for their own good as well as for the good of the citizens generally. But I know of no reason why we should not afford them at least the ordinary facilities for habitation, such ordinary facilities as should be given to a human being. While a member of the City Council it has been my privilege to be a member of the prison committee for several years, and by going back into the records you will find, Mr. President, that there was advocated for years the construction of a hospital building on Deer Island. The members of this honorable body who have visited the island can recall that in one building, the red building across the street from what is called the hill prison at Deer Island, there is a dilapidated building, a fire menace, the bottom of which is used for a laundry and the second floor for such cases of emergency hospitalization as become necessary. There are and have been for the last five years over eight hundred inmates at Deer Island, on the average. That is quite a colony, and we are responsible for those men, regardless of the reason for which they are sent to that institution. Being responsible for them, we must see that their safety as well as their health is safeguarded. There is no hospitalization there, and if a prisoner becomes ill Long Island is called on the telephone, and they send over a boat from Long Island to Deer Island and the inmate is sent to the hospital at Long Island. Here is an opportunity to correct that. There have been inmates who have died at Deer Island before help could come to them from the Long Island Hospital; and in this \$800,000 is an allowance for an infirmary and a hospital. We must bear that in mind. Some may talk slightly about those who are sent down to Deer Island, but I say that if necessary such hospital provisions should be made. I do not believe a member of this body will say that, where we incarcerate men down there, it is not our duty to take care of them. Also, so far as the eighty or ninety officers down there are concerned, if they are taken ill while working down there, there should be a place where they can receive immediate hospital treatment. For that reason I trust that this appropriation will be voted, as well as the other, because we eventually will have to build proper buildings down there. I wish we could afford today to change the whole end of that prison, where there is still in vogue the old bucket system. And yet we claim that we live in a civilized part of the

world. We saw what happened last night at the State Prison in Charlestown, and it is certainly fortunate that the conflagration there went no farther than it did. Regardless of the question of who is responsible for its having been started, there are hundreds of inmates there who are decent prisoners and who are serving their time and the fact that they are there is no reason why they should not be given the best of protection that a civilized community can afford. I may be wrong in my idea of communal life, but I say that where a city like ours has institutions, whether they be for the sick, the

Josephine Leonard, Municipal Building, South Boston, December 19.

Roxbury Board of Trade, High School of Practical Arts, December 13, recommending that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

2. Report on message of Mayor and order (referred today) that emergency appropriation of \$300,000 be made to be expended by Overseers of Public Welfare for relief—that same ought to pass.

Report accepted, said order read once and passed, yeas 19, nays—Coun. Curtis—1.

3. Report on message of Mayor and orders (referred today) appropriating \$137,800 for land for printing plant and \$118,000 for land for police station and garage—that the same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. BURKE—Mr. President, I will request the clerk to read the message attached to the orders. (The clerk read the message.)

Coun. BURKE—Mr. President, I wonder if you can tell me who owns that land at the present time?

President McGRATH—I imagine that that land must be owned by the City of Boston, by the Transit Department.

Coun. BURKE—Mr. President, am I correct in believing this to be merely a transfer of money raised for the Transit Department to defray the expenses of the vehicular tunnel to East Boston?

President McGRATH—That is so.

Coun. CURTIS—Mr. President, I am going to move to table the order until we know more about it. Here at the very end of the year this order comes in, involving over \$250,000, and it seems to me the idea is simply to provide more money to be spent through the Transit Department. I understand that in fact the Printing Plant was built on the roof of the tunnel, so certainly no further land would be required for that—not beyond what was required for the tunnel, anyway. Also, this is the first time that I know of, anyway, when an appropriation has come into this body for a building or buildings already built. I would like to know why, when the question of building these buildings was first considered, why the estimated cost was not presented to us, so that the body, in acting upon the matter, might have information as to the amount which was to be involved for the land and buildings. But instead of that, when the building for the Printing Plant certainly has already been constructed, they come in here and ask us to provide money for the land upon which the buildings were or are to be constructed. This is the first time that I have known anything of that sort to happen, and it seems to me a funny way of doing business. I think before a project is undertaken, this body, which is supposed to provide the money for the project, should be informed of the particulars. I understand that \$19,000,000 was appropriated for the tunnel and it was then proposed to build the Printing Plant on part of the land. The Printing Plant has been built, I understand, on the roof of the tunnel. The authorization of the Legislature of 1932 provided that the fair cost of the land used for these buildings be made available for the tunnel. But if it is a fact that the Printing Plant is built on the roof of the tunnel, it does seem to me that this is simply a way of securing more money at this time to be spent through the Transit Department. I move, therefore, that the matter lie on the table until we can examine into it more thoroughly, hearing from the Transit Commission and finding out why the whole thing was not presented to us and gone into at the start.

The motion to lay on the table was carried.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President McGRATH called up, under unfinished business, Nos. 1, 2 and 3 on the calendar, viz.:

1. Action on appointment submitted by the Mayor December 4, 1933, of Gustav Spanier, to be a Constable.

2. Action on appointments submitted by the Mayor December 4, 1933, of Charles J. Lennon and Stephen J. Connolly, to be Constables, without authority to serve civil process.

3. Action on appointments submitted by the Mayor December 4, 1933, of John E. Biddescombe, Allan N. Hinckley, Francis F. Griffith, Gilbert R. MacDonald and Stanley Tucker, to be Weighers of Coal.

The question came on confirmation. Committee, Coun. Fish and Barker. Whole number of ballots 20, yeas 20, and the appointments were confirmed.

REPORT OF COMMITTEE ON JITNEY LICENSES.

Coun. MURRAY, for the Committee on jitney licenses, submitted the following:

1. Report on petition (referred June 5) of Boston Elevated Railway for license to operate motor vehicles between Cambridge-Boston line on Harvard Bridge and junction of Massachusetts avenue and Boylston street; over Massachusetts avenue, Newbury street, Hereford street, Boylston street,—recommending that leave be granted.

Coun. GLEASON—Mr. President, I would like to know when this meeting was held.

Coun. MURRAY—Mr. President, it was an emergency. Councilor Curtis came to us and explained the necessity of action being taken.

Coun. CURTIS—Mr. President, I think this is an order that will be helpful to the people in the section where it is proposed that these buses shall operate. It is merely proposed to substitute buses for street cars in the middle of the night, from midnight until 6 a. m., and they will be quieter in operation than the cars during those hours. It will certainly be a benefit to the district.

Coun. COX—Mr. President, just what district is covered?

Coun. CURTIS—Along Boylston street.

The report was accepted, and the permit granted under usual conditions.

LOAN FOR NEW PRISON BUILDINGS.

President McGRATH called up, under unfinished business, No. 12 on the calendar, viz.:

12. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$800,000 be, and hereby is appropriated, to be expended under the direction of Penal Institutions Commissioner for new Prison Buildings, and that to meet said appropriations the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

On November 27, 1933, the foregoing order was read once and passed, yeas 17, nays 3.

Upon roll call the order failed of second reading and passage, yeas 14, nays 7:

Yeas—Coun. Barker, Brackman, Donovan, Dowd, Englert, Fitzgerald, Gleason, Green, Hein, Lynch, McGrath, Murray, Power, Ruby—14.

Nays—Coun. Burke, Cox, Curtis, Fish, Kelly, Norton, Roberts—7.

President McGRATH—The order is rejected.

On motion of Coun. RUBY, reconsideration and assignment to the next meeting was voted.

LOAN FOR NEW FIREHOUSES, ETC.

President McGRATH called up, under unfinished business, No. 13 on the calendar, viz.:

13. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$1,075,000 be, and hereby is appropriated, to be expended under the direction of the Fire Commissioner for new Firehouses and Departmental Buildings, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

On November 27, 1933, the foregoing order was read once and passed, yeas 17, nays 3.

The question came on giving the order its second reading and passage.

Coun. CURTIS—Mr. President, in regard to Item 13, relating to the consolidation of firehouses,—and this also applies to the next item, 14, relating to the construction of police stations,—it seems to me that this is a big subject, which cannot be taken up piecemeal; that we have to have a plan for the whole city, and it is impossible to rush into some shadowy idea of consolidating a group of firehouses in one locality or another, without having further study with relation to the needs of the city in that direction. For that reason, it seems to me that this is an order that should not be passed by us at this time.

Coun. KELLY—Mr. President, two weeks ago I presented an order asking the Mayor for certain information to be submitted to the Council today, as to how much land was to be purchased and where it was in connection with this proposed new consolidation of fire stations. I believe, as the previous speaker does, I do not believe in letting any group of politicians in the closing days of their administration rush things like this through. Take the firehouse in my district, for example. It is all right to talk about the fact that this or that should not have been done after it has been done. But now is the time for us, the twenty-two members of the Council, to express our opinion in this matter, before drastic action is taken; to say whether or not we want a firehouse taken away from our particular section. I say that there are probably not enough firehouses at the present time to keep the fire situation in this city in hand, and I say that I am not going to be placed in the position of voting to abolish the fire station in my district. I know well enough that after fire stations are consolidated the people will wake up and find that something has been put over on them. They will wake up in January or February and see a piece of land taken at an enormous price, as we have seen in the past four years, because of the appropriation of this immense sum of money for this purpose, \$1,075,000.

Coun. ROBERTS—Mr. President, a while ago, when we had this order up for its first reading, I voted "yes," being influenced by the consideration that as a result of the passage of the order many

people might be put at work. I do not now think, however, that as a result of the passage of the order any citizens of Boston to speak of will be put to work until late in the spring, if at all. Therefore, not believing that this order will result in putting men at work promptly, I shall not vote for it today. I shall, therefore, take the same position as the two councilors who have preceded me.

Coun. NORTON—Mr. President, I believe we ought to have a consolidation in the Fire Department. I understand that we have here in Boston more firehouses according to population per square mile than are to be found in any other large city in America. Let us be fair in this matter of firehouses and police stations. I believe that conditions all over this city could be improved by a proper consolidation, having really good police stations and firehouses covering a larger area. I say that conditions might be improved in my section by having a good fire station, perhaps a mile farther down, that would cover a larger area out there and cover it much better than it is covered now, with a station stuck up there at the extreme edge of the city. I think the same situation will be found to be true in Brighton and other districts, from what I am told. I believe the number of stations can be reduced by 20 per cent or more, having stations properly located, and do a better job than you are now doing.

Coun. COX—Mr. President, I think that No. 13 and No. 14 might as well be treated as one matter, dealing with the consolidation of firehouses and police stations. The one item, that for firehouses, calls for \$1,075,000, and the other, dealing with police stations, calls for \$750,000. An attempt will be made to show that by consolidation of these police and fire stations we will be able to save the City of Boston some money. That is not true. We are not going to discharge policemen or firemen as a result of the consolidation of these stations. They speak of the consolidation of Station 9 and Station 10. Of course, there is not land enough at either Station 9 or Station 10 to make one police station there; so we will have to get land at some other spot, for which we will have to pay, as we have always paid, an exorbitant price. Then, a few months afterwards, some soldiers' post will come in here and ask for a lease of the old property, what was formerly Police Station 9 or Police Station 10, for one dollar, and the City of Boston will carry along those particular police stations or firehouses where there is also a consolidation, without any revenue. If later on the city wants to lease them for polling booths, it will have to pay the lessee for the right to use them at election. It will be said that this sort of thing will furnish employment, that it will put men to work, and therefore, under the guise of putting men at work, we are forced to waste considerable of the city's money. We have had an opportunity in the last three, four or five weeks, to put 24,000 men to work, and not 5,000 of them have gone to work up to the present time. We have had this experience in the last four years with public works, buildings, and so forth, that a certain few contractors have been building them; and when the men get these contracts, union men residing in Boston will come and tell you that they cannot get a job on the particular project,—whatever it may be, a hospital, public building or public work of any sort. They cannot get a job on these police stations and firehouses; they cannot get a job on any of these projects handled by these contractors. Now, in the closing hours of this administration, I don't think this Council should pass these orders, aggregating \$1,825,000, regardless of the fact that the Federal Government is contributing 30 per cent, when we consider that the additional amount is wasted. I think the Council should vote against these orders. There is no gain to the city because the Federal Government gives 30 per cent, when we consider the waste of the whole thing, and when we consider that these amounts will be given to some favored person who has an option on the land where these projects are to go.

Coun. BRACKMAN—Mr. Chairman, I would like to say just one word regarding this matter. It occurs to me that some of the present sites that are being considered in connection with the proposed consolidation—for example, Stations 9 and 10—are old, archaic buildings not adequate to meet the present needs. If the present locations are retained, it will be only a matter of time when large expenditures of money will be necessary in order to put the buildings in proper shape for use, and even when we put a great deal of money into them they will not be adequate as modern police stations. So it occurs to me, if we can consolidate in a number of cases two of the present buildings and put a station in between with modern equipment, in the long run the City of Boston is going to save considerable money.

President McGRATH—The clerk will now call the roll on No. 13.

No. 13 failed on its second reading and final passage (a two-thirds vote being necessary for passage), yeas 12, nays 9:

Yeas—Coun. Barker, Brackman, Donovan, Englert, F. Gleason, Green, Hein, Lynch, McGrath, Murray, Power, Ruby—12.

Nays—Coun. Burke, Cox, Curtis, Dowd, Fish, Fitzgerald, Kelly, Norton, Roberts—9.

President McGRATH—The order is rejected.

On motion of Coun. HEIN, reconsideration and assignment of the matter to the next meeting was ordered.

LOAN FOR NEW POLICE STATIONS.

President McGRATH called up, under unfinished business, No. 14 on the calendar, viz.:

14. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$750,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Buildings for new Police Stations, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

On November 27, 1933, the foregoing order was read once and passed, yeas 17, nays 3.

President McGRATH—The question now comes on the passage of No. 14 on the calendar.

Coun. KELLY—Mr. President, once again I rise to hope that this order will not be given its second reading. Many councilors and a great many of our citizens will complain when it is proposed to consolidate police stations, and such complaint will be very much in evidence, if this sort of thing is allowed to go on, one or two years from today. I say that it is unfair to consolidate police stations, going off and leaving two pieces of land owned by the city idle, land which will not be sold, or if it is sold will bring a very small price, and paying a large sum of money to some favored land speculator for the new lot of land. I do not believe it is right to spend any such amount of the city's money in this way, money for which the city has to pay 7 per cent. It is said that it will relieve unemployment. Well, as the councilor from Ward 20 (Coun. Cox) has said, we were supposed to have 24,000 people here at work December 1 until February 15, and not 5,000 have gone to work, although the Federal Government has donated the money. There was an opportunity for many people of the so-called white collar class—clerks, men and women, timekeepers, men of different occupations,—and still they have not been put to work. That argument, about relieving unemployment is simply used as a cloak for putting through here an order which will steal \$750,000, which will go into the hands of some crooked speculators and into the hands of pet contractors, who will go over to adjoining towns—Somerville, Newton, Everett, and so on,—and hire people who are not citizens of Boston. I hope the Council in the closing days of the present administration will not allow this outrage to come to pass.

Coun. COX—Mr. President, now speaking of the consolidation of police stations, I would like to say just a word on the proposed consolidation of Police Stations 13 and 17. Early in the year, or last year, there was sent in here an order for \$600,000 for two police stations, one of those police stations being Station 17 in my district, West Roxbury. At that time it did not come out of the Finance Committee, and in talking with the Mayor about it he told me that if I wanted a police station for my district I had better get busy on it. Well, as it happened, the police station I was going to get was to go to Peter Murray's district, where one of the favorites of the Mayor held an option on the land. To counter-balance that, I asked the Mayor if he wanted to save the city some money, that if he wished to do so, he could consider the Irving Adams Park in Roslindale. The Irving Adams Park was taken some years ago to widen South street. South street is still nothing more nor less than a cow path. I showed the Mayor where South street could have been widened ten feet and how Cummins Highway could have been extended through Irving Adams Park, and that there would still be 21,000 feet of land available for Police Station 17, which kept it in Roslindale and kept it in the ward in which it had been. That in itself is neither here nor there, but the land is still available in Roslindale square, and it does not need to cost the City of Boston one penny. While it was taken for park purposes, the Legislature will easily grant them the right to take it for police purposes. Then, if they own that land, which is suitable for the consolidation of Police Stations 13 and 17, why is it necessary for \$750,000 to be appropriated to meet this proposed expense? At the time when this project of mine was considered—and bear in mind it was considered to the extent of architects for the city drawing the plan for it—the building of Police Station 17 could have been built for between \$140,000 and \$175,000 above the land. All right. If that is true, and they do take that eventually, how is it necessary to spend \$600,000 to build a police station consolidating 9 and 10? Mr. President, this is another one of those matters that has been left until the closing days of the administration and of the body. It is something which should be left to the next Mayor of Boston and if he in his judgment thinks the city needs the consolidation, he can very easily send it in to the body. I appeal to the councilors here to hesitate before voting for this proposition.

The clerk called the roll, and the order failed of final passage (a two-thirds vote being necessary); yeas 8, nays 12.

Yeas—Coun. Barker, Donovan, Englert, Gleason, Green, Lynch, McGrath, Ruby—8.

Nays—Coun. Burke, Cox, Curtis, Dowd, Fish, Fitzgerald, Green, Kelly, Murray, Norton, Power, Roberts—12.

On motion of Coun. GREEN, the Council voted to reconsider and assign to the next meeting.

MARINE PARK, ETC., LOAN.

On motion of Coun. CURTIS the Council took up, under unfinished business, No. 15 on the calendar, viz.:

15. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$300,000 be, and hereby is, appropriated, to be expended under the direction of the Board of Park Commissioners for Marine Park, Castle Island and South Boston Strandway Development, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

On November 27, 1933, the foregoing order was read once and passed, yeas 18, nays 2.

Coun. CURTIS—Mr. President, the Mayor last week asked us to rescind this item in the Public Works program. I move, therefore, that the loan order be postponed indefinitely.

Coun. Curtis's motion to indefinitely postpone was carried.

PERMIT OF BOSTON PORT DEVELOPMENT COMPANY.

Coun. BARKER offered the following:

Ordered, That his Honor the Mayor be requested to communicate with the State Department of Public Works in an effort to hold up the permit of the Boston Port Development Company for filling in the shore line between Wood Island and Orient Heights until a thorough investigation has been made.

Passed under suspension of the rule.

COMMENDATION OF POLICE COMMISSIONER.

Coun. GREEN offered the following:

Resolved, That the City Council of Boston hereby commends the Police Commissioner and members of his department and the officials and guards of the State Prison in Charlestown for their splendid efficiency and courage in preventing the wholesale delivery of inmates during the fire in the brush shop of the prison yesterday, and also the members of the Boston Fire Department for the capable manner in which they handled said fire.

Referred to the Committee on Rules.

OFFERING OF MONEY FOR LIQUOR LICENSES.

Coun. NORTON offered the following:

Ordered, That if the newspaper reports are correct, that the secretary of the Boston Licensing Board be requested to furnish the District Attorney with the names of the politicians who offered money for licenses.

Referred to the Committee on Rules

LAND IN TENEAN BEACH SECTION.

Coun. FISH offered the following:

Be it ordered, that the Park Commissioners, through his Honor the Mayor of Boston, be allowed to purchase at the present assessed value the real estate described in that part of Dorchester, Tenean Beach section, which lies between the Old Colony Boulevard, Freeport and Tenean streets on the west, and the Neponset river on the east, in that part of Boston called Dorchester. Said property comprises some 900,000 square feet of upland, marsh and flats, and is owned by Edward and George P. Hamlin. To be further developed for the beach and park systems in the City of Boston.

Passed under suspension of the rule.

Adjourned, on motion of Coun. NORTON, at 4.50 p. m., to meet on Monday, December 18, 1933, at 2 p. m.

POPULATION BY AGE PERIODS, 1930.

FOR THE UNITED STATES.

Under 1 year, 2,190,791 (1,112,171 males and 1,078,620 females); under 5 years, 11,414,390 (5,806,174 males and 5,638,216 females); 5 to 9 years, 12,607,609 (6,381,108 males and 6,226,501 females); 10 to 14 years, 12,004,877 (6,068,777 males and 5,936,100 females); 15 to 19 years, 11,552,115 (5,757,825 males and 5,794,290 females); 20 to 24 years, 10,870,378 (5,336,815 males and 5,533,563 females); 25 to 29 years, 9,833,608 (4,860,180 males and 4,973,428 females); 30 to 34 years, 9,120,421 (4,561,786 males and 4,558,635 fe-

males); 35 to 44 years, 17,198,840 (8,816,319 males and 8,382,521 females); 45 to 54 years, 13,018,083 (6,803,569 males and 6,214,514 females); 55 to 64 years, 8,396,898 (4,367,500 males and 4,029,398 females); 65 to 74 years, 4,720,609 (2,409,459 males and 2,311,150 females); 75 years and over, 1,913,196 (915,752 males and 997,444 females); age unknown, 94,022 (51,816 males and 42,206 females).

FOR NEW ENGLAND.

Under 1 year, 129,208 (65,750 males and 63,458 females); under 5 years, 689,782 (350,581 males and 339,201 females); 5 to 9 years, 768,842 (389,036 males and 379,806 females); 10 to 14 years, 761,595 (383,610 males and 377,985 females); 15 to 19 years, 715,562 (355,108 males and 360,454 females); 20 to 24 years, 657,383 (314,992 males and 342,391 females); 25 to 29 years, 605,870 (290,485 males and 315,385 females); 30 to 34 years, 601,804 (291,034 males and 310,770 females); 35 to 44 years, 1,182,814 (587,924 males and 594,890 females); 45 to 54 years, 944,235 (470,298 males and 473,937 females); 55 to 64 years, 684,005 (335,978 males and 348,027 females); 65 to 74 years, 388,150 (183,736 males and 204,414 females); 75 years and over, 161,140 (69,090 males and 92,050 females); age unknown, 5,159 (2,785 males and 2,374 females).

FOR MASSACHUSETTS.

Under 1 year, 65,034 (33,070 males and 31,964 females); under 5 years, 349,640 (177,543 males and 172,097 females); 5 to 9 years, 390,657 (197,688 males and 192,969 females); 10 to 14 years, 387,003 (194,537 males and 192,466 females); 15 to 19 years, 366,149 (180,953 males and 185,196 females); 20 to 24 years, 345,573 (163,089 males and 182,484 females); 25 to 29 years, 324,135 (153,341 males and 170,794 females); 30 to 34 years, 321,499 (153,998 males and 167,501 females); 35 to 44 years, 631,445 (310,975 males and 320,470 females); 45 to 54 years, 499,662 (244,622 males and 255,040 females); 55 to 64 years, 356,608 (171,669 males and 184,939 females); 65 to 74 years, 196,447 (90,032 males and 106,415 females); 75 years and over, 77,748 (31,596 males and 46,152 females); age unknown, 3,048 (1,629 males and 1,419 females).

FOR BOSTON.

Under 1 year, 11,704 (5,920 males and 5,784 females); under 5 years, 62,374 (31,568 males and 30,806 females); 5 to 9 years, 66,229 (33,359 males and 32,870 females); 10 to 14 years, 64,998 (32,359 males and 32,639 females); 15 to 19 years, 65,965 (32,198 males and 33,767 females); 20 to 24 years, 70,757 (33,057 males and 37,700 females); 25 to 29 years, 67,585 (32,814 males and 34,771 females); 30 to 34 years, 62,998 (31,242 males and 31,756 females); 35 to 44 years, 119,508 (60,419 males and 59,089 females); 45 to 54 years, 93,436 (46,266 males and 47,170 females); 55 to 64 years, 63,416 (30,671 males and 32,745 females); 65 to 74 years, 31,722 (14,590 males and 17,132 females); 75 years and over, 10,915 (4,186 males and 6,729 females); age unknown, 1,285 (725 males and 560 females).

Number of families in Boston, 180,451 or 15,666 more than in 1920; population per family, 4.3; families having radio sets, 101,273 or 56.1 per cent of total. Number of families in Massachusetts, 1,024,527, an increase of 149,729 over 1920; population per family, 4.2; families having radio sets, 590,105 or 57.6 per cent of total.

PROCEEDINGS OF SCHOOL COMMITTEE.

Dec. 4, 1933

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon street, at 9:10 o'clock P. M., the Chairman presiding.

Present: Messrs. Hurley, Mackey, Mrs. Pigeon, Messrs. Reilly and Tobin.

AMENDMENT AND APPROVAL OF MINUTES

On motion, the minutes of a previous meeting were amended, as follows:

Oct. 16, 1933, on page 173, to provide that the transfer of Dorothy L. McMorrow, assistant, kindergarten, Lowell District, to the same position in the Agassiz District, to take effect Nov. 1, 1933, shall read to take effect "Dec. 6, 1933."

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

RESIGNATIONS

The following resignations reported by the Superintendent to take effect on the dates stated, were presented:

High School of Practical Arts—Louise R. Frisbie, industrial instructor, Dec. 22, 1933.

Charles Sumner District—Doris M. Schumacher, assistant, elementary, Nov. 29, 1933.

Julia Ward Howe District—Catharine G. Coleman, assistant, elementary, Nov. 17, 1933.

Accepted.

APPOINTMENTS AND TRANSFERS

The following appointments and transfers by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

(To fill vacancies allowed in budget)

English High School—Edward J. Powers, junior master, Dec. 11, 1933.

Dorchester High School for Boys—Louis Mazer, junior master, Dec. 11, 1933.

Dorchester High School for Girls—Irma A. Duplin, Ruth M. Fessler, Elise M. Nolan, assistants, Dec. 11, 1933.

Girls High School—Lillian C. Gorman, assistant, Dec. 11, 1933.

High School of Practical Arts—Rose J. Martini, assistant, Dec. 11, 1933.

Jamaica Plain High School—Eileen M. Rice, assistant, Dec. 11, 1933.

South Boston High School—Mary C. Finn, assistant, Dec. 11, 1933.

Bennett District—Rebecca Hurwitz, assistant, kindergarten, two sessions, Dec. 11, 1933.

Eliot District—Anne A. Gibbons, assistant, special class, Dec. 11, 1933.

Horace Mann School for the Deaf—May B. Dodge, assistant (from assistant, special class, Chapman District), Dec. 11, 1933.

Joseph H. Barnes Intermediate District—Margaret F. Mitchell, assistant, intermediate, Dec. 11, 1933.

Michelangelo Intermediate District—Mary J. Larkin, assistant, intermediate, Dec. 11, 1933.

Robert Gould Shaw District—Kathleen M. Trainor, assistant, special class, Jan. 2, 1934.

Department of Physical Education—Edward F. Corbett, instructor, military drill, Dec. 11, 1933.

The rules were suspended and the appointments approved.

(To fill vacancies caused by transfers)

East Boston High School—Alma H. Carvill, assistant, Dec. 11, 1933.

Dearborn District—Evelyn R. Hurwitz, assistant, kindergarten, two sessions, Dec. 11, 1933.

Edmund P. Tileston District—Ruth B. Higbee, assistant, kindergarten, one session, Dec. 11, 1933.

Emerson District—Grace D. Casey, Sarah M. Delahanty, assistants, kindergartens, one session, Dec. 11, 1933.

John Cheverus District—A. Virginia Edwards, assistant, kindergarten, one session, Dec. 11, 1933.

Norcross District—Mary E. Mullin, assistant, kindergarten, one session, Dec. 11, 1933.

Phillips Brooks District—Helen J. Lyons, assistant, kindergarten, two sessions, Dec. 11, 1933.

Samuel Adams District—Kathleen T. Murphy, assistant, kindergarten, one session, fifth year, Dec. 11, 1933.

Thomas N. Hart District—Constance A. Reardon, assistant, kindergarten, one session, Dec. 11, 1933.

Department of Household Science and Arts—Helen R. Doherty, teacher of sewing, elementary, Dec. 11, 1933.

The rules were suspended and the appointments approved.

(To fill vacancy caused by promotion.)

Chapman District—Margaret M. Giblin, assistant, special class, Dec. 11, 1933.

The rules were suspended and the appointment approved.

(To fill vacancies caused by deaths, resignations, and retirements on pension.)

Boston Trade School—John J. Hopkins, senior instructor, Dec. 11, 1933.

Dudley District—Charlotte M. Greany, assistant, kindergarten, two sessions, Dec. 11, 1933.

Horace Mann School for the Deaf—Ethel T. English, assistant, Dec. 11, 1933.

William Lloyd Garrison District—Miriam F. Cohen, assistant, kindergarten, two sessions, Dec. 11, 1933.

Department of School Hygiene—Isabelle M. Walker, school nurse, fourth year, Dec. 11, 1933.

The rules were suspended and the appointments approved.

(BY PROMOTION)

(To fill vacancy caused by promotion)

Elementary Supervisor—Linna E. Clark (from master's assistant, Wells District), Dec. 11, 1933.

The rules were suspended and the appointment approved.

(TWO-SESSION KINDERGARTEN)

Robert Treat Paine District—Mary K. Donovan, assistant kindergarten, two sessions (from assistant, kindergarten, one session), Dec. 4, 1933.

The rules were suspended and the appointment approved.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted under the provisions of section 265, paragraph 2 of the regulations, the following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—Catherine F. Brady, Margaret M. Maguire.

Day Intermediate Schools—Anna S. Berns, Dorothy G. Cushing, Robert T. Grey, John C. Mullaney, Marion R. Shea, William H. Sullivan, Constance G. Willson.

Kindergartens—Alice G. Dunne, Ruth A. York.

Trade School for Girls—Helen D. Curtin.

Approved.

TEMPORARY TEACHERS

Brighton High School—Robert S. Kelleher, co-operative instructor, Nov. 21, 1933.

Department of Manual Arts—Fred E. Bradley, shop instructor, Nov. 16, 1933; Frank Celona, assistant, manual training, elementary, Nov. 20, 1933.

Approved.

EVENING SCHOOLS

Term 1933-34

Dorchester Evening Commercial High School—Mary L. Faunce, Mary K. McLaughlin, assistants, Nov. 6, 1933; Grace L. Eyryck, assistant, Nov. 6 to 28, 1933 (nine evenings); Margaret E. Lynch, assistant, Nov. 20, 1933.

East Boston Evening Commercial High School—Charles E. Simpson, assistant, Nov. 2, 6, 1933 (two evenings); Marie E. A'Hearn, assistant, Nov. 6, 1933; Vincenzo Calvaresi, assistant, Nov. 9, 1933 (one evening); Frances E. Murphy, assistant, Nov. 20, 1933.

Girls' Evening Commercial High School—Alice L. Murphy, assistant, Nov. 2, 1933; Marion E. Ferrari, assistant, Nov. 21, 1933 (one evening).

Hyde Park Evening Commercial High School—Catherine C. Curran, assistant, Nov. 6, 1933; Margaret M. Maguire, assistant, Nov. 20, 1933.

Roxbury Evening Commercial High School—Mary K. Austin, Irene H. Corkery, Agnes C. Smith, assistants, November 9, 1933; Eva M. Little, assistant, November 9 to 23, 1933, (seven evenings); Hilda M. McNally, assistant, November 16, 1933; Martha E. Crane, Helen D. Curtin, Dorothy G. Cushing,

assistants, November 20, 1933; Mary A. Burns, Josephine P. Kelleher, assistants, November 27, 1933.

South Boston Evening Commercial High School—Andrew R. McCormick, first assistant, November 6, 1933.

Bigelow Evening School—Margaret H. Sullivan, assistant, November 2 to 14, 1933 (six evenings); Charlotte M. Crozier, assistant, November 23, 1933, (one evening).

Comins Evening School—Katherine R. Goode, assistant, November 14, 1933, to November 28, 1933, (seven evenings).

Grover Cleveland Evening School—Margaret A. Coulter, Teresa M. O'Rourke, assistants, November 2, 1933.

Michelangelo Evening School—Anna C. Quinn, assistant, November 6, 1933, (one evening); Margaret M. Fitzgerald, assistant, Nov. 16, 1933.

Phillips Brooks Evening School—Theresa A. Holland, assistant, Nov. 14, 1933; Sylvia Lipson, assistant, Nov. 7, 1933.

Roger Wolcott Evening School—Frances S. Cazanove, assistant, Nov. 9, 1933, (one evening).

Washington Evening School—Helen R. Smith, assistant, Nov. 16, 1933, (one evening); Daisy D. McBurnie, assistant, Nov. 27, 1933.

Boston Trade School (evening classes)—John F. Murphy, assistant, Nov. 20, 1933; John H. Szymczak, toolkeeper, Nov. 13, 1933; Harold A. Krumin, toolkeeper, Nov. 21, 1933.

Approved.

A communication was received from the Superintendent, under date of Dec. 4, 1933, reporting that subject to the approval of the School Committee and with the approval of the Department of Civil Service and Registration, he has appointed the following-named clerical assistant for the evening term 1933-34:

Boston Trade School (Evening Classes): George F. Noonan, (temporary), November 23 and 27, 1933, (two evenings).

Approved.

SPECIAL ASSISTANT

Day School for Immigrants: Theresa M. Spadazzi, Nov. 20 and 27, 1933, (two sessions).

Approved.

DEPARTMENT OF EXTENDED USE OF PUBLIC SCHOOLS

Term 1933-34

Rating	Name	Certificate expires
855	Ethel T. English.....	Dec. 31, 1939
790	May B. Dodge.....	Dec. 31, 1939

Placed on file.

TRANSFERS OF APPROPRIATIONS

The following communication was received:

City of Boston—Department of School Buildings

December 4, 1933.

School Committee of the City of Boston,
15 Beacon Street,
Boston, Mass.
Gentlemen:

Under date of December 1, 1933, the School Committee forwarded to the Board of Commissioners of School Buildings the following proposed order:

ORDERED, That of the amounts appropriated by the School Committee under date of July 10, 1929 (ss p. 191), as amended October 21, 1929 (see pp. 261-262), the following amount is hereby transferred to the 1926 and 1930 items of school accommodations listed below:

FROM

Item 45, 1929—Martin District, Roxbury: Plans for fifty-classroom high school for girls... \$291.94

TO

Item 20, 1926—Abraham Lincoln District: Continuation School—land and construction of first unit, for boys, with hall, shops, etc. (Item 50, 1923)..... 232.20

Item 36, 1930—Elihu Greenwood District, Hyde Park: Land for thirteen classroom annex to Elihu Greenwood elementary school building 59.74

Total \$291.94

The foregoing amounts are necessary to satisfy executions of Court in connection with the construction of the Continuation School and for land taking in the Elihu Greenwood District respectively.

The Board of Commissioners of School Buildings voted to approve the foregoing orders in accordance with the provisions of Chapter 351 of the Acts of 1929.

Board of Commissioners of School Buildings,

By Richard J. Lane, Chairman.

Placed on file.

The following was offered.

ORDERED, That of the amounts appropriated by the School Committee under date of July 10, 1929 (see p. 191), as amended Oct. 21, 1929 (see pp. 261-262), the following amount is hereby transferred to the 1926 and 1930 items of school accommodations listed below:

FROM

Item 45, 1929—Martin District, Roxbury: Plans for fifty-classroom high school for girls.....\$291.94

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Dec. 4, 1933, recommending that the following-named custodians be granted leaves of absence on one-half net compensation for the periods specified because of personal illness.

George A. Barrett, custodian, Tappan Schoolhouse, Oct. 2 to 4, 1933, inclusive.

George F. Dever, custodian, Philip H. Sheridan School, Nov. 23 to 25, and Nov. 27 and 28, 1933.

Walter S. Harvey, custodian, Ellen H. Richards Schoolhouse, Nov. 28, 1933, one day.

Placed on file and leaves of absence on one-half net compensation granted for the periods specified.

APPOINTMENTS OF CUSTODIANS.

A communication was received from the Schoolhouse Custodian, under date of Dec. 4, 1933, recommending the appointment of the following-named persons who stand highest on the civil service list, as regular substitute custodians, to take effect on the dates stated:

Jeffery J. Murphy, Dec. 3, 1933.

John A. Hennessy, Dec. 3, 1933.

John L. Merna, Dec. 10, 1933.

Placed on file and the appointments approved, to take effect on the dates stated.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Dec. 4, 1933, recommending the following transfers of custodians who stand at the head of their respective lists, to take effect on the dates stated:

John J. Crahan, custodian, Audubon School-house, to the custodianship of the Paul Jones School-house, Dec. 3, 1933.

Henry L. Duggan, regular substitute custodian, to the custodianship of the Hawes Hall and Simonds School-houses, Dec. 1, 1933.

Daniel T. Kelly, custodian, Gaston School-house, to the custodianship of the Henry L. Pierce School-house, Dec. 3, 1933.

James V. Manning, custodian, Amos Webster School-house, to the custodianship of the Benjamin Dean School-house, Dec. 3, 1933.

Walter R. Mungoven, custodian, Bunker Hill School-house, to the custodianship of the Hillside School-house to take effect Dec. 3, 1933.

Joseph F. Murphy, custodian,

James A. Garfield School-house, to the custodianship of the Andrews School-house, Dec. 10, 1933.

Patrick J. O'Sullivan, regular substitute custodian, to the custodianship of the Wyman School-house, Dec. 1, 1933.

Thomas A. Robinette, custodian, Margaret Fuller School-house, to the custodianship of the Quincy E. Dickerman School-house, Dec. 10, 1933.

Placed on file and the transfers approved, to take effect on the dates stated.

NAMING OF HIGH SCHOOL IN WEST ROXBURY IN MEMORY OF CALVIN COOLIDGE

Mrs. Pigeon: Some time previous to this meeting, I recommended the name of Calvin Coolidge for one of our schools, and I would like now to recommend to Dr. Mackey, the Committee on Naming of Schools, for his serious consideration that we specify the name of Calvin Coolidge for the new high school to be built in West Roxbury. I find that the Citizens' Association last Tuesday evening joined the West Roxbury Woman's Club in recommending the name of Calvin Coolidge for the high school which is to be built, as I understand it, in the Washington Irving School District.

Referred to the Committee on Naming of Schools.

INSTRUCTION ON THE EFFECT OF ALCOHOL AND NARCOTICS

Mrs. Pigeon: Since we are facing a period when the Eighteenth Amendment has been repealed and the Twenty-First Amendment will be the one under which we will be governed, the fact remains that the Massachusetts law requires that the effect of alcoholic drinks and of stimulants and narcotics on the human system shall be taught in our public schools in connection with physiology and hygiene. We know that the scientific effects of alcohol are being presented most intelligently in a large proportion of our schools in Boston, but I am asking that the Board of Superintendents consider and report as to the efficiency of this work in all of our schools.

Superintendent: May I point out that the State law has never been revoked, but has been in effect throughout the period now drawing to a close, and the teaching has been according to State law, as far as I know.

Mrs. Pigeon: I am very glad to hear that and I would like to have a very definite report on the subject.

Referred to the Board of Superintendents for report at the next meeting, inasmuch as that will be the last regular meeting with Mrs. Pigeon and Mr. Reilly as members of the Committee.

APPOINTMENTS UNDER THE C. W. A.

Chairman: I would like to state, with reference to recent newspaper reports about the participation of the schools in the Civil Works pro-

gram, that we had expected by this time to have in our temporary service our entire eligible list of teachers, and as many more as we could find places for. Procedure has been delayed because of the mass of detail in the outlining of duties and the securing of approval, not only in Massachusetts but in Washington. We had hoped to be able to report tonight that assignments had been completed. I am making mention of the matter now only to point out that the delay is caused merely because of technical requirements and the immense amount of detail required in order to make the procedure legal and secure for it the approval of the Federal authorities.

COURSE IN MONEY MANAGEMENT

Mrs. Pigeon: I am very much interested in including a course in Money Management in our public schools, for the need of teaching Money Management to the children in the public schools was never more timely than at the present moment.

Money is something that every individual at some time uses as much as he would use English or Mathematics. It has been a subject which has not been touched upon in the public schools, but has been left for the individual to grasp naturally. In a radio broadcast last night, Angelo Patri stressed the need of giving the children, in their younger years, a definite allowance to spend. But they must go beyond that, and be taught how to spend in proportion to their allowance. This cannot be left to the parents, as few of the parents themselves understand how to manage their own affairs which is evident from the present conditions. The financial structure of the country is made up of the individual's ability to make and distribute his income. You could not expect a child to use English properly if his only education was received at home and his parents had no knowledge of the subject themselves, and insisted upon using double negatives and other grammatical errors.

If you will consult a graphic chart of the trends of business over the past one hundred years, you will see that they move up and down, with no lateral movement. Some of these movements are minor and others are major. This is caused by the unstable thinking of the individual in money matters, and as soon as the thinking of the majority of the citizens of this country becomes stabilized, the conditions in our country will become stabilized. The Nation is the individual multiplied, and the bulk of the individuals today are spending their money by guess work, and not by a plan.

The town of Brookline has pioneered in a movement and has fairly tested a money management plan inaugurated by Miss Florence Barnard, in teaching the children from the fifth grade how to properly apportion their allowances. Her system has been brought down to the simplest form, teaching them to save, give and have, in proportion.

Congresswoman Edith Nourse Rogers in a speech in Congress, made the statement that "there is a direct and definite relation between the habits of Money Management of the individual citizen and the budgetary planning for the Town, the City, the State and the Nation. Public officials who know how to balance their own budgets will be loath to squander the taxpayer's money, and the taxpayer who knows how to manage his own finances will not tolerate profligate spending by public officials."

This education in the handling of money should begin in the schools. As a noted educator has said, "Time and money management should have been taught from the beginning of education." There are definite financial laws governing the use of money, about which many of our citizens are ignorant.

The future salvation of this country will come through a proper education in money management. It is of vital importance and every school system should at least take this under consideration.

I cannot urge too strongly that Boston be one of the leaders in this important work, and I would therefore move that the Board of Superintendents consider Money Management as a course in the public schools and report back before the end of the year.

The motion passed.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

POPULATION OF MASSACHUSETTS, 1930.

Total population, 4,249,614 (2,071,672 males and 2,177,942 females; total white, 4,192,926 (2,042,213 males and 2,150,713 females); total native white, 3,138,290 (1,532,751 males and 1,605,539 females); native white of native parentage, 1,429,784 (702,983 males and 726,801 females); native white of foreign or mixed parentage, 1,708,506 (829,768 males and 878,738 females); 1,202,191 (584,705 males and 617,486 females) of them being of foreign parentage; foreign-born white, 1,054,636 (509,462 males and 545,174 females); Negro, 52,365 (26,097 males and 26,268 females); Indian, 874 (458 males and 416 females); Chinese, 2,973 (2,530 males and 443 females); Japanese, 201 (151 males and 50 females); Mexican, 66 (43 males and 23 females); all other races, 209 (180 males and 29 females).

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 1,568,883 females); foreign-born white, 1,834,310 (904,742 males and 929,568 females); Negro, 94,086 (46,963 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

CIVIL SERVICE EXAMINATIONS. (STATE.)

EXECUTIVE SECRETARY OF JUVENILE TRAINING, DEPARTMENT OF PUBLIC WELFARE, JANUARY 6, 1934.

Last date for filing applications, Wednesday, December 27, 1933, at 5 p. m.

Requisition is for male, but the examination is open to both males and females. The entrance salary is approximately \$3,450 a year.

Duties: To assist in the management and supervision of the administrative and business affairs under the charge of the Board; to record its proceedings; to represent it in dealing with the superintendents and divisions under its control; to visit and inspect the institutions and divisions and assist in supervising their activities and expenditures; to interview, understandingly, public officials, parents, wards, attorneys and others; to prepare and draft official documents, reports, statistics and statements; to be familiar with and to study problems of juvenile delinquency and on effective methods of education, parole, and of reinstatement in normal community life of delinquent juveniles.

Entrance Requirements: Applicants must be not less than twenty-five nor more than fifty years of age at the time of filing application. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application. Applicants must have education equivalent to that required for graduation from a college or university and five years' experience in educational, correctional or social work.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

MINIMUM WAGE INVESTIGATOR, DEPARTMENT OF LABOR AND INDUSTRIES, JANUARY 6, 1934.

Last date for filing applications, Wednesday, December 27, 1933, at 5 p. m.

Requisition is for female, but the examination is open to both males and females.

The entrance salary is \$1,380 a year; the maximum salary is \$1,860 a year, as reduced by statute.

Duties: Applicants should be familiar with the minimum wage law of Massachusetts and with the work of wage boards. They should understand the procedure in conducting wage studies; be able to outline a program of investigation, draft a report, and compile and interpret statistical data.

Entrance Requirements: Applicants must be not less than twenty-five years of age at the time of filing the application. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application. Applicants must have education equivalent to that required for graduation from a standard four-year high school.

College experience is desirable and credit will be given for a college education.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

FOREMEN OF WATER, SEWER AND HIGHWAYS, ETC., JANUARY 20, 1934.

Last date for filing applications Wednesday, January 10, 1934, at 5 p. m.

This examination is for foremen of water, sewer and highways (or streets) in the service of the state and of all cities and of such towns in the state as are classified under civil service; and of sanitary and street cleaning in the service of Boston.

(A) HIGHWAY (OR STREET) foremen in the service of the state, cities and of the towns classified under civil service: Training and experience, 14; arithmetic, 4; report, 2; practical questions on street and road construction, grading, repairing, etc., 10; total, 30.

(B) SEWER. The subjects and weights are the same as for (A) State Highway, except that the practical questions will concern the quality of materials, bracing and refilling of trenches, general maintenance and repair of sewers, catch-basins, etc.

(C) WATER. The subjects and weights are the same as for (A) State Highway, except that the practical questions will concern the laying and maintenance of water mains and service pipes, time-keeping, accounting for material, etc.

(D) SANITARY AND STREET CLEANING (in the service of Boston). The subjects and weights are the same as for (A) Street Foremen, except that the practical questions will concern the handling of ashes, garbage, etc., and the watering, oiling and cleaning of streets.

NOTE. Applicants for all services may, if they wish, take an additional paper on the use of explosives, and if successful in passing it will have it so noted as a special qualification.

Passing requirements: Applicants will be required to obtain a mark of at least 60 per cent in practical questions and at least 70 per cent in experience and in general average in order to become eligible.

Physical fitness to be determined by a physical examination.

SCHOOL ATTENDANCE FOR BOSTON.

Number of children 7-13 years old, 91,758, of whom 90,347, or 98.5 per cent, were attending school; 14 and 15 years, 25,659, of whom 24,507, or 95.5 per cent, were attending school; 16 and 17 years, 25,932, of whom 16,912, or 65.2 per cent, were attending school; 18 to 20 years, 41,282, of whom 10,991, or 26.6 per cent, were attending school; total children 7 to 20 years old, 184,631, of whom 142,757, or 77.3 per cent, were attending school. Number of persons attending school who were 21 years of age and over was 10,966.

RURAL TEACHERS' SUPERVISION.

Improving instruction in rural schools through promoting the efficiency and professional growth of teachers is the most important function of supervision in connection with the rural school movement. In the accomplishment of this purpose supervisors use different means and procedures usually designated as supervisory measures, according to the United States Office of Education. Among those found particularly successful in rural communities are: County-wide teachers' meetings, circular letters, group conferences, visitations, individual conferences, and help rendered by teachers to colleagues.

III. CHARITABLE ASSOCIATION OF THE BOSTON FIRE DEPARTMENT.

The attention of the members of the Charitable Association of the Boston Fire Department is called to the fact that the election of trustees will be held on Monday, December 18, 1933. Ballots have been distributed and should be returned to the secretary, George F. Frazier, Ladder Company 3, before 1 p. m., Monday, December 18, 1933.

IV. COMMENDATIONS.

The Fire Commissioner is pleased to publish for the information of the department a letter received from James L. Hogsett, Warden of the State Prison, Charlestown, relative to the fire on Sunday, December 10, 1933:

COMMONWEALTH OF MASSACHUSETTS,
DEPARTMENT OF CORRECTION.

STATE PRISON, CHARLESTOWN.

December 11, 1933.

DISTRICT CHIEF PHILIP A. TAGUE,
Boston Fire Department, 34 Winthrop Street, Charlestown.

DEAR SIR,—Several times in the past it has been necessary to call upon the Fire Department for fires at the State Prison, but I do not recall any time when the response was quicker, or more success-

ful, than in our fire of yesterday, and thanks to your ready cooperation, small damage was done.

I wish to extend to you, and to your firemen, my sincere appreciation of the work that was accomplished.

Very truly yours,

J. L. HOGSETT,
Warden.

Assistant Operator John J. Connell of the Fire Alarm Division is hereby commended for discovering a fire at 483 East Broadway, South Boston, on December 10, 1933, and notifying Engine Company 1, which company with Ladder 5, responded on still alarm at 11.07 p. m. Assistant Operator Connell was off duty at the time.

Per order of Fire Commissioner EUGENE M. MCSWENEY.

HENRY A. FOX,
Chief of Department.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 15-inch earthen pipe in Prescott street, between Hawthorne street and 78 feet northeasterly, (to private land), in the Hyde Park district, at an estimated cost of \$625.

A surface drain of 12-inch pipe and three catch-basins in Aldie street, between Everett and Bagnal streets, and in Bagnal street, between Aldie and Holton streets, in the Brighton district, at an estimated cost of \$5,400.

A surface drain of 10-inch and 12-inch pipe and four catch-basins in Keith street, between Baker street and Perham street, in the West Roxbury district, at an estimated cost of \$4,400.

A surface drain of 10-inch and 12-inch pipe and two catch-basins in Perham street, between Vermont street and Keith street in the West Roxbury district, at an estimated cost of \$6,500.

A surface drain of 10-inch and 12-inch pipe, four catch-basins and minor drains in Myrtlebank avenue, between Gallivan Boulevard, and Hill Top street, in the Dorchester district, at an estimated cost of \$8,000.

A surface drain and three catch-basins surface drain of 12-inch earthen pipe and three catch-basins in Assabet street, between Neponset avenue and Train street, in the Dorchester district, at an estimated cost of \$3,000.

TRAFFIC COMMISSION RULINGS.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of postal deliveries, parking of vehicles is prohibited in Myrtle street, West Roxbury district, north side, from Centre street to a point one hundred (100) feet westerly, effective December 18, 1933, to December 24, 1933, inclusive.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, that at the request of the Boston and Maine Railroad, parking of vehicles is prohibited in Nashua street, west side, from Causeway street to Cotting street and in Nashua street, east side, from a point opposite Cotting street to a point two hundred (200) feet northerly, effective December 18, 1933, to December 24, 1933.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of May 5, 1933, determining that no person sustains damages by the making of the public improvement, consisting of the laying out and construction of Branchfield street, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no."

That said order be further amended by adding thereto William J. Kerr, \$200.

That the amount of \$200 be, and the same hereby is, awarded to William J. Kerr for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of September 25, 1931, determining that no person sustains damages by the making of the public improvement, consisting of the laying out and construction of Bonad road, be, and the same hereby is, amended, by striking out in the first and second line, of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no."

That said order be further amended by adding thereto Robert J. Young, \$45.

That the amount \$45 be, and the same hereby is, awarded to Robert J. Young for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of January 19, 1933, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Clare avenue, formerly Huntington avenue, be, and the same hereby is, amended, by striking from said order the amount \$25 awarded to Fred J. Alexander and Lettie P. Alexander in said order and inserting in place thereof the amount \$40; that the amount \$40 be, and the same hereby is, awarded to Fred J. Alexander and Lettie P. Alexander for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of October 17, 1932, as amended, determining damages caused by the making of the public improvement consisting of the relocation and construction of Weld street, be, and the same hereby is, amended, by adding to said order the amount \$55 as an award to Anna C. Murray; that the amount \$55 be, and the same hereby is, awarded to Anna C. Murray for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of January 14, 1933, as amended November 27, 1933, determining damages caused by the making of the public improvement consisting of the laying out and construction of Colborne road, formerly Colonial road, be, and the same hereby is, amended, by adding to said order the amount \$20 as an

award to John J. Concannon and Rebecca F. Concannon; that the amount \$20 be, and the same hereby is, awarded to John J. Concannon and Rebecca F. Concannon for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of December 17, 1932, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Lila road, be, and the same hereby is, amended, by adding to said order the amount \$40 as an award to Helen M. Hayes; that the amount \$40 be, and the same hereby is, awarded to Helen M. Hayes for the damages so sustained.

LAND-TAKING IN BOSTON PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the discontinuance of Webster avenue, Boston proper district as a highway, from Hanover street to Unity street, bounded and described as follows:

The highway named Webster avenue is hereby discontinued from Hanover street to Unity street.

Said highway as hereby discontinued is bounded: Easterly by Hanover street, seven and 7-100 feet; southerly by the southerly line of said Webster avenue as it existed previous to this discontinuance, by four measurements, forty and 37-100 feet, twenty and 22-100 feet, forty-four and 30-100 feet and thirty-nine and 39-100 feet; easterly by the easterly line of said Webster avenue as it existed previous to this discontinuance, 20-100 feet; again southerly by the southerly line of said Webster avenue as it existed previous to this discontinuance, by three measurements, thirteen and 17-100 feet, forty-eight and 75-100 feet and twenty-four and 25-100 feet; westerly by the westerly line of said Webster avenue as it existed previous to this discontinuance, one and 9-100 feet; again southerly by the southerly line of said Webster avenue as it existed previous to this discontinuance, nineteen and 67-100 feet; again easterly by the easterly line of said Webster avenue as it existed previous to this discontinuance, three and 53-100 feet; again southerly by the southerly line of said Webster avenue as it existed previous to this discontinuance, by three measurements, eighteen and 24-100 feet, thirty-nine and 64-100 feet and forty and 45-100 feet; westerly by Unity street, seven and 68-100 feet; northerly by the northerly line of said Webster avenue as it existed previous to this discontinuance, by two measurements, sixty-six and 65-100 feet and eighty-two and 92-100 feet; again westerly by the westerly line of said Webster avenue as it existed previous to this discontinuance, 39-100 feet; again northerly by the northerly line of said Webster avenue as it existed previous to this discontinuance, fifty-one and 60-100 feet; again easterly by the easterly line of said Webster avenue as it existed previous to this discontinuance, 27-100 feet; and again northerly by the northerly line of said Webster avenue as it existed previous to this discontinuance, by two measurements, one hundred two and 9-100 feet and forty-two and 51-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the discontinu-

ance of Webster avenue, Boston proper district, as a highway, from Hanover street to Unity street, under the order of the Board of December 15, 1933, and awards no damages therefor.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Hyde Park and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Ransom road, bounded:

Northeasterly by Greenfield road, six and 22-100 feet; southeasterly by another part of Ransom road, two hundred ninety-eight and 37-100 feet; southwesterly by the same, six feet; and northwesterly by the same, three hundred feet, containing seventeen hundred and ninety-five square feet, more or less.

The sewerage works to be constructed are as follows: 300 linear feet of 10-inch pipe sanitary sewer and 300 linear feet of 10-inch pipe surface drain, in the above described premises, being part of the private way known as Ransom road, leading southwestwardly from Greenfield road for distance of approximately three hundred feet.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northwesterly and southeasterly sides of Ransom road, excluding the lots at the corners of Greenfield road and the lot at the easterly corner of Raleigh road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1122, Sewerage Works, Ransom road, Hyde Park, December 6, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

PROPOSALS FOR FURNISHING LEAD PIPE.

The Supply Department of the City of Boston invites proposals for furnishing to the Water Division lead pipe, as per specifications, to be delivered in such quantities as required. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter of the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract in case the amount of the contract awarded aggregates \$2,000 or more. *There will be a charge of twenty cents (\$0.20) for each set of blank proposals taken out.* Bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Wednesday, January 10, 1934, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
Superintendent of Supplies.

(Dec. 23.)

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, That the Traffic Regulations are amended as follows, effective January 2, 1934: Section 17, Part 3, is amended by adding the following:

Pitts Street.

Both sides, from Merrimac street to South Margin street.

The Traffic Regulations are amended by adding the following section:

SECTION 28-A. PARKING OF UNITED STATES GOVERNMENT VEHICLES IN STREETS ADJACENT TO THE UNITED STATES POST OFFICE AND COURTHOUSE BUILDING.

Vehicles owned by the United States Government may be parked without time limit at the curb next the United States Post Office and Court House Building in the following streets: Devonshire Street.

East side, from Water street to Milk street. Milk Street.

North side, from Devonshire street to Post Office square.

Post Office Square.

West side, from Milk street to Water street. Water Street.

South side, from Post Office square to Devonshire street.

The Traffic Regulations are amended by adding the following section:

SECTION 39-A. STOP STREETS.

The following street is hereby declared to constitute a stop street:

Glen Road.

At Forest Hills street.

Every operator of a vehicle, or street car, traveling on the street intersecting a stop street, shall bring such vehicle, or street car, to a full stop before entering such stop street, subject, however, to the direction of any stop-and-go signal, or any police officer at such intersection.

Section 40, Part 1, is amended by striking out the following:

Pitts Street.

From Green street to Merrimac street.

Section 40, Part 1, is amended by adding the following:

Armington Street.

From Imrie road to Islington street.

Islington Street.

From Armington street to Brighton avenue.

Pitts Street.

From Green street to South Margin street. South Russell Street.

From Cambridge street to Myrtle street.

JOSEPH A. CONRY,
Commissioner.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN HAWTHORNE STREET, PRESCOTT STREET AND PRIVATE LAND, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Hawthorne street, Prescott street and private land, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Hawthorne Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, December 28, 1933, with a certified check for five hundred (500) dollars payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposal will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,

(Dec. 23.) Commissioner of Public Works.

CITY OF BOSTON.

FIRE DEPARTMENT.

PROPOSALS FOR LAUNDRY WORK.

The Fire Commissioner of the City of Boston invites proposals for the laundering of the linen of the Boston Fire Department, consisting of sheets, pillow slips, towels, bedspreads, etc., commonly known as "flat work," and red, gray and blue blankets, both single and double, for the year 1934. The linen, blankets, etc., to be called for and delivered one day each week at the various fire stations of the Boston Fire Department. Samples of the linen, etc., may be seen at Fire Department Headquarters, 60 Bristol street, Boston. The amount of work to be done is approximately as follows: Five thousand five hundred and eighty (5,580) sheets per month; five thousand one hundred and forty-five (5,145) pillow slips per month; nineteen hundred and seventeen (1,917) towels per month; one hundred and seven (107) bedspreads per month; blankets, gray and blue, one thousand (1,000) annually. Estimates must be submitted on a price per piece basis only. Proposals submitted on any other basis will not be considered. Proposals will be received at the office of the Fire Commissioner, 60 Bristol street, Boston, until 12 m., December 27, 1933, at which time and place they will be publicly opened and read. Proposals must be sealed and marked "Proposals for Laundry Work," and must be made in duplicate, one to be deposited with the City Auditor, City Hall, previous to the time stated for the opening of the bids; the other, containing a certified check for two hundred (200) dollars made payable to the City of Boston, is to be deposited at the office of the Fire Commissioner; said check to be the property of the city if the accepted proposal is not carried out. A bond of an approved surety company doing business in the Commonwealth of Massachusetts will be required for the faithful performance of the contract by the successful bidder in the sum of 40 per cent of the estimated total amount of the contract. The contract is made subject to appropriations to meet payments thereunder. The Fire Commissioner reserves the right to reject any and all proposals and to award the contract as he deems best.

EUGENE M. MCSWEENEY,

(Dec. 16-23.) Fire Commissioner.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CLOTH (VARIOUS KINDS OF MATERIALS).

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, cloth (various kinds of materials), as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each set of blank proposals taken out. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, January 12, 1934, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,

(Dec. 23.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR SOAP.

The Supply Department of the City of Boston invites proposals for furnishing to the Park Department 500 boxes of soap, one half ounce molded cakes, 1,000 cakes to the box. Bidders are requested to submit specifications and samples of soap bid upon to the Supply Department, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each set of proposals taken out. Blank proposals may be obtained at the above office. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Bids will be publicly opened and read on Tuesday, January 9, 1934, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,

(Dec. 23.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR WHITE LEAD AND PIG LEAD.

The Supply Department of the City of Boston invites proposals for furnishing white lead and pig lead, as required, to the various city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract in case the amount of the contract awarded aggregates \$2,000 or more. There will be a charge of twenty cents (\$0.20) for each set of blank proposals taken out. The bid, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies before 12 m., Wednesday, January 10, 1934, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 25.

SATURDAY, DECEMBER 30, 1933.

No. 52

BOSTON HAS WON NOTABLE VICTORY FOR ITS PORT — INTERSTATE COMMERCE COMMISSION BACKS UP EXAMINER'S FINDINGS WHICH SHOWED UNJUST AND UNFAIR DISCRIMINATIONS AGAINST CITY — MUCH TRAFFIC EXPECTED TO RETURN, LOST TO NEW YORK AND OTHER PORTS LESS ADVANTAGEOUSLY SITUATED.

The Port of Boston has just won a victory of major importance in its long campaign for fair play and equality of opportunity in competing for business. The Interstate Commerce Commission emphatically sustains the report that its examiner returned last March upon the practices of the railroads in providing storage service at New York for less than cost.

The examiner found that seven carriers were storing freight "in warehouses operated by affiliated or subsidiary companies," on which they had invested \$36,000,000 and sustained a loss in 1931 of \$1,260,000. This service was not the incidental storage which the trunk lines naturally might render in the ordinary course of commerce but "commercial storage" in warehouses "not accessible to the general public, but only to selected concerns which control large volumes of traffic."

The commission itself now confirms these findings. The carriers are held to be thus "dissipating their funds and revenues" in a manner which is not consistent with efficient and economical management and not in the public interest.

While this storage investigation was initiated by the commission itself, the outcome verifies the contentions which the Port Authority has put forward in the lighterage case not yet decided and at various other times. It means that the railroads must deal equitably with all the ports they serve.

From the office of the Mayor the following statement concerning the victory was issued:

Mayor Curley announced that the Interstate Commerce Commission has handed down its decision as a result of its investigation of the storage and warehousing practices on the trunk lines serving New York Harbor. The City of Boston and the Boston Port Authority participated in this proceeding and protested against these practices and pointed out that thousands of tons of traffic had been diverted in recent years from the Port of Boston due to the practices of the rail carriers serving New York Harbor in performing storage, handling and insurance at less than the out-of-pocket costs, which practices the railroads serving Boston refuse to indulge in. This decision will undoubtedly result in return to Boston of considerable traffic lost to New York and other ports. The City of Boston and the Boston Port Authority recently protested against similar arrangements at New London, Connecticut, and Portland, Maine, on traffic moving from New York Harbor to the Middle West via these two ports. This decision will also put an end to such practices at these ports. The principal commodities involved are crude rubber, burlap, sisal, cocoa beans, tin, etc.

The Interstate Commerce Commission specifically charged that the trunk line railroads serving the Port of New York were dissipating their funds and revenues and were not operating and managing their railroads economically or efficiently. The commission admonished the railroads to take prompt corrective action and warned the railroads serving other ports and terminals that they must adjust their practices and make charges in conformity with the principles announced by the commission. This decision is decidedly favorable to the Port of Boston and is one of the steps in the program of the city and the Boston Port Authority to restore to Boston the trade which rightfully belongs to her.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Saturday, December 30, at 11 a. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of

trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquises, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout

the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO Room 1007, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing X-ray materials to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, January 3, 1934, at 12 m.

Advertises for proposals for furnishing surgical dressings to the various city departments. Surety bond will be required in a sum equivalent to the 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, January 4, 1934, at 12 m.

Advertises for proposals for furnishing paper drinking cups to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, January 5, 1934, at 12 m.

Advertises for proposals for furnishing sewer brick to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, January 5, 1934, at 12 m.

Advertises for proposals for furnishing Portland cement to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, January 5, 1934, at 12 m.

Advertises for proposals for furnishing sewer pipe to the Sewer Division, Public Works Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the

office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, January 5, 1934, at 12 m.

Advertises for proposals for furnishing industrial and medicinal gases to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, January 8, 1934, at 12 m.

Advertises for proposals for furnishing ether to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, January 8, 1934, at 12 m.

Advertises for proposals for furnishing soap to the Park Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, January 9, 1934, at 12 m.

Advertises for proposals for furnishing white lead and pig lead as required by the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, January 10, 1934, at 12 m.

Advertises for proposals for furnishing lead pipe to the Water Division, Public Works Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, January 10, 1934, at 12 m.

Advertises for proposals for furnishing engine, machine and cylinder oils to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in

the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, January 10, 1934, at 12 m.

Advertises for proposals for furnishing metal polish to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, January 10, 1934, at 12 m.

Advertises for proposals for furnishing waste and wiping cloths to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, January 12, 1934, at 12 m.

Advertises for proposals for furnishing cloth to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, January 12, 1934, at 12 m.

Advertises for proposals for furnishing toilet paper to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, January 12, 1934, at 12 m.

Advertises for proposals for furnishing tires and tubes to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, January 16, 1934, at 12 m.

Advertises for proposals for furnishing surgical and hyperdermic needles to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same

office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, January 17, 1934, at 12 m.

Advertisers for proposals for furnishing drugs (medicines of all kinds) to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, January 18, 1934, at 12 m.

Advertisers for proposals for furnishing surgical supplies to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, January 19, 1934, at 12 m.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

FOREMEN OF WATER, SEWER AND HIGHWAYS, ETC., JANUARY 20, 1934.

Last date for filing applications Wednesday, January 10, 1934, at 5 p. m.

This examination is for foremen of water, sewer and highways (or streets) in the service of the state and of all cities and of such towns in the state as are classified under civil service; and of sanitary and street cleaning in the service of Boston.

(A) HIGHWAY (OR STREET) foremen in the service of the state, cities and of the towns classified under civil service: Training and experience, 14; arithmetic, 4; report, 2; practical questions on street and road construction, grading, repairing, etc., 10; total, 30.

(B) SEWER. The subjects and weights are the same as for (A) State Highway, except that the practical questions will concern the quality of materials, bracing and refilling of trenches, general maintenance and repair of sewers, catch-basins, etc.

(C) WATER. The subjects and weights are the same as for (A) State Highway, except that the practical questions will concern the laying and maintenance of water mains and service pipes, time-keeping, accounting for material, etc.

(D) SANITARY AND STREET CLEANING (in the service of Boston). The subjects and weights are the same as for (A) Street Foremen, except that the practical questions will concern the handling of ashes, garbage, etc., and the watering, oiling and cleaning of streets.

NOTE. Applicants for all services may, if they wish, take an additional paper on the use of explosives, and if successful in passing it will have it so noted as a special qualification.

Passing requirements: Applicants will be required to obtain a mark of at least 60 per cent in practical questions and at least 70 per cent in experience and in general average in order to become eligible.

Physical fitness to be determined by a physical examination.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, December 28:

HEALTH DEPARTMENT.

Approval has been given for a further leave of absence, without pay, for Helen L. Sullivan, clerk, because of personal illness, effective January 1, 1934, and to continue until January 29, 1934.

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital for the week ending Thursday, December 21:

Permanent.—Phillip Walsh, center orderly, \$9.50 a week.

Temporary.—James Ryan, fireman, \$35.28 a week; James B. Hunter, elevatorman, \$15.20 a week; Clara Murphy, wardmaid, \$14.25 a week; John W. Slayter, apothecary's assistant, \$30.18 a week; Phillip Fay, male nurse, \$27.62 a week; Theresa Gill, clerk, \$15.20 a week; Joseph Klein, male nurse, \$27.62 a week; William Carey, ambulance driver, \$29.33 a week; Thomas Albison, James O'Toole, kitchenmen, \$16.63 a week; Olive McKee, Lillian White, Marion Kuzner, Samuel Odione, Kathleen Sullivan, Anna Hogan, Mary Creagh, Marion Spiller, Mary Strachan, Catherine Donahue, Nora Bennett, Mary Gannon, Mary Conboy, Henrietta Underhill, Dorothy Hoyle, Rita Gallant, Grace Walker, special nurses, \$29.75 a week.

The following changes have occurred: Michael Donovan, electrician at \$35.70 to chief electrician at \$40.80 a week; Nellie Hearn, ward helper at \$14.25 to cleaner at \$15 a week; Mary Waters, temporary cleaner at \$15 to wardmaid at \$11.88 a week (advertised as temporary housekeeper in error December 14, 1933).

The following persons have ceased to be employed:

George S. Sewall, electrician (temporary), \$35.70 a week; Alice Shearin, maid, \$11.40 a week; Edward Goode, male nurse (patient), \$456 a year; Jeremiah F. Buckley, choreman (patient), \$228 a year.

INSTITUTIONS DEPARTMENT.

The following changes have been made for the week ending Thursday, December 21:

Long Island Hospital.

Appointments.—James Byrnes, institutions employee, attendant, \$600 a year; Arthur A. Sullivan, institutions employee attendant, \$700 a year.

Resignations.—Joseph Quinlan, electrician, \$1,900 a year; Alice E. Clancy, institution employee, waitress, \$600 a year.

Transfers.—Joseph Quinlan electrician (transferred to Boston Sanatorium), \$1,900 a year; Thomas Barrett, institution employee, choreman (transferred from choreman at \$600 a year), \$700 a year.

Steamer "Hibbard" and "O'Meara."

Appointment.—William Shields, deckhand, temporary, \$1,300 a year.

Resignations.—Daniel Flanagan, fireman, temporary, \$1,400 a year; William Shields, deckhand, temporary, \$1,300 a year.

PUBLIC WORKS DEPARTMENT.

Approval has been given to the permanent appointment of the following now employed as permanent intermittent inspectors-subforemen of Highway Division at \$1,700 per year, less 15 per cent effective December 22, charged to Special Appropriations: William P. Riley, Peter J. Horr, James L. Rock, Louis W. Wingsted, William J. Jeffers, John Elliott, William H. Veno, Thomas E. Lydon, John P. Doyle, Joseph A. Power, Harry E. Elward, Maurice E. Foley, Marcus C. Mullen, Edwin J. Gorman, Daniel F. Donovan, James L. McGarry, Joseph A. Gleason, Harry Clarke, James F. Carty, Edward E. Walsh, Joseph E. Cahill, James W. Donovan, James F. Byrne, John E. Downing, Edward J. McKenzie, James A. Callahan, Joseph H. Malloy, John J. McGillicuddy, Edward J. Murphy, Thomas J. Kelly, Frank Driscoll, John C. O'Neill, John Q. McAndrew, Francis P. O'Hearn, Albert J. Anderson, Charles P. Mulhall, Lawrence T. Prior, John F. O'Neill, Richard W. Bradley, Mark T. Lowder, James I. Green, John F. Ring, Anthony D. McLaughlin, Edward J. Hanrahan, Ernest H. Dolan, Thomas J. O'Rourke.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Hospital Department (Sanatorium Division).

For the week ending Thursday, December 21:

Mary K. Finnegan, relief telephone operator, 1 day, \$2.85; Edward L. Sullivan, relief night supervisor, 3 days, \$11.40.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners.

Voted, That the order of the Street Commissioners and Mayor of June 14, 1933, determining that no person sustains damages by the making of the public improvement, consisting of the laying out and construction of Westchester road, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word "no."

That said order be further amended by adding thereto Mary A. Ivers, \$945.

That the amount \$945 be, and the same hereby is, awarded to Mary A. Ivers for the damages sustained by the making of the said improvement.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

* Order.

† These are midgets—figures inserted on wrong page of bid.

‡ The proposed pianos are to be shown at Charles D. Blake Piano Rooms, 874 and 876 Washington street, Boston.

§ This should be No. 48687.

TRANSIT DEPARTMENT.

Upon December 28 the Mayor approved a contract with the Wetmore-Savage Electric Supply Company for furnishing and delivering underground cable junction boxes for Traffic Tunnel. Bids, opened December 14, were as follows:

Graybar Electric Company, Incorporated, \$2,108.70; G. & W. Electric Specialty Company, Incorporated, \$1,422; General Cable Corporation, \$1,422; Wetmore-Savage Electric Supply Company, \$1,422.

FIRE DEPARTMENT PROMOTIONS APPROVED BY UNDERWRITERS.

The following is a copy of a letter received from the National Board of Fire Underwriters, 85 John street, New York, relative to the Fire Department needs and promotions:

December 26, 1933.

CHIEF HENRY A. FOX,
Fire Department Headquarters.

DEAR CHIEF,—It has been brought to our attention through a preliminary report by our engineer, Mr. Robinson, that until recently and during the past several months, no new appointments or promotions have been made in the Boston Fire Department, to fill vacancies caused by removals from the department.

We certainly believe that there should be a sufficient number of officers to take care at all times of the various individual companies and districts, and that a sufficient number of men should be assigned to the various companies to effectively handle the apparatus at fires. Apparently the promotions and the new appointments recently made have been no more than is necessary to accomplish these results.

Mr. Robinson has not yet completed his survey and report which will follow later, when a copy of the report will be sent you.

Yours very truly,

GEORGE W. BOOTH,
Chief Engineer.

CONTRACT AMENDED.

HOSPITAL DEPARTMENT.

Joseph P. O'Hearn Company has been granted a further extension of time for completion of contract for furnishing and installing tunnel pumping equipment in Boston City Hospital, from December 1, 1933, to December 20, 1933.

TRAFFIC COMMISSION RULINGS.

Voted, That the Traffic Regulations are amended as follows, effective January 2, 1934:

Section 17, part 3, is amended by adding the following:

Pitts Street.

Both sides, from Merrimac Street to South Margin Street.

The Traffic Regulations are amended by adding the following section:

SECTION 28-A. PARKING OF UNITED STATES GOVERNMENT VEHICLES IN STREETS ADJACENT TO THE UNITED STATES POST OFFICE AND COURTHOUSE BUILDING.

Vehicles owned by the United States Government may be parked without time limit at the curb next the United States Post Office and Courthouse Building in the following streets:

Devonshire Street.

East side, from Water street to Milk street.

Milk Street.

North side, from Devonshire street to Post Office square.

Post Office Square.

West side, from Milk street to Water street.

Water Street.

South side, from Post Office square to Devonshire street.

The Traffic Regulations are amended by adding the following section:

SECTION 39-A. STOP STREETS.

The following street is hereby declared to constitute a stop street:

Glen Road.

At Forest Hills street.

Every operator of a vehicle, or street car, traveling on the street intersecting a stop street, shall bring such vehicle, or street car, to a full stop before entering such stop street, subject, however, to the direction of any stop-and-go signal, or any police officer at such intersection.

Section 40, part 1, is amended by striking out the following:

Pitts Street.

From Green street to Merrimac street.

Section 40, part 1, is amended by adding the following:

Armington Street.

From Imrie road to Islington street.

Islington Street.

From Armington street to Brighton avenue.

Pitts Street.

From Green street to South Margin street.

South Russell Street.

From Cambridge street to Myrtle street.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of carol singing, vehicles are excluded from the following streets, between the hours of 6 p. m. and 10.30 p. m., on December 24, 1933:

Mt. Vernon Street.

From Charles street to Bowdoin street.

Chestnut Street.

From Charles street to Walnut street.

West Cedar Street.

From Pinckney street to Chestnut street.

Spruce Street.

From Chestnut street to Beacon street.

Walnut Street.

From Beacon street to Mt. Vernon street.

Willow Street.

From Chestnut street to Mt. Vernon street.

Voted, That the Traffic Regulations are amended as follows, effective January 8, 1934:

Section 39-A is amended by adding the following:

Townsend Street.

At Harold street.

Section 50 is amended by adding the following:

Centre Avenue.

Dorchester avenue to Centre street.

Centre Street.

Dorchester avenue to Washington street.

DILLAWAY HOUSE PHOTOGRAPH TO BE PRESERVED.

William S. Rumrill of 10 Cliff road, Milton, who was present at the dedication of the Dillaway House at Roxbury, which has just been restored along colonial lines, and which was occupied by General Washington's artillery officers during the siege of Boston, called at the office of the Mayor on December 28 and presented a most interesting photograph.

The photograph comprises the first group of Japanese students visiting America and who were guests at the house during their stay of more than two years while completing their educational studies.

This most interesting photograph was posed for by the four students all dressed in national Japanese costumes, each one wearing a sword, believing they were especially designated by Divine Providence to serve as bodyguards for Mr. Dillaway.

EXTRA WORK UNDER CONTRACT.

J. Susi & Brothers are hereby directed to perform the following extra work under the contract for laying sheet asphalt pavement in Crockett avenue and Tennis road: Items ordered: Furnish and lay extra concrete base (2 inches in depth) where directed in Tennis road. Price to be paid, the sum of 30 cents for each square yard of extra concrete base furnished and laid 2 inches in depth. Estimated cost of work, \$70.

Per order of Fire Commissioner EUGENE M. McSWEENEY.

HENRY A. FOX,
Chief of Department.

COASTING.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Board of Street Commissioners of December 11, 1926, and approved by the Mayor December 17, 1926, designating coasting streets in the different sections of the city, be, and the same hereby is, amended, as follows:

Police Division 11.

So as to add to said paragraph the words:

Westglow street, from Train street to Adams street; intending thereby to authorize coasting on said street.

Voted, That the order of the Board of Street Commissioners of December 11, 1926, and approved by the Mayor December 17, 1926, designating coasting streets in the different sections of the city, be, and the same hereby is, amended, as follows:

Police Division 19.

So as to add to said paragraph the words:

Spencer street, between Park street and Athelwold street; intending thereby to authorize coasting on said street.

DAMAGES ASSESSED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That in the matter of Zagami *et al.*, petitioners for damages on account of the laying out and construction of Durnell avenue, under the order of the Street Commissioners and Mayor of August 13, 1931, after consultation with the Law Department, and on its advice, the Board assesses the petitioners' damages in the sum of five hundred (500) dollars; and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

Voted, That in the matter of Margaret Sullivan, petitioner for damages occasioned her estate by the widening of Centre street, under the order of the Street Commissioners and Mayor of April 23, 1931, after consultation with the Law Department, and on its advice, the Board assess the petitioner's damages in the sum of fifteen hundred (1,500) dollars flat; and consents that the corporation Counsel agree to judgment in said case on the terms herein stated.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claim:

Mrs. Sadie Needel, 11 Hazleton street, Mattapan, in the sum of \$150, as compensation for personal injuries received September 4, 1933, by being struck by a rotten limb falling from a tree in front of 1581 Blue Hill avenue.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Moreland street, Roxbury district, as a highway, from Dennis street over and including Brook Avenue place to Brook avenue, Dorchester; bounded and described as follows:

An extension of the highway named Moreland street is hereby laid out, from Dennis street over and including the private way known as Brook Avenue place, to Brook avenue, and ordered constructed; the cost thereof to be charged to Federal funds allocated under the Civil Works Administration program for Massachusetts.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

The land, owners unknown, being the private way known as Moreland street, leading southeasterly from Dennis street.

A parcel of land, supposed to belong to Michael J. Murray, bounded:

Southwesterly by Moreland street, twenty and 50-100 feet; northeasterly by the northeasterly line of said Moreland street as established under this order, nineteen and 34-100 feet on a curve of forty and 25-100 feet radius; and southeasterly by land hereinafter described as taken from James Tucker heirs and devisees, four and 94-100 feet, containing thirty-two square feet, more or less.

A parcel of land, supposed to belong to James Tucker heirs and devisees, bounded:

Northwesterly by Moreland street and by land hereinbefore described as taken from Murray, seventeen and 17-100 feet; northeasterly by the northeasterly line of said Moreland street as established under this order, thirty and 48-100 feet; southerly by Brook Avenue place, twenty-three and 56-100 feet; and southwesterly by land hereinafter described as taken from Chisholm, eighteen feet, containing three hundred and thirty-one square feet, more or less.

A parcel of land, supposed to belong to Roderick J. Chisholm, bounded:

Northwesterly by Moreland street, twenty-two and 90-100 feet; northeasterly by land hereinbefore described as taken from Tucker heirs and devisees, eighteen feet; easterly by Brook Avenue place, twenty-three and 56-100 feet; and southwesterly by the southwesterly line of said Moreland street as established under this order, by two measurements, thirty-three and 48-100 feet and three and 41-100 feet, containing four hundred and ninety square feet, more or less.

The land, owners unknown, being the privats way known as Brook Avenue place, leading westerly from Brook avenue.

A parcel of land, supposed to belong to Sarah Lo Re, bounded:

Southeasterly by Brook avenue, six and 12-100 feet; southwesterly by the southwesterly line of said Moreland street as established under this order, forty-five and 25-100 feet, and northerly by Brook Avenue place, forty-six and 12-100 feet, containing one hundred and thirty-eight square feet, more or less.

Said extension of said Moreland street as hereby laid out is bounded:

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Maurice M. Devine has been granted an extension of the time of completion

of the contract for painting Boylston Street Bridge, over the Boston and Albany Railroad, from December 9 to December 31.

M. DeSisto Company has been granted an extension of the time of completion of contract for laying and relaying water pipes in Haven avenue, Dorchester, from December 23, 1933, to January 27, 1934.

Charles Capone has been granted an extension of the time of completion of the contract for constructing bitulithic pavement in Wilmington avenue, from Gallivan Boulevard to Milton avenue, from December 15, 1933, to June 1, 1934.

Vito Calia has been granted an extension of the time of completion of the contract for constructing artificial stone footway and artificial stone steps in Colborne Path, from Nottingham road to Colborne road, contract dated November 23, 1933, from December 30, 1933, to June 1, 1934.

D. Pace & DiBartolomeo Company have been granted an extension of the time of completion of the contract for laying artificial stone sidewalks in East Sixth, Everett, Draper, etc., streets, from December 1, 1933, to June 1, 1934.

A. Grande has been granted an extension of the time of completion of the contract for building sewerage works in Hill Top street, between Lenoxdale and Allandale avenues and outlet in private land, between Hill Top street and Neponset river, Dorchester, from December 30, 1933, to January 31, 1934.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze buildings as fire menaces and unsafe, as follows:

The building at 43 Oakland street, Ward 22.

The owner, Adeline Mann of 333 Washington street, Boston, was notified of the unsafe condition of the building, but neglects to remove the cause of complaint.

The building at 81 Lenox street, Ward 9. Rear wall is in an unsafe and dangerous condition.

The owner, James H. Lewis, then of 156 Lenox street, Boston, whose present address is unknown, was notified of the unsafe condition of the building, but neglected to remove the cause of complaint.

The inspector now reports that the building is unsafe and dilapidated and should be taken down. The rear wall is shored, but the condition of the property presents a hazard to life and property in the immediate neighborhood.

The building at 228 Bolton street, Ward 6, is in an unsafe and dangerous condition, dilapidated and a fire menace.

The owner, John P. Doyle of 15 Revere street, Boston, was notified of the unsafe condition of the building, but neglected to remove the cause of complaint.

The inspector now reports that the building has been vacant for a long time, has been boarded up but some of the boards have been removed from windows, door is open to the public; interior in bad condition. Foundation under front door caved in, causing sidewalk to fall in.

The building at 5 Liverpool avenue, Ward 1, is dilapidated and a fire menace; open to wind and weather.

The owner, Annie Frongello of 11 Everett street, East Boston, was notified of the condition of the building, but neglects to remove the cause of complaint.

The building at 3 Bay View place, Ward 7. The brick underpinning at corners is knocked out, rear sill rotted, building settled, windows broken, building open to trespass.

Unable to locate the owner of record, Catherine G. Camack, but a notice of the unsafe condition has been posted on the external wall of the building, but nothing has been done to remove the cause of complaint.

The building at 98 Marginal street, Ward 1. The doors and windows are gone; partitions torn out; front and rear foundation gone; building open to trespass and a fire hazard.

The owners, Leo and Isabelle Maske of 101 Webster street, East Boston, were notified of the unsafe condition of the building, but neglected to remove the cause of complaint.

The building at 119 West Second street, Ward 6, is unsafe and a fire hazard.

The owner, Martin McHugh of 123 M street, was notified of the unsafe condition of the building, but neglected to remove the cause of complaint.

The inspector now reports that a section of the foundation on left side has fallen in, and that the building is in a dilapidated condition and is a fire hazard.

The building at 4 Wall street, Ward 3, is in a dilapidated condition; brick pier left-hand side carrying I-beams over store window; brickwork cracked; front window in store fell out; floor torn up; rear windows broken; partitions pulled down.

The owner, Jacob Silvesky of 74 Lucerne street, Dorchester, was notified of the unsafe condition of the building, but neglects to remove the cause of complaint.

The inspector now reports that the building is in an unsafe and dangerous condition and should be razed.

The building at 19 Garden street, rear, Ward 5, is in very poor condition; section of front wall between second and third floor fell down, leaving wall unsafe.

The owner, Prescott Townsend of 36 Joy street, Boston, was notified of the unsafe condition of the building, but neglected to remove the cause of complaint.

The inspector now reports that the building is dilapidated and a fire menace and should be taken down at once.

The building at 228 Bolton street, Ward 6.

Take down the building at 226 Bolton street, Ward 6.

Take down the building at 176-180 Main street, Ward 2.

The building at 115 B street, Ward 6.

The building at 119 West Second street, Ward 6.

The building at 79 Lenox street, Ward 9.

The building at 5 Liverpool avenue, Ward 1.

The building at 81 Lenox street, Ward 9.

The building at 98 Marginal street, Ward 1.

The building at 36 Allston street, Ward 2.

The building at 1 Liverpool avenue, Ward 1.

The building at 41 Oswego street, Ward 3.

The building at 47 Everett street, Ward 1.

The building at 53 Reed street (formerly No. 34), Ward 8.

The building at 115 B street, Ward 6, Doors and windows are open to the public and weather, causing same to be a fire menace; piers on front of building from grade of sidewalk to first floor have fallen out, causing building to be unsafe and dangerous.

The owner, Regina M. Knightly of 70 Massachusetts avenue, North Andover, was notified of the unsafe condition of the building, but neglected to remove the cause of complaint.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)

STATIONARY ENGINEERS, MARINE ENGINEERS AND OILERS, JANUARY 10, 1934.

Last date for filing applications Tuesday, January 2, 1934, at 5 p. m.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service.

The examination for each kind of position will include a statement of training and experience, a physical examination, and the possession of a license, either as first, second, or third-class stationary engineer; or as chief, first assistant or second assistant marine engineer. Oilers are not required to have a license.

Passing requirement: Applicants must obtain a mark of at least 70 per cent in experience in order to become eligible.

The date given above is not the actual examination date, but the date on which, as nearly as possible, applicants who have filed applications will be given a physical examination.

POLICE DEPARTMENT ORDERS.

General Order No. 362.

The commissioner desires to extend to all members of the department his sincere best wishes for a Merry Christmas and a Happy New Year.

The commissioner wishes to congratulate the department on its work during the past year as it has brought to a successful conclusion, so far as its powers go, probably a larger percentage of the serious crimes which have taken place than in any previous year since the establishment of the department. This has been possible by the greater interest shown in the work and the closer cooperation among the members of the department. The record of the past year, while so eminently satisfactory and for which so many commendations were received from the citizens of Boston, should act only as an incentive to us to do even better next year. We must always be on the alert to seize opportunities to improve ourselves and to render even better service to the public whom we protect.

The commissioner regrets that due to the fact that the day on which Christmas falls this year makes substantially a three-day holiday for the ordinary citizen, all the members of the department cannot avail themselves of that opportunity. However, arrangements have been made to allow members of the department to spend the family holiday at home so far as it can be done without impairing the efficiency of the force.

Division commanders will split their day personnel in halves and permit officers to take either morning or afternoon off on Christmas Day, December 25, 1933. The same conditions will apply on Monday, January 1, 1934.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 363.

Sergt. George H. Mitchell of Division 2 having arrived at the age of sixty-five years and having performed faithful service in the Police Department for thirty-eight and eight twelfths years, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Sergeant Mitchell be retired from active service and that his name be placed upon the department pension roll with pay at the rate of twelve hundred and fifty (1,250) dollars per annum (payable monthly), said sum being one half of the amount of compensation received by him in the office from which he is retired, previous to a 15 per cent reduction in pay, which went into effect April 21, 1933.

The retirement of Sergeant Mitchell as herein provided, will take effect at 7.45 o'clock a. m., Thursday, December 28, 1933.

Note.

By chapter 121, Acts of 1933 (having to do with reductions in pay), provision is made for the retirement for those in a noncontributory system, at half of the rate of compensation received before such reduction.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 364.

Patrolmen Peter J. Murphy and Thomas W. Noble, both attached to Division 19, are commended in Genera

Orders for prompt and effective service rendered on December 14, 1933, to two women, both of whom became unconscious caused by gas escaping from an incinerator in the building. The women were removed to the porch where the officers applied the prone method system of resuscitation, to which both victims responded, and they were returned to their suites.

The commissioner is pleased to recognize the effective service rendered by these officers on this occasion, which may have prevented the loss of life.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 365.

Patrolman Paul I. Fraher of Division 6 is commended in General Orders and given three days' additional vacation for meritorious police duty performed while not on duty, in connection with the investigation and subsequent arrest of a person who, while operating an automobile on October 7, 1933, struck a pedestrian which resulted in the death of the victim.

The commissioner is pleased to recognize the prompt response and interest shown by Patrolman Fraher in department work while officially off duty.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 366.

The following letter is published for the information and guidance of the department:

LICENSING BOARD FOR CITY OF BOSTON,
1 BEACON STREET,

December 26, 1933.

EUGENE C. HULTMAN, ESQ.,
Police Commissioner.

DEAR SIR,—I am directed by the Board to inform you that it has this day voted to allow clubs and common victualers to sell liquors until 2 a. m., New Year's Eve, and to allow dancing until 4 a. m., in such places where dancing is allowed.

Very respectfully,

For the Board,
LOUIS EPPLÉ, *Secretary.*

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 1,568,883 females); foreign-born white, 1,834,310 (904,742 males and 929,568 females); Negro, 94,086 (46,963 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,
PAYSON SMITH,
STEPHEN C. GARRITY,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

LAND-TAKING IN CITY PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Public Alley No. 717, as a public alley, from Harrison avenue to Albany street, Boston Proper district, bounded and described as follows:

A public alley named Public Alley No. 717 is hereby laid out, from Harrison avenue to Albany street, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Civil Works Administration program for Massachusetts.

Said public alley, and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for public alley purposes is hereby taken, is bounded and described as follows:

Westerly by Harrison avenue, seven-teen and 59-100 feet; northerly by the northerly line of said Public Alley No. 717 as hereby laid out, five hundred eighteen and 26-100 feet; easterly by Albany street, twenty feet; southerly by the southerly line of said Public Alley No. 717 as hereby laid out, two hundred twenty-two and 90-100 feet; westerly by the westerly line of said Public Alley No. 717 as hereby laid out, four feet; and again southerly by the southerly line of said Public Alley No. 717 as hereby laid out, three hundred two and 71-100 feet.

No betterments are to be assessed for the making of the aforesaid improvement.

Vote! That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Public Alley No. 717, from Harrison avenue to Albany street, under the order of December 26, 1933, and awards no damages therefor.

FIRE COMMISSIONER PRAISED BY MAYOR FOR WORK OF DEPARTMENT IN REDUCING FALSE ALARMS.

His honor the Mayor directed the following communication to Fire Commissioner Eugene N. McSweeney:

EUGENE N. MCSWEENEY,
Fire Commissioner.

MY DEAR COMMISSIONER,—I beg to acknowledge receipt this day of a report of the activities of the Fire Department, and take this occasion to extend congratulations upon the remarkable work that has been accomplished by your department in the reduction in the number of false alarms during the period of your incumbency.

I listened with great interest to the radio broadcast made by you upon this particular subject, and the effectiveness of the broadcast is evidenced by the reduction in the number of false alarms which, as set forth in your report, has been 57 per cent during the past thirty days.

There is no means of determining the money loss that is represented by false alarms, in addition to the injury to men and apparatus and menace to the public, so that work of this character is most helpful.

Your insistence that vacancies be filled in your department in order that the department be protected from insufficiently manned companies, has prompted me to depart from the policy which I inaugurated three years ago in complying with your request in approving the number of men which, in the opinion of yourself and the chief of the department, are necessary.

I note reference to fuel oil regulations, and it is most pleasing to me to learn that six thousand-odd delinquents have been notified and are now paying their fees, and this work, properly prosecuted and checked by your department, should mean quite an additional revenue which will be most helpful as well as necessary to the city.

The passage by the City Council and the approval by myself of the necessary money for the extension of the facilities of the fire alarm service should prove most helpful in meeting the requirements of this important service, and, all in all, it is a pleasure to congratulate you upon these accomplishments that call for deep study and persistent effort.

Very truly yours,

JAMES M. CURLEY, Mayor.

MAYOR CURLEY EXTENDS CHRISTMAS GREETINGS TO CITIZENS OF BOSTON.

Upon December 22 the Mayor issued the following:

In wishing the good people of Boston a Merry Christmas it is gratifying to know that the prospects for an enjoyable Christmas for many millions of persons in America is better this year than it has been during the past four years.

The success which has crowned the labors of President Franklin D. Roosevelt is being daily reflected in an increased industrial activity and increased opportunities for the employment of women and men who, prior to his assuming the office of President, were without work, without prospect of work and in many cases devoid of hope. The fortitude of the American people has been severely tested during the past four years of depression and they have measured up to the most exacting of standards. The faith and the generosity of the American people is daily evidenced in every section of the United States by a desire on the part of those who, through the Providence of God, have to share with those who have not.

Christmas, 1933, finds the American people with hope rekindled, with confidence restored, with faith renewed, and firm in the conviction that through the Providence of God that spiritual idealism so essential to human happiness and eternal salvation shall hereafter serve as an important factor in the shaping of the destinies of the American nation.

The cloudy skies which all too long have overshadowed our national existence upon this blessed day are gradually giving way to the sunshine of promise of a better and a happier day for all of the people of America and fortified by this knowledge, with contrite spirit and joyous hearts, it is a pleasure to wish each and all a Merry Christmas.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

FIRE SERVICE, CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT, FEBRUARY 3, 1934.

Last day for filing applications, Saturday, January 20, 1934, at 12 noon.

BOSTON AND METROPOLITAN DISTRICT, FEBRUARY 17, 1934.

Last day for filing applications, Saturday, February 3, 1934, at 12 noon.

Applicants for the service of Boston must be not less than twenty-two nor

over thirty-five years of age at the time of filing application. Applicants for all other cities and towns in the Commonwealth must be not less than twenty-one nor over thirty-five years of age at the time of filing application. Callmen and substitute callmen may make such deductions from their ages as are provided for in Civil Service Rule 8, Class 21. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Applicants for Worcester are required to be not less than 5 feet 5 inches in height. Applicants for Brockton must be not less than 5 feet 6 inches in height, and weigh not less than 135 pounds at the time of appointment. Applicants for Winchester must be not less than 5 feet 8 inches in height, and weigh not less than 135 pounds. Applicants for Lynn must be not less than 5 feet 5½ inches in height, and weigh not less than 135 pounds.

The subjects of the examination with their respective weights will be as follows: Training and experience, 3; practical questions, 4; general information, 3; total, 10.

Physical fitness to be determined by physical examination and strength tests.

Educational test, 3; physical test, 2; total, 5.

Applicants will be required to obtain at least 50 per cent in each subject of the examination and at least 70 per cent in the educational average and in the strength tests in order to become eligible.

The practical questions will be based upon information contained in a manual known as the "Red Book." This manual may be obtained from the Secretary of State, Room 118, State House, at ten cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

SENIOR ARCHIVES ASSISTANT, DEPARTMENT OF SECRETARY OF STATE, JANUARY 26, 1934.

Last day for filing applications, Friday, January 12, 1934, at 5 p. m.

Requisition is for a female, and the examination is open to females only.

The minimum salary is \$1,230 a year; the maximum salary is \$1,590 a year, as reduced by statute.

Duties: Under general direction, to assist in the custody of state archives; to decipher and copy faded and broken documents; to prepare indexes of the archives, such as indexing the manuscript collection in the Massachusetts archives consisting of wills, deeds, land grants, petitions, town records, port reports, and other documents; answering inquiries of students and others looking for historical information. Applicants must have ability to read manuscripts of the seventeenth century.

Subjects and Weights: Training and experience, 3; practical questions 2; total, 5.

Passing Requirements: Applicants must obtain at least 60 per cent in practical questions and at least 70 per cent in experience and in general average in order to become eligible.

ASSISTANT ON VETERINARY HEALTH, DEPARTMENT OF CONSERVATION, JANUARY 26, 1934.

Last day for filing applications, Friday, January 12, 1934, at 5 p. m.

The minimum salary is \$1,380 a year; the maximum salary is \$1,860 a year as reduced by statute.

Duties To appraise cattle, to do investigation work in the field, and to assist at the Brighton Quarantine Station. Applicants should have the ability to judge cattle intelligently as to age, condition of health, and their milk-producing qualities. Applicants should be familiar with the required sanitary conditions in the keeping of a herd of healthy cows, and have a knowledge of general diseases pertaining to domestic animals.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

JUNIOR SOCIAL WORKER, BOSTON PUBLIC WELFARE DEPARTMENT, FEBRUARY 10, 1934.

Last date for filing applications, Saturday, January 27, 1934, at 12 m.

Salary: The entrance salary is \$1,400 a year; the maximum salary is \$1,600 a year.

Duties: Under immediate supervision, to investigate cases of persons who apply for relief under the several relief statutes and to perform social service case work in connection with their care and treatment.

Entrance Requirements: Applicants must be not less than twenty-one nor over fifty years of age at the time of filing application. A certificate of date of birth must be filed with the application UNLESS one has been filed with a previous application. Applicants must have education equivalent to graduation from a standard four-year high school and either one year's experience in social welfare work or one year's training in a school of social work.

Subjects and Weights: Training and experience, 3; practical questions, 5; personality and fitness, as determined by an oral interview, 2; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Note: An examination for Senior Social Worker in Boston will be held on this same date. Candidates for both positions should file a separate application for each position.

SENIOR SOCIAL WORKER, BOSTON PUBLIC WELFARE DEPARTMENT, FEBRUARY 10, 1934.

Last date for filing applications, Saturday, January 27, 1934 at 12 m.

Salary: The entrance salary is \$1,600 a year; the maximum salary is \$2,300 a year.

Duties: Under immediate supervision, to investigate cases of persons who apply for relief under the several relief statutes

and to perform social service case work in connection with their care and treatment.

Entrance Requirements: Applicants must be not less than twenty-one nor over fifty years of age at the time of filing application. A certificate of date of birth must be filed with the application UNLESS one has been filed with a previous application. Applicants must have education equivalent to graduation from a college or university and either two years' experience in social welfare work or two years' training in a school of social work.

Subjects and Weights: Training and experience, 3; practical questions, 5; personality and fitness, as determined by an oral interview, 2; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Note: An examination for Junior Social Worker in Boston will be held on this same date. Candidates for both positions should file a separate application for each position.

URBAN POPULATION, APRIL 1, 1930.

As defined by the Census Bureau, the urban population is, in general, that residing in cities and other incorporated places having 2,500 inhabitants or more, the remainder being classified as rural.

The total urban population of the UNITED STATES is 68,954,823 (34,154,760 males and 34,800,063 females), of whom 62,836,605 (31,162,570 males and 31,674,035 females) are white; of these whites 52,109,746 (25,520,483 males and 26,589,263 females) are native; 33,497,232 (16,515,816 males and 16,981,416 females) of these latter are of native parentage and 18,612,514 (9,004,667 males and 9,607,847 females) are of foreign or mixed parentage; there are 10,726,859 (5,642,087 males and 5,084,772 females) foreign-born white; there are 5,193,913 (2,479,158 males and 2,714,755 females) Negroes; other races, 924,305 (513,032 males and 411,273 females).

The urban population is 56.2 per cent of the total population of the country; native white, 54.6 per cent and foreign-born white, 80.3 per cent; Negroes, 43.7 per cent.

The total urban population of NEW ENGLAND is 6,311,976 or 77.3 per cent of the total population of New England. Of the 4,660,339 native white, 2,089,031 are of native parentage and 2,571,308 are of foreign or mixed parentage; foreign-born whites number 1,564,769; Negro, 81,443; other races, 5,425.

SCHOOL ATTENDANCE FOR MASSACHUSETTS.

Number of children 5 years old, 77,159, of whom 27,096, or 35.1 per cent, were attending school; 6 years old, 77,629, of whom 64,919, or 83.6 per cent, were attending school; 7-13 years, 546,100, of whom 536,798, or 98.3 per cent, were attending school; 14 and 15 years, 151,181, of whom 140,387, or 92.9 per cent, were attending school; 16 and 17 years, 147,627, of whom 87,779, or 59.5 per cent, were attending school; 18-20 years, 213,791, of whom 53,503, or 25.0 per cent, were attending school. Number of persons attending school who were 21 years of age and over was 47,029.

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

PUBLIC DEBT, JANUARY 1, 1933.

Gross funded debt, January 1, 1933, \$165,758,499.95 (including \$119,999.95 issued by State for enlargement of Court House); sinking funds, \$35,737,619.21; other redemption means, \$3,078,263.28; net debt, \$126,942,617.46 or \$7,588,429.94 more than on January 1, 1932. Of said debt (net) \$79,310,526.63 or 62.48 per cent was City debt; \$46,199,623.96 or 36.39 per cent, Rapid Transit debt (representing 4½ per cent investment); \$994,466.87 or 0.78 per cent, County debt; \$438,000 or 0.35 per cent, Water debt.

Debt paid in 1932 was \$9,935,301 but there was an increase in total gross debt of \$5,437,698.99.

Net debt per capita, \$160.62 (approx.); net debt, exclusive of Rapid Transit debt, \$80,742,993.50 or \$102.17 per capita (approx.).

Per capita are based on U. S. Census Bureau's estimated population on January 1, 1933.

Loans authorized but not issued (within debt limit), \$1,898,000; same outside of debt limit, \$2,680,000; total, \$4,578,000.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 18, 1933.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President McGRATH in the chair. Absent, Coun. Gallagher.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments for the term ending April 30, 1934, viz.:

Constable: To serve civil process upon the filing of the proper bond, Sidney Cohen, 151 Woodrow avenue, Dorchester.
Weighers of Coal: Jeremiah Melia, 250 Stuart street, Boston; Sally Frank, 31 Wolcott street, Dorchester.

Severally laid over a week, under the law.

INDEMNIFYING OF EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, December 13, 1933.
To the City Council.

Gentlemen,—Section 100-A of chapter forty-one of the General Laws, which has been accepted by the City of Boston, authorizes a city or town to indemnify an officer or employee for expenses or damages incurred by him, arising out of the operation in the performance of his duties of a motor vehicle owned by the city or town.

Section 4 of chapter 318 of the Acts of 1933 amends this chapter by extending the authority to reimburse so as to cover the operation of vehicles other than motor vehicles.

This amendment requires acceptance by the City Council, and, as I see no reason why the drivers of horse-drawn vehicles should not be entitled to the same considerations as the operators of motor vehicles, I recommend the passage of the accompanying order.

Respectfully submitted,

JAMES M. CURLEY, Mayor.

Ordered, That section 100-A of chapter forty-one of the General Laws, as amended by Section four of chapter three hundred and eighteen of the Acts of 1933 be, and hereby is, accepted.

Referred to Executive Committee.

DEMOLITION OF POLICE STATION FOUR.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1933.
To the City Council.

Gentlemen,—I am forwarding herewith recommendation submitted by the Superintendent of Public Buildings recommending the demolition of Police Station 4 which is no longer required by the Police Department and the leasing of the same under Section A as set forth in the communication received.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Public Buildings Department,
December 8, 1933.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of two offers from Albert S. Wingersky for the leasing of the property on La Grange street, formerly occupied by Police Station 4, as follows:

(a) The lessee to pay to the city nine hundred dollars (\$900) per year rental, the present structure to be demolished by the lessee.

(b) The lessee to pay a rental of twelve hundred dollars (\$1,200) per year, the city to demolish the present structure and prepare the site for automobile parking purposes.

Owing to the fact that no funds are available, it is out of the question for this department to demolish the present structure and I feel that the best interests of the city would be served by accepting offer "a."

If this plan meets with your approval, will you kindly forward same to the City Council in the form of an order.

Respectfully yours,

JOHN P. ENGLERT,

Superintendent of Public Buildings.

Referred to Committee on Public Lands.

PETITIONS REFERRED.

The following petitions were received and referred to committees named, viz.:

Claims.

Catherine D. Cronin, for compensation for damage to car by city truck.

Hanford T. Crosby, for compensation for damage to property at 124 High street, caused by bursting of water main.

Luglio Fenello, for refund on beer license.

Jacob L. Green, for compensation for damage to property at 15 Willard street, caused by broken water pipe.

Walter E. Hertig, for compensation for damage to car by police car.

Henry L. Kaufman & Co., for refund on refuse tickets.

Alice M. Moffatt, for compensation for injuries caused by an alleged defect at 11 Fountain street, Roxbury.

Betty Starratt, for compensation for injuries caused by city car.

Mrs. Josie Tarantino, for compensation for damage to property at 31 Tileston street, caused by city truck delivering coal.

Max B. Thorner, for compensation for damage to car caused by an alleged defect at 92 Wilmington avenue.

Robert Whitney, for compensation for damage to coat caused by an alleged defect in Carter street.

Executive.

Petition of Maud L. Souther, to be paid annuity on account of death of her husband, Thomas H. Souther, late member of Police Department.

REINSTATEMENT OF GEORGE E. CAPELLE.

The following was received:

City of Boston,
Fire Department, December 18, 1933.
To the City Council.

Gentlemen,—I have this day appointed George E. Capelle, 140 Blue Hill avenue, Roxbury, to the position of interior inspector in the Wire Division of the Fire Department.

This appointment is a reinstatement, approved by the Civil Service Commission and requires the approval of the City Council under chapter 320 of the Acts of 1933.

Respectfully yours,

E. M. MCSWEENEY,
Fire Commissioner.

Placed on file.

President McGRATH offered the following: Ordered, That under the provisions of chapter 320 of the Acts of 1933 the reinstatement of George E. Capelle in the employment of the city as an interior inspector in the Fire Department be, and hereby is, approved.

Passed under suspension of the rule.

REINSTATEMENT OF DENNIS A. O'NEIL.

The following was received:

City of Boston,
Office of City Treasurer, December 18, 1933.
To the City Council.

Gentlemen,—I have this day appointed Dennis A. O'Neil, 249 Foster street, Brighton, Mass., as bookkeeper in this department.

This appointment is a reinstatement of Mr. O'Neil formerly employed in the Penal Institutions Department and has been approved by the Civil Service Commission.

I respectfully request your approval of this reinstatement under the provisions of chapter 320 of the Acts of 1933.

Very truly yours,
E. L. DOLAN,
City Treasurer.

Placed on file.

Coun. HEIN, for Coun. GALLAGHER, offered the following:

Ordered, That under the provisions of chapter 320 of the Acts of 1933 the reinstatement of Dennis A. O'Neil in the employment of the city as a bookkeeper in the Treasury Department be, and hereby is, approved.

Passed under suspension of the rule.

SOLDIERS' RELIEF.

Coun. NORTON, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of December, 1933.

Report accepted; said order passed.

FOOTWAY, WARD 11.

Coun. ENGLERT offered the following: Ordered, That the Commissioner of Public Works be requested, through his Honor the

Mayor, to build a footway from Centre street to about No. 79 Fort avenue, Ward 11, under the civil works program.

Passed under suspension of the rule.

PENDING LOAN ORDERS.

Coun. HEIN called up assignments on the calendar, Nos. 2, 3 and 4, viz.:

2. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$800,000 be, and hereby is, appropriated, to be expended under the direction of Penal Institutions Commissioner for new Prison Buildings, and that to meet said appropriations the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

3. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$1,075,000 be, and hereby is, appropriated, to be expended under the direction of the Fire Commissioner for new Firehouses and Departmental Buildings, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

4. Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$750,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Buildings for new Police Stations, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

On November 27, 1933, the foregoing orders were read once and passed, yeas 17, nays 3.

President McGRATH—The vote will be taken on each order separately.

Coun. BURKE—Mr. President, I would like to ask that these orders be referred to the Executive Committee before they come before the body for action.

Coun. FITZGERALD—Mr. President, is there any good reason why that should be done? Why can't we act upon these matters now?

Coun. BURKE—Mr. President, I have a personal reason.

Coun. FITZGERALD—Mr. President, I would ask the gentleman to state his reason.

Coun. BURKE—I want to take these matters up with the Mayor's office. Four or five of us have an appointment with the Mayor at three o'clock, and would like to have the benefit of talking with him at that time, before voting on these projects.

The orders were declared referred to the Executive Committee.

Coun. FITZGERALD—Mr. President, I can see no reason for that action. The councilor speaks about seeing his Honor the Mayor. I understand that the Mayor is out, probably for the afternoon, and very likely will certainly not be back before four or five o'clock. We haven't any assurance that the Mayor will be in his office at three o'clock.

Coun. BURKE—Mr. President, the Mayor has told four of five of the councilors that he will see them at three o'clock.

RECESS.

On motion of Coun. DONOVAN, the Council voted at 2.35 p. m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President McGRATH at 3.43 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. ROBERTS, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred today) that section 100-A of chapter 41 of General Laws, as amended by section 4 of chapter 318 of Acts of 1933, be accepted—that same ought to pass.

Report accepted; said order passed.

2. Report on message of Mayor and order (referred December 4) authorizing payment to town of Brunswick, Maine, in re bequest of Samuel Gross Davis—that same ought to pass.

Coun. ROBERTS—Mr. President, in reference to that last order I might say, from information received from the Mayor, that Boston is a beneficiary having a residuary interest of at least one-sixth share in the estate; that it became necessary for the residuary legatees to agree to pay to the town of Brunswick, Maine, a certain amount of money which would be the equivalent of the value of some busts that were refused by the Museum

of Fine Arts. The committee takes the attitude in such matters that the Mayor's judgment as to what should be done, he knowing the facts and knowing what the residuary interest is, and having in mind the best interests of the city, should be followed. On the basis of that information the committee favors the adoption of this order. The committee also reports back Nos. 2, 3 and 4 on the calendar, for such action as the Council deems advisable to take.

On the above bequest, the report was accepted and the order passed under suspension of the rule.

President McGRATH. We will now take up No. 2 on the calendar, and the Clerk will call the roll.

Coun. CURTIS—Mr. President, I would like to be heard on this order. This is an order for the expenditure of \$800,000 for new prison buildings. I understand that \$52,000 of it has been tentatively allocated to building two staff houses for the master and deputy master down on Deer Island. It seems to me that it is a wrong time, in the last weeks, of this administration—and these remarks apply also to the other two items before us—\$1,075,000 for new firehouses and \$750,000 for new police stations—to pass orders of this kind, for projects over which the present administration will necessarily not have supervision. Certainly you cannot enter upon projects involving consolidations of fire and police stations without considering the needs all over the city. That is a matter that you cannot go at piecemeal with any assurance that the money will not be wasted. So I say that we should not appropriate these millions of dollars during the last two weeks of the present administration. There has been criticism of the present Police Commissioner, plenty of it. We do not know how long he will continue to hold the office. We may assume that these orders are recommended by him. Isn't it likely that if some other man is put in charge of that department he will have different ideas as to where new consolidations should be made or where new stations should be placed? For that and other reasons I believe it would be a mistake to pass these items today, and I hope they will not receive the votes of members of this body.

The order was given its second and final reading and passage, yeas 18, nays—Coun. Curtis, Norton, Roberts—3.

President McGRATH—The question now comes on No. 3 on the calendar.

Coun. ROBERTS—Mr. President, I am not anxious to take up the time of the Council, but I am opposing these matters for the same reason that I did last week. The problem is to put men at work as soon as we can. Under these projects no one will be put to work before May or June. It seems to me that for the amount expended the minimum number of men will be put at work, and I don't think there is anything to justify the presentation or the passage of these orders in these times.

No. 3 on the calendar was given its second and final reading and passage, yeas 18, nays—Coun. Curtis, Norton, Roberts—3.

President McGRATH—The question now comes on No. 4 on the calendar, and the Clerk will call the roll.

No. 4 failed of final passage (a two-thirds vote being necessary for same), yeas 11, nays 10.

Yeas—Coun. Barker, Brackman, Donovan, Englert, Fish, Gleason, Green, Hein, Lynch, McGrath, Ruby—11.

Nays—Coun. Burke, Cox, Curtis, Dowd, Fitzgerald, Kelly, Murray, Norton, Power, Roberts—10.

LOAN FOR POLICE STATION.

On motion of Coun. HEIN, the Council took from the table No. 5 on the calendar, viz:

5. Ordered, That under the provisions of chapter 297 of the Acts of 1929, as amended by chapter 30 of the Acts of 1931, and as further amended by chapter 23 of the Acts of 1932, the sum of \$118,000 be, and hereby is, appropriated, to be expended under the direction of the Superintendent of Public Buildings for new police stations and additions to and improvement of existing police stations, and that to meet such appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

The question came on the second and final reading and passage of the order.

Coun. CURTIS—Mr. President, Items 5 and 6 relate to transfers to furnish a means for giving more money to the Transit Department. These items are now on the table, and it seems to me that that is just where they ought to be. I hope that they will be left there, because there are certainly some peculiar questions that arise concerning these transfers. It was brought out in this chamber last week that, as far as the Municipal Printing Plant goes, a good deal of that plant is built over

the roof of the tunnel. Since that statement was made we have heard nothing to the contrary from the Transit Department. Furthermore, we are asked here to appropriate money for land and for buildings which have already been built. So I say that here again is something that needs a little further consideration. I would like to move at this time that these matters lie on the table. That motion applies to Item 5 alone.

President McGRATH—The Chair will rule that the motion is out of order because it has just been taken from the table.

Coun. COX—Mr. President, I cannot quite understand why these two orders, aggregating \$255,800, are here. Certainly the Printing Plant has been built over property taken by the Transit Board. I do not understand the purpose of these two orders at this time, and I certainly hope the Council will not act favorably upon them.

No. 5 was rejected upon roll call (two-thirds vote being necessary for passage), yeas 12, nays 9:

Yeas—Coun. Barker, Brackman, Donovan, Dowd, Englert, Gleason, Green, Hein, Lynch, McGrath, Power, Ruby—12.

Nays—Coun. Burke, Cox, Curtis, Fish, Fitzgerald, Kelly, Murray, Norton, Roberts—9.

PRINTING PLANT APPROPRIATION.

On motion of Coun. HEIN the Council voted to take from the table No. 6 on the calendar, viz:

6. Ordered, That under the provisions of chapter 297 of the Acts of 1929, as amended by chapter 30 of the Acts of 1931, and as further amended by chapter 23 of the Acts of 1932, the sum of \$137,800 be, and hereby is, appropriated, to be expended by the Superintendent of Printing for Land, Printing Department Building, said appropriation to be met from the revenue of the Printing Department.

President McGRATH—The question is on the passage of the order, and the Clerk will call the roll.

The roll was called, and the order was passed, yeas 12, nays 9:

Yeas—Coun. Barker, Brackman, Donovan, Dowd, Englert, Gleason, Green, Hein, Lynch, McGrath, Power, Ruby—12.

Nays—Coun. Burke, Cox, Curtis, Fish, Fitzgerald, Kelly, Murray, Norton, Roberts—9.

President McGRATH—And the order is passed.

Coun. KELLY—Mr. President, did I understand you correctly that the order is passed?

President McGRATH—That is correct, because it is an appropriation order and requires only a majority vote.

Coun. KELLY—Well, how about the previous order?

President McGRATH—The previous order was a loan order and required a two-thirds vote. This is an appropriation order and a vote of 12, or a majority of the members present, is sufficient.

CONFIRMATION OF EXECUTIVE APPOINTMENT.

President McGRATH called up under unfinished business No. 1 on the calendar, viz:

1. Action on appointment submitted by the Mayor December 11, 1933, of Benjamin Shuman, to be a Weigher of Coal.

The question came on confirmation. Committee, Coun. Green and Hein. Whole number of ballots, 19; yeas 19, and the appointment was confirmed.

RELIEF HOSPITAL AT FOREST HILLS.

Coun. MURRAY for himself and Coun. ENGLERT offered the following:

Ordered, That the Board of Trustees of the City Hospital be requested, through his Honor the Mayor, to provide for the erection of a relief hospital at Forest Hills, under the provisions of the National Recovery Act.

Passed under suspension of the rule.

BOSTON'S QUOTA.

Coun. KELLY offered the following:

Ordered, That his Honor the Mayor, in order to fill Boston's quota of placing 24,000 men and women to work immediately, under the Federal C. W. A. program, consider the advisability of placing them to work repairing homes and real estate in Boston that require them.

Coun. KELLY—Mr. President, we hear a lot these days about putting men at work. We read in the papers how the State Board has voted on projects that will put 138,000

men and women at work immediately, these men and women to be paid by the Federal Government. Boston's quota was originally supposed to be 19,000 men. If Boston got its proper quota out of the 130,000 odd, it would be close to 21,000 men and women who would be put at work in Boston today. Mr. President, I object to this delay. I don't know who is to blame for it, but somebody is. We ought to get these men and women on the pay roll, especially when it is clear that the Federal Government is donating every single penny that they will receive. Here we have arrived almost at Christmastime, and I have been informed authentically that not 7,000 are at work this noontime on C. W. A. projects here, and the plan is supposed to be two weeks along. Why not get busy and put to work the other thousands of men and women, so that they may receive \$15 to \$36 a week? Aren't there projects enough to put them at work in Boston? I claim that we should put these men and women at work, have them doing something. We have in this city home owners and taxpayers who are in need, unable to pay their taxes, the people who pay \$78 out of every \$100 spent by the Mayor and the City Council. I say that they are entitled to some consideration. They are suffering from increased taxes, and their need should be considered. They are not getting their rents, because the people in their property are not themselves earning anything, those people also being in dire need. Both the home owners and the others have been taking it on the chin, have had their incomes seriously cut down or wiped out, on account of the situation that exists today. Mortgagees in this city are affected the same way. Payments are not made, because people are earning nothing and do not have the money. Property conditions are getting worse from year to year, and still the City of Boston sees fit to keep assessed valuations at a high figure. I am talking particularly of small homes in the residential sections of the city; on big pieces of property your racketeers are able to get consideration in the way of huge abatements. And so I say that we should avail ourselves of this Federal allowance; that men should be put at work repairing, painting, doing carpentry and plumbing, doing the many things that might well be done on homes and property. I say that the people of this city, representing \$1,750,000,000 of property, are entitled to some consideration. They have suffered long and patiently. This amount allowed by the Federal Government affords a possible break for the home owner and for the man renting his home in this city that should be availed of. Let us help out the man who cannot now pay his rent, and also the small property owner who is depending upon rent. I say that something is wrong in this matter, and I am asking the passage of this order unanimously, under suspension of the rule, having in mind the speeding up of these projects. Why not take advantage of this money which is being given to us outright and that will never have to be repaid?

The order was passed under suspension of the rule.

LAND-TAKING AND TUNNEL SETTLEMENTS.

Coun. KELLY offered the following:

Ordered, That the Finance Commission investigate the recent settlements made by the Law Department in the Superior Court amounting to approximately \$700,000 of the taxpayers' money in land takings connected with the East Boston Tunnel.

Ordered, That his Honor the Mayor order the Law Department not to settle any more cases that are pending in the Superior Civil or Municipal Civil Courts.

Coun. KELLY—Mr. President, upon investigation I have found that in the Superior Civil Court since election day approximately \$700,000 of the money of the taxpayers has been given to land grabbers and favored attorneys in the settlement of cases. I wonder why they had to wait until after election day, if these things were above board, to award all these hundreds of thousands of dollars for land takings on the Boston side of the East Boston Tunnel project. There has been available \$3,000,000 for this purpose. Every piece of property was taken by eminent domain, a dollar being paid, and the owners then suing. But why should a lot of these cases suddenly now be settled out of court? The suits have been brought, and why should they not go to a finish in the courts? If this sort of thing is to continue, none of us know how far the Law Department may go in the next few weeks. There are still a good many more of these cases which can be settled at very unfair figures. So I say that these cases should stay

in court, allowing juries of our taxpayers to determine what should be paid, and that they should not be settled out of court. It is very odd that these things should now be settled after election day, before the incoming Mayor can have anything to say about it. It seems as if there was to be a little clean-up between November 7 and December 31. Why? Why is the thing now so pressing? Why must there now be a settlement, not awaiting the outcome of the court action? I say that it does not seem right. The settlements are not being made on the merits of the cases, and it is time that something was done to protect the taxpayers, to protect the finances of the city. With something over \$2,000,000 that can be spent in the next few weeks, if the Law Department sees fit to settle cases out of court, I say it is high time that some action was taken. Let the cases be settled in court. I certainly hope something will be done to arrest the procedure now going on. I hope the Finance Commission will step in and look into some of these outrageous settlements of money with favored land holders and attorneys. Let the incoming administration, which has to bear the brunt of these things for the next few years assume the obligation of saying whether or not cases should go to trial. At the present time, I believe where cases go to trial in the Superior Civil Court with jurors more careful than usual because of present financial conditions in this city, these men will not get away with fraud, and that is what they are afraid of, through settlements out of court. Don't let us have these things done slyly, so that nobody knows anything about them. I certainly hope that the orders will be passed under suspension of the rule, that the Mayor will order the Law Department to stop settling these cases out of court, and that the Finance Commission will step in immediately and investigate these outrageous settlements that have been made.

Coun. BARKER—Mr. President, being the member from East Boston and having in mind that there are two entrances to the tunnel, the Boston entrance and the East Boston entrance, I would like to ask the gentleman which side he is referring to?

Coun. KELLY—I will answer the gentleman by saying that I have some of the addresses right here—7, 8, 9, 10 Washington Street North, Merrimac street, Cross street, Endicott street, and so on. It seems quite evident that every piece here is on the Boston side of the East Boston Tunnel.

The orders were passed under suspension of the rule.

WIDTH OF EAST BOSTON TUNNEL.

Coun. NORTON offered the following:

Ordered, That the Transit Commission advise the Council through the Mayor if the new East Boston Tunnel is 6 inches or any number of inches too narrow in circumference. Passed under suspension of the rule.

Adjourned at 4.10 p. m., on motion of Coun. HEIN, to meet on Saturday, December 30, 1933, at 11 a. m.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851. Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent. Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

JAMAICA SPENDS \$1,000,000 ANNUALLY ON ROAD CONSTRUCTION AND MAINTENANCE.

Jamaica, an English possession, has a highway system which is almost entirely constructed of waterbound macadam, some 70 miles of which has been surface-treated. Many of the roads are under the supervision of the Department of Public Works and various parochial boards. There are about 2,500 miles of bridle and foot paths. The highway system connects all parts of the island in a very satisfactory manner, and the problem is not that of the construction of new roads, but the improvement of old ones, the surfacing and widening of these roads, and protective coatings. The roads are well maintained and, as there are not many heavy trucks, the maintenance is satisfactory. There are approximately 4,000 miles of highways, or 1.11 square miles of area to one mile of highway.

About a million dollars per year is spent on new construction and maintenance, the machinery used being both European and American.

(From a report of the American Road Builders' Association.)

SAND, CINDERS AND SALT IN DULUTH.

About 385 miles of sidewalk are sanded every year and about 250 miles of streets are snow-plowed and sanded. Ordinarily, flat grades are not sanded, this work being confined to steep grades where dangerous ice conditions exist. During the past season the maintenance department used about 500 cubic yards of cinders, 500 cubic yards of sand, and 5 tons of calcium chloride on the streets.

The use of salt, or sodium chloride, has been discontinued entirely, because of its injurious effect on concrete walks and pavements. The action of salt is not clearly understood, but it is much more active during cold weather than in summer, and is apparently due to the formation of crystals after penetrating the surface, the force of which disintegrates the concrete. Calcium chloride does not seem to be entirely free from this difficulty, but is much less active than sodium chloride.

POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted. That the Traffic Regulations are amended as follows, effective January 2, 1934: Section 17, Part 3, is amended by adding the following:

Pitts Street.

Both sides, from Merrimac street to South Margin street.

The Traffic Regulations are amended by adding the following section:

SECTION 28-A. PARKING OF UNITED STATES GOVERNMENT VEHICLES IN STREETS ADJACENT TO THE UNITED STATES POST OFFICE AND COURTHOUSE BUILDING.

Vehicles owned by the United States Government may be parked without time limit at the curb next the United States Post Office and Court House Building in the following streets: Devonshire Street.

East side, from Water street to Milk street. Milk Street.

North side, from Devonshire street to Post Office square.

Post Office Square.

West side, from Milk street to Water street. Water Street.

South side, from Post Office square to Devonshire street.

The Traffic Regulations are amended by adding the following section:

SECTION 39-A. STOP STREETS.

The following street is hereby declared to constitute a stop street:

Glen Road.

At Forest Hills street.

Every operator of a vehicle, or street car, traveling on the street intersecting a stop street, shall bring such vehicle, or street car, to a full stop before entering such stop street, subject, however, to the direction of any stop-and-go signal, or any police officer at such intersection.

Section 40, Part 1, is amended by striking out the following:

Pitts Street.

From Green street to Merrimac street.

Section 40, Part 1, is amended by adding the following:

Armington Street.

From Imrie road to Islington street.

Islington Street.

From Armington street to Brighton avenue.

Pitts Street.

From Green street to South Margin street.

South Russell Street.

From Cambridge street to Myrtle street.

(Dec. 23-30.)

JOSEPH A. CONRY,
Commissioner.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted. That the Traffic Regulations are amended as follows, effective January 8, 1934:

Section 39-A is amended by adding the following:

Townsend Street.

At Harold street.

Section 50 is amended by adding the following:

Centre Avenue.

Dorchester avenue to Centre street.

Centre Street.

Dorchester avenue to Washington street.

(Dec. 30-Jan. 6.) JOSEPH A. CONRY,
Commissioner.

SCHOOL ATTENDANCE FOR SUFFOLK COUNTY.

Number of children 7-13 years old, 105,675, of whom 104,085, or 98.5 per cent, were attending school; 14 and 15 years, 29,662, of whom 28,256, or 95.3 per cent, were attending school; 16 and 17 years, 29,902, of whom 19,453, or 65.1 per cent, were attending school; 18-20 years, 47,103, of whom 12,395, or 26.3 per cent, were attending school; total children 7 to 20 years old, 212,342, of whom 164,189, or 77.3 per cent, were attending school.
